C1.1 Form of Offer & Acceptance

Offer

The Employer, identified in the Acceptance signature block, has solicited offers to enter into a contract for the procurement of:

PROVISION OF CLEANING AND GARDENING SERVICES FOR TRANSMISSION NORTHERN GRID, POLOKWANE CLN FOR A PERIOD OF 36 MONTHS

The tenderer, identified in the Offer signature block, has examined the documents listed in the Tender Data and addenda thereto and by submitting this Offer has accepted the Conditions of Tender.

By the representative of the tenderer, deemed to be duly authorised, signing this part of this Form of Offer and Acceptance the tenderer offers to perform all of the obligations and liabilities of the *Contractor* under the contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the *conditions of contract* identified in the Contract Data.

Options A	The offered total of the Prices exclusive of VAT is	Rates based contract
	Value Added Tax @ 15% is	Rates based contract
	The offered total of the amount due inclusive of VAT is ¹	Rates based contract
	(in words) Rates based contract	

This Offer may be accepted by the Employer by signing the Acceptance part of this Form of Offer and Acceptance and returning one copy of this document including the Schedule of Deviations (if any) to the tenderer before the end of the period of validity stated in the Tender Data, or other period as agreed, whereupon the tenderer becomes the party named as the *Contractor* in the *conditions of contract* identified in the Contract Data.

Tenderer's CIDB registration number:

¹ This total is required by the *Employer* for budgeting purposes only. Actual amounts due will be assessed in terms of the *conditions of contract*.

Acceptance

By signing this part of this Form of Offer and Acceptance, the Employer identified below accepts the tenderer's Offer. In consideration thereof, the Employer shall pay the Contractor the amount due in accordance with the *conditions of contract* identified in the Contract Data. Acceptance of the tenderer's Offer shall form an agreement between the Employer and the tenderer upon the terms and conditions contained in this agreement and in the contract that is the subject of this agreement.

The terms of the contract, are contained in:

Part C1	Agreements and Contract Data, (which includes this Form of Offer and Acceptance)
Part C2	Pricing Data
Part C3	Scope of Work: Service Information

and drawings and documents (or parts thereof), which may be incorporated by reference into the above listed Parts.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto listed in the Returnable Schedules as well as any changes to the terms of the Offer agreed by the tenderer and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Form of Offer and Acceptance. No amendments to or deviations from said documents are valid unless contained in this Schedule.

The tenderer shall within two weeks of receiving a completed copy of this agreement, including the Schedule of Deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the *conditions of contract* identified in the Contract Data at, or just after, the date this agreement comes into effect. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed and signed original copy of this document, including the Schedule of Deviations (if any).

Note: If a tenderer wishes to submit alternative tenders, use another copy of this Form of Offer and Acceptance.

Schedule of Deviations to be completed by the *Employer* prior to contract award

Note:

1. This part of the Offer & Acceptance would not be required if the contract has been developed by negotiation between the Parties and is not the result of a process of competitive tendering.
2. The extent of deviations from the tender documents issued by the Employer prior to the tender closing date is limited to those permitted in terms of the Conditions of Tender.
3. A tenderer's covering letter must not be included in the final contract document. Should any matter in such letter, which constitutes a deviation as aforesaid be the subject of agreement reached during the process of Offer and Acceptance, the outcome of such agreement shall be recorded here and the final draft of the contract documents shall be revised to incorporate the effect of it.

	his design of an item of Equipment is limited to	- the total of the Prices at the Contract Date and - the amounts excluded and unrecoverable from the <i>Employer's</i> insurance (other than the resulting physical damage to the <i>Employer's</i> property which is not excluded) plus the applicable deductibles
X18.4	The <i>Contractor's</i> total liability to the <i>Employer</i> , for all matters arising under or in connection with this contract, other than the excluded matters, is limited to	the total of the Prices other than for the additional excluded matters. The <i>Contractor's</i> total liability for the additional excluded matters is not limited. The additional excluded matters are amounts for which the <i>Contractor</i> is liable under this contract for - Defects due to his design, plan and specification, - Defects due to manufacture and fabrication outside the Affected Property, - loss of or damage to property (other than the <i>Employer's</i> property, Plant and Materials), - death of or injury to a person and - infringement of an intellectual property right.
X18.5	The <i>end of liability date</i> is	Six (06) months after the end of the <i>service period</i> .
X19	Task Order	
X19.5	The <i>Contractor</i> submits a Task Order programme to the <i>Service Manager</i> within	As and when required
Z	The <i>additional conditions of contract</i> are	Z1 to Z14 always apply.

Z1 Cession delegation and assignment

- Z1.1 The *Contractor* does not cede, delegate or assign any of its rights or obligations to any person without the written consent of the *Employer*.
- Z1.2 Notwithstanding the above, the *Employer* may on written notice to the *Contractor* cede and delegate its rights and obligations under this contract to any of its subsidiaries or any of its present divisions or operations which may be converted into separate legal entities as a result of the restructuring of the Electricity Supply Industry.

Z2 Joint ventures

- Z2.1 If the *Contractor* constitutes a joint venture, consortium or other unincorporated grouping of two or more persons or organisations then these persons or organisations are deemed to be jointly and severally liable to the *Employer* for the performance of this contract.
- Z2.2 Unless already notified to the *Employer*, the persons or organisations notify the *Service*

Manager within two weeks of the Contract Date of the key person who has the authority to bind the *Contractor* on their behalf.

- Z2.3 The *Contractor* does not alter the composition of the joint venture, consortium or other unincorporated grouping of two or more persons without the consent of the *Employer* having been given to the *Contractor* in writing.

