INVITATION OF SERVICE PROVIDER(S) TO SUBMIT PROPOSALS FOR THE SUPPLY AND DELIVERY OF CLEAN DRINKING WATER TO THE GAUTENG DEPARTMENT OF EDUCATION (GDE) INSTITUTIONS FOR A SPECIFIC FIXED TERM PERIOD OF THREE (3) YEARS

BACKGROUND

The Gauteng Department of Education (GDE) is a public-sector department responsible for ensuring that all learners in the Gauteng Province do well at school and leave their institutions of learning with the values, knowledge, skills and qualifications that will give them the best chance of success throughout their adult lives. In implementing its core mandate effectively, GDE must among other requirements provide the services of supply and delivery of clean drinking water to ensure that teaching and learning is not disrupted. There are still several areas in the Gauteng Province which are not connected to bulk municipal water supply, especially in Farms and Agricultural Holdings. They still rely on portable water. GDE provides clean drinking water at GDE institutions in areas where there is no municipal bulk water supply.

There are also schools in areas with bulk water supply which often experience challenges as a result of water shortages/cuts by local municipalities. These municipalities often experience challenges that adversely affect their ability to deliver basic water services to the households, businesses as well as social facilities, including schools in their areas. GDE has provided water tanks in schools with no bulk water supply to enable delivery of portable clean drinking water. Water tanks at these schools need to be filled with clean drinking water on regular basis and GDE outsource this service.

GDE requires service providers with the necessary resources, knowledge and experience who will supply and deliver clean drinking water to the affected GDE institutions as and when required for a fixed term period of three (3) years.
