SUPPLIES AND SERVICES CONTRACT No. E50 OF 2023

**REPAIRS AND MAINTENANCE OF HIGH VOLTAGE 33KV OIL FILLED AND 132KV XLPE
UNDERGROUND CABLES**

STANDARD CONDITIONS OF TENDER

1. DOCUMENTS

This document comprises of the Standard Conditions of Tender, Standard Conditions of Contract, Special Conditions of Contract (if any), Legislation, Definitions, Specifications, Pricing Schedule, Tender Form, Drawings (if any), Data Sheets and Annexures thereto.

2. COMPULSORY SITE INSPECTION / TENDER BRIEFING MEETING

Where in the tender document reference is made to a compulsory Site Inspection/Tender Briefing Meeting, the Service Providers shall be required to attend the meeting prompt on the date and time mentioned in the tender document. Service Providers arriving at the meeting after the stipulated time will be disqualified and the Council shall not be held liable for any loss or damage due to the above. Service Providers are to ensure that they complete and sign the Attendance Register circulated at the meeting. Service Providers shall be required to complete and sign the Site Inspection/Tender Briefing Meeting certificate attached hereto prior to the commencement of the meeting, and to also ensure that the Site Inspection/Tender Briefing Certificate is duly signed by the authorised official at the end of the meeting. Only one representative per Company or Consortium will be allowed to attend the above meeting. No person will be allowed to represent more than one Company at the meeting.

Service Providers are to ensure that their Representatives representing their respective Companies at the Site Inspection/Tender Briefing Meeting are familiar with the true nature and extent of the works as no claims for extras shall be entertained and the Council shall not be held liable should the Service Provider tender incorrectly.

An official will Chair the meeting and answer queries raised by prospective Service Providers. Any amendment to the tender documentation arising from such answers will be circulated in terms of the meeting's attendance register. Tenders will not be considered from Service Providers who do not attend the meeting and whose Site Inspection/Tender Briefing Certificate had not been signed by the authorised official.

Service Providers will be required to present a hard copy of their tender document at the Site Inspection/Tender Briefing Meeting for endorsement and failure to comply with this will result in disqualification.

3. SUBMISSION OF TENDERS

Tenders must be made out on the Tender Form annexed hereto. Service Providers are advised that this document must be completed in ink and submitted in its entirety. Failure to comply with this condition shall result in the tender being disqualified.

Only original hand written priced tender documents will be considered. Tenders submitted by electronic mail, telex or facsimile shall not be considered. ***The use of correction fluid is strictly prohibited.*** All corrections are to be countersigned.

Service Providers using Courier Companies or any other mode of transport to deliver their tender documents must ensure that the tender documents are delivered to the City Hall, 169 Chief Albert

Luthuli Street (Commercial Road), Pietermaritzburg, 3201, and placed in the Tender Box situated in the Foyer, Ground Floor by the close of tenders. The Council shall not be held liable for any tender document which is not timeously delivered, mislaid or incorrectly delivered due to the negligence of the Courier Company or any other party involved in the delivery of the tender documents, including any employee of the Council.

Sealed tenders endorsed with the appropriate Contract No. and Contract Title must reach the City Hall, Pietermaritzburg not later than the closing date and time stated in the public advertisement inviting tenders, when they will be opened in public. Under no circumstances will any extension of time be allowed for the submission of tenders. Tenders shall remain valid for four (4) calendar months from the date of opening, except for the initial five (5) working days grace period after the close of tenders within which period a Service Provider may be permitted to withdraw its tender subject to an application with good and sufficient reasons being submitted in writing to obtain approval of such withdrawal, at the sole discretion of the Head: Supply Chain Management.

All literature submitted must be securely attached to the tender. The Council shall not be held liable for any loss or damages sustained due to the Service Provider's failure to comply with this condition.

In the case of a Service Provider withdrawing its tender after the expiry of the grace period, the Council may refuse to receive or consider, for such period as it may think fit, any further tenders from that Service Provider.

