Note to tenderers: the tenderer must indicate how they claim points for each preference point system)

Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

HWSETA reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required.

The points scored by a bidder in respect of points indicated above will be added to the points scored for price.

Bidders are requested to complete the various specific goals forms in order to claim points.

Only a bidder who has completed and signed the declaration part of the preference claim form will be considered for specific goal points.

21.5. PRICE/FINANCIAL FORMULAR AND POINTS ALLOCATION (Phase 1d)

The Preferential Procurement Regulations 2022 were gazetted on 4 November 2022 (No.47452) with effect from 16 January 2023. The 80/20 preference points systems will be applied in accordance with the formula and applicable points provided for in the respective status level contributor tables in the Regulations.

Price/financial proposals must be submitted in South African rand. HWSETA reserves the right to negotiate rates submitted by bidders. The pricing schedule must include the total bid price for the stated scope of work.

In terms of Regulation 4 of the Preferential Regulations pertaining to the Preferential Procurement Policy Framework Act 2000 (Act 5 of 2000) Preferential Procurement Regulations, 2022 responsive bids will be adjudicated by the state on the 80/20 preference point for Specific goals in terms of which points are awarded to the bidders on the bases of:

- The bidder's price (maximum 80 points)
- Specific goals (maximum 20 points)

The following formula will be used to calculate the points for price in respect of bidders with Rand value up to R50 000 000:

80/20

$$P_s = 80 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where

Ps= Points scored for price of tender under consideration;

Pt= Price for tender under consideration; and

Pmin = Price of lowest acceptable tender

A maximum of 80 points may be allocated for price and 20 points may be awarded to a tenderer for the specific goal specified for the tender. The points scored for the specific goal must be added to the points scored for the price and the total must be rounded off to the nearest two decimal places. Subject to section 2(1) (f) of the Act, the contract must be awarded to the tenderer scoring- the highest points.

21.6 ADJUDICATION OF BID

HWSETA reserves the right to arrange contracts with more than one contractor.

In the event that two or more bids have scored equal total points, the contract will be awarded to the bidder scoring the highest number of points for specific goals. Should two or more bids be equal in all respects, the award shall be decided by drawing of lots.

A contract may, on reasonable and justifiable grounds, be awarded to a bid that did not score the highest number of points.

The Board will consider the recommendations of the Bid Adjudication Committee as well as the Tender Standing Committee and make the final award.

The successful bidder will usually be the service provider scoring the highest number of points, or it may be a lower scoring bid on justifiable grounds, or no award at all.

PART A EVALUATION CRITERIA

The bids will be evaluated on functionality separately first. Bids scoring less than 80% on the functionality will not be considered further in the evaluation and will be disregarded.
