Note: This clause does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the CCT elect to do so.

The samples provided by all successful bidders will be retained by the CCT for the duration of any subsequent contract. Bidders are to note that samples are requested for testing purposes therefore samples submitted to the CCT may not in all instances be returned in the same state of supply and in other instances may not be returned at all. Unsuccessful bidders will be advised by the Project Manager or dedicated CCT Official to collect their samples, save in the aforementioned instances where the samples would not be returned.

Only foreign suppliers who have answered "NO" to all the questions contained in the Questionnaire to Bidding Foreign Suppliers section on the **Details of Tenderer** pages of the tender submission, are not required to register for a tax compliance status with SARS.

2.3 The CCT's undertakings

2.3.1 Respond to requests from the tenderer

2.3.1.1 Unless otherwise stated in the Tender Conditions, respond to a request for clarification received up to one week (where possible) before the tender closing time stated on the front page of the tender document.

2.3.1.2 The CCT's representative for the purpose of this tender is stated on the General Tender Information page.

2.3.2 Issue Notices

If necessary, issue addenda in writing that may amend or amplify the tender documents to each tenderer during the period from the date the tender documents are available until one week before the tender closing time stated in the Tender Data. The Employer reserves its rights to issue addenda less than one week before the tender closing time in exceptional circumstances. If, as a result a tenderer applies for an extension to the closing time stated on the front page of the tender document, the CCT may grant such extension and, shall then notify all tenderers who drew documents.

Notwithstanding any requests for confirmation of receipt of notices issued, the tenderer shall be deemed to have received such notices if the CCT can show proof of transmission thereof via electronic mail, facsimile or registered post.

2.3.3 Opening of tender submissions

2.3.3.1 Unless the two-envelope system is to be followed, open tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender conditions.

Tenders will be opened immediately after the closing time for receipt of tenders as stated on the front page of the tender document, or as stated in any Notice extending the closing date and at the closing venue as stated in the General Tender Information.

2.3.3.2 Announce at the meeting held immediately after the opening of tender submissions, at the closing venue as stated in the General Tender Information, the name of each tenderer whose tender offer is opened and, where possible, the prices indicated.

2.3.3.3 Make available a record of the details announced at the tender opening meeting on the CCT's website (<http://www.capetown.gov.za/en/SupplyChainManagement/Pages/default.aspx>.)

2.3.4 Two-envelope system

2.3.4.1 Where stated in the tender conditions that a two-envelope system is to be followed, open only the technical proposal of tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender conditions and announce the name of each tenderer whose technical proposal is opened.

2.3.4.2 Evaluate the quality of the technical proposals offered by tenderers, then advise tenderers who have submitted responsive technical proposals of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderers, who have submitted responsive technical proposals in accordance with the requirements as stated in the tender conditions, and announce the total price and any preferences claimed. Return unopened financial proposals to tenderers whose technical proposals were non responsive.

2.3.5 Non-disclosure

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

2.3.6 Grounds for rejection and disqualification

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

2.3.7 Test for responsiveness

2.3.7.1 Appoint a Bid Evaluation Committee and determine after opening whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

2.3.7.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the CCT's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the goods, services or supply identified in the Specifications,
- b) significantly change the CCT's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of any material deviation or qualification.

The CCT reserves the right to accept a tender offer which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender documents.

2.3.8 Arithmetical errors, omissions and discrepancies

2.3.8.1 Check the responsive tenders for:

- a) the gross misplacement of the decimal point in any unit rate;
- b) omissions made in completing the Price Schedule; or
- c) arithmetic errors in:
 - i) line item totals resulting from the product of a unit rate and a quantity in the Price Schedule; or
 - ii) the summation of the prices; or
 - iii) calculation of individual rates.