Z3 Change of Broad Based Black Economic Empowerment (B-BBEE) status

- Z3.1 Where a change in the *Contractor's* legal status, ownership or any other change to his business composition or business dealings results in a change to the *Contractor's* B-BBEE status, the *Contractor* notifies the *Employer* within seven days of the change.
- Z3.2 The *Contractor* is required to submit an updated verification certificate and necessary supporting documentation confirming the change in his B-BBEE status to the *Service Manager* within thirty days of the notification or as otherwise instructed by the *Service Manager*.
- Z3.3 Where, as a result, the *Contractor's* B-BBEE status has decreased since the Contract Date the *Employer* may either re-negotiate this contract or alternatively, terminate the *Contractor's* obligation to Provide the Service.
- Z3.4 Failure by the *Contractor* to notify the *Employer* of a change in its B-BBEE status may constitute a reason for termination. If the *Employer* terminates in terms of this clause, the procedures on termination are P1, P2 and P4 as stated in clause 92, and the amount due is A1 and A3 as stated in clause 93.

Z4 Confidentiality

- Z4.1 The *Contractor* does not disclose or make any information arising from or in connection with this contract available to Others. This undertaking does not, however, apply to information which at the time of disclosure or thereafter, without default on the part of the *Contractor*, enters the public domain or to information which was already in the possession of the *Contractor* at the time of disclosure (evidenced by written records in existence at that time). Should the *Contractor* disclose information to Others in terms of clause 25.1, the *Contractor* ensures that the provisions of this clause are complied with by the recipient.
- Z4.2 If the *Contractor* is uncertain about whether any such information is confidential, it is to be regarded as such until notified otherwise by the *Service Manager*.
- Z4.3 In the event that the *Contractor* is, at any time, required by law to disclose any such information which is required to be kept confidential, the *Contractor*, to the extent permitted by law prior to disclosure, notifies the *Employer* so that an appropriate protection order and/or any other action can be taken if possible, prior to any disclosure. In the event that such protective order is not, or cannot, be obtained, then the *Contractor* may disclose that portion of the information which it is required to be disclosed by law and uses reasonable efforts to obtain assurances that confidential treatment will be afforded to the information so disclosed.
- Z4.4 The taking of images (whether photographs, video footage or otherwise) of the Affected Property or any portion thereof, in the course of Providing the Service and after the end of the *service period*, requires the prior written consent of the *Service Manager*. All rights in and to all such images vests exclusively in the *Employer*.
- Z4.5 The *Contractor* ensures that all his subcontractors abide by the undertakings in this clause.

Z5 Waiver and estoppel: Add to core clause 12.3:

- Z5.1 Any extension, concession, waiver or relaxation of any action stated in this contract by the Parties, the *Service Manager* or the *Adjudicator* does not constitute a waiver of rights, and does

not give rise to an estoppel unless the Parties agree otherwise and confirm such agreement in writing.

Z6 Health, safety and the environment: Add to core clause 27.4

- Z6.1 The *Contractor* undertakes to take all reasonable precautions to maintain the health and safety of persons in and about the execution of the *service*. Without limitation the *Contractor*:
- accepts that the *Employer* may appoint him as the "Principal Contractor" (as defined and provided for under the Construction Regulations 2014 (promulgated under the Occupational Health & Safety Act 85 of 1993) ("the Construction Regulations") for the Affected Property;
 - warrants that the total of the Prices as at the Contract Date includes a sufficient amount for proper compliance with the Construction Regulations, all applicable health & safety laws and regulations and the health and safety rules, guidelines and procedures provided for in this contract and generally for the proper maintenance of health & safety in and about the execution of the *service*; and
 - undertakes, in and about the execution of the *service*, to comply with the Construction Regulations and with all applicable health & safety laws and regulations and rules, guidelines and procedures otherwise provided for under this contract and ensures that his Subcontractors, employees and others under the *Contractor's* direction and control, likewise observe and comply with the foregoing.
- Z6.2 The *Contractor*, in and about the execution of the *service*, complies with all applicable environmental laws and regulations and rules, guidelines and procedures otherwise provided for under this contract and ensures that his Subcontractors, employees and others under the *Contractor's* direction and control, likewise observe and comply with the foregoing.

Z7 Provision of a Tax Invoice and interest. Add to core clause 51

- Z7.1 Within one week of receiving a payment certificate from the *Service Manager* in terms of core clause 51.1, the *Contractor* provides the *Employer* with a tax invoice in accordance with the *Employer's* procedures stated in the Service Information, showing the amount due for payment equal to that stated in the payment certificate.
- Z7.2 If the *Contractor* does not provide a tax invoice in the form and by the time required by this contract, the time by when the *Employer* is to make a payment is extended by a period equal in time to the delayed submission of the correct tax invoice. Interest due by the *Employer* in terms of core clause 51.2 is then calculated from the delayed date by when payment is to be made.
- Z7.3 The *Contractor* (if registered in South Africa in terms of the companies Act) is required to comply with the requirements of the Value Added Tax Act, no 89 of 1991 (as amended) and to include the *Employer's* VAT number 4710303126 on each invoice he submits for payment.

Z8 Notifying compensation events

- Z8.1 Delete the last paragraph of core clause 61.3 and replace with:

If the *Contractor* does not notify a compensation event within eight weeks of becoming aware of the event, he is not entitled to a change in the Prices.

Z9 Employer's limitation of liability

- Z9.1 The *Employer's* liability to the *Contractor* for the *Contractor's* indirect or consequential loss is limited to R0.00 (zero Rand)
- Z9.2 The *Contractor's* entitlement under the indemnity in 82.1 is provided for in 60.1(12) and the *Employer's* liability under the indemnity is limited to compensation as provided for in core

clause 63 and X19.11 if Option X19 Task Order applies to this contract.

Z10 Termination: Add to core clause 91.1, at the second main bullet point, fourth sub-bullet point, after the words "against it":

Z10.1 or had a business rescue order granted against it.

