TECHNICAL PART

BIDS NUMBERS:RW10396648/22R

SCOPE OF WORK...

The works consist of two packages as follows:

ZB Embankment: Proposed Scope of works

- Fencing off designated site
- Survey and setting out of works
- Removal of vegetation and flattening of the river embankment to 1V:1,75H Slope.
- Placement of large 1m size including placing a rock fill butters along section of slope and to provide erosion protection.
- Remedial work at steel catwalk which leads to the east access portal tunnel below the Vaal River where significant soil erosion has occurred.

SCOPE OF WORK...

Continuation

- Site establishment
- Remedial work at an existing gabion chute where the outlet has been damaged during the Vaal River flooding.
- Construction of 3 new gabion chutes along the river embankment to direct stormwater runoff in the Vaal River.
- Construction of stormwater diversion gabion wall to direct runoff into the new gabion chutes.
- Raising the floor height of the stormwater attenuation dam and excavating and backfilling a sinkhole next to the dam.

COMMERCIAL CONTINUED: EVALUATION PROCESS...

Rand Water conducts a two stage evaluation process for all bids, intending to provide services or goods to the organization as follows:

Being Technical/Functionality evaluation and the price and preference

1. Functionality evaluation (Technical capabilities)All bids evaluated at this stage must achieve a minimum of 70% scoring a score below 70% supplier will not be considered to the second stage of the evaluation(price and preference).

Technical Evaluation will be based on:

- a) Record of Previous Experience relevant to the current scope/ work (with contactable client ref.)**
- b) Overall Performance on Previous Work**
- c) Quality Management Systems**
- d) Human Resource Capacity**
- e) Equipment Resource Capacity**

COMMERCIAL CONTINUED: EVALUATION PROCESS

- f. Equipment Resource Capacity
- g. Risk Introduced by Bid Qualifications
- h. Project Risk Management
- i. Detailed Project Programme
- j. Method Statement
- k. SHERQ

- Rand Water shall then apply the objective criteria in accordance with the PPPFA that will determine the evaluation outcome,
- Part of the functionality evaluation Rand Water also uses a **Financial Tolerance Range** and the financial tolerance range for this bid is **-20% to 20%**.
- **2.Price and Preferential point system.** The award is then based on the preferential point system **80/20-point system. 80 for price and 20 for BBBEE points**
- **NB:** Due Diligence on the supplier may also be conducted

RETURNABLE DOCUMENTS

- Pay attention to all returnable under T Section and ensure that they appropriately returned.
- Non-submission of any item listed only under the column “Required for Bid Evaluation” may result in the bid being rejected by the Employer.
- Explanations for all for returnable are included
