- b) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

**C.3.10 Clarification of a tender offer**

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

**C.3.11 Evaluation of tender offers**

The Standard Conditions of Tender standardize the procurement processes, methods and procedures from the time that tenders are invited to the time that a contract is awarded. They are generic in nature and are made project specific through choices that are made in developing the Tender Data associated with a specific project.

| The CIDB Standard Conditions of Tender are based on a procurement system that satisfies the following system requirements: |  |
|--|--|
| Requirement  | Qualitative interpretation of goal   |
| Fair   | The process of offer and acceptance is conducted impartially without bias, providing simultaneous and timely access to participating parties to the same information.  |
| Equitable  | Terms and conditions for performing the work do not unfairly prejudice the interests of the parties.   |
| Transparent  | The only grounds for not awarding a contract to a tenderer who satisfies all requirements are restrictions from doing business with the employer, lack of capability or capacity, legal impediments and conflicts of interest.         |
| Competitive  | The system provides for appropriate levels of competition to ensure cost effective and best value outcomes.  |
| Cost effective   | The processes, procedures and methods are standardized with sufficient flexibility to attain best value outcomes in respect of quality, timing and price, and least resources to effectively manage and control procurement processes. |
