SAFETY AND SECURITY INFORMATION FOR VISITORS

AUTHORIZATION

All visitors to the TAD premises must complete the first two sections of the Visitors application Form (BSF 10) **at least 48 hours** prior to their arrival. The completed form, together with a **copy of identification**, must be returned, via email, to the responsible person (person being visited). The responsible person will complete the rest of the form and obtain approval for the visit. **No visitors will be allowed onto the premises without prior approval.** All visitors must give a written undertaking to observe the personal quarantine restrictions applicable to the relevant area of the TAD premises, Visitors Agreement Form BSF 02 – available at the administration building. This form must be completed and signed by all visitors after a biosafety and biosecurity briefing provided by a senior staff member. The senior staff member will sign the form after providing the briefing.

ESCORTS

Visitors shall at all times be under escort while on the TAD site.

PERSONAL QUARANTINE

All visitors to the High Security Virus Areas (Block H – Vaccine production section, Block G – Research and Diagnostics section, Block F – Animal Stables and the Basement sections of these areas) must observe a five (5) day quarantine avoiding domestic and wild cloven-hoofed animals (cattle, sheep, goats, pigs, antelope, camels, e.t.c.) Quarantine may be extended to include birds, if visits include sections where avian pathogens are being used. A 12-hour quarantine will be applicable to all visitors that pass through the security checkpoint. For visits to the Administration building outside of the Disease Security Area, no restrictions on contact with animals will be required after leaving the premises, unless otherwise instructed.

THE FOLLOWING ARE PROHIBITED ON THE TAD SITE

- Firearms of any kind
- Pets
- Cameras without permits

FOOD AND MEDICATION

Visitors may not remove unused food, medication and/or beverages from inside the high security areas. Disposable food containers may be used and discarded in these areas.

MATERIALS AND EQUIPMENT ENTERING HIGH SECURITY VIRUS AREA (HSVA)

All material or equipment taken into the HSVA must be autoclaved or biologically decontaminated before being removed from the building. The procedure may take up to 2 hours. Before bringing material and equipment into the HSVA, visitors **must** consult with the Biological Safety Officer.

SAFETY QUESTIONS

In the event of any questions on biological safety, please call the Biological Safety Office at extension 109550.

EMERGENCIES

Report fire, spill, injury or other emergencies by phoning **109550/109579** immediately. Be prepared to give your name, location and a description of the emergency.

ENTRY AND EXIT PROCEDURE INTO THE HIGH SECURITY VIRUS AREA (HSVA)

Entry Procedure

1. Valuable items e.g. jewellery including, rings, watches, earrings, necklaces, wallets and phones should be left in the car or handed over to the Biological Safety Office for safety keeping.
2. Completely disrobe in the outside dressing room.
3. Open bag of clothes provided, remove towel and hang it on a hook. Dress in the provided laboratory clothes and hang the bag of clothes over your arm.
4. Open the shower door by pulling the lever, get into the shower cubicle and close the door behind you.
5. Press the pressure button on the wall of the shower to deflate the door gasket leading into the HSVA.
6. As soon as the deflation noise stops (± 20 seconds), open the door by pushing against it with your shoulder while keeping your finger on the pressure button, walk into the inside dressing room and close the door behind you.
7. Hang the bag on a hook, open the door and walk into the working area of the laboratory.

Exit procedure

1. Completely disrobe in the inside dressing room. Remove all laboratory clothes and place all items in the laundry bag.
2. Press the pressure button on the wall and allow for the gasket to deflate (± 20 seconds) and wait for the pressure gauge needle to drop to 0. Open the shower door, enter the shower and close the door.
3. As you enter, the hot water will automatically come on; adjust the temperature by turning the cold-water tap until you reach a temperature that is suitable for your personal comfort.
4. Wash your entire body with soap and shampoo. If you have spectacles, ensure that you wash them thoroughly with soap and rinse them.
5. After ± 4 minutes, the hot water will automatically shut off, close the cold water tap.
6. Push the door lever to open the door and walk into the outside dressing room.
7. Close the shower door behind you. Use your towel to dry yourself and hang it on a hook.
8. Put your clothes on, open the exit door and walk out of the dressing room.
9. **REMEMBER TO COLLECT ITEMS THAT MAY HAVE BEEN LEFT AT THE BIOLOGICAL SAFETY OFFICE.**
