Dear Sir / Madam

This notice to tenderers seeks to clarify the map for the two operational regions referred to in the tender document that is also Schedule 25: Operational Regions found in Part C4: Site Information.

The map should have been printed in colour and not in black and white as seen in the tender document. The colour version of the map shows a red line which divides the two operational regions (North and South).

The black and white colour version of the map may not be clear enough for the distinction of the two regions.

The black and white last page of the tender document which is a map to be replaced with the coloured version 1A attached.)
