

## Standard Rates for Vegetation

Item nr	Description	Unit	Expected Quantity	Rate	Price
1	Grassland - Cycle 1	KM/Per m2			No price to be submitted
2	Grassland - Cycle 2	KM/Per m2			No price to be submitted
3	Indian Ocean Coastal Belt - Cycle 1	KM/Per m2			No price to be submitted
4	Indian Ocean Coastal Belt - Cycle 2	KM/Per m2			No price to be submitted
5	Savanna - Cycle 1	KM/Per m2			No price to be submitted
6	Savanna - Cycle 2	KM/Per m2			No price to be submitted
7	Reeds Cut & Stack - Cycle 1	KM/Per m2			No price to be submitted
8	Reeds Cut & Stack - Cycle 2	KM/Per m2			No price to be submitted
9	Reeds Cut & Remove - Cycle 1	KM/Per m2			No price to be submitted
10	Reeds Cut & Remove - Cycle 2	KM/Per m2			No price to be submitted
11	Herbicide Application (Lines)	KM/Per m2			No price to be submitted
	<b><u>Modifiers</u></b>				

12	Single tree events/tree outside the corridor: Mechanically harvest, cut up, remove/stack and do stump treatment (Larger than 400mm diameter)	ea			No price to be submitted
13	Single Tree events/tree outside the corridor: Mechanically harvest, cut up, remove/stack and do stump treatment (Smaller than 400mm diameter)	ea			No price to be submitted
14	Hedges: Mechanically trim, cut up, remove and dispose	ea			No price to be submitted
15	Fruit trees (orchards) trimming ( <u>per tree</u> )	ea			No price to be submitted
16	Call out for fallen tree (Could be after hours 18:00 to 06:00):	Hr			No price to be submitted

17	Trimming trees in towns and wind breaks, cost per tree, cut and remove bio-waste Bush	ea			No price to be submitted
18	Invader species that modify a described biome above. I.e. Wattle and Port Jackson(This cost will be an additional cost to that provided for in the standard biome above)	KM/Per m2			No price to be submitted

19	Sloped and inaccessible areas requiring additional safety equipment, rope access and special tree recovery equipment add to the standard vegetation control costs needs to be introduced locally and at Eskom Operating Unit discretion - <b><u>compensation event on contingency</u></b>	Compensation Event			No price to be submitted
20	Pure Grass Cutting(Lines)	KM/Per m2			No price to be submitted
21	Pure Grass Removal(Lines)	KM/Per m2			No price to be submitted

	<p>Any additional services required per job site e.g. use of aerial platforms, pole grabbers, cranes, etc shall be agreed upon between the Contractor and the Eskom Representative.</p> <p>22 Quotes from the supplier for the above abnormal equipment shall be submitted by the contractor (additional 5% on the Tax Invoices will be allowed) and accepted by Eskom before any work commences</p>	Compensation Event			No price to be submitted
23	PPE - 3 % <b>of SUM of invoice</b>	%			No price to be submitted
24	Compliance with health and safety 5%	%			No price to be submitted
25	Pure Grassland Cutting (Substations & CNC's)1&2	Per m2			No price to be submitted

26	Pure Grassland Removal (Substations & CNC's)1&2	Per m2			No price to be submitted
27	Standing time per hour after the first hour waiting for Eskom - <b><u>Per Hr per team member</u></b>	Hr			No price to be submitted
28	Herbicide Application (Substations)	Per m2			No price to be submitted
29	Substation Weeding (Cycle 1 & 2)	Per m2			No price to be submitted
30	Pure Grassland Cutting& Removal (Substations & CNC's)1&2	Per m2			No price to be submitted
