TERMS OF REFERENCE: INVESTIGATION OF IRREGULAR EXPENDITURE

1. INTRODUCTION

The Buffalo City Metropolitan Development Agency (BCMDA) is a municipal entity wholly owned by the Buffalo City Metropolitan Municipality and established in terms of S76 of the Municipal Systems Act, 32 of 2000, as amended.

The primary mandate of BCMDA is to attract investors into Buffalo City and increase economic growth through tourism, economic and social development as well as property management and commercialisation.

2. PURPOSE

The aim of these terms of reference is to call for consulting engagement proposals From Chartered Accountants and Auditors for the investigation of the irregular and fruitless and wasteful expenditure incurred by the Agency. A detailed schedule of the irregular expenditure will be provided to the successful tenderer.

3. BACKGROUND

The BCMDA's Policy governing unauthorized, irregular and fruitless and wasteful expenditure, in section 9.2 thereof states the following:

9.2.1 Once the Accounting Officer becomes aware of any allegation of Irregular or fruitless and wasteful expenditure, such allegation may be referred to the Agency's own Internal Audit Unit or any other appropriate investigative body for investigation, to determine whether or not grounds exist for a charge of financial misconduct to be laid against the official / political office bearer liable for the expenditure.

9.2.2 Once the investigation by Internal Audit (or relevant body) is concluded, the Accounting Officer must table a report to the Board providing particulars of the Irregular or fruitless and wasteful expenditure, steps taken to recover such expenditure and steps taken to prevent recurrence of Irregular or fruitless and wasteful expenditure.

3.1. IRREGULAR EXPENDTURE

3.1.1. IMPROPER BAC MEMBERSHIP

During the audit of 2018/19 financial year, the Auditor General identified and reported findings to the effect that the BAC of the BCMDA was not constituted

in line with the MFMA SCM Regulations, regulation 29, which states the following:

- “29 (2): A bid adjudication committee must consist of at least four senior managers of the municipality or municipal entity which must include-
 - a. the chief financial officer or, if the chief financial officer is not available, another manager in the budget and treasury office reporting directly to the chief financial officer and designated by the chief financial officer;
 - b. at least one senior supply chain management practitioner who is an official of the municipality or municipal entity; and**
 - c. a technical expert in the relevant field who is an official of the municipality or municipal entity, if the municipality or municipal entity has such an expert.
- 29 (4): Neither a member of a bid evaluation committee, nor an advisor or person assisting the evaluation committee, may be a member of a bid adjudication committee.”

The BAC of the Agency consisted of the CFO and four other Senior Managers. No senior supply chain management practitioner was a member of the BAC as required by regulation 29(2)(b).

This led to the failure to comply with the SCM Regulations and findings from the AG. Thus, all expenditure above R200 000 that was subject to BAC recommendations was deemed to be irregular expenditure.

In resolving the findings, the Agency took the following step:

- The Board approved the appointment of an additional SCM official to address the issues relating to Bid Committee membership. The said Official was appointed in the 2019/20 financial year. No new irregular expenditure related to Bid Committee membership was further incurred.

The Agency outsources the Internal Audit function and during the 2019/20 financial year the Internal Auditors performed an investigation of the irregular expenditure that had been incurred on the affected contracts as at 30 April 2020. This led to a resolution by the Board to write off the entire amount of the irregular expenditure incurred and investigated at that time.

As the contracts that were affected by the finding were ongoing, further expenditure was incurred on them and accordingly the Agency appointed an independent firm of Chartered Accountants and Auditors to investigate expenditure incurred during the period 01 May 2020 to 30 June 2021. The Board resolved to write off the entire amount of irregular expenditure that was incurred as at 30 June 2021.

As advised and agreed with the Agency's Audit and Risk Committee, the basis for the investigations and write off thereof were mainly concentrated on achievement of value for money.

3.1.2. INCORRECT ADOPTION OF DRAFT GAZETTE

During the external audit of 2020/21, the Agency prematurely approved and implemented an updated SCM Policy that is aligned with Government Gazette No. 43810, 16 October 2020, which is still a draft and has not been approved by National Treasury. The draft gazette effectively proposes amendments to the procurement thresholds relating to competitive bidding such that competitive bids start from R750 001 instead of the approved R200 001. The Agency incorrectly implemented these changes in its SCM Policy approved in August 2021 and 5 contracts were affected.

3.2. FRUITLESS AND WASTEFUL EXPENDITURE

3.2.1. FINES AND PENALTIES RELATING TO SARS RETURNS

During the financial years ended 2017, 2018 and 2021 the Agency incurred fines and penalties relating to submission of VAT returns. These have been disclosed in the Agency's annual financial statements and no investigations have been performed to date.

3.2.2. FINES AND PENALTIES RELATING TO THE DEPARTMENT OF LABOUR

During the financial years ended 2018 and 2019 the Agency incurred fines and penalties relating to submission of return of earning to the Department of Labour. These have been disclosed in the Agency's annual financial statements and no investigations have been performed to date.

4. SCOPE OF WORK

The scope of work envisaged covers the following areas:

- i. Reviewing and reporting on the root cause of irregular and fruitless expenditure identified.
- ii. Reviewing the circumstances surrounding the occurrences that resulted in irregular and fruitless and wasteful expenditure and conclude if it is justifiable.
- iii. Reviewing and confirming if the breaches were in good faith or intentional financial misconduct.
- iv. Confirming whether the Agency received value or suffered any loss.
- v. In the instances that the Agency has suffered the financial loss and determine the amount of loss that can be recoverable from the liable person, if applicable.
- vi. Reporting to the management and Board of Directors (including Board Committees) with recommendations on the outcome of the investigation.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