4. COMMUNICATION WITH MEMBERS OF THE COUNCIL OR COUNCIL EMPLOYEES

Without detracting from any prevailing law, no Service Provider shall offer, promise or give any person or persons connected with the adjudication, or awarding of the tender, any gratuity, bonus, discount or consideration of any kind in connection with the obtaining of a contract. Nor shall any Service Provider communicate with any member of the Council or a Council employee on a question affecting the awarding of a contract which is the subject of a tender, during the period between the closing date of tenders and the date of notification of the successful Service Provider; provided always that the Head: Supply Chain Management may, in exceptional circumstances, obtain additional information from a Service Provider to enable her to formulate her recommendation to Council.

Any attempt to contravene this condition, which is brought to the notice of the Head: Supply Chain Management shall result in the disqualification of the Service Provider.

Prospective Service Providers are further advised that s118 of the Municipal Finance Management Act prohibits the interference, by any person, with the supply chain management system of the Municipality and the amendment of or tampering with any tender, quotation, contract or bid after its submission.

5. IMPORT PERMITS

The Council will not undertake to secure any import permits or currency for the import of any goods or materials required for the execution of this contract. The Service Provider must apply directly for any import permits or currency needed. However, the Council will furnish the successful Service Provider with a supporting statement, if required.

6. REGISTRATION WITH THE CENTRAL SUPPLIER DATABASE (CSD)

The National Treasury's Central Supplier Database (CSD) has been open for registration from 01 September 2015. The CSD serves as one single source of supplier information to all spheres of government.

Within this system, suppliers are required to register once when they do business with the state. This will significantly reduce the administrative burden for businesses, especially small and medium sized enterprises. The database interfaces with the South African Revenue Service (SARS), the Companies and Intellectual Property Commission (CIPC) and the payroll system. It will electronically verify a supplier's tax status and enable public sector officials doing business with the state to be identified.

All prospective suppliers can register any time on the CSD website www.csd.gov.za Prospective suppliers may also visit the Provincial Treasury Database office situated at Treasury House, Ground Floor, 145 Chief Albert Luthuli Road, Pietermaritzburg from 08h00 to 15h00, Mondays to Fridays, for any assistance with on-line registration on CSD.

For further information or enquiries, please contact 033 – 897 4516 / 033 – 897 4212 / 033 – 897 4624 / 033 – 897 4535 / 033 – 897 4676 / 033 – 897 4509 or Toll-Free at 0800 201 049 during office hours or via e-mail at database@kzntreasury.gov.za.

With effect from 01 July 2016, the Msunduzi Municipality will not award any tender to a supplier not registered as a prospective supplier on the CSD. Negotiations for the tender award will only be concluded with the qualify Service Provider(s) who is/are registered on the CSD on or after 01 April 2016.

In order for Council to verify your Company's registration with CSD, Service Providers are required to furnish the following information for verification purposes:

CSD Supplier Number	
Unique Registration Reference Number	

Failure to provide the above information shall result in the tender being disqualified.

7. TAX CLEARANCE CERTIFICATE REQUIREMENTS

It is a condition of tender that the taxes of the successful Service Provider must be in order, or that satisfactory arrangements have been made with the South African Revenue Service (SARS) to meet the Service Provider's tax obligations.

Service Providers shall be required to submit, together with the tender document, a valid Tax Clearance Certificate and a Tax Compliance Status Verification Pin issued by SARS. Failure to submit a valid Tax Clearance Certificate and a Tax Compliance Status Verification Pin, the Council reserves the right to verify the same on National Treasury's Central Supplier's Database.

Further to the above, Service Providers are to note that the Tax Clearance Certificate must be valid for the full duration of the tender validity period i.e. four (4) months commencing from the closing date of the tender.

Should the validity of the Tax Clearance Certificate expire prior to the final award of the contract being made, the Council reserves the right to request the Service Provider to submit a further valid Tax Clearance Certificate. In this instance, the Service Provider shall be given seven (7) working days written notice in which to comply. Should the Service Provider fail to comply with this request, the Council further reserves the right to make no award to the Service Provider and the Council shall not be held liable for any loss or damages sustained by the Service Provider.

