

	Request to Extend Enquiry Closing Date	Document Identifier	240-64721802	Rev	1
		Effective Date	01 February 2018		
		Review Date	March 2027		

Dear Sir/ Madam

Description / Project Title	Supply and Delivery of BKR:LT;66 KV;2500 A;31.5 KA;3;110 VD on an 'As and When Required' Basis, Dx, WC
Request for Enquiry No	E1957DXWC
Enquiry issue date	10/10/2025
Enquiry original closing date	10/11/2025
New enquiry closing date	03/12/2025
Motivation for extension	Approval to extend the tender closing date from 10 November 2025 to 03 December 2025. The extension is granted as its necessitated by the complexity of the technical compliance requirements and the long lead-times associated with the components of breakers, which include international elements impacting pricing and delivery timelines. This delay is beyond the control of the suppliers and directly affects their ability to submit a fully compliant and competitive bid by the current closing date. To ensure fairness, inclusivity, and compliance with Eskom's procurement integrity principles, it is recommended that the tender closing date be extended.
