AMOUNT TO BE CARRIED OVER TO RFQ DOCUMENT

Summary Page Page 2 of 5

	Break-in Repairs			Site Name	Umkomaas PO
Item	Description	UNIT	QTY	RATE	AMOUNT
1	Public area				
	Supply and install electrical sub main feed to dedicated plugs DB on	item	,		
1.1	wall & in ceiling void, 12m cable to DB Supply and install electrical sub main feed to normal plugs DB on wall		1		
1.2	& in ceiling void, 12m cable to DB	item	1		
	Supply and install electrical feed to lights in ceiling void, 10m cable	item			
	(red, black and earth 2,5mm) to DB		1		
	Remove and dispose damage indoor split air con unit	each	1 2		
1.5	Replace damaged 3 lever motice lock set	each			
ر ا	Passage & Store room				
	Supply and install electrical feed to lights in ceiling void, 10m cable				
2.1	(red, black and earth 2,5mm) to DB	item	2		
				!	
3	Toilets				ı
3.1	Repair damaged rhino board ceiling including painting ceiling white	m²	12		
2.2	Supply and install electrical feed lights ceiling void, 10m cable (red,	item	1		
3.2	black and earth 2,5mm) to DB Replace stolen steel window handles	each	3		
5.5	Replace damaged WHB with Vitreous china 510 x 405 mm rounded	Cuon	<del>                                     </del>		
	"Hibiscus" basin with two tap hole(colour code 7150)supported on				
	Vaal universal floor mounted pedestal(code7150) including one pair	each			
	Cobra Half inch Luxury square pattern basin pillar tap no.114 with	eacii			
	Carina handles and chrome platted 62mm flange80mm longshank slotted with backnut,plug chain and stay(code310).				
3.4	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina		2		
3.5	handles. Do all necessary hot, cold and waste plumbing connections.	each	2		
0.0	Replace damage bawl light fitting, White plug round single mounted in				
3.6	ceiling void cable tray,	each	2		
		-		1	
	Kitchen				
4.4					
4.1	Replace broken window panes 1000mm x 450mm	each	1		
4.1	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina		1		
	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.	each each			
4.1	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.		2		
	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool	each			
	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable				
4.2	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare	each	2		
4.2	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable	each			
4.2	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section	each	2		
4.2	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white	each	2		
4.2	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly	each	2		
4.2	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two	each item	2		
4.2 4.3 5 5.1	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void	each item	1 15		
4.2 4.3 5 5.1	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two	each item	2		
4.2 4.3 5 5.1	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,	each item	1 15		
4.2 4.3 5 5.1 5.2 5.3	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back	each item	1 15 6		
4.2 4.3 5 5.1 5.2 5.3	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back	each item	1 15 6		
4.2 4.3 5 5.1 5.2 5.3 6	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back  Sorting Area  Replace and Repair damaged rhino board ceiling including painting	each item	1 15 6		
4.2 4.3 5 5.1 5.2 5.3 6	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back	each item  m² each m²	2 1 15 6 7		
4.2 4.3 5 5.1 5.2 5.3 6 6.1	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray.  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back  Sorting Area  Replace and Repair damaged rhino board ceiling including painting ceiling white  Replace a 16mm cable electrical feed to UPS DB on wall & in ceiling void from main DB, 12m cable to DB	each item  m² each m²	2 1 15 6 7		
4.2 4.3 5 5.1 5.2 5.3 6 6.1 6.2	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back  Sorting Area  Replace and Repair damaged rhino board ceiling including painting ceiling white  Replace a 16mm cable electrical feed to UPS DB on wall & in ceiling void from main DB, 12m cable to DB  Supply and install electrical feed to lights in ceiling void, 10m cable	each item  m² each m²	1 15 6 7 15 1		
4.2 4.3 5 5.1 5.2 5.3 6 6.1 6.2	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back  Sorting Area  Replace and Repair damaged rhino board ceiling including painting ceiling white  Replace a 16mm cable electrical feed to UPS DB on wall & in ceiling void from main DB, 12m cable to DB  Supply and install electrical feed to lights in ceiling void, 10m cable (red, black and earth 2,5mm) to DB	each item  m² each m² item	1 15 6 7		
4.2 4.3 5 5.1 5.2 5.3 6 6.1 6.2	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back  Sorting Area  Replace and Repair damaged rhino board ceiling including painting ceiling white  Replace a 16mm cable electrical feed to UPS DB on wall & in ceiling void from main DB, 12m cable to DB  Supply and install electrical feed to lights in ceiling void, 10m cable (red, black and earth 2,5mm) to DB  Replace stolen UPS plugs DB comply (including 1 earth leakage, 2	each item  m² each m² item	1 15 6 7 15 1		
4.2 4.3 5 5.1 5.2 5.3 6 6.1 6.2 6.3	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, Erect single face brick wall (Including brick reinforcing).closing of the open section at the back  Sorting Area  Replace and Repair damaged rhino board ceiling including painting ceiling white  Replace a 16mm cable electrical feed to UPS DB on wall & in ceiling void from main DB, 12m cable to DB  Supply and install electrical feed to lights in ceiling void, 10m cable (red, black and earth 2,5mm) to DB  Replace stolen UPS plugs DB comply (including 1 earth leakage, 2 30 amp circuit breakers and 310 amp circuit breakers) complete with buzz bars and rewiring.	each  item  m² each  m² item  item	1 15 6 7 15 1		
4.2 4.3 5 5.1 5.2 5.3 6 6.1 6.2 6.3	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back  Sorting Area  Replace and Repair damaged rhino board ceiling including painting ceiling white  Replace a 16mm cable electrical feed to UPS DB on wall & in ceiling void from main DB, 12m cable to DB  Supply and install electrical feed to lights in ceiling void, 10m cable (red, black and earth 2,5mm) to DB  Replace stolen UPS plugs DB comply (including 1 earth leakage, 2 30 amp circuit breakers and 310 amp circuit breakers) complete with buzz bars and rewiring.  Re-wire the existing 3 phase DB, check and re-fit existing circuit	each  item  m² each  m² item  item	1 15 6 7 15 1 1 1		
4.2 4.3 5 5.1 5.2 5.3 6 6.1 6.2 6.3 6.4 6.5	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back  Sorting Area  Replace and Repair damaged rhino board ceiling including painting ceiling white  Replace a 16mm cable electrical feed to UPS DB on wall & in ceiling void from main DB, 12m cable to DB  Supply and install electrical feed to lights in ceiling void, 10m cable (red, black and earth 2,5mm) to DB  Replace stolen UPS plugs DB comply (including 1 earth leakage, 2 30 amp circuit breakers and 310 amp circuit breakers) complete with buzz bars and rewiring.  Re-wire the existing 3 phase DB, check and re-fit existing circuit breakers and supply and fit additional two 20 amp breakers	each  m² each  m² item  item  item	1 15 6 7 15 1 1		
4.2 4.3 5 5.1 5.2 5.3 6 6.1 6.2 6.3 6.4 6.5 6.6	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray.  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back  Sorting Area  Replace and Repair damaged rhino board ceiling including painting ceiling white  Replace a 16mm cable electrical feed to UPS DB on wall & in ceiling void from main DB, 12m cable to DB  Supply and install electrical feed to lights in ceiling void, 10m cable (red, black and earth 2,5mm) to DB  Replace stolen UPS plugs DB comply (including 1 earth leakage, 2 30 amp circuit breakers and 310 amp circuit breakers) complete with buzz bars and rewiring.  Re-wire the existing 3 phase DB, check and re-fit existing circuit breakers and supply and fit additional two 20 amp breakers	each  m² each  m² each  m² item  item  item	1 15 6 7 15 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1		
4.2 4.3 5 5.1 5.2 5.3 6 6.1 6.2 6.3 6.4 6.5 6.6 6.7	Supply and fit 1/2" square pattern basin pillar tap no 114 with Carina handles. Do all necessary hot, cold and waste plumbing connections.  Replace damaged with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray, 3m fly leads to cable tray, 12m cable (red, black and earth bare copper 2,5mm) to DB  Box Section  Replace damaged rhino board ceiling including painting ceiling white Replace damage bawl light fittings with Fluorescent Light Assembly 1200mm long double T5 light-emitting diode(LED)Fitting including two 28W cool White lamp, White plug round single mounted in ceiling void cable tray,  Erect single face brick wall (Including brick reinforcing).closing of the open section at the back  Sorting Area  Replace and Repair damaged rhino board ceiling including painting ceiling white  Replace a 16mm cable electrical feed to UPS DB on wall & in ceiling void from main DB, 12m cable to DB  Supply and install electrical feed to lights in ceiling void, 10m cable (red, black and earth 2,5mm) to DB  Replace stolen UPS plugs DB comply (including 1 earth leakage, 2 30 amp circuit breakers and 310 amp circuit breakers) complete with buzz bars and rewiring.  Re-wire the existing 3 phase DB, check and re-fit existing circuit breakers and supply and fit additional two 20 amp breakers	each  m² each  m² item  item  item	1 15 6 7 15 1 1

