To whom it may concern	Date	21 May 2026
	Enquiries	Malungi Sibiya
	E-mail address	GumedeLC@eskom.co.za

Dear Sir/Madam

Request for Enquiry Number	E2820DXKZNOU
Description / Project Title	Waste removal services for the Central East Cluster (KwaZulu Natal and Free State Operating Units) on an as and when required basis for a period of thirty-six (36) months.
Tender Questions Closing Date	20 May 2026

Item	Questions	Answers	Clarity Published Dates
1.	We would like to confirm whether it would be acceptable for us to submit a bid for selected sites only, namely: Margate Mkondeni Mersey Westville New Germany Kindly advise if partial submissions will be considered.	The business is looking to award one or two tenderers for the two Operating Units (KwaZulu Natal and Free State). It will therefore be impossible to allow the selection of a few sites within KwaZulu Natal.	15 May 2026
2.	We have been able to download all the documents except for the rate sheet or BOQ for KZN. We were able to download for FS.	Kindly use the Eskom Tender Bulletin platform to download instead. Do a search using the enquiry	15 May 2026

		number E2820DXKZNOU only. You'll find the BOQ under section 1 – Commercial and Finance Folder.	
3.	We need clarity as to what type of waste the 240L trolley bins are used for. i.e. is it domestic or hazardous type of waste?	The bins are for both domestic and hazardous waste.	15 May 2026
4.	Regarding grey water, is it contaminated and if so what is it contaminated with or is it just clean grey water?	Because Eskom has car wash bays, some of the grey water that needs to be disposed of may contain oil from vehicles.	15 May 2026
5.	Is it possible to tell us how many bins normally are at each and every site/location? This is so we maximize and plan our tender in terms of prices.	It will not be possible to provide a number of bins that are on each site, hence the request for the rates only. It should be noted, however, that there will never be a time when service providers are requested to collect a single bin only.	15 May 2026
6.	The tender mentions to initial Waste Management Policy and return. Is this Eskom's policy? If so please provide.	This refers to the 32-245 Waste Management Standard that was uploaded on the portals as addendum 1.	18 May 2026
7.	Can we have more details on the asbestos, what types of asbestos is it?	Property Management deals with asbestos found in roofing, Gutters, Downpipes, Pot plants, windowsills, Ceiling Boards, Sewer Pipes – General Building related Asbestos	18 May 2026
8.	Regarding non-PCB solid waste, is it contaminated and with what?	It could be cleaning detergents, grease or any other chemical used, which will be specified on request for removal.	18 May 2026
9.	Disposal of the 210L drums, what is inside the drums?	Both domestic and Hazardous waste.	18 May 2026
10.	Under Environmental requirements does the contract fall under High Risk?	It's stated as high risk on the Environmental Tender Evaluation and Scoring Card.	21 May 2026

11.	There is a Part A and a Part B. Which part do we have to complete? As it says either or?	At the Clarification meeting the Environmental Expert indicated that you need to use either one and not both. The Tenderer is the one that needs to decide which one to respond to, but those are the options available.	21 May 2026