2.3.8.2 The CCT must correct the arithmetical errors in the following manner:

- a) Where there is a discrepancy between the amounts in words and amounts in figures, the amount in words shall govern.
- b) If pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as tendered shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if Price Schedules apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

2.3.8.3 In the event of tendered rates or lump sums being declared by the CCT to be unacceptable to it because they are not priced, either excessively low or high, or not in proper balance with other rates or lump sums, the tenderer may be required to produce evidence and advance arguments in support of the tendered rates or lump sums objected to. If, after submission of such evidence and any further evidence requested, the CCT is still not satisfied with the tendered rates or lump sums objected to, it may request the tenderer to amend these rates and lump sums along the lines indicated by it.

The tenderer will then have the option to alter and/or amend the rates and lump sums objected to and such other related amounts as are agreed on by the CCT, but this shall be done without altering the tender offer in accordance with this clause.

Should the tenderer fail to amend his tender in a manner acceptable to and within the time stated by the CCT, the CCT may declare the tender as non-responsive.

2.3.9 Clarification of a tender offer

The CCT may, after the closing date, request additional information or clarification from tenderers, in writing on any matter affecting the evaluation of the tender offer or that could give rise to ambiguity in a contract arising from the tender offer, which written request and related response shall not change or affect their competitive position or the substance of their offer. Such request may only be made in writing by the Director: Supply Chain Management using any means as appropriate.

2.3.10 Evaluation of tender offers

2.3.10.1 General

2.3.10.1.1 Reduce each responsive tender offer to a comparative price and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender conditions.

2.3.10.1.2 For evaluation purposes only, the effects of the relevant contract price adjustment methods will be considered in the determination of comparative prices as follows:

- a. If the selected method is based on market valuation, comparative prices would be as tendered on the closing date).

2.3.10.1.3 Where the scoring of functionality forms part of a bid process, each member of the Bid Evaluation Committee must individually score functionality. The individual scores must then be interrogated and calibrated if required where there are significant discrepancies. The individual scores must then be added together and averaged to determine the final score.

2.3.10.2 Decimal places

Score financial offers, preferences and functionality, as relevant, to two decimal places.

2.3.10.3 Scoring of tenders (price and preference)

2.3.10.3.1 Points for price will be allocated in accordance with the formula set out in this clause based on the tender sum / amount as set out in the **Price Schedule (Part 5)**.

2.3.10.3.2 Points for preference will be allocated in accordance with the provisions of **Preference Schedule** and the table in this clause.

2.3.10.3.3 The terms and conditions of **Preference Schedule** as it relates to preference shall apply in all respects to the tender evaluation process and any subsequent contract.

2.3.10.3.4 Applicable formula:

Either the 80/20 or 90/10 preference point system will apply to this tender and the lowest acceptable tender will be used to determine the applicable preferences

The 80/20 price/preference points system will be applied to the evaluation of responsive tenders up to and including a Rand value of R50'000'000 (all applicable taxes included), whereby the order(s) will be placed with the tenderer(s) scoring the highest total number of adjudication points.

Price shall be scored as follows:

$$Ps = 80 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right)$$

Where: Ps is the number of points scored for price;
Pt is the price of the tender under consideration;
Pmin is the price of the lowest responsive tender.

Preference points shall be based on the Specific Goal as per below:

HDI COMPLIANCE WITH SECTION 2(1)(d)(i) OF THE ACT

No	Specific Goal	Definition	Required Evidence	Points to be allocated
1	Gender (Ownership)	Persons, or categories of persons, historically disadvantaged by unfair discrimination on the basis of gender are women.	CSD Registration report B-BBEE Certificate CIPC Certificate	5

OR

The 90/10 price/preference points system will be applied to the evaluation of responsive tenders over a Rand value of R50'000'000 (all applicable taxes included), whereby the order(s) will be placed with the tenderer(s) scoring the highest total number of adjudication points.

Price shall be scored as follows:

$$Ps = 90 \left(1 + \frac{Pt - P_{max}}{P_{min}} \right)$$

Where: Ps is the number of points scored for price;
Pt is the price of the tender under consideration;
Pmin is the price of the lowest responsive tender.

