**5. Performance Monitoring and Review of the Appointed Contractor**

- The review and appraisal of the appointed contractor will be performed on completion of the respective project undertaken.
- Performance of all service providers will be administered in line with the Conditions of Contract of Joint Buildings Conditions of Contract as amended or General Conditions of Contract for Construction Works.
- During the life span of the panel, contractors will not be reviewed based on allocation thus resulting in their graduation as a result of cumulative work allocated but the duration of the panel will be deemed as a project as opposed to individual allocation. Notwithstanding that completion certificates will be issued per project, contractors will not be graduated to a higher CIDB grade before the expiry of the panel.
- The custodian will communicate to user departments that contractors should not be allocated work above their CIDB threshold and as such if the contractor is appointed at Grade 1GB for example, it cannot be appointed above the threshold based on the cumulative allocation unless they have a potential emerging (PE) contractor status on their CIDB accreditations of the value of work until the panel expires. This will be a condition of approval of the panel by the Bid Adjudication Committee and will be included in the allocation/utilization plan of the panel.
