6 BROAD-BASED BLACK ECONOMIC EMPOWERMENT AND SOCIO-ECONOMIC OBLIGATIONS

As explained in more detail in the attached SBD 6.1 (BBBEE Preference Points Claim Form) in and as prescribed in terms of the Preferential Procurement Policy Framework Act (PPPFA), Act 5 of 2000 and its Regulations, Respondents are to note that PRASA will award “preference points” to companies who provide valid proof of their B-BBEE status using either the latest version of the generic Codes of Good Practice or Sector Specific codes (if applicable).

Note: Failure to submit valid and original (or a certified copy of) proof of the Respondent’s compliance with the B-BBEE requirements stipulated in this RFP (the B-BBEE Preference Points Claim Form) at the Closing Date of this RFP, will result in a score of zero being allocated for B-BBEE.

6.1 B-BBEE Joint Ventures or Consortiums

Respondents who would wish to respond to this RFP as a Joint Venture [JV] or consortium with B-BBEE entities, must state their intention to do so in their RFP submission. Such Respondents must also submit a signed JV or consortium agreement between the parties clearly stating the percentage [%] split of business and the associated responsibilities of each party. If such a JV or consortium agreement is unavailable, the partners must submit confirmation in writing of their intention to enter into a JV or consortium agreement should they be awarded business by PRASA

through this RFP process. This written confirmation must clearly indicate the percentage [%] split of business and the responsibilities of each party. In such cases, award of business will only take place once a signed copy of a JV or consortium agreement is submitted to PRASA.

Respondents are to note the requirements for B-BBEE compliance of JVs or consortiums as required by SBD 6.1 [the B-BBEE Preference Point Claim Form] and submit it together with proof of their B-BBEE Status as stipulated in the Claim Form in order to obtain preference points for their B-BBEE status.

Consolidated BBEE certificate for Joint Venture is required. As per the implementation guide preferential procurement regulations 2017 pertaining to the preferential procurement policy framework act no 5 of 2000 march paragraph 9 BROAD BASED BLACK ECONOMIC EMPOWERMENT (B-BBEE) STATUS LEVEL CERTIFICATES sub paragraph 9.3 and 9.4 states that:

A trust, consortium or joint venture (including unincorporated consortia and joint ventures) must submit a consolidated B-BBEE status Level Verification certificate for every separate tender.

Note: Failure to submit a valid, original and consolidated B-BBEE certificate for the JV or a certified copy thereof at the Closing Date of this RFP will result in a score of zero being allocated for B-BBEE.

6.2 Subcontracting

As an organ of state, PRASA fully endorses Government's transformation and empowerment objectives and when contemplating subcontracting Respondents are requested to give preference to companies which are Black Owned, Black Women Owned, Black Youth Owned, owned by Black People with Disabilities, EMEs and QSEs including any companies designated as B-BBEE Facilitators¹.

- an EME or QSE;
- an EME or QSE which is at least 51% owned by Black People;
- an EME or QSE which is at least 51% owned by black people who are youth;
- an EME or QSE which is at least 51% owned by black people who are women;
- an EME or QSE which is at least 51% owned by black people with disabilities;

¹ The Minister of the Department of Trade and Industry has the power to designate certain Organs of State or Public Entities as B-BBEE Facilitators. For example, the South African National Military Veterans' Association (SANMVA) has been designated as a B-BBEE Facilitator. As such they will be treated as having rights of ownership held 100% by Black People, 40% by Black Women and 20% by Black designated groups.

- an EME or QSE which is at least 51% owned by black people living in rural or underdeveloped areas or townships;
- an EME or QSE which is at least 51% owned by black people who are military veterans;
or
- a cooperative which is at least 51% owned by black people.

A bid that fails to meet this pre-qualifying criterion will be regarded as an unacceptable bid. Respondents are required to select suppliers to subcontract from a list that PRASA will make available listing all suppliers registered on the approved database of National Treasury for the required goods/services in respect of the applicable designated groups.

Respondents are required to submit proof of the subcontracting arrangement between themselves and the subcontractor. Proof of the subcontracting arrangement must include a subcontracting agreement.