Preference points shall be based on the Specific Goal as per below:

HDI COMPLIANCE WITH SECTION 2(1)(d)(i) OF THE ACT

1	Gender (Ownership)	Persons, or categories of persons, historically disadvantaged by unfair discrimination on the basis of gender are women.	CSD Registration report B-BBEE Certificate CIPC Certificate	2.5
2	Race (Ownership)	Persons, or categories of persons, historically disadvantaged by unfair discrimination on the basis of race.	B-BBEE Certificate CSD Registration report CIPC Company Registration	7.5

2.3.10.5 Risk Analysis

Notwithstanding compliance with regard to any requirements of the tender, the CCT will perform a risk analysis in respect of the following:

- reasonableness of the financial offer
- reasonableness of unit rates and prices
- the tenderer's ability to fulfil its obligations in terms of the tender document, that is, that the tenderer can demonstrate that he/she possesses the necessary professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, capacity, experience, reputation, personnel to perform the contract, etc.; the CCT reserves the right to consider a tenderer's existing contracts with the CCT in this regard
- any other matter relating to the submitted bid, the tendering entity, matters of compliance, verification of submitted information and documents, etc.

The conclusions drawn from this risk analysis will be used by the CCT in determining the acceptability of the tender offer.

No tenderer will be recommended for an award unless the tenderer has demonstrated to the satisfaction of the CCT that he/she has the resources and skills required.

2.3.11 Negotiations with preferred tenderers

The CCT may negotiate the final terms of a contract with tenderers identified through a competitive tendering process as preferred tenderers provided that such negotiation:

- does not allow any preferred tenderer a second or unfair opportunity;
- is not to the detriment of any other tenderer; and
- does not lead to a higher price than the tender as submitted.

If negotiations fail to result in acceptable contract terms, the City Manager (or his delegated authority) may terminate the negotiations and cancel the tender, or invite the next ranked tenderer for negotiations. The original preferred tenderer should be informed of the reasons for termination of the negotiations. If the decision is to invite the next highest ranked tenderer for negotiations, the failed earlier negotiations may not be reopened by the CCT.

Minutes of any such negotiations shall be kept for record purposes.

The provisions of this clause will be equally applicable to any invitation to negotiate with any other tenderers.

In terms of Clause 279 of the Supply Chain Management Policy approved by Council on 26 January 2023 (C09/01/23), tenders must be cancelled in the event that negotiations fail to achieve a market related price with any of the three highest scoring tenderers.

2.3.12 Acceptance of tender offer

Notwithstanding any other provisions contained in the tender document, the CCT reserves the right to:

2.3.12.1 Accept a tender offer(s) which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender document.

2.3.12.2 Accept the whole tender or part of a tender or any item or part of any item or items from multiple manufacturers, or to accept more than one tender (in the event of a number of items being offered), and the CCT is not obliged to accept the lowest or any tender.

2.3.12.3 Accept the tender offer(s), if in the opinion of the CCT, it does not present any material risk and only if the tenderer(s)::

If an award cannot be made in terms of anything contained herein, the Employer reserves the right to consider the next ranked tenderer(s).

2.3.13 Prepare contract documents

2.3.13.1 If necessary, revise documents that shall form part of the contract and that were issued by the CCT as part of the tender documents to take account of:

7.3 INCORRECT OR MISLEADING INFORMATION

The CCT may disqualify any Tender and/or revoke any decision in respect of the selection of a short-listed, pre-qualified Tenderer if that decision was based on incorrect or misleading information, which the Tenderer, or its advisors or agents, provided in response to this Tender.

- 7.5.2 All information pertaining to this Tender, is made available on condition that it is used solely for the purpose of considering whether or not to submit a Proposal, and if affirmative, to submit a Proposal in sufficient detail to conclude a Sale/ Project Agreement for purposes of implementing the Project, and for no other purpose.

