ANNEXURE F

CPA (IG) REQUIREMENTS FOR FOREIGN GOODS AND SERVICES

The application of contract price adjustment (CPA) to tender submissions

Note: This Section will not be applicable to Professional services contracts (See relevant section hereunder for guidelines on this).

1. Application of CPA

- CPA conditions may apply if the contractual duration is to be longer than 12 months.
- If the contractual duration will be less than or equal to 12 months, a fixed priced offer must be submitted.
- For contracts with a duration more than twelve (12) months, CPA will not be applicable for the first year. CPA will then only be applied from year two (2) onwards.
- Failure to propose contract price adjustment, or submit a CPA formula with the tender submission, will result in the pricing being considered fixed.
- Eskom will not accept Rate of Exchange adjustment to be included in any CPA formula.
- Local indices may not be used for CPA purposes for any imported component.
- There must be separate CPA formulae for local and foreign CPA. Local and foreign escalation may not be combined into one formula.

2. Tender Submissions

[Procurement Practitioner/QS to populate table hereunder as per scope of work for relevant Tender]

Eskom CPA Conditions/Requirements

- Tenderers are required to submit CPA that is aligned to Eskom's proposed CPA breakdown in this Tender; or Tenderers may submit an alternative CPA proposal from Eskom's CPA proposal and this will be considered if deemed acceptable to Eskom;
- Note that for contracts exceeding a duration of 12 months if there is no CPA catered for by the tenderer; then prices will be deemed to be fixed and firm.
- A minimum of 15% of the total agreement value is to be fixed when a CPA formula is applied,
- Each CPA formula must add up to a final total of 100.
- Only official published CPA indices that are in the public domain must be used.
- No in-house indices may be used for CPA.
- There may be more than 1 CPA formula (Formula A, B, C etc) or a combination of all the cost components into 1 Formula (depending on how the pricing is to be submitted).
- If there are specific line items for Labour and Transport, individual Formulae might be used.

Note: Eskom reserves the right to negotiate CPA terms and conditions during negotiations held with tenderers.

3. BASE DATE AND BASE PRICE

- In instances of indices or other references published monthly, the Base Date is to be the month before the month in which the tender closes
- In instances where the reference figures, e.g. market prices, are published daily or at intervals more than once a month; then the average for the month before the month in which the tender closes should be used as the Base Price.

4. CPA FOR PROFESSIONAL SERVICES

- The preferred index to be used for adjusting these agreements is the country specific CPI Headline index.
- The price adjustment factor will be effective from each contractual anniversary of the contract date. This must be the average of the country specific CPI Headline index figures published for the last twelve-month period (cycle) ending before the contract anniversary date.

Fixed ZAR Option (Payment Method 3)

This option is available to those tenderers who are the direct importers of the goods/services for which they have tendered, but do not find Payment Methods 1A, 1B or 2 and allows tenderers to be responsible for the foreign currency and exchange rate risk. If a tenderer selects this payment method, the process is as follows:

- Eskom and the successful tender will engage, on a simultaneous basis, with their respective bankers and compare the exchange rate/s obtained. This is done to ensure that any exchange rate/s used is/are market related.
- Tenderers will be required to match or better the exchange rate/s obtained by Eskom. If the tenderer's exchange rate/s is/are more expensive than the exchange rate/s indicated by Eskom, the exchange rate/s to convert the foreign values into ZAR will be the Eskom exchange rate/s.
- Once the exchange rate/s has/have been agreed by both parties, Eskom will not be liable for any further exchange rate adjustments.

From a Commercial perspective, please take note of the following:

- The foreign currency and foreign currency amount/s that Eskom is/are at risk to, need/s to be indicated in the pricing schedule submitted as part of the tender. If the pricing schedule does not allow for it, the foreign currency and foreign currency amount/s must be indicated in a covering letter.
- The exchange rate to be used in the tender submission is the exchange rate sourced from the South African Reserve Bank on the date the tender is advertised/published.

Take note of the following:

Service-related payment:

When specialist skills are required in South Africa, the local supplier will source the appropriate talent from their network of specialist companies overseas. The specialist is then brought into the country (South Africa) on one of two possible methodologies.

1) Secondment

In this approach, the foreign specialist retains their employment contract with their home unit (Employer overseas) but are seconded to the local company that has a contract with Eskom to work under the direction and control of the local management. Their salaries are paid to the foreign specialist by their home country and that foreign entity then invoices the local supplier (South Africa) in foreign currency for the cost relating to such employees. The invoices would typically be in Euro or GBP, this methodology is usually for short to medium term engagements.

Documents to be attached for payment:

- Commercial invoice from the specialist company
- Local invoice (South African company making use of the specialist services)
- Passport of the specialist and valid work permit
- Activity schedule signed by the contract manager.

2) Payroll Transfer

In this approach, the employee's contract with the overseas employer will be suspended and the specialist takes up a local contract with the local company. The remuneration is then **ZAR** based, the overseas employer is unable to provide the foreign invoice because the employment with the specialist is suspended this methodology is usually favoured for long term engagement. There is no foreign commitment, and the contract will be in ZAR.

PART 2: EXCHANGE RATES

The tenderer shall use the exchange rate as at 12H00 on the date of the advertisement of the tender. The source of the exchange rates shall be the South African Reserve Bank (www.resbank.co.za) Please note that the tenderer is required to submit proof of the SARB rate/s used.