Z11 Ethics

For the purposes of this Z-clause, the following definitions apply:

Affected Party means, as the context requires, any party, irrespective of whether it is the *Contractor* or a third party, such party's employees, agents, or Subcontractors or Subcontractor's employees, or any one or more of all of these parties' relatives or friends,

Coercive Action means to harm or threaten to harm, directly or indirectly, an Affected Party or the property of an Affected Party, or to otherwise influence or attempt to influence an Affected Party to act unlawfully or illegally,

Collusive Action means where two or more parties co-operate to achieve an unlawful or illegal purpose, including to influence an Affected Party to act unlawfully or illegally,

Committing Party means, as the context requires, the *Contractor*, or any member thereof in the case of a joint venture, or its employees, agents, or Subcontractors or the Subcontractor's employees,

Corrupt Action means the offering, giving, taking, or soliciting, directly or indirectly, of a good or service to unlawfully or illegally influence the actions of an Affected Party,

Fraudulent Action means any unlawfully or illegally intentional act or omission that misleads, or attempts to mislead, an Affected Party, in order to obtain a financial or other benefit or to avoid an obligation or incurring an obligation,

Obstructive Action means a Committing Party unlawfully or illegally destroying, falsifying, altering or concealing information or making false statements to materially impede an investigation into allegations of Prohibited Action, and

Prohibited Action means any one or more of a Coercive Action, Collusive Action Corrupt Action, Fraudulent Action or Obstructive Action.

Z11.1 A Committing Party may not take any Prohibited Action during the course of the procurement of this contract or in execution thereof.

Z11.2 The *Employer* may terminate the *Contractor's* obligation to Provide the Services if a Committing Party has taken such Prohibited Action and the *Contractor* did not take timely and appropriate action to prevent or remedy the situation, without limiting any other rights or remedies the *Employer* has. It is not required that the Committing Party had to have been found guilty, in court or in any other similar process, of such Prohibited Action before the *Employer* can terminate the *Contractor's* obligation to Provide the Services for this reason.

Z11.3 If the *Employer* terminates the *Contractor's* obligation to Provide the Services for this reason, the amounts due on termination are those intended in core clauses 92.1 and 92.2.

Z11.4 A Committing Party co-operates fully with any investigation pursuant to alleged Prohibited Action. Where the *Employer* does not have a contractual bond with the Committing Party, the *Contractor* ensures that the Committing Party co-operates fully with an investigation.

Z12 Insurance

Z 12 .1 Replace core clause 83 with the following:

Insurance cover 83

- 83.1 When requested by a Party, the other Party provides certificates from his insurer or broker stating that the insurances required by this contract are in force.
- 83.2 The *Contractor* provides the insurances stated in the Insurance Table A from the *starting date* until the earlier of Completion and the date of the termination certificate.

INSURANCE TABLE A

Insurance against	Minimum amount of cover or minimum limit of indemnity
Loss of or damage caused by the <i>Contractor</i> to the <i>Employer's</i> property	The replacement cost where not covered by the <i>Employer's</i> insurance. The <i>Employer's</i> policy deductible as at Contract Date, where covered by the <i>Employer's</i> insurance.
Loss of or damage to Plant and Materials	The replacement cost where not covered by the <i>Employer's</i> insurance. The <i>Employer's</i> policy deductible as at Contract Date, where covered by the <i>Employer's</i> insurance.
Loss of or damage to Equipment	The replacement cost where not covered by the <i>Employer's</i> insurance. The <i>Employer's</i> policy deductible as at Contract Date, where covered by the <i>Employer's</i> insurance.
The <i>Contractor's</i> liability for loss of or damage to property (except the <i>Employer's</i> property, Plant and Materials and Equipment) and liability for bodily injury to or death of a person (not an employee of the <i>Contractor</i>) arising from or in connection with the <i>Contractor's</i> Providing the Service	<u>Loss of or damage to property</u> The replacement cost <u>Bodily injury to or death of a person</u> The amount required by the applicable law.
Liability for death of or bodily injury to employees of the <i>Contractor</i> arising out of and in the course of their employment in connection with this contract	The amount required by the applicable law

Z 12.2 Replace core clause 86 with the following:

Insurance by the Employer 86

86.1 The *Employer* provides the insurances stated in the Insurance Table B

INSURANCE TABLE B

Insurance against or name of policy	Minimum amount of cover or minimum limit of indemnity
Assets All Risk	Per the insurance policy document
Contract Works insurance	Per the insurance policy document
Environmental Liability	Per the insurance policy document
General and Public Liability	Per the insurance policy document
Transportation (Marine)	Per the insurance policy document
Motor Fleet and Mobile Plant	Per the insurance policy document
Terrorism	Per the insurance policy document
Cyber Liability	Per the insurance policy document
Nuclear Material Damage and Business Interruption	Per the insurance policy document
Nuclear Material Damage Terrorism	Per the insurance policy document

Z13 Nuclear Liability

- Z13.1 The *Employer* is the operator of the Koeberg Nuclear Power Station (KNPS), a nuclear installation, as designated by the National Nuclear Regulator of the Republic of South Africa, and is the holder of a nuclear licence in respect of the KNPS.
- Z13.2 The *Employer* is solely responsible for and indemnifies the *Contractor* or any other person against any and all liabilities which the *Contractor* or any person may incur arising out of or resulting from nuclear damage, as defined in Act 47 of 1999, save to the extent that any liabilities are incurred due to the unlawful intent of the *Contractor* or any other person or the presence of the *Contractor* or that person or any property of the *Contractor* or such person at or in the KNPS or on the KNPS site, without the permission of the *Employer* or of a person acting on behalf of the *Employer*.
- Z13.3 Subject to clause Z13.4 below, the *Employer* waives all rights of recourse, arising from the aforesaid, save to the extent that any claims arise or liability is incurred due or attributable to the unlawful intent of the *Contractor* or any other person, or the presence of the *Contractor* or that person or any property of the *Contractor* or such person at or in the KNPS or on the KNPS site, without the permission of the *Employer* or of a person acting on behalf of the *Employer*.
- Z13.4 The *Employer* does not waive its rights provided for in section 30 (7) of Act 47 of 1999, or any replacement section dealing with the same subject matter.
- Z13.5 The protection afforded by the provisions hereof shall be in effect until the KNPS is decommissioned.

Z14 Asbestos

For the purposes of this Z-clause, the following definitions apply:

AAIA	means approved asbestos inspection authority.
ACM	means asbestos containing materials.
AL	means action level, i.e. a level of 50% of the OEL, i.e. 0.1 regulated asbestos fibres per ml of air measured over a 4 hour period. The value at which proactive actions is required in order to control asbestos exposure to prevent exceeding the OEL.
Ambient Air	means breathable air in area of work with specific reference to breathing zone, which is defined to be a virtual area within a radius of approximately 30cm from the nose inlet.
Compliance Monitoring	means compliance sampling used to assess whether or not the personal exposure of workers to regulated asbestos fibres is in compliance with the Standard's requirements for safe processing, handling, storing, disposal and phase-out of asbestos and asbestos containing material, equipment and articles.
OEL	means occupational exposure limit.
Parallel Measurements	means measurements performed in parallel, yet separately, to existing measurements to verify validity of results.
Safe Levels	means airborne asbestos exposure levels conforming to the Standard's requirements for safe processing, handling, storing, disposal and phase-out of asbestos and asbestos containing material, equipment and articles.
Standard	means the <i>Employer's</i> Asbestos Standard 32-303: Requirements for Safe Processing, Handling, Storing, Disposal and Phase-out of Asbestos and Asbestos Containing Material, Equipment and Articles.
SANAS	means the South African National Accreditation System.
TWA	means the average exposure, within a given workplace, to airborne asbestos fibres, normalised to the baseline of a 4 hour continuous period, also applicable to short term exposures, i.e. 10-minute TWA.

- Z14.1 The *Employer* ensures that the Ambient Air in the area where the *Contractor* will Provide the Services conforms to the acceptable prescribed South African standard for asbestos, as per the regulations published in GNR 155 of 10 February 2002, under the Occupational Health and Safety Act, 1993 (Act 85 of 1993) ("Asbestos Regulations"). The OEL for asbestos is 0.2 regulated asbestos fibres per millilitre of air as a 4-hour TWA, averaged over any continuous period of four hours, and the short term exposure limit of 0.6 regulated asbestos fibres per millilitre of air as a 10-minute TWA, averaged over any 10 minutes, measured in accordance with HSG248 and monitored according to HSG173 and OESSM.
- Z14.2 Upon written request by the *Contractor*, the *Employer* certifies that these conditions prevail. All measurements and reporting are effected by an independent, competent, and certified occupational hygiene inspection body, i.e. a SANAS accredited and Department of Employment and Labour approved AAIA. The *Contractor* may perform Parallel Measurements and related control measures at the *Contractor's* expense. For the purposes of compliance the results generated from Parallel Measurements are evaluated only against South African statutory limits as detailed in clause Z14.1. Control measures conform to the requirements stipulated in the AAIA-approved asbestos work plan.
- Z14.3 The *Employer* manages asbestos and ACM according to the Standard.
- Z14.4 In the event that any asbestos is identified while Providing the Services, a risk assessment is conducted and if so required, with reference to possible exposure to an airborne concentration of above the AL for asbestos, immediate control measures are implemented and relevant air

monitoring conducted in order to declare the area safe.

- Z14.5 The *Contractor's* personnel are entitled to stop working and leave the contaminated area forthwith until such time that the area of concern is declared safe by either Compliance Monitoring or an AAIA approved control measure intervention, for example, per the emergency asbestos work plan, if applicable.
- Z14.6 The *Contractor* continues to Provide the Services, without additional control measures presented, on presentation of Safe Levels. The contractually agreed dates to Provide the Services, including the Completion Date, are adjusted accordingly. The contractually agreed dates are extended by the notification periods required by regulations 3 and 21 of the Asbestos Regulations, 2001.
- Z14.7 Any removal and disposal of asbestos, asbestos containing materials and waste, is done by a registered asbestos contractor, instructed by the *Employer* at the *Employer's* expense, and conducted in line with South African legislation.

C1.2 Contract Data

Part two - Data provided by the *Contractor*

[Instructions to the contract compiler: (delete this notes before issue to tenderers with an enquiry)

Whenever a cell is shaded in the left hand column it denotes this data is optional and would be required in relation to the option selected. In the event that the option is not required select and delete the whole row.]

Notes to a tendering contractor:

1. Please read both the both the NEC3 Term Service Contract April 2013 and the relevant parts of its Guidance Notes (TSC3-GN)³ in order to understand the implications of this Data which the tenderer is required to complete.
2. The number of the clause which requires the data is shown in the left hand column for each statement however other clauses may also use the same data.
3. Where a form field like this [] appears, data is required to be inserted relevant to the option selected. Click on the form field **once** and type in the data. Otherwise complete by hand and in ink.

Completion of the data in full, according to Options chosen, is essential to create a complete contract.

PART 2: PRICING DATA

TSC3 Option A

Document reference	Title	No of pages
C2.1	Pricing assumptions: Option A	02
C2.2	The <i>price list</i>	03

C2.1 Pricing assumptions: Option A

How work is priced and assessed for payment

Clause 11 in NEC3 Term Service Contract (TSC3) core clauses and Option A states:

Identified and defined terms	11	
	11.2	(12) The Price List is the <i>price list</i> unless later changed in accordance with this contract.
		(17) The Price for Services Provided to Date is the total of - the Price for each lump sum item in the Price List which the <i>Contractor</i> has completed and - where a quantity is stated for an item in the Price List, an amount calculated by multiplying the quantity which the <i>Contractor</i> has completed by the rate.
		(19) The Prices are the amounts stated in the Price column of the Price List. Where a quantity is stated for an item in the Price List, the Price is calculated by multiplying the quantity by the rate.

This confirms that Option A is a priced contract where the Prices are derived from a list of items of service which can be priced as lump sums or as expected quantities of service multiplied by a rate or a mix of both.

Function of the Price List

Clause 54.1 in Option A states: "Information in the Price List is not Service Information". This confirms that instructions to do work or how it is to be done are not included in the Price List but in the Service Information. This is further confirmed by Clause 20.1 which states, "The *Contractor* Provides the Service in accordance with the Service Information". Hence the *Contractor* does **not** Provide the Service in accordance with the Price List. The Price List is only a pricing document.

