SCOPE OF WORKS

SPECIFICATIONS FOR THE SALE AND REMOVAL OF SPECIFIED GAME FROM KAP RIVER AND ROUND HILL NATURE RESERVES THROUGH HUNTING, LIVE CAPTURE AND CULLING

1. INTRODUCTION

Ndlambe Local Municipality intends to dispose of specified game from Kap River and Round Hill Nature Reserves as part of its wildlife and reserve management programme.

The animals will be offered for sale through the following disposal methods:

- 1.1.** Trophy or management hunting;
- 1.2.** Live capture and removal; and
- 1.3.** Culling and removal of the resulting carcasses and animal products.

The bidder will offer a purchase price for the animals under the applicable disposal method. All hunting, capture, culling, transport and related activities will be undertaken by the successful bidder at its own cost.

Bidders may submit offers for one or more individual items and disposal methods. Bidders are not required to submit an offer for all the animals, items or disposal methods contained in the tender.

2. OBJECTIVE

The objective of the tender is to appoint suitably qualified, experienced and legally authorised bidders to purchase and remove specified game from the municipal nature reserves in a safe, humane, environmentally responsible and legally compliant manner.

The disposal process must:

- 2.1.** Generate market-related revenue for the Municipality;
- 2.2.** Support the wildlife management requirements of the reserves;
- 2.3.** Ensure the humane treatment of animals;
- 2.4.** Protect municipal property, reserve infrastructure and the environment; and
- 2.5.** Comply with all applicable conservation, veterinary, animal welfare, firearm, meat safety and occupational health and safety requirements.

3. LOCATION

The animals will be disposed of from:

3.1. Kap River Nature Reserve; and/or

3.2. Round Hill Nature Reserve.

The Municipality will identify the reserve from which each awarded animal must be hunted, captured or culled.

4. DISPOSAL METHODS

The animals are divided into three separate disposal groups:

Group A: Trophy and management hunting;

Group B: Live capture and removal; and

Group C: Culling and carcass removal.

Each line item will be regarded as a separate offer. Bidders must only complete the items and disposal methods for which they wish to be considered.

4.1. Group A: Trophy and Management Hunting

The following animals are offered for sale through trophy or management hunting:

Item	Species category and	Disposal method	Maximum number available
A1	Giraffe bulls	Trophy hunting	2
A2	Impala rams	Trophy hunting	10
A3	Nyala bulls	Trophy hunting	5
A4	Springbok rams	Trophy hunting	3
A5	Zebra stallions	Management hunting	5
A6	Giraffe females	Management hunting	3

Bidders may submit an offer for any one or more of the above items and are not required to quote for all hunting items.

4.2. Group B: Live Capture and Removal

The following animals are offered for sale through live capture and removal:

Item	Species and category	Disposal method	Maximum number available
B1	Nyala females	Live capture and removal	15
B2	Nyala bulls	Live capture and removal	2
B3	Burchell's zebra	Live capture and removal	20
B4	Bontebok females	Live capture and removal	2
B5	Buffalo females	Live capture and removal	5

Bidders may submit an offer for any one or more of the above items and are not required to quote for all live-capture items.

All permits associated with the purchase, possession, capture, conveyance, transport and relocation of the animals will be for the successful bidder's account.

4.3. 5.3 Group C: Culling and Carcass Removal

The following animals are offered for sale through culling:

Item	Species and category	Disposal method	Maximum number available
C1	Burchell's zebra	Culling and carcass removal	20
C2	Buffalo females	Culling and carcass removal	5

Under this disposal method, the successful bidder will:

Pay the accepted purchase price per animal to the Municipality;

Undertake the culling at its own cost;

Remove and lawfully handle the carcasses and animal products; and

Be responsible for all personnel, equipment, permits, processing, transport and related costs.

The Municipality will not pay the bidder for undertaking the culling and will not reimburse any costs associated

with the operation.