	Danet				
	Depot			T	
	Replace Back Office/Depot Doors (Painted both sides): Solid Delta				
	432/19 Handle with 741/66/c91 back plate / Lock: 316/A40 cylinder				
	lockset & 810/b30 double cylinder/ Doorstop: solid No. 255/E41 with				
	rubber buffer Satin Chrome finish.	each	1		
7.2	Replace broken window panes 250mm x 450mm	each	1		
8	Counters				
	Supply and install electrical feed to lights in ceiling void, 10m cable	l .,			
8.1	(red, black and earth 2,5mm) to DB	item	2		
	Supply and install electrical sub main feed to dedicated plugs DB on	item			
8.2	wall & in ceiling void, 12m cable to DB	iteiii	1		
	Supply and install electrical sub main feed to normal plugs DB on wall	l item			
	& in ceiling void, 12m cable to DB	item	1		
8.4	Remove and dispose damage indoor split air con unit	each	1		
_	I				
	Roof				
9.1	Replace damaged roof tiles	m²	4		
	Replace damage asbestos roof sheet with 800 X 2700 mm fibre	each			
	cement sheet		1		
	Replace stolen roof sheet with galvanised IBR Roof sheets	m²	136		
9.4	Replace stolen 4m square PVC down pipes	m	2		
9.5	Allow for 7m timber purlins	each	30		
10	Plumbing				
	Supply and install a 15m of 22 mm polycope pipe including all fittings	Ι			
10 1	for toilets and kitchen	item	1		
	Supply and connect all water supply to WC and WHB using 15mm			1	
10.2	copper pipes (internally)	item	2		
	Supply and connect all water and waste lines for Kitchen sink	item	1	1