If a Service Provider has already submitted an original Tax Clearance Certificate when registering on the Central Supplier Database (CSD), then there is no need to submit a hardcopy of another Tax Clearance Certificate provided that the Tax Clearance Certificate is still valid for the full

duration of the validity period for this tender. In this instance, the Service Provider will be required to indicate below the CSD Supplier Number and Unique Registration Reference Number for verification purposes: -

CSD Supplier Number	
Unique Registration Reference Number	

8. RATES

The prices, rates or percentages quoted in the proposal shall be deemed to include all costs, including but not limited to materials, plant, labour, patent rights and royalties, freight, insurance, customs, railage, delivery, etc, unless the Service Provider states otherwise in the proposal.

9. INCOMPLETE TENDERING

Tenders may be rejected if they show any additional, conditional or incomplete offers or irregularities of any kind in either the Tender Form or the Pricing Schedule, or if the prices tendered in the Schedule are not market related i.e. the tendered rates does not conform to current day prices.

Partial awards **may** be made where this is perceived by the Head: Supply Chain Management or the Engineer to be in the best interests of the Council. Council reserves the right to take into account the principle of the distribution of works in order to empower SMME's and BEE's.

Should there be any difference or discrepancy between the prices and particulars contained in the Tender Form and those contained in any covering letter submitted by the Service Provider, the prices and particulars contained in the Tender Form shall prevail.

10. ACCEPTANCE OF ANY TENDER

10.1 The Council does not bind itself to accept the lowest or any tender and reserves the right to accept the whole or any part of a tender.

10.2 Where less than three (3) tenders are received, the Head: Supply Chain Management reserves the right to purchase such items on the open market notwithstanding the acceptance of an offer.

10.3 The procedure/s which shall be followed with the acceptance of a tender are as follows:

10.3.1 Where in the tender document, Service Providers are required to submit Works Insurance, Sureties, Public Liability Insurance or any other provisional criteria, a letter of Provisional Acceptance will be sent to the successful Service Provider/s stipulating which amount or rate/s have been accepted and the requirements for the final award.

10.3.2 In this instance, the Service Provider/s shall be required to satisfy the requirements of the Provisional Letter of Acceptance within fourteen (14) days from date of issue of the Provisional Letter of Acceptance.

10.3.3 Should the Service Provider/s, fails to comply with the requirements of such provisional acceptance within the period specified in same or any variation thereto, and the Council elects not to confirm the provisional acceptance of the tender on that ground, the Council may refuse to receive or consider for such period as it may think fit, any further tenders from that/those Service Providers.

- 10.3.4 Once the requirements of the Provisional Letter of Acceptance have been satisfied, a Final Letter of Acceptance will be sent by the Head: Supply Chain Management to the successful Service Provider/s notifying the Service Provider/s of Council's intent to make an award of the contract.
- 10.3.5 Prior to the undertaking of any works, the successful Service Provider/s shall be required to enter into a Service Level Agreement (SLA) with the Council to address any post award qualification requirements as per the tender document.
- 10.3.6 Once the SLA has been concluded, the Tender, Provisional Letter of Acceptance, the Final Letter of Acceptance and the SLA, shall constitute a binding agreement between the Service Provider/s and the Council.
- 10.3.7 Should the Service Provider/s fail to enter into a contract when called upon to do so, then the Council may refuse to receive or consider for such period as it may think fit, any further tenders from that/those Service Provider/s.
- 10.4 Where no Insurances, Sureties or any other provisional criteria are required, a Final Letter of Acceptance stipulating which rate/s has been accepted will be sent by the Head: Supply Chain Management to the successful Service Provider/s notifying the Service Provider/s of Council's intent to make an award of the contract.
- 10.10 Prior to the undertaking of any works, the successful Service Provider/s shall be required to enter into a Service Level Agreement (SLA) with the Council to address any post award qualification requirements as per the tender document.
- 10.11 Once the SLA has been concluded, the Tender, the Final Letter of Acceptance and the SLA, shall constitute a binding agreement between the Service Provider/s and the Council.
- 10.12 Should the Service Provider/s fail to enter into a contract when called upon to do so, then the Council may refuse to receive or consider for such period as it may think fit, any further tenders from that/those Service Provider/s.

Unless otherwise stipulated in the covering letter submitted with the tender, the Service Provider shall have waived, renounced and abandoned any conditions printed or written upon any stationery used for the purpose of, or in connection with, the submission of the tender which are in conflict with the Council's Conditions of Tender and the Standard Conditions of Contract. The Service Provider is warned that any material divergence from the official conditions or specification may render the tender liable to disqualification.

11. DOMICILIUM CITANDI ET EXECUTANDI

For the purpose of the service of all documents and the giving of notice as may be required in terms of this contract, or as a result of any action arising in conjunction with it, the Council chooses City Hall, 169 Chief Albert Luthuli Street (formerly Commercial Road), Pietermaritzburg as its *domicilium citandi et executandi*.

The Service Provider's *domicilium citandi et executandi* shall be whatever street address is given in the Tender Form attached hereto.

Either party may, at any time, give one (1) month notice, in writing, of a change of its *domicilium citandi et executandi* provided that such address shall be within the Republic of South Africa.

12. DATA SHEETS

Service Providers shall be required to complete all Data Sheets and the Tender Form attached hereto in their entirety for adjudication purposes. Where Data Sheets and/or any other documentation as contained herein are required to be commissioned, such Data Sheets and/or documentation must be stamped and signed by a Commissioner of Oaths (where applicable). ***Failure to comply with these provisions will render the offer unresponsive (invalid).***

13. PROHIBITION ON AWARDS TO PERSONS IN THE SERVICE OF THE STATE

The Supply Chain Management Regulations states that the Council may not make any award to a person:

- (a) Who is in the service of the state;
- (b) If that person is not a natural person, of which and director, manager, principal shareholder or stakeholder is a person in the service of the state; or
- (c) Who is an advisor or consultant contracted with the municipality or municipal entity.

14. MUNICIPAL FEES

All Service Providers are to sign the Declaration herein declaring that their Municipal Fees are in order, or that proper arrangements have been made with the Council. Service Providers must include the relevant account numbers in the declaration.

15. APPEALS AND/OR OBJECTIONS

Any Service Provider aggrieved by decisions or actions taken by the Municipality may lodge within fourteen (14) calendar days of the date of the decision or action, a written objection or complaint to the Municipal Manager / Head: Supply Chain Management. In the event that an appeal and/or objection is lodged, the following procedure shall apply:

The Service Provider shall be required to pay an appeal/objection fee in the amount of zero **point five percent (0.5%) of the total contract sum, including VAT or R2 000.00, whichever is the greater to a maximum value of R20 000.00.**

The fee is to be paid in cash or electronic fund transfer on or before the expiration of the above period and proof of such payment is to be submitted together with the letter of appeal/objection to the Municipal Manager/Head: Supply Chain Management. No appeal/objection will be entertained should the afore-mentioned condition not be adhered to and the Municipality shall not be held liable for any loss or damages sustained by the Service Provider due to the Service Provider's failure to adhere to the above condition.

16. PREFERENCE POINTS CLAIMED IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

Service Providers claiming preference points shall be required to complete Annexure "C" hereto in its entirety and to fully comply with the General Conditions, Definitions and Directives stated therein.

In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, 2022, Preference points must be awarded for specific goals stated in the tender.

Service Providers are required to submit proof or documentation required in terms of this tender to claim points for specific goals. Failure to do so shall result in no preference points being awarded to the Service Provider and the Council shall not be held liable for any loss or damages in this regard.

