**A firm must obtain a minimum of 60 points out of the 100 points above to be considered for price and BBB-EE evaluation.**

The following evaluation method will be used:

- After the closing date of the bid invitation, an appointed evaluation committee of DR JS Moroka Local Municipality officials will evaluate the proposals of the bidders.
- The committee will individually evaluate each of the bid proposals received against the appointed criteria as provided for in Preferential Procurement Regulations, 2017

All proposals submitted will be evaluated on three categories:

- Functionality (technical content)
- Price
- B-BBEE Status level of contribution

Bids will be evaluated in accordance with the Preferential Procurement Regulations, 2017, using the 80/20 split. The 80/20 preference points system applies for acquisition of goods or services for Rand value equal or above R30 000 and up to R50 million.

Firstly, the assessment of functionality will be done in terms of the evaluation criteria and the minimum threshold value of 60 points. A bid will be disqualified if it fails to meet the minimum threshold value for functionality as per the bid invitation.

A Bid Evaluation Committee will review and evaluate the proposals. Short-listed bidders may be invited to present their proposal for the purpose of providing clarification and answers to questions by the committee. If presentations are necessary, they will be made on the date, time and location to be confirmed.

Thereafter, only the qualifying bids after the presentation will be evaluated in terms of the 80/20 preference points systems, 80 points will be used for price only and the 20 points will be used for B-BBEE Status Level of Contribution. The price points will be calculated in accordance with the formula prescribed in Regulation 6. (1) of the Preferential Procurement Regulations, 2017.

A recommendation for the awarding of the contract will be made at the meeting of the Bid Adjudication Committee to be confirmed, where applicable.

For functionality, the following criteria will be applicable and the maximum value of points breakdown for each criterion using these scale level descriptors:

Bidders who score 60 (average) points and above will be considered in phase 2 of the evaluation.