Should the CCT consider a Proposal to be deficient with respect to any compliance requirements, CCT may, in its discretion, request a Tenderer to submit the missing information or provide supplementary documentation to demonstrate compliance with that requirement. CCT is not obliged to make such request and the aforesaid does not detract from the CCT's right to reject a Tenderer for failure to submit a compliant Proposal. - 7.5.4 CCT may discontinue, suspend or terminate this Tender without incurring liability to any person.
- 7.5.5 This Tender has been prepared in good faith but does not purport to be comprehensive nor to have been independently verified. Neither CCT nor its advisors accept any liability or responsibility for, or make any express or implied warranty in respect of, the adequacy, accuracy or completeness of information provided or opinions expressed in the Tender or with respect to any written or oral information made available to any Tenderer, prospective Tenderer or its advisors pursuant to this Tender.

8.9. Packing

- 8.9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. - (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

8.13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

 - (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
 - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

8.15. Warranty

8.15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications), or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

8.15.2 This warranty shall remain valid for 12 (twelve) months after the goods, or any portion thereof, as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for 18 (eighteen) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in the SCC.

8.15.3 The purchaser shall notify the supplier promptly, in writing, of any claims arising under this warranty.

8.15.4 Upon receipt of such notice, the supplier shall, within the period specified in the SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

8.15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in the SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

8.16. Payment

8.16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in the SCC.

8.16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of any other obligations stipulated in the contract.

8.16.3 Payments shall be made promptly by the purchaser, but in no case later than 30 (thirty) days after submission of an invoice or claim by the supplier.

8.16.4 Payment will be made in Rand unless otherwise stipulated in the SCC.

8.17. Prices

8.17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices tendered by the supplier in his bid, with the exception of any price adjustments authorized in the SCC or in the purchaser's request for bid validity extension, as the case may be.

8.18. Contract Amendments

8.18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.

8.19. Assignment

8.19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

8.20. Subcontracts

8.20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

8.21. Delays in the supplier's performance

8.21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

8.21.2 If at any time during the performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his or her discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

8.21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.

8.21.4 The right is reserved to procure, outside of the contract, small quantities of supplies; or to have minor essential services executed if an emergency arises, or the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

8.21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

8.21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and, without prejudice to his other rights, be entitled to claim damages from the supplier.

8.22. Penalties

8.22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services, using the current prime interest rate, calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

8.23. Termination for default

8.23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
- (b) if the supplier fails to perform any other obligation(s) under the contract; or
- (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

8.23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

8.23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

8.23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than 14 (fourteen) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated 14 (fourteen) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.

8.23.5 Any restriction imposed on any person by the Accounting Officer/Authority will, at the discretion of the Accounting Officer/Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person is or was, in the opinion of the Accounting Officer/Authority, actively associated.

8.23.6 If a restriction is imposed, the purchaser must, within 5 (five) working days of such imposition, furnish the National Treasury with the following information:

- (i) the name and address of the supplier and/or person restricted by the purchaser;
- (ii) the date of commencement of the restriction;
- (iii) the period of restriction; and
- (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

8.23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, Act 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period of not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction, and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

8.24. Anti-dumping and countervailing duties and rights

8.24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidised import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall, on demand, be paid forthwith by the contractor to the State, or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he or she delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him or her.

8.25. Force majeure

8.25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if, and to the extent that, his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

8.25.2 If a force majeure situation arises, the supplier shall notify the purchaser promptly, in writing, of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

8.26. Termination for insolvency

8.26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

8.27. Settlement of Disputes

8.27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve such dispute or difference amicably, by mutual consultation.

8.27.2 If, after 30 (thirty) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

8.27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

8.27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

8.27.5 Notwithstanding any reference to mediation and/or court proceedings herein,

- (a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
- (b) the purchaser shall pay the supplier any monies due to the supplier.

8.28. Limitation of Liability

8.28.1 Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6:

- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and
- (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

8.29. Governing language

8.29.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

8.30. Applicable Law

8.30.1 The contract shall be interpreted in accordance with South African laws, unless otherwise specified in the SCC.

8.31. Notices

8.31.1 Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail, and any other notice to him shall be posted by ordinary mail, to the address furnished in his bid or to the address notified later by him in writing; and such posting shall be deemed to be proper service of such notice.

