1. BACKGROUND

The Agrément South Africa Act was accented to by the Honourable President of the Republic of South Africa as Act No 11 of 2015 from 1 April 2017. Agrément South Africa was established as a Schedule 3A entity on 1 April 2017. The entity operates under a delegation of authority from the Minister of Public Works.

The main objectives are:

- To provide assurance of fitness-for-purpose of non-standard construction-related products and systems to specifiers and users.
- To support and promote the process of integrated socio-economic development in the Republic as it relates to the construction industry.
- To support and promote the introduction and use of certified non-standardized construction-related products or systems in the local or international market.
- To support policymakers in minimizing the risk associated with the use of non-standard construction-related products or systems; and
- To be an impartial and internationally acknowledged South African centre for assessment and confirmation of fitness-for-purpose of non-standard construction-related products or systems.

2. INVITATION FOR PROPOSALS

Agrément certification establishes fitness-for-purpose of innovative and non-standard construction products and systems through conducting an independent technical assessment and issuing certificates when the assessment has been conducted successfully. Agrément South Africa extends a call for the submission of proposals from suitably qualified service providers to assist with conducting performance-based assessments for acrylic based PVA paint used as a primer and topcoat for brickwork, concrete, ceiling boards, etc. The assessment should be based on different aspects of performance that influence the performance of the product which include the following:

- material properties,
- bond strength and adhesion,
- colour stability,
- resistance to abrasion,
- durability and
- water vapour permeability.

3. SPECIFICATIONS

The appointed material expert specialising in paint is expected to peruse the application form and understand the requirements for the assessment. The material expert specialising in paint will conduct testing to establish if the product is fit for its intended purpose. The material expert specialising in paint is expected to provide a technical report detailing the performance of the paint and make recommendations regarding possible certification.

The assessment should be based on different aspects of performance that influence the performance of the product which include the following:

- material properties,
- bond strength and adhesion,
- colour stability,
- resistance to abrasion,
- durability and
- water vapour permeability

The service provider is expected to make recommendations regarding the suitability of the product for Agrément certification.

All tests shall either be witnessed by an authorised Agrément South Africa assessor or be conducted by test facilities that meet the requirements of ISO/IEC 17025.

All test reports must:

- provide the full name, description and intended use of the product.
- provide a technical description of the product.
- detail results of every aspect of the test against the performance requirements
- be dated and be signed by the test officer and presented in pdf format.

Where a testing facility meeting the requirements of ISO/IEC 17025 is to be used, evidence of such compliance shall be submitted, for record-keeping and as part of the assessment process. Such evidence shall be in a form of an accredited Certificate of Conformity.

Where any other expert, not complying with the requirements of ISO 17025 shall be performing the tests, such expert(s) shall be expected to have over five (5) years of experience in testing such product (or similar), with a minimum of three contactable references (registration with a relevant Professional Body is preferred). The profiles (CV's detailing the person's educational background and work

experience) of such persons shall be submitted to Agrément South Africa, as part of the assessment, as well as for record-keeping. In such cases, Agrément South Africa shall witness all tests.

4. SUBMISSION OF PROPOSALS AND EVALUATION CRITERIA

5.1 Submission of procurement documents.

- National Treasury's Central Supplier Database (CSD) report. It must be noted that no contract with a service provider will be entered if such a service provider is not registered on the CSD,
- Completed and signed standard bidding documents, **SBD 4 and 6.1 forms**.
- Signed General Conditions of Contract.
- Completed price schedule.

5.2 Evaluation

5.2.1 Phase 1: Technical Specification and Functionality Evaluation

The bids shall first be evaluated for functionality. A **minimum score of 70%** must be obtained on functionality before a proposal is considered for further evaluation. Details of the functionality scoring and how the points shall be allocated are as follows:

	Description	Weight (%)
1	Company Experience Number of years the company has been in business. Minimum 3 years' experience in material and paint assessment. A company profile clearly indicating the number of years in providing paint testing functions must be submitted as evidence. • Has less than 3 years' experience – 0 points • Has 3 – 5 years' experience – 3 points • Has more than 5 years – 5 points	20
2.	References where similar work was done. The service provider must have dealt with various organisations from large to small-scale employees. At least 3 contactable references where similar services were rendered in the past 3 years • Less than 3 references – 0 points • 3 contactable references – 3 points	20

	• More than 3 contactable references – 5 points	
3.	Accreditation and relevant qualifications The service provider must have testing facility that is ISO 17025/ SANAS accredited and submit accreditation certificate • No proof submitted – 0 points • Proof submitted – 5 points	10
4	Relevant qualification The service provider shall have over five (5) years of experience in testing a paint (or similar product) • No proof submitted – 0 points • Proof submitted – 5 points	20
5.	Methodology and Approach The service provider must demonstrate their understanding of the key requirements and expectations of ASA as outlined in this document. • No proof submitted – 0 points • Proof submitted – 5 points	30
	TOTAL	100

The following formula will be used to convert the points scored against the weight:

$$Ps = \left(\frac{So}{Ms} \right) \times 100$$

Where:

Ps = Percentage scored for functionality by bid under consideration

So = Total score of bid under consideration

Ms = Maximum possible score

Service providers will be expected to achieve a minimum threshold score of 60% in order to proceed to Phase 2.

5.2.2 Phase 2: Calculation of points

Please note for acquisitions below or equal to R50 Million, ASA evaluates these in terms of the 80/20 preference point system where:

80 points are allocated for price and 20 points will be awarded based on the specific goals.

Points for price will be calculated for all shortlisted service providers in accordance with the following formula:

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where:

P_s = Points scored for the price of the quotation under consideration

P_t = Price of the quotation under consideration

$P_{\min}$ = Price of lowest acceptable quotation

Preference points for the specific goals will be allocated as follows:

NO.	SPECIFIC GOALS ALLOCATED POINTS	PREFERENCE POINTS ALLOCATION	SUPPORTING EVIDENCE TO BE SUBMITTED
1.	SMMEs	10 points	- A B-BBEE certificate /sworn affidavit as supporting evidence
2.	>50% Black female ownership	5 points	- CSD report or, - Company registration certificate, as issued by the CIPC, clearly indicating the percentage shareholding of all owners
3.	>50% Black youth ownership	5 points	- CSD report, - Company registration certificate, as issued by the CIPC, clearly indicating the percentage shareholding of all owners, or - Identification Documentation of all owners

The final points will be calculated as follows:

CRITERIA	WEIGHTING POINTS
Price	80
Specific goal	20
TOTAL	100

ASA also reserves the right to conduct an investigation of the bidder's financial position, previous contracts carried out, availability of skills or knowledge, existing workload, etc.

A recommendation for award will then be formulated for approval by the relevant delegated authority.

6 TERMS OF CONTRACT AND SERVICE LEVEL AGREEMENT

Before the bid is awarded, the successful bidder shall be required to enter into a Service Level Agreement (SLA) with Agrément South Africa (ASA). The SLA shall form the contractual basis for the delivery of the service as well as how performance shall be measured. Contract extensions are at the sole discretion of ASA.
