 - Annexure D – Imported Content Declaration: Supporting Schedule to Annexure C
 - Annexure E – Local Content Declaration: Supporting Schedule to Annexure C

After completing Declaration D, bidders should complete Declaration E and then consolidate the information on Declaration C. Declaration C should be submitted with the bid documentation at the closing date and time of the bid. Declarations D and E should be kept by Respondents for verification purposes for a period of at least 5 years. The successful Respondent is required to continuously update Declarations C, D and E with the actual values for the duration of the contract. In addition to what is stated above regarding Annexures D and E, please note that these declarations are to be submitted as part of the Essential Returnable Documents.

This contract is for replenishing of spares and maintenance material at the Procurement Stores at PSS Depot on an "as and when" required basis. PSS depot is responsible for the maintenance and operation of Medium Voltage (MV), Low Voltage, Mechanical and Air-conditioning systems in the Port of Durban, hence, the availability of spares and maintenance material is critical for the execution of the daily maintenance and resolving of unplanned breakdowns. This contract will greatly reduce the turnaround time in sourcing of spares and maintenance material.

2. EXECUTIVE OVERVIEW

Whereas Transnet is seeking a partner(s) to provide solutions for its electrical components and maintenance material nationally, it also seeks to improve its current processes for providing these Goods to its end user community throughout its locations.

The selected Supplier(s) must share in the mission and business objectives of Transnet. These mutual goals will be met by meeting contractual requirements and new challenges in an environment of teamwork, joint participation, flexibility, innovation and open communications. In this spirit of partnership, Transnet and its Supplier(s) will study the current ways they do business to enhance current practices and support processes and systems. Such a partnership will allow Transnet to reach higher levels of quality, service and profitability.

Specifically, Transnet seeks to benefit from this partnership in the following ways:
