Price Schedule

1. Replace page 34A with page 34B

C.5 SPECIFICATION(S)

1. Replace page 57A with page 57B
2. Replace page 58 with page 58A

II. **ANSWERS TO QUESTIONS RAISED BY TENDERER/S**

clarify the following with regards to Category 2

Question: 1

We see that the bill requires a 4-Aspect Traffic Lantern (Item 2.1.10). We do not see any Background Screen in the bill for the 4-Aspect lantern. Is this correct?

Answer: Refer to item 2.2.8 on replacement page 34B * specification

Question: 2

On one of the new pages, pg 34A, we note that you have changed the descriptions of the background screens. We do, however, see that there are no Background Screens for the IRT lanterns. Looking at the bill for lanterns, we can only deduce that Items 2.2.5, 2.2.6 and 2.2.7 must be background screens for the IRT lanterns (even though it does not explicitly say so). Please confirm, are these meant to be for the IRT lanterns?

Answer: Correct refer to items 2.2.5, 2.2.6 & 2.2.7 on replacement page 34B & specification

Question: 3

In the pricing schedule, item 2.3.1 is described as "3-aspect housing with incorporated ST sign". In the Specification it clearly states that the Red, Yellow and Green light sources must be included. This is a bit confusing, is it an empty housing or is it a complete signal with light sources included as described in the spec?

Answer:

The spec indicated this as a complete item, refer to item 2.3.1 marked as "complete" replacement page of the pricing schedule & specification

Kind Regards,

.....