Link to the *Contractor's* plan

Clause 21.4 states "The *Contractor* provides information which shows how each item description on the Price List relates to the operations on each plan which he submits for acceptance". Hence when compiling the *price list*, the tendering contractor needs to develop his first clause 21.2 plan in such a way that operations shown on it can be priced in the *price list* and result in a satisfactory cash flow in terms of clause 11.2(17).

Preparing the *price list*

Before preparing the *price list*, both the *Employer* and tendering contractors should read the TSC3 Guidance Notes pages 14 and 15. In an Option A contract, either Party may have entered items into the *price list* either as a process of offer and acceptance (tendering) or by negotiation depending on the nature of the *service* to be provided. Alternatively the *Employer*, in his Instructions to Tenderers or in a Tender Schedule, may have listed some items that he requires the *Contractor* to include in the *price list* to be prepared and priced by him.

It is assumed that in preparing or finalising the *price list* the *Contractor*:

- Has taken account of the guidance given in the TSC3 Guidance Notes relevant to Option A;
- Understands the function of the Price List and how work is priced and paid for;
- Is aware of the need to link operations shown in his plan to items shown in the Price List;
- Has listed and priced items in the *price list* which are inclusive of everything necessary and incidental to Providing the Service in accordance with the Service Information, as it was at the time of tender, as well as correct any Defects not caused by an *Employer's* risk;
- Has priced work he decides not to show as a separate item within the Prices or rates of other listed items in order to fulfil the obligation to complete the *service* for the tendered total of the Prices.
- Understands there is no adjustment to items priced as lump sums if the amount, or quantity, of work within that item later turns out to be different to that which the *Contractor* estimated at time of tender. The only basis for a change to the (lump sum) Prices is as a result of a compensation event.

Format of the *price list*

(From the example given in an Appendix within the TSC3 Guidance Notes)

Entries in the first four columns in the *price list* in section C2.2 are made either by the *Employer* or the tendering contractor.

If the *Contractor* is to be paid an amount for the item which is not adjusted if the quantity of work in the item changes, the tendering contractor enters the amount in the Price column only, the Unit, Expected Quantity and Rate columns being left blank.

If the *Contractor* is to be paid an amount for an item of work which is the rate for the work multiplied by the quantity completed, the tendering contractor enters the rate which is then multiplied by the Expected Quantity to produce the Price, which is also entered.

If the *Contractor* is to be paid a Price for an item proportional to the length of time for which a service is provided, a unit of time is stated in the Unit column and the expected length of time (as a quantity of the stated units of time) is stated in the Expected Quantity column.

Total Excluding Vat					

The Contractor shall be deemed to have allowed in its tendered rates and prices for all transport requirements, including the transportation of personnel. No additional compensation shall be payable for transport-related costs during the Contract period. The Contractor remains responsible for assessing, verifying and managing all transport challenges associated with the execution of the Services at any site covered under this Contract.

The Tenderer shall submit a detailed labour rate build-up for all labour categories included in the Priced Bill of Quantities to enable the Employer to evaluate the reasonableness of the rates offered, verify compliance with applicable labour legislation, minimum wage requirements, statutory obligations, and bargaining council requirements (where applicable), and confirm that all service-related costs have been adequately provided for. The labour rate build-up shall clearly indicate the basic wage rate, statutory contributions, leave provisions, allowances, overheads, supervision costs, profit, and any other cost components included in the tendered rates.

Description of the service

Executive overview

This is an all-inclusive cleaning and gardening service, goods and material supply contract and will render a service in the Northern Grid (Polokwane CLN's) for Transmission on an as and when required basis for a period of 36 months. This will include provision of cleaning/gardening manpower, supervision and management, staff uniform/PPE, equipment and its maintenance, hygiene equipment, consumables, and waste management services.

Employer's requirements for the service

The scope includes the provision of the following facilities management services:

- Supervision Service per Contractor.
- Cleaning Service (**Full-time Cleaners and Gardening**) i.e five (05) days a week.
- Deep Cleaning of chairs, couches, carpets, blinds desk partition (as and when required).
- Deep cleaning of showers, toilets ,urinals and basins (as and when required).
- Supply and Delivery of Cleaning and gardening Consumables.
- Garden Service (once a week trimming of plants, cleaning of verges, driveways , around buildings ,grass cutting ,maintenance of indoor plants, pruning of tree up to a height of 3.3m as and when required ,spraying of weed in lawn/paving /tar)
- Normal cleaning of windows internal and external up to a height of 3.3m.
- External Window Cleaning exceeding a height of 3.3m as and when required (Can be subcontracted at the contractor's expense)
- Internal Window cleaning exceeding a height of 3.3m as and when required (Can be subcontracted at the contractor's expense)
- Waste Removal as and when required to nearest registered dumping site (Actual weight slip to be submitted with monthly invoice)
- Replacement of recycling waste bins (as and when required)

The Contractor shall be solely responsible for providing (employing) all labour, administration, management, supervision, supply and delivery of equipment, tools, supplies and material requirement to perform and remuneration of all personnel engaged in the execution of the cleaning and gardening services.

The Contractor shall submit the names and identity details of all workmen upon contract award, and update these as required.

All personnel must obtain security clearance and complete site induction before commencing any work.

No workman will be permitted on site without meeting these requirements, and non-compliance may result in denial of access or suspension of work.

The following sites are covered under this contract:

Area: Polokwane CLN's

Equipment and Cleaning Consumables

The Contractor shall ensure that all cleaning equipment used in the provision of the Service are in good working condition with no parts missing; inspect the cleaning equipment to ensure compliance with this responsibility; repair or replace all cleaning equipment to the extent required to comply with the responsibilities stipulated in this Agreement. Contractor to ensure that the servicing of equipment is done by approved accredited Contractor.

The Contractor will inspect all hygiene equipment while performing their duties and report any defective or damaged hygiene equipment to the Eskom NTCSA.

A register shall be kept of all cleaning equipment for random inspection / physical/ operational checks.

Cleaning Equipment Separation

Separate equipment cleaning for toilets and other bathroom areas should be used to prevent any germs / bacteria for spreading to other areas as the toilet is a big breeder of germs / bacteria. By using the same cleaning materials, we are merely transferring germs to other areas and cause cross contamination.