Respondents are to note that it is their responsibility to select competent subcontractors that meet all requirements of the bid so that their bid is not jeopardised by the subcontractor when evaluated. Respondents are responsible for all due diligence on their subcontractors.

Respondent/s are discouraged from subcontracting with their subsidiary companies as this may be interpreted as subcontracting with themselves and / or using their subsidiaries for fronting. Where a Respondent intends to subcontract with their subsidiary this must be declared in their bid response.

The successful Respondent awarded the contract may only enter into a subcontracting arrangement with PRASA's prior approval. The contract will be concluded between the successful Respondent and PRASA, therefore, the successful Respondent and not the sub-contractor will be held liable for performance in terms of its contractual obligations.

In terms of **SBD 6.1** of this RFP [the B-BBEE Preference Point Claim Form] Respondents are required to indicate the percentage of the contract that will be sub-contracted as well as the B-BBEE status of the sub-contractor/s.

SECTION 2

BACKGROUND OVERVIEW AND SCOPE REQUIREMENTS

1 INTRODUCTION AND BACKGROUND

- The main objective of this project is alterations, additions and refurbishment of the old telecoms building known as Neotel Building, therefore linking it to Monument Station (Old Parcels Building), to serve as regional offices for PRASA Western Cape.
- The PRASA Accommodation policy was used to guide the layout and office furniture that is specified in the proposed development.
- PRASA Western Cape Region's affected personnel occupies more than 5000m² of office space. These personnel need to move to Neotel Building. The affected personnel are currently working from No. 1 Adderley and 1st Floor, Old CMOCC Building at the Tower Block, Cape Town Station. The Neotel building floor area is approximately 2 700m². This floor area is not enough hence additional space at Monument Station was created to address the balance of the space requirement for the staff accommodation project).
- At present Neotel is occupying the ground floor of the Neotel building and will remain as a tenant in the building in future after the refurbishment, sharing offices with PRASA staff
- The common circulation and access to the building is problematic and needed creative design solutions. There are no lifts in the building but only lift shafts. Neotel building is functionally obsolescent – the building was designed for telecommunication infrastructure and needs to be converted for office accommodation. Expansion option of the Neotel building requires adding a floor on top and creating a horizontal link with the top floor of the Monument Building which used to serve as a 'Parcels Building', between the two buildings

2. Status Quo

- Currently, PRASA office administration staff is accommodated at the Paul Sauer Building (Metrorail regional office) and Cape Town Station Tower Block (PRASA Corporate Office, PRASA CRES regional office and Asset Protection Services regional office).
- The original intention was to upgrade Neotel Building Project as the main staff accommodation for Metrorail, PRASA CRES and PRASA Corporate regional offices. The intention was to relocate staff from 1st Floor Admin Wing Cape Town Station which accommodated PRASA Corporate office and PRASA CRES regional office due to the proposed ERIS as a third-party commercial development at Cape Town Station which commenced in 2021.

- The plan was to vacate the staff from the abovementioned offices to temporary accommodation prior to their destination at Neotel Building when all refurbishment work is complete.
- The Metrorail regional office accommodation and Asset Protection Services personnel accommodation had to be in the scheme to relocate these offices from Paul Sauer Building. The reason being that Metrorail regional office and Asset Protection Services are facing uncertain lease conditions with Transnet at the Paul Sauer Building, directly related to high rental and PRASA's inability to keep up with the rental obligations (currently estimated at R3,7 million per annum).
- The Neotel building (approximately 2 700m²) was to be upgraded as dignified and spatial efficient office space in line with the PRASA accommodation policy for use by PRASA personnel. At present Neotel is occupied by Metrorail IT and Neotel (PRASA tenant). The intention is to refurbish the facility and let Neotel remain as a tenant.
- The Monument Station building was to be upgraded as a temporary staff accommodation that will be later let out to potential tenants once the upgrade of Neotel Building is complete. At the time that the project started, Monument Station building was partially let as a commercial space. To this end Monument Station (Old Parcels Building) remains vandalised and unoccupied

4. OBJECTIVE OF THE PROPOSED PROJECT

- The purpose of this Terms of Reference (TOR) is to procure the services of a contractor to assist PRASA CRES with the construction works at Neotel and Monument Station (Old Parcels Building) so that the staff accommodation challenges are addressed.
- The intended objectives to be achieved through the implementation of the project through various project lifecycle are as follows:
- **Execution:** Construction and delivery of the deliverable which includes but not limited to alterations and additions to the existing buildings in accordance with the plans, earthworks, construction of the foundations (short piling systems), breaking walls, installing all new structural components, parking, fencing, etc., services such as water, sewer and electricity, etc., monitoring and controlling of all aspects of the project.

