	QUESTION	ANSWER
1.	Could you please confirm whether the submission of a valid ISO 9001 certificate alone is sufficient to meet the requirement, or whether supporting documentation must also be provided?	Kindly note that the submission of a valid ISO 9001 certificate is sufficient to meet the requirement. However, suppliers that are not ISO 9001 certified may submit an equivalent quality management framework for consideration. Please refer to the Invitation to Tender, the Mandatory Technical Requirements section and Quality Requirements sections for further details.