4.4. Relationship Between Live Capture and Culling Items

Items C1 and C2 are alternative disposal methods for the same animals listed under Items B3 and B5. They do not represent additional animals.

Accordingly:

The 20 Burchell's zebra may be disposed of through live capture under Item B3 or culling under Item C1; the 5 buffalo females may be disposed of through live capture under Item B5 or culling under Item C2; Bidders may quote for live capture, culling or both methods and a separate price must be offered for each method selected;

The Municipality will determine the final disposal method; and the same animals will not be awarded under both live capture and culling.

Live capture will be considered as the preferred disposal method where it is operationally feasible, financially viable and supported by the responsible conservation and veterinary authorities. Culling may be selected where it is considered the more appropriate or feasible disposal method.

5. PRICING AND SUBMISSION OF OFFERS

The bidder must offer a purchase price for each individual item and disposal method selected.

Bidders:

- 5.1.** May quote for one or more items;
- 5.2.** May quote under one or more disposal groups;
- 5.3.** May quote for only part of the available quantity;
- 5.4.** Are not required to quote for all animals;
- 5.5.** Are not required to quote for all disposal methods; and
- 5.6.** Will only be evaluated for the items and methods for which an offer has been submitted.

Failure to quote for an item or disposal method will not render the entire bid non-responsive. The bidder will simply not be considered for the omitted item or method.

The price offered must represent the amount payable by the bidder to the Municipality and must not be presented as an amount payable by the Municipality.

6. EXTENT OF THE WORK

The successful bidder will be responsible for all activities necessary to complete the hunting, live capture, removal or culling of the awarded animals, including:

- 6.1.** Obtaining all applicable licences, permits and regulatory approvals;
- 6.2.** Providing suitably qualified and experienced personnel;

- 6.3. Providing all vehicles, capture equipment, firearms, ammunition, crates, loading equipment and other necessary resources;
- 6.4. Arranging veterinary supervision and certification where required;

- 7.4. Submission and verification of all required licences and permits;
- 7.5. Prior approval of the operational date and arrangements; and
- 7.6. The presence or written authorisation of the designated municipal reserve official.

The successful bidder may not independently select, substitute, hunt, capture, cull or remove any animal without written municipal approval.

8. QUANTITIES AND AVAILABILITY

The quantities stated are the maximum estimated numbers available for disposal.

As the animals are free-ranging wildlife, the Municipality does not guarantee:

- 8.1. The availability of every animal listed;
- 8.2. The exact age, size, sex, horn length, trophy quality, weight or condition of any animal;
- 8.3. That the full quantity offered or awarded will ultimately be available;
- 8.4. Successful hunting or capture; or
- 8.5. That the animals will be located within a specific period.

Final quantities will be confirmed by the Municipality based on animal availability, reserve management requirements, permit conditions and regulatory advice.

The Municipality may award fewer animals than the quantity offered by a bidder.

9. SITE INSPECTION

Bidders are encouraged to inspect the relevant reserves before submitting their offers and must satisfy themselves regarding:

- 9.1.** Access to the reserve;
- 9.2.** Terrain and vegetation;
- 9.3.** Road and loading conditions;

- 9.5.** Hunting, capture and transport requirements;
- 9.6.** Safety risks;
- 9.7.** Distances and transport arrangements; and
- 9.8.** Any other condition that may affect the bidder's offer or methodology.

No additional claim or reduction in the amount payable to the Municipality will be considered because the bidder failed to familiarise itself with the site conditions.

- 10.2.** Professional hunters and hunting outfitters must hold all applicable registrations, permits and licences;

- 12.6. Only animals identified and authorised by the Municipality may be culled;
- 12.7. Wounded animals must be immediately tracked and humanely dispatched;

Bidders must submit the requirements applicable to each disposal method for which they are bidding. A bidder that submits an offer under more than one disposal method must comply with the minimum requirements applicable to each selected method.

14. EVALUATION AND AWARD

Each item and disposal method will be evaluated separately.

The Municipality may:

- 14.1.** Award individual animals or species separately;

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
