1. PURPOSE

- 1.1. To invite proposals from investor(s) willing to form strategic partnership with communities in managing the state forest plantations in Eastern Cape, KwaZulu-Natal, Limpopo and Mpumalanga and North-West provinces for a period of thirty-five (35) years with the option to renew
- 1.2. To share the information that should guide the qualified investors to develop a comprehensive proposal for partnering with communities.

2. INTRODUCTION AND BACKGROUND

- 2.1. The DFFE is responsible for the management of about 110 745.28 ha of which 64 445.12 is effective areas and 46 289.16 is non-effective areas. These areas are scattered in the Eastern Cape, KwaZulu Natal, Limpopo, Mpumalanga, and North-West provinces.
- 2.2. The DFFE regards the transfer of category B and C plantations as a strategy to improve management, competitiveness, productivity, and inclusivity in the sector. In addition, the transfer will achieve the Departmental objective of sustainable forest management, and transformation and fulfil its role of leading the forest sector.
- 2.3. **The Category C plantations** comprise woodlots that were established in the former homelands, primarily to supply rural communities with a local source of fuel wood and building materials.
- 2.4. **The Category B plantations** - these are smaller, commercially viable state forests that have been targeted for commercial exploitation by small-scale entrepreneurs.

DFFE needs to facilitate the restructuring of state plantations through a Community Forestry Agreement (CFA), lease, and strategic partner model in line with the Masterplan timelines.