Personal Protective Clothing

Personal protective clothing should be worn for cleaning toilets mainly for the reasons below.

- By using the same cleaning materials, we are merely transferring germs to other areas and cause cross contamination.
- To avoid spreading of germs / bacteria or contracting any illness due to germs
- The toilet needs to be cleaned with strong chemical / sanitizers to kill any germs.
- To avoid yourself inhaling or burning your skin, it is necessary to wear gloves, face mask and other protective clothing.

Floors and Carpet Cleaning

During cleaning the floors and carpets, and the following safety rules must be followed:

- Bend your knees when lifting anything heavy like a bucket.

- Stand up straight when using a broom or mop.
- Use your arms not your back muscles to swing the mop.
- Never use electrical equipment near water.
- Never touch electrical sockets with wet hands, you may get shocked.
- Always display the appropriate warning sign
- Mop up spills immediately.
- Report any loose wires or faulty equipment to maintenance or your supervisor.
- Do not pull vacuum cleaners by the cord.
- Do not leave electrical equipment switched on when not in use.
- Take immediately all damaged / faulty equipment out of service.
- Service all equipment regularly.
- During use of any equipment, follow the manufacturer's instruction.

Requisite PPE When Spraying with Chemicals

1. Respirator
2. Goggles / face shield
3. PPE- overalls and safety shoes / boots
4. Gloves

Inspection checklist

- Inspection sheets to be displayed in predetermined areas.
- Supervisor to do inspections as per check list and sign off.
- All check list and Supervisor reports to be submitted each Monday for discussion and actions.

Uniforms for the staff

- All staff to be issued with appropriate PPE.
- All staff to be clearly identified - Supply and issue PPE (including dust masks, safety boots, overalls – pants and tops, t-shirts / golf shirts amongst others bearing the contractor's name and logo).

Persistent poor performance, and/or accumulation of penalties by the contractor, including violation of uniform or dress code shall be viewed in a serious light by the client and can serve as a basis for termination of this agreement.

Customer survey

Customer surveys shall take place between the Contractor and building users for continuous improvement. Building users shall send their feedbacks to the Contractor, and manager. Contractor, and manager shall address the concerns or areas for improvement from the building users.

- Site inspection and supervision
- Contracts Management
- UIF and COID Payment

Audits and Assessments

The Employer's representative may in accordance with a predetermined programme carry out audits and assessments on the Contractor's processes supporting any work done or to be done in terms of this contract, as well as on the work carried out. The Employer's representative shall give the Contractor notice of the intention to perform an audit in order that the Contractor may provide a representative observer. In the event of audit findings, the Employer's Representative may issue an early warning or notice of default to the Contractor. The Contractor shall respond by advising the Employer's Representative of the corrective actions to be implemented and the proposed completion timeframe. The Contractor shall maintain a system to record and track Early warning and the notice of default.

The Employer makes available the following:

- Detailed activity schedule including date and time and updates as required from time to time.
- Ablution facilities are available within the buildings.
- Potable water supply.
- Plant permits where required prior to work commencing.

Resources

The Contractor shall provide adequate resources to execute the work. The supplier to ensure that all personnel working under this contract are adequately trained to use all types of equipment's prior to the commencement of the contract. The Contractor shall also provide to the Service Manager an organization chart showing the personnel to be employed for the works, along with a detailed CV of all key personnel.

Management meetings

Meetings shall be held as and when required to discuss all issues or plans for all perimeters for the contract or project (time, cost, quality, environment and health and safety). Monthly Meetings preferred at the start of each month for the good planning of activities on site. The Employer can request the 'Emergency Meeting' at any given time if there are serious issues or risks that can affect the service delivery for the project / contract. All meetings shall be chaired by the Service Manager. Ms Teams can be used as alternative platform due to unforeseen and other circumstances or very urgent issues e.g., Emergency Meeting, etc.

All meetings shall be recorded in the form of minutes or a register prepared and circulated by a person who convened the meetings. The minutes or register shall not be used for the purpose of confirming actions or instructions under the contract as these shall be done separately by the person identified in the condition of contract to carry out such actions or instructions.

Regular meetings of a general nature may be convened and chaired by the *Supply Manager* as follows:

Title and purpose	Approximate interval	Location	Attendance by:
Kick of meeting	Minimum within 1 week before start date	On site or Ms Teams	Service Manager, Contractor and Supervisor
Overall contract progress and feedback in terms of contract obligations	Monthly intervals or when deemed required by the Service Manager	On site or Ms Teams	Employer, Service Manager, Relevant NTCSA representatives and appointed Contractor/Sub-contractor
Safety, health, environmental and quality meeting	Monthly intervals or when deemed required by the Service Manager	On site or Ms Teams	Employer's SHEQS, Service Manager and Contractor
Contractor Forums	As and when deemed necessary	On site or Ms Teams	Employer, Service Manager, Relevant NTCSA representatives and appointed Contractor/Sub-contractor
Safety Observations	Daily before and during execution of work starts, if any observations must be registered and submitted alongside supervisors report.	On site	Contractor and his/her employees

Contractor's management, supervision and key people

The Contractor is required to hire experienced supervisors with a proven track record in specialized cleaning environments. These specialized supervisors must possess a minimum of five years of experience in supervising specialized cleaning areas. Prior to deployment on-site to oversee activities, the qualifications, training records, and curriculum vitae of specialized supervisors must be submitted to the Service Manager for approval. Specialized training is a prerequisite for the supervisory position.

The Contractor is responsible for maintaining an updated organogram on-site, detailing all supervision and management both on-site and off-site for the management of this contract. Additionally, the Contractor must always maintain daily attendance registers and make them available to the Service Manager upon request.

- All staff working on Employer's premises shall adhere to access control requirements of the specific site.
- All contractors staff to report to Employer's representative before commencing any work on site.
- All contractor staff to be clearly identifiable.
- The Contractor keeps up to date organigram on site showing his people and their lines of authority / communication.
- The Contractor keeps a daily attendance register, which must be signed off by the Contractor on monthly basis and filed for audit purposes.
- Replacement staff should be notified to the Service Manager prior to commencement of works, Contractor to ensure that medicals, security clearance and induction is arranged with the Service Manager prior.

