1. PURPOSE

The purpose of this tender is to appoint a suitable service provider to manage the implementation of expanded public works programme (EPWP) on school food garden project and agriparks within the Gauteng Department of Agriculture and Rural Development (GDARD) for a period of thirty- six (36) months. The Department has been mandated to assist schools with establishment of school food gardens using the EPWP programme to ensure that there is continuous production in these school food gardens to alleviate poverty and food insecurity. GDARD calls service providers to submit proposals to provide project management services as per the project scope mentioned below in these terms of reference.

2. BACKGROUND

The mandate of the Gauteng Department of Agriculture and Rural Development (GDARD) through the Agriculture Chief Directorate is to ensure that there is agricultural growth and development in the Gauteng Province with a focus on empowerment, alleviation of hunger at household level, poverty alleviation, income generation and job creation through the agricultural sector. The GDARD currently implements school food garden projects and Agriparks on an annual basis. As part of the implementation process the projects need manpower to establish and maintain these school gardens and agriparks throughout the year for the benefits of children that attend the school and local communities. To achieve this, Gauteng Department of Agriculture and Rural Development (GDARD) gives support through implementation of Expanded Public Works Programme (EPWP) for impoverished schools to establish and maintain their own school food gardens to produce their own vegetables to supplement the National School Nutrition Programme (NSNP). Through this programme, school communities are empowered to establish their own gardens and manage and conserve water, land, and the biological diversity in their schools.

An integrated development approach and cooperation with all relevant stakeholders is integral to the agricultural development process in the Gauteng Province, therefore increased participation of eligible service providers cannot be separated from this broad-based agricultural development. It is against this background that the GDARD under the Farmer Support and Development (FSD) Directorate and Research and Technology Development Services (RTDS) wishes to appoint a service provider to provide project management services to implement this project to various schools and agriparks in identified areas of the Gauteng Province over a period of thirty-six (36) months. The Gauteng Department of Agriculture and Rural Development (GDARD) as an organ of state requires the services in order to deliver to the citizens of Gauteng Province.

The GDARD has identified the need to appoint a service provider to meet the mandate and objectives of the GDARD, in compliance with the PFMA, Strategic Plan and Annual Performance Plan (APP).

3. OBJECTIVES

The project seeks to achieve the following objectives:

- To create 650 EPWP compliant work opportunities to assist in the implementation of 240 school food gardens and five (5) Agriparks in the Gauteng province in identified schools and agriparks for a period of thirty-six (36) months working for a maximum of 130 working days per year.

4. SCOPE OF WORK

The service provider will be required to provide project management services to manage EPWP participants for the GDARD for a period of thirty-six (36) months: The service provider is required to render services relating to recruitment and training of EPWP participants, payment of stipend to EPWP participants, supply of protective clothing and materials, establishment and maintenance of school food gardens and maintenance of the Agri-parks. SBD 9**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