17. JOINT VENTURE AGREEMENTS AND CONSORTIUMS

Service Providers intending to tender in the form of Joint Ventures/Consortiums **must submit** the following documentation together with the tender:

- 1) Valid Tax Clearance Certificates or a Tax Compliance Status Verification Pins issued by SARS of all parties of the Joint Venture/Consortium;
- 2) CSD Reports of all parties of the Joint Venture/Consortium
- 3) All parties of the Joint Venture/Consortium must submit individually signed copies of:
 - a) The Declaration of Interest Form;
 - b) The Declaration of Bidder's Past Supply Chain Management Practices Form, and
 - c) The Certificate of Independent Bid Determination Form.
- 4) An undertaking duly signed by all parties of the Joint Venture/Consortium indicating their intention to enter into an agreement for the purposes of this contract.

Further to the above, the name of the Joint Venture/Consortium must appear on the relevant pages of the document. Failure to comply with these requirements shall lead to disqualification.

18. ADJUDICATION CRITERIA

The tender shall be evaluated in accordance with the Evaluation Criteria as outlined in the Specifications contained herein.

19. COMBATIVE TENDERING

The Supply Chain Management Regulations states that Combative tendering practices are unethical and illegal. These include but are not limited to:

- (i) Suggestions to fictitious lower quotations;
- (ii) Reference to non-existent competition;
- (iii) Exploiting errors in tenders;
- (iv) Soliciting tenders from Service Providers whose names appear on the list of restricted Service Providers/suppliers/persons, and,
- (v) Submission of two tenders by a Service Provider.

Any attempt by a Service Provider to contravene this condition which is brought to the notice of the Municipal Manager or the Head: Supply Chain Management shall result in the disqualification of the tender. The Council further reserves the right to take any other action as it may deem necessary.

20. ALTERATIONS BY TENDERER

If a tenderer wishes to submit alternative proposals for consideration or wishes to change the Conditions of Contract, Specifications, Quantities or Drawings, or to qualify the tender in any way, such changes and/or proposals are to be listed in Annexure A hereto, failing which the tender will be deemed to be unqualified. It must be clearly understood that the Council will be under no obligation to accept any such qualification.

21.0 OCCUPATIONAL HEALTH AND SAFETY ACT

The attached Annexure "B" hereto must be completed thereby indemnifying the Msunduzi Municipality of any claims which may arise in terms of the Occupational Health and Safety Act (Act 85 of 1993), as amended.

"Special Conditions" means any addition to or departure from or amendment of these Standard Conditions as set out in Annexure "A": Alterations by Tenderer hereof.

"Drawings" means the drawings referred to in the Specification and any modification of such drawings approved in writing by the Engineer and such other drawings as may from time to time be furnished or approved in writing by the Engineer.

"Goods" means the equipment, plant, vehicles or materials to be supplied in accordance with the Contract.

"Preferential Procurement Policy" means the Preferential Procurement Policy Framework Act, 2000 (Act No 5 of 2000).

"SARS" means the South African Revenue Services.

2. QUALITY OF MATERIALS AND WORKMANSHIP AND TESTS

All materials and workmanship shall be of the respective kinds described in the contract and in accordance with the specification and shall be subjected to such tests, carried out by such persons, as the Engineer may direct at the place of manufacture or fabrication or at the delivery site or at all or any of such places. The Contractor shall provide such assistance, instruments, machines, labour and materials as are normally required for examining, measuring and testing any work and the quality, mass or quality, mass or quantity of any materials for testing as may be required by the Engineer. The Contractor may be present at any tests which the Engineer decides to carry out.

3. SAMPLES FOR QUALITY CONTROL

If samples are required in terms of the specification, such samples shall be supplied by the Contractor at his/her own cost.

All samples approved by the Engineer will be retained by him/her as standards for the duration of the contract.

The Council reserves the right to purchase any sample submitted at the tender price. Samples not so purchased will be recoverable by the Contractor at his/her expense.

4. REMOVAL OF IMPROPER MATERIALS

All materials delivered to the delivery site will be inspected by the Engineer and should any be delivered which, in the opinion of the Engineer, are inferior in quality or workmanship to the deposited sample or to the standard required in the Specification or be found to be damaged on delivery, such goods shall be immediately removed by the Contractor.

No payment will be made for any materials nor for any loss incurred by the Contractor as a consequence of such rejection.

5. QUANTITY

The Council does not guarantee to purchase any specific quantity and orders will be placed for materials as and when they are required. The tendered price shall apply to all purchases regardless of the quantity ordered. Should the Contractor wish to place any limit on the maximum quantity to be supplied, this must be clearly stated in the tender.

6. DELIVERY

Prices shall include for the delivery of the materials as detailed in the specifications. The Contractor shall be responsible for all damages or breakages in transit until the materials have been accepted by the Engineer at the delivery site.

Immediately after forwarding any materials, an advice note shall be sent in duplicate to the Engineer, Private Bag X205, Pietermaritzburg, giving the size and mass of each article, where applicable, and the date of despatch.

All ordered materials shall be delivered within the period stated in the tender. If a Tenderer is unable to comply with this clause, the delivery period offered must be stated.

7. PENALTY FOR LATE DELIVERY

Upon any delay in delivery beyond the tendered delivery period, the Council shall be entitled forthwith to purchase services of the same description as and in lieu of those specified to be supplied, or forthwith to cancel the contract and to purchase elsewhere such materials as may be required during the contract period and the Contractor shall bear any difference in price between any materials so purchased and the tendered price.

The amount of such difference shall be paid by the Contractor to the Council immediately on demand, or the Council may deduct such difference from moneys (if any) otherwise payable to the Contractor in respect of materials or services already delivered under this or any other contract.

8. **TERMINATION OF THE CONTRACT**

Should the Contractor (for whatever reason) fail to execute the works in accordance with the terms and conditions stated herein, the Council reserves the right to cancel the contract forthwith without prejudice to Council and the Council shall not be held liable for any loss or damages resulting from such cancellation.

Further to the above, the Council reserves the right to enforce Clause 7 above including any other remedies it may deem necessary.

9. **TERMS OF PAYMENT**

Payment will be made by the Chief Financial Officer (CFO) within thirty (30) days on receipt of a certificate of payment issued by the Engineer and will be made by means of a cheque drawn upon the Council's bankers in Pietermaritzburg. No cash payments shall be made.

Where the value of the works exceed R3 000.00 excluding VAT, the Contractor must quote the Council's VAT Registration No. 4600107835 on all Tax Invoices for payment purposes.

Where offers of discounts eg for payment within thirty (30) days of rendering accounts, are made by Contractor, these will be taken into account in the adjudication of tenders. Contractors shall be required to have a bank account in the legal name of the Contractor as indicated on the Tax Clearance Certificate. No payment whatsoever will be made should the Contractor fail to comply with this requirement and the Council shall not be held liable for any loss or damages sustained by the Contractor in this regard.

10. **PRICE ADJUSTMENT/ESCALATION**

- (a) In all cases where a tendered price is offered subject to adjustment, such adjustment shall be calculated in accordance with the following formula:-

$$E = \frac{V \times (I_e - I_o)}{I_o}$$

Where:

E	=	the amount of adjustment
V	=	tendered price/value
I _e	=	index applicable at the invoice date, and
I _o	=	the base index

unless the Contractor expressly stipulates and sets out in detail an alternative formula in terms of which prices will escalate.

Where Contractors have linked their prices to manufacturers/suppliers price increase, full disclosure of the rates/prices must be submitted together with the tender.

- (b) Notwithstanding the provisions of paragraph (a), the Council shall not be liable for adjustment unless the Contractor specifies a price index (or indices) in respect of the materials to be supplied.
- (c) For the purpose of calculating the amount of adjustment in terms of any formula, the base index shall be the index for **October 2022** regardless of the actual due tender date.