8.31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

8.32. Taxes and Duties

8.32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, licence fees, and other such levies imposed outside the purchaser's country.

8.32.2 A local supplier shall be entirely responsible for all taxes, duties, licence fees, etc., incurred until delivery of the contracted goods to the purchaser.

8.32.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.

8.33. National Industrial Participation (NIP) Programme

8.33.1 The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation.

8.34 Prohibition of Restrictive practices

8.34.1 In terms of section 4 (1) (b) (iii) of the Competition Act, Act 89 of 1998, as amended, an agreement between or concerted practice by firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder(s) is/are or a contractor(s) was/were involved in collusive bidding (or bid rigging).

13.3. PROPERTY PLAN

13.4. PROPERTIES BACKGROUND

- 13.4.1 Remainder Erf 13814, situated at 9 Copperfield Street, Salt River is predominantly vacant and with two existing buildings along the northern boundary. One is leased to a Non-profit Organisation by the City and operates as a boys shelter. The other building is a City owned transitional housing facility. The property is zoned Mixed Use 2 and measures approximately 3.23 hectares in extent.
- 13.4.2 A final rezoning approval was received from the PAAP on 18 May 2022 to rezone the subject property from Open Space Zoning 2 (OS2). Community Zoning 1: Local (CO1) and Utility Zoning (UT) to Mixed Use 2 (MU2).
- 13.4.3 The property is also close to key arterial routes namely Victoria Road, Roodebloem Road, Salt River Road, Station Road, Voortrekker Road and Albert Road.

13.5. DEVELOPMENT OBJECTIVES

- 13.5.1** The subject properties are being packaged as part of the City of Cape Town's Affordable Housing Programme. Integral to the programme is the delivery of social housing, which provides well-located housing opportunities for low and moderate-income households.
- 13.5.2** The Social Housing Programme is a critical spatial intervention where the city leverages its strategically located land assets to foster change in the way that the City of Cape Town functions. In the context of the Woodstock and Salt River area, the use of City-owned land in this way is to mitigate the negative effects of gentrification in this locality.
- 13.5.3** In order for the City to meet its densification objectives, there is a shift towards providing higher density Social Housing developments particularly on well-located land parcels that are within the urban core.
- 13.5.4** Viability studies undertaken confirm that a Social Housing scheme is not viable to be developed on its own on the subject properties, and thus necessitates the introduction of open market residential units to cross-subsidise the Social Housing units.
- 13.5.5** The City is proposing a mixed-income residentially-led development with the intention of retaining as much of the market residential offering as rental stock over the development lifecycle.
- 13.5.6** Feasibility studies undertaken are indicating a potential development yield of **1800 residential opportunities**. Development proposals are expected to deliver a **minimum of 650 Social Housing units**. It is envisioned that the inclusion of the market residential units will be for the purposes of cross-subsidizing the high-rise Social Housing development that is envisaged on the properties.
- 13.5.7** The rezoning approval and feasibility studies make provision for a maximum of 2 748m² of the development bulk to be utilised for commercial and communal uses which may include general business, retail, consulting rooms, community/social services offices, child care and meeting places in order to complement the residential development. Tenderers should clearly articulate the inclusion of the commercial and communal uses (if any) in the concept plan and financial feasibility model in their submissions.
- 13.5.8** Given the scale of the proposed development, it is anticipated that the development will be implemented in a phased approach and the Tenderers are expected to clearly articulate in the implementation plan and the financial model, the proposed development phases.
- 13.5.9** The tenderer should demonstrate that in their phasing approach that they will commence with the Social Housing component in the implementation of the development. Tender submissions including only Market Residential components in the initial development phase will not be considered.
- 13.5.10** Tenderers will be expected to comply with the Social Housing Regulatory Authority (SHRA) norms and standards as well as guidelines on income categories (including the mix between the primary and secondary markets) and rental benchmarks in the provision of the Social Housing component of the development.
- 13.5.11** It is intended that the existing buildings on the subject properties being the building utilised by a Non-Profit Organisation as a boys shelter and the transitional housing; will be demolished by the successful tenderer as part of the development scope of works.
- 13.5.12** The City is intending to relocate the existing occupants at the boys shelter and the transitional housing facility; as such these occupants will not be accommodated in the planned future development.
- 13.5.13** In the financial proposal, Tenderers should provide proof of ability to raise the requisite equity contribution for each phase of the Social Housing component of the development in accordance with the SHRA requirements depending on whether they are bidding as a Social Housing Institution or an ODA.
- 13.5.14** Tenderers are specifically advised to note the Geotech issues referenced in Section 13.9 below.
- 13.5.15** Tenderers should take into consideration that the proposed development will absorb the costs of designing and constructing a proposed intersection upgrade and signalisation at Pickwick Street and Victoria Road (**Annexure C**). A provisional allowance of **R10 million** has been indicated in the financial feasibility compiled by the City's consultants for this aspect; which is subject to further scrutiny by the tenderers. The detail design will be articulated in the overall roads upgrade to be submitted with the Site Development Plan.
- 13.5.16** In the proposed Financial Feasibility Model, tenderers should take into consideration the provisional calculations for the Development Contributions reflected in the Conditions of Approval in Section 13.6.3 below.
- 13.5.17** Tenderers should take into consideration the contents of the Rezoning Application as well as Specialist studies undertaken in packaging their tender submission (**Annexure D**). Tenderers should submit a request to CCT (Email: affordable.housing@capetown.gov.za) to access supplementary information (Specialist studies, drawings, etc) which may be required to complete their bid submission.

