

T2.2-11: RECORD OF ADDENDA TO TENDER DOCUMENTS

This schedule as submitted confirms that the following communications received from the *Employer* before the submission of this tender offer, amending the tender documents, have been taken into account in this specific tender offer:

	Tenderer's questions	TNPA responses
1	<ul style="list-style-type: none"> Please just clarify if the old/existing fenders will be anticipated clean/free from any debris or marine growth and not in need of any cleaning prior to disposal. 	<ul style="list-style-type: none"> Yes, fenders will be clean with no chain & tyre mat or marine growth.
2	<ul style="list-style-type: none"> This relates to the old /existing fenders? Can you please advise on the condition of these old fenders and if the fleet of fenders is still in tack and in use without punctures, what the reason they are being replaced is. Is it just that they have just come to the end of their life expectancy period as per the manufacturer's standards? Or other reason? 	<ul style="list-style-type: none"> The old fenders are in use without punctures but they reached the end of their life span. They will be deflated and chain mat will be removed, only the ball will be disposed.
	<ul style="list-style-type: none"> <u>I do however have as further question it's as follow:</u> Under evaluation Schedule T2.2-03 Programme – its says "The Tenderer shall produce a level 3 schedule according to the Employer's objectives" 	<ul style="list-style-type: none"> The bidder must read this criteria thoroughly because this is clearly defined, the emphasis is on the hierarchy of the project. Level 3 schedule is the duration of the project and is used to support the monthly report. It includes all major milestones, major elements of design, engineering, procurement, construction, testing, commissioning and/or start-up.

	<ul style="list-style-type: none">• Q- Where can information be obtained for the Employer's (TNPA) objectives according to the level 3 schedule indicated?