- (d) The index for the previous month shall apply up to and including the 15th day of a month, thereafter the current month's index shall apply.
- (e) The applicable index (indexes) is: _____
-

In any case where a Contractor has complied with the conditions set out above, the Council shall nonetheless not be liable to pay for adjustment unless the Contractor, in submitting an account, submits, on each occasion the Contractor does so, a separate account reflecting the adjustment amount claimed together with all calculations and documents necessary to verify the claim.

Upon receipt of the claim account referred to above, the Council shall not however be obliged to settle the account until the amount claimed is verified by the Council's Auditors in terms of the preceding paragraphs.

The Contractor must please submit claims before 31 July for the previous financial year ending 30 June. No claims submitted after this date will be entertained.

11. GOVERNMENT CONTROLLED PRICES

Where the tendered price of any item placed on contract is controlled by the various Control Boards constituted under the Marketing Act or by the Price Controller, such price shall, in the event of any amendment to the price ruling at the time the tender was submitted being sanctioned by the Price Controller, be subject to a like increase or decrease as the case may be. Contractors must state clearly which items are subject to such control; unless this is done no payments will be made in the excess of the tendered prices. In the event of price control over any item on contract being withdrawn during the currency of the contract, the contract price applicable to such item thereafter shall not be higher than the price in operation immediately prior to the withdrawal of price control.

If the Contractor claims escalation, Clause 10 does not apply.

12. FORWARD COVER

The Contractor will be deemed by submission of a tender to hold or to have arranged forward foreign exchange cover on all imported goods or materials, with the cost thereof included in the price schedule. In any case which a Contractor tenders a price subject to exchange rate fluctuations, the exchange rate/s and the date/s thereof at which the goods or materials are offered are based must be clearly indicated on Annexure "A": Alterations by Tenderer. If no exchange rate/s is indicated, the tender prices shall be considered not subject to any exchange rate fluctuations.

13. INSURANCE AND RAILAGE RATES ETC

Should there be any increase in the statutory rates of freight, insurance and railage, a pro rata increase or decrease shall be made in the price of the material delivered. The contractor shall notify the Municipal Manager, or the Chief Financial Officer, or the Head: Supply Chain Management as the case may be of any variation in rates as soon as the Contractor is aware of them.

A claim for increased freight, insurance and railage will be admitted on production of the original papers showing clearly that the amount has been paid by the contractor.

14. ASSIGNMENT AND SUBLETTING

Neither the Supplier nor the Council shall assign the contract or any part thereof or any benefit or interest therein or thereunder without the written consent of the other.

The Supplier shall not sub-let the whole or any part of this contract without the written consent of the Engineer and such consent, if given, shall not relieve the Supplier from any liability or obligation under the contract.

15. SECRECY OF INFORMATION

Subject to the provisions of the Promotion of Access to Information Act, the information revealed in this tender document is to be classified as confidential. Accordingly, the Engineer reserves the right to request references and generally examine bona fides and available facilities of any company of firm wanting to participate in this contract.

16. LAW TO APPLY

The contract shall in all respects be construed in accordance with the law of the Republic of South Africa, and any difference that may arise between the Council and the Contractor in regard to the contract shall be settled in the Republic of South Africa.

17. PATENT RIGHTS

The Contractor shall pay all royalties and expenses and be liable for all claims in respect of the use of patent rights, trade marks or other protected rights, and shall hold the Council indemnified and harmless against any claims for loss or damage to (including legal expenses) arising therefrom.

18. SEQUESTRATION OR SURRENDER OF CONTRACTOR'S ESTATE

In the event of an order being made for sequestration of the Contractors estate, whether provisional or final, or in the event of an application being made for such order, or in the event of the Contractor making application for the surrender of the Contractors estate, or if the Contractor shall enter into, make or execute any deed of assignment or other composition or arrangement with, or assignment for the benefit of the Contractors creditors, or purport to do so, or if the Contractor, being a company, shall pass a resolution, or if the Court shall make an order for the liquidation of such company, the Council shall have the right, summarily and without recourse to law, to terminate the contract without payment of any compensation to the Contractor, and without prejudice to the right of the Council to sue the Contractor for any damages sustained by it in consequence of one or the other of the afore-mentioned events.