13.6 SOCIAL HOUSING ENABLERS

13.6.1 GRANT FUNDING

The proposed development is eligible for grant funding and application thereof will be the responsibility of the successful tenderer:

- Consolidated Capital Grant administered by the SHRA
- Geo-Technical Variance Allowance administered by the SHRA
- Urban Settlements Development Grant (USDG) for bulk infrastructure which is administered by the City.

In their financial model, Tenderers must demonstrate that they are familiar with the latest subsidy quantum applicable for Social Housing development.

13.6.2 CITY INCENTIVES

The CCT at a minimum will offer the following incentives, applicable only to Social Housing, in order to advance its affordable housing objectives:

- Reduction in Development charges
- Reduction in Plan Scrutiny Fees

Other incentives: In addition, on a project by project basis the City will consider the award of other incentives if crucial to the achievement of its social and urban development objectives on the site:

13.9 GEOTECHNICAL INVESTIGATION – EXTRACT

The Soil Profile

Clear evidence exist of extensive past earthworks and quarrying operations, which ties up with the history of the site of being used for quarrying material for brickmaking..

The natural residual soil layers on the site is covered by an un-compacted and loose layer of fill material of approximately 2.5m to 6.0m thick. Fill material comprises natural colluvial and residual clay rich silts and fine sands mixed with building rubble, general domestic refuse and occasional large sandstone boulders.

The natural ground horizon beneath the site is deeply weathered and no hard to very hard rock was intersected to depths of up to 19m below present ground level.

The SMEC Geotechnical Report drew the following conclusions and recommendations regarding the development of the site:

- *“The site is conducive to development. But a moderate to high cost may be expected for the foundation costs. Due to the deeply weathered ground profile of low strength shales and clays, piled foundations are recommended for the envisaged apartment blocks”.*
- *“Further geotechnical investigation will need to be undertaken as an additional exercise with consideration of the type of development and associated infrastructure envisaged in order to facilitate subsequent civil and structural design. In particular this will facilitate development of a ground improvement solution which is likely to be more economical than conventional pile foundations. Such a solution should be designed by a competent professionally registered Geotechnical Engineer as defined by the Engineering Council (ECSA)”.*
- *“The scope of further investigations will be largely driven by the layout and position of services including site development density. But ultimately must comply with the requirements of the SAICE Code of Practice for Site Investigations”.*