Closure: Performance of project closure which includes hand-over to PRASA CRES, close-out reports which includes final accounts, warranties, guarantees, maintenance manuals, etc., and delivery of all project closure documentation deliverables.

4.1 Desired Outcomes for Carrying out the Proposed Project

The desired outcome is refurbished buildings that meet the required PRASA accommodation requirements as determined by the WCR PRASA office in line with the Staff Accommodation Policy. Below are depictions of the 3D renderings of the proposed project.

4.2 PROJECT BENEFITS TO PRASA

- Given the considerable time, effort and costs that have been invested in this project to date, the intention is to ensure that all required offices are accounted for and space provided in line with PRASA Accommodation Policy, and
- to achieve space consolidation initiative to promote amongst other things, PRASA's shared-services initiative, optimal utilization of assets and reduction of space rented by PRASA for personnel use. Several key risks involved with not proceeding are noted below

5. KEY OBJECTIVES OF THE RFP

This RFP has been prepared for the following purposes:

5.1 To set out the rules of participation in the bid process referred to in this rfp.

5.2 To disseminate information on the project contemplated in this rfp.

9. TRANSFORMATION PROCUREMENT

PRASA may transform its procurement spend by utilising the following:

PPPFA allows organs of state to utilise prequalification criteria for preferential procurement

Target Procurement: Prequalification criteria for preferential procurement

9.1 Sub-Contracting

Section 5 of the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000), made regulation for preferential procurement which under regulation 9 it stipulates sub-contracting as a condition of tender:

- Sub-regulation 9(1) if feasible to subcontract for a contract above R 30 million, an organ of state must apply subcontracting to advance designated groups.
- Sub- regulation 9(2) if an organ of state applies subcontracting as contemplated in sub regulation (1), the organ of state must advertise the tender with a specific tendering condition that the successful tender must subcontract a minimum of 30% of the value of contract.
- Sub-regulation 9(3), state that the organ of state must make available the list of all suppliers registered on database approved by the national treasury to provide the required goods and services in respect of the applicable designated groups mentioned in sub-regulation (2) from which the tenderer must select a supplier (see attached PRASA List of suppliers to be sub- contracted to as **Annexure J**).
 - i.) PRASA has decided to sub-contract 30% of the value of these contract to:
 - an EME which is at least 51% owned by black people
 - ii.) It has been established that it is feasible for Neotel Building and Monument Station at the Cape Town Station to subcontract for Refurbishment, Alterations and Additions. 30% of the value of the contract will be sub-contracted to which sub-contractors is/are:
 - an EME which is at least 51% owned by black people

9..2 Local Content: (LC requirement per designation)

NB: Tenderers are required to meet minimum stipulated threshold for local production and content for designated sectors for construction in accordance with the Preferential Procurement Regulation, 2017.

