SPECIFICATIONS

Provision of Psychometric Assessments

1. INTRODUCTION

The NHFC, is a Schedule 3A Development Finance Institution (DFI) of the National Department of Human Settlements, was established in 1996 with the principal mandate of broadening and deepening access to finance for the low to middle income South African households.

The target market of the NHFC is the low-to-middle income housing market which typically includes households who earn between R3 501 and R22 000 per month. The NHFC mandate requires the company to make housing and housing finance accessible and affordable to facilitate this objective.

This is done through:

- Providing wholesale funding to housing development projects for ownership, social housing, and private rental, including inner cities, and for incremental housing purposes;
- Partnering with banks and other non-banking retail financial intermediaries to increase their sustained lending and innovation in the target market served; and
- Leveraging private sector funding for the sustainable development of human settlements.

More specifically, NHFC's strategic priorities are to:

- Expand housing finance activities, through the effective provision of housing finance solutions, enabling low-to-middle income households to have the choice of renting, owning, or incrementally building to meet their housing needs;
- Facilitate increased and sustained lending by financial institutions to the affordable housing market;
- Mobilise funding into the human settlements space on a sustainable basis, in partnership with a broad range of institutions;

- Conduct the business activities of the NHFC in an ethical manner that ensures the continued economic sustainability of the NHFC, while promoting sustainable social and environmental development; and