Annual, Sick, Maternity, and Family Responsible Leave and Absenteeism

The Contractor shall arrange a reliever(s) to cover any of the above-mentioned absenteeism, and the Contractor shall be accountable for the payment or salaries or wages for the relievers. A reliever should be brought to site within 2 hours of becoming aware of shortage (either reported by NTCSA or the employee to him i.r.o shortage).

Employee Salaries:

- Salaries of all the contractor staff must be in their bank accounts on the last working day of the month. Non-compliance will be considered as breach of contract.
- Salaries and/or bonuses paid to the workers must be in accordance with the minimum prescribed wages as per the Labour Relations Act.
- Payslips for each employee is compulsory, and it must be according to the labour law standards.

Job Output:

- Every worker must have a job output describing in detail all duties to be performed by that person every day. The working hours, coffee/tea breaks, etc. must also be included in this job output.
- The Contractor staff may not do any private jobs for NTCSA employees, such as washing cars, doing shopping, acting as messengers, etc. during working hours. A Non-conformance will be issued to the contractor if employee does not adhere to the above.
- No alcohol, fire arms, knives and other life-threatening objects are allowed on the Eskom NTCSA premises.
- Whenever an employee leaves site outside of the working hours approval must be requested and approval must be in writing.

Contractor's Responsibility

- The Contractor shall conform with NTCSA Standard "Occupational Health Contractors Reference ESKASAAP4.

- The Contractor must comply with the Occupational Health and Safety Act, all applicable regulations and Compensation of Occupational Injuries and Diseases Act.
- **The service provided shall be registered for UIF, Provident Fund and Workman's Compensation and up to date for payments, and the Contractor shall submit to the Employer monthly report for its status from the institutions meant for the above-mentioned funds.**
- **Health and safety and Environmental induction is compulsory prior the start of work for each site.**
- **Workers shall have valid medical certificate of fitness from the occupational health practitioner.**
- The Contractor shall ensure the submission of man hours at specified time to the Employer.
- The Contractor shall be responsible for buying at its cost all the cleaning consumables at (cloths, mops, scrubbers, scribes, brooms, cleaning chemicals) that lost on site on his hands.
- Contractor shall ensure that workers are trained on the hazards of the cleaning chemicals used In the workplace In accordance to OHSA's Hazard Regulations.

Uniforms and Protective Clothing, and Equipment

- The Contractor shall supply all his employees on site with its uniform colour and style.
- The Contractor shall supply its employees with the two sets of overalls and uniforms.
- The Contractor shall supply one pair of safety shoes – steel toe safety boots.
- All employees shall receive two jerseys warmer jackets and raincoat for rain and winter season.
- All personal protecting clothing and equipment hall be replaced as and when required – this does not mean only at the beginning of the year or financial year.
- All operators shall be equipped with safety helmets, eye and ear protection and the safety boots.
- Contractor shall ensure that its employees are wearing the relevant personal protecting equipment for the task at all the times.
- Contractor shall ensure that there's no PPE shortage on workers on site at any time.

Provision of bonds and guarantees

Not applicable

Documentation control

All Contractual Documents must have relevant Contract Number and Purchase Order Number as reference per the NTCSA Standards. All correspondence shall be dated and sequency numbered and distributed in accordance with a procedure as agreed and accepted by the service manager. The use of SMS, WhatsApp, and Ms Teams do not override the use of applicable and relevant NEC standards templates, forms, and NTCSA procedures. All invoices and service delivery notes must be in PDF format.

Invoicing and payment

Within one week of receiving a payment certificate from the *Service Manager* in terms of core clause 51.1, the *Contractor* provides the *Employer* with a tax invoice showing the amount due for payment equal to that stated in the *Service Manager's* payment certificate.

The *Contractor* shall address the tax invoice to include on each invoice the following information:

- Name and address of the *Contractor* and the *Service Manager*.
- The contract number and title.
- *Contractor's* VAT registration number.
- The *Employer's* VAT registration number 4710303126.
- Description of service provided for each item invoiced based on the Price List.
- Total amount invoiced excluding VAT, the VAT and the invoiced amount including VAT.
- Electronic submission of invoices via email
- Signed service delivery note(s) must accompany the required invoice(s) for payment.

The *Contractor* attaches the detail assessment of all work done for each item in the Price List to each tax invoice showing

- the Price for each lump sum item in the Price List or Task Order which the *Contractor* has completed and
- where a quantity is stated for an item in the Price List or Task Order, an amount calculated by multiplying the quantity which the *Contractor* has completed by the rate.
- The contractor must submit with each application for payment all necessary documents to substantiate claim incl, delivery notes, consolidated monthly reports, cleaning schedule checklist and timesheets.

Invoices and Additional Information

- NTCSA order number must be clearly indicated on the invoice with the line number on the order for billing.
- Only PDF invoices must be submitted.
- Each PDF file should contain one invoice, one debit, and credit note only as NTCSA's SAP system does not support more than one PDF being linked into workflow at a time.
- Only one PDF file per email (one invoice or debit note or credit note).
- Send all invoices in PDF straight from your system to an NTCSA email address (see the email address below).
- When it comes to foreign invoices, suppliers will be required to physical deliver the hard copies of original documents to the respective documentation management centers – though invoices emailed. NTCSA is still seeking clarity from the South African Reserve Bank for foreign invoices and currency. Current requirements are that these manual invoices should be submitted. Invoice copy can be sent to the email address indicated below.
- All submitted invoices electronically must comply with the Tax Requirements.
- If there is a Cost Price Adjustment on the invoice, NTCSA recommends separate invoice for CPA to avoid delays on payment, if there are issues for the CPA.
- Introduction of electronic invoicing does not guarantee payment but will ensure visibility of all invoices and ensure that no invoices get lost. If the goods receipt is not done, the invoice will be parked, and the system will automatically send an email to the end user to do good receipt. This is also tracked by NTCSA through the park invoice report.
- The Contractor can request a park invoice report from the Finance Shared Services (FSS) contact centre which can then be followed up and corrected.
- The Contractor is welcome to forward the details of invoices corrected to the FSS contact centre.
- All invoices for payment must be submitted Invoicesntcsalocal@ntcsa.co.za