- All annexures relating to local content are stipulated in SBD 6.2 form. The PPPFA Regulations, 2017, prescribe how Local Production and Content is to be measured in public sector Bids. In terms of these regulations when issuing bids involving designated sectors, PRASA must advertise such bids with a specific bid condition that only locally produced or manufactured Goods or Services which meet a stipulated minimum threshold for local production and content will be considered. For example, if the stipulated minimum threshold for LOCAL CONTENT is 70%, this means that 70% of the bid price must be spent on LOCAL CONTENT (i.e. everything that is not included in Imported Content.)
- Designated sectors, sub-sector or industry or product, are those sectors which in accordance with national development and industrial policies have been designated by the DTI in consultation with National Treasury, for Local Production and Content. The National Treasury must inform organs of state of any designation made through a circular / instruction note. The circulars/instructions issued by NT on designated sectors must always be strictly adhered to when bids in these sectors are issued. Refer to NT's website for the latest list of designated sectors. Further please refer to the circulars/instructions issued by NT as certain sectors have designated sub-sectors/components in addition to the overall thresholds.
- PRASA, its Divisions and Subsidiaries are to note that local content is applicable to all designated products irrespective of the value unless indicated otherwise in the specific Instruction/Circular.
- PRASA, its Divisions and Subsidiaries must be aware that certain Bidders may have approach the DTI to be exempted from meeting all LOCAL CONTENT requirements. Where such exemption has been received by a Bidder, Procurement must request a copy of such exemption from the Bidder with their Bid submission.
- Based on the results above the GCPO must engage the DTI to seek exemption from the LOCAL CONTENT requirement. The application for an exemption must be accompanied by a report of the outcome from the above exercise, as proof of the status of the market. Should an exemption be granted, the exemption must be referred to in the Bid document.
- Where, after the contract has been awarded, a bidder can no longer meet the LOCAL CONTENT requirements, Procurement and the end user must deal with such a bidder in terms of the contractual terms and conditions relating to non-performance. However, there are National Treasury Instruction Notes that were issued with a clause which affords bidders an opportunity

to approach the DTI with a request for exemption. In this regard, Procurement and the end-user must always verify if exemption is applicable against that specific Instruction Note.

LOCAL CONTENT Requirements in Bid Documents

It is a requirement that the following documents be listed as mandatory returnable documents, whenever a minimum threshold for LOCAL CONTENT is required:

- i. Declaration Certificate for Local Production and Content [SBD 6.2]; and
- ii. Annexure C – Local Content Declaration: Summary Schedule.
- iii. The following documents are supporting schedules and may be requested as essential returnable documents if PRASA would like to verify them for a particular bid:
- iv. Annexure D – Imported Content Declaration: Supporting Schedule to Annexure C; and
- v. Annexure E – Local Content Declaration: Supporting Schedule to Annexure C.

STAGE 3: PRICING AND B-BBEE

The following formula, stipulated in the approved PRASA conditions of contract, shall be used by the Bid Evaluation Committee to allocate scores to the interested bidders on pricing:

A maximum of 80 points is allocated for price on the following basis:

90/10

$$P_s = 90 \left[1 - \frac{P_t - P_{\min}}{P_{\min}} \right]$$

Where:

P_s = Points scored for the price of tender under consideration;

P_t = Rand value of the tender under consideration;

P_{min} = Rand value of the lowest acceptable tender.

The minimum qualifying criteria for pricing are 90 points as per the Technical Evaluation Criteria presented in **Error! Reference source not found.** above.

The BBBEE component of the evaluation process is weighted at 10 points in **Error! Reference source not found.** of the Technical Evaluation Criteria outlined above. Bidders will be awarded points based on the level of the BBBEE status presented in the BBBEE Certificate issued by an approved agency certified by SANAS. Details of the allocation of points by the Evaluation Committee are presented *Table 2* below.

1	10
2	9
3	8

13 POST TENDER NEGOTIATION (IF APPLICABLE)

PRASA reserves the right to conduct post tender negotiations with a shortlist of Respondent(s). The shortlist could comprise of one or more Respondents. Should PRASA conduct post tender negotiations, Respondents will be requested to provide their best and final offers to PRASA based on such negotiations. A final evaluation will be conducted in terms of 90/10.

- Where confidentiality is maintained by the Bidder and PRASA is of the opinion that the information or response to RFP if made publicly available would affect the commercial interests of the Bidder or is commercially sensitive information, PRASA shall not release such information to other Bidders if providing such information or response to the RFP would prejudice the competitiveness and transparency of the RFP Process;

- Where PRASA is of the opinion that information provided is not commercially sensitive or would have no impact on the commercial interests of the relevant Bidder if released and fairness and transparency requires that such information be released to all Bidders, PRASA may:
 - i. inform the relevant Bidder of the necessity to release such information and/or response to RFP and request the Bidder to consent to the release thereof by PRASA; or
 - ii. obtain legal advice regarding the confidentiality of the relevant information and/or response to RFP and the legal ability of PRASA to release such information; or
 - iii. refrain from releasing the information and/or response to RFP, in which event PRASA shall not take account of the contents of such information in the evaluation of the relevant response to RFP.
