DESCRIPTION OF SERVICES

Scope of Work

I. Background

Sentech is a state-owned company and is the largest broadcasting signal distributor in South Africa. Sentech is a licensed Electronic Communications Network Service provider in South Africa. It currently operates many telecommunication networks for Satellite, Television, Radio, Broadband services and more. As such, Sentech is a global enabler of broadcasting and digital content delivery.

Sentech regional Transmitter sites face daily threats of vandalism, break-ins, thefts and to some extent possible attacks on staff conducting maintenance or any other network related duties at the sites. This is aggravated by the time the vandalizers have at their disposal to complete their mission due to lack of proactive security systems and dilapidated perimeter fences at some of the sites offering no resistance to site invasions. Some of the sites are also situated within and around nature reserves where possible attacks by wild animals is eminent

Due to the challenges and threats faced by the transmitter sites and the ever-changing modus operandi by criminals it is prudent and critical that Sentech ramps up its security provision to these Transmitter sites to protect the assets of Sentech and life of the staff providing maintenance and other duties to these sites.

It is evident that the incidents of vandalism and theft are some of the contributing factors to Sentech not meeting the SLA and ultimately paying penalties. One of Sentech KPI's is ensuring that the weighted average of 99.8% service availability is met. To achieve this KPI, the Operations Division needs to ensure that mitigation measures are put in place to ensure that the site does not become completely off and affect all the services. Such measures include appointment of service providers that can assist with the safeguarding and escorting of staff to the sites during times of duress or emergency or where due to the threat level permanent security guards are deployed on such sites. This vandalism and theft incidents happen at any site, at any time of day irrespective of whether it is a weekend or holiday. While Sentech intends to appoint service providers under Framework

Agreements, it is imperative to state that Sentech promises no quantum of work to any successful bidder.

II. Description of the services

The prospective service provider (s) will provide security services and should adhere to the following, namely:

- i) Security personnel must conduct patrol along the perimeter fence around premises blocks 24/7 and record all patrols in the occurrence book in a detailed manner.

X. Structure of the Framework Agreement

Appointment of Service provider/s into a Framework Agreement - panel of service providers to deploy security guards on permanent and emergency services for a period of three (03) years.

The bid evaluation process will be divided into two stages:

Stage 1: Request for proposal (RFP) stage - bidders will be evaluated on both the Mandatory and Functional criteria. Bidders who are successful at this stage will proceed to the next stage, Price Negotiation.

Stage 2: Price negotiation of all fixed costs such as man-hours and kilometre rate, where Sentech and bidders who were successful on stage 1 will negotiate for possible fixed costs.

XI. Requirements and Turnaround times

Sentech requirements from the service provider:

- Service provider shall use their own transport to travel to and from Sentech site.
- The service provider shall indicate reasonable arrival time on site for any work to be conducted.
- The service provider shall be able to render the required services even after working hours, on weekends and on public holidays.

- iv. Service provider shall use their own tools for any work carried out on site
- v. Service provider shall allocate knowledgeable and qualified resource for the services requested e.g. guarding or escorts.
- vi. Service provider shall deliver the required resources within the stipulated Service Level Agreement (SLA). The following considerations shall be considered:
- vii. Normal working hours – An average of 2 to 4 hours from the time service provider receive a request from Sentech to the time the required resources are dispatched to Sentech site.
- viii. Weekends and public holidays - An average of 4 to 6 hours from the time service provider receive a request from Sentech to the time the required resources are dispatched to the Sentech site.
- ix. After hours - An average of 2 to 4 hours from the time service provider receive a request from Sentech to the time the required resources are dispatched to Sentech site.
- x. When escorting Sentech staff to a site the service provider shall meet the Sentech staff at an agreed point, escort same to the site and remain on the site until the Sentech staff take leave from the site.
- xi. Distances, road conditions to Sentech sites differs and these conditions shall also be taken into account when deploying security personnel/guards or escorting Sentech staff to site. (The use of 4x4 vehicles is advisable).
- xii. Service provider shall submit all necessary documentation such as invoice and a statement for services rendered.

XII. Deployment requests

- xiii. Request service provider to render required services via a phone call, email or message (SMS). All verbal requests shall be immediately/next working day be followed by a written communication via email.
- xiv. Sentech shall provide access to the site for the service provider to perform the required duties.
- xv. Request service provider to provide all the required equipment when requested to do so and approved by relevant Manager. Should Sentech prefer to utilize their own equipment the service provider should then accept the recommendation.
- xvi. Service provider shall leave the area of deployment clean and return all keys and other equipment issued by Sentech to the relevant OC Manager or OC representative. (such as site owner, team leader, technician or electrician).

XIII. Pricing Model

Sentech will embark on price negotiations with bidders who make it to stage 2, with the intention of negotiating for fixed costs for items such as guards deployments and kilometer rate for escorts.

Sentech shall endeavor reviewing all fixed rates on an annual basis, with intention of annual escalation of CPI plus 1% annually for the duration of the Framework agreement.

NB. Kilometer rate will be capped at a stipulated AA rate.

XIV. Invoices and Invoicing Procedure

- i. The quotation will be valid for a period of 30 days from the date of the quotation.
- ii. All invoices shall be submitted to the requesting Manager by the service provider for approval within three days for processing.
- iii. Any variation used shall be discussed with requesting Manager for approval prior to adjustments

XV. Limitations on the use of this Framework Agreement

Should the appointed service provider(s) fail to deliver on Sentech request/s within specified SLAs, Sentech reserves a right to go on an open market for the services required under this Framework agreement.