Follow-up with Finance Shared Services (FSS):

All queries and follow-up on invoice payments should be made by contacting the FSS Contact Centre at +27 11 800 5060 or email fss@eskom.co.za

Introducing electronic invoicing does not guarantee payment but will ensure visibility of all invoices as well as ensure that no invoices are lost. If the Goods Receipt (GR) is **not** done, the invoice will be

parked, and the system will automatically send an email to the end user to do the GR. This is also tracked by NTCSA through the parked invoice report)

Contract change management

Changes to the contract will be notified and addressed as per the NEC3 – TSC3 and as per NTCSA's internal Governance Processes for approval. Modifications to work/service can only resume once NTCSA approval is obtained and as instructed by the NTCSA Representative (Service Manager).

All tenderers must at a minimum maintain their B-BBEE status throughout the contract period.

Supplier Development Localisation and Industrialisation (SDL&I)

SDL&I contractual obligations

Job Opportunities

Tenderers are required to submit proposals for the type and number of jobs that will be created and retained in South Africa as a direct result of being awarded a contract.

Type of Jobs to be created	Number of Jobs to be created
Type of Jobs to be Retained	Number of Jobs to be Retained

--	--

Skill Development:

NTCSA Category	Supplier proposal
University /University of Technology Bursary	

Designated sector:

Local content percentage: 100%

SDL&I Penalty and Performance Security

- NTCSA will apply a penalty of 2.5% of the invoice amount for failure to meet SDL&I obligations. As security for the fulfilment of all SDL&I obligations, NTCSA will apply a penalty of 2.5% of every invoice amount (excluding VAT) for failure to submit SDL&I performance reports every quarter; or failure to meet the SDL&I obligations in a contract.

Reporting and Monitoring

- The suppliers shall on a monthly/quarterly basis submit a report to NTCSA in accordance with Data Collection Template on their compliance with the SDL&I obligations described above.
- NTCSA shall review the SDL&I reports submitted by the suppliers within 60 (sixty) days of receipt of the reports and notify the suppliers in writing if their SDL&I obligations have not been met.
- NTCSA reserves the right to change the reporting base within the boundaries of the allocated geographical area as and when required.
- The contractor shall be requested to offer cleaning gardening services at any other specified NTCSA sites within the boundaries of the Northern Grid.
- Upon notification by NTCSA that the suppliers have not met their SDL&I obligations, the suppliers shall be required to implement corrective measures to meet those SDL&I obligations before the commencement of the following report, failing which Retention clauses shall be invoked.
- Every contract shall be accompanied by the SDL&I Implementation Schedule which must be completed by the suppliers and returned to SDL&I representative for acceptance 28 days after contract award.

The *Contractor* shall keep accurate records and provide the *Service Manager* with reports on the *Contractor's* actual delivery against the above stated SDL&I criteria.

The *Contractor's* failure to comply with his SDL&I obligations constitutes substantial failure on the part of the *Contractor* to comply with his obligations under this contract.

Subcontracting

Preferred subcontractors

Not applicable

Subcontract documentation, and assessment of subcontract tenders

Not applicable

Limitations on subcontracting

The use of Sub Contractors by the Contractor must be approved in writing by the Service Manager before commencement on site.

Attendance on subcontractors

It is the sole responsibility of the Contractor to ensure that the subcontractor fulfils his duties as per the contract.

Plant and Materials

Specifications

The price list state the list of required plant and equipment for the service required as per the scope of work. The Contractor can engage fairly and in bona fide in works execution by assisting the Employer with advice and recommendations on changes in technologies and industry best practices that may affect the Employer's ability to perform works as per the contract stipulation. The Contractor shall take reasonable care to acquire and maintain equipment that meets minimum legal requirements.

Correction of defects

The repairs for plant or equipment shall be performed by accredited or competent person or Contractor as per manufacturers manual. The repairs shall not interfere with or hinder the employers' work operation on site. All the maintenance or repairs records shall be kept safely and be available at any time when employer is requesting for them.

All defects identified to be corrected immediately or not more than 2 days if the work requires special equipment.

The Contractor shall take reasonable care to acquire and maintain equipment that meets minimum legal requirements.

Contractor's procurement of Plant and Materials

The Contractor is responsible for the procurement and supply of all Plant and Materials required to Provide the Service, ensuring that such Plant and Materials are of suitable quality and fit for purpose. The Contractor shall purchase all materials and plant from the accredited Supplier. All chemicals supplied and used on site shall be accompanied by current Safety Data Sheets (SDS) and shall comply with the requirements of the Globally Harmonised System (GHS) for classification and labelling.

The Contractor shall, upon request by the Employer or Service Manager, provide Safety Data Sheets, proof of purchase, and any other relevant documentation for all chemicals, equipment, and materials used on site. Guarantees and warranties certificate may also be required for any plant and material supplied by Contractor to the Employer.

Tests and inspections before delivery

The Service Manager may request inspection during the equipment and materials arrival on site. All equipment and materials must be inspected by the Contractor together with Employer (Service Manager) during arrival before use on site. The records of inspection must be available at any request by the Service Manager.

Plant & Materials provided "free issue" by the Employer

Not applicable

Cataloguing requirements by the *Contractor*

Not applicable

Working on the Affected Property

Employer's site entry and security control, permits, and site regulations

NTCSA reserves the right to subject all employees for the Contractor to a vetting and security clearance process in line with NTCSA's security requirements for the site.

The Contractor must comply with all Employer site access, security procedures, permit requirements, and site regulations when entering and working on the Affected Property, ensuring that all personnel adhere to established rules and obtain the necessary authorisations before commencing work.

The Contractor shall do criminal checks, and submit the ID copy, physical address and contact details for its employees to NTCSA before deploying any employee for work activities on NTCSA' site. The contractor shall inform the Service Manager prior any removal of its employees on site.