19. CONTRACT TO BE IN CONFORMITY WITH BY-LAWS AND ANY OTHER APPLICABLE LAWS

The contract shall be carried out subject to and in conformity with any law, regulation or By-law which is of application thereto and shall be conditional upon any necessary consent required by law being obtained.

THE MSUNDUZI MUNICIPALITY

LEGISLATION

1.0 GENERAL

- 1.1 Contractors will be deemed by virtue of submitting a tender to have undertaken to be aware of and comply fully for all purposes under this contract with all current legislation and related regulations. The following Acts, as amended from time to time, are listed for the attention of the Contractor, without prejudice and without in any way relieving the Contractor of the obligation to continuously comply with all the laws of South Africa for the entire duration of this contract, the cost of so doing being expressly included in the contract sum. It is the sole duty of the Contractor to ensure that it acquaints itself and complies with all applicable legislation. **The Council shall not be liable in any way whatsoever for any errors or omissions in the legislation listed herein.**

2.0 THE OCCUPATIONAL, HEALTH AND SAFETY ACT (ACT 85 OF 1993) (OHS ACT)

- 2.1 The OHS Act covers *inter alia* "any work in connection with –

- a) the erection, maintenance, alteration, renovation, repair, demolition or dismantling of an addition to a building;
- b) the installation, erection or dismantling of machinery;
- c) the construction, maintenance, demolition or dismantling of any bridge, dam, canal, railway, street, runway, sewer or water reticulation system or work on any similar project;
- d) the moving of earth, clearing of land or making of an excavation or work on any similar project." (General Administrative Regulations Clause 1).

It is recorded that the subject of this contract falls within the scope of the foregoing work definition, and that the Employer in terms of this contract is the Mandator and that the Contractor is the Mandatory in terms of the OHS Act.

- 2.2 The OHS Act covers *inter alia* "any work in connection with -

- a) the erection, maintenance, alteration, renovation, repair, demolition or dismantling of an addition to a building;
- b) the installation, erection or dismantling of machinery;
- c) the construction, maintenance, demolition or dismantling of any bridge, dam, canal, railway, street, runway, sewer or water reticulation system or work on any similar project; and
- d) the moving of earth, clearing of land or making of an excavation or work on any similar project." (General Administrative Regulations Clause 1).

It is recorded that the subject of this contract falls within the scope of the foregoing work definition, and that the Employer in terms of this contract is the Mandator and that the Contractor is the Mandatory in terms of the OHS Act.

- 2.3 The arrangements and procedures to ensure compliance by the Mandatory with the provisions of the OHS Act referred to in the Agreement, in Annexure "B", between the Employer and the Contractor in this contract are:

- 2.3.1 The Mandatory shall keep a record of all incidents in terms of Clause 10 (1) of the General Administration Regulations (GAR).
- 2.3.2 The Mandatory shall cause every incident to be investigated in terms of Clause 10 (2) of the GAR.

- 2.3.3 The Mandatory shall cause all such records to be examined by a Safety Committee in terms of Clause 10 (3) of the GAR.
- 2.3.4 The Mandatory shall on demand furnish the divisional inspector with such returns as may be required in terms of Clause 14 of the GAR.
- 2.3.5 The Mandatory shall charge a full-time employee designated in writing by the Mandatory with the duty of supervising the performance of the work (or the Mandatory may personally undertake this duty) in terms of Clause 11 of the General Safety Regulations.
- 2.3.6 The Mandatory shall, before commencing or carrying out the work, inform the divisional inspector in writing of:-
- a) the address of the premises on which such work will be carried out;
 - b) the nature of such work;
 - c) the date on which it is expected that such work will be commenced; and
 - d) the date on which it is expected that such work will be completed.

all in terms of Clause 15c of the GAR

- 2.3.7 The Mandatory shall comply with all other aspects of the OHS Act relative to the nature of the works and shall scrupulously observe and execute any instruction given by an official inspector with reference thereto.

3.0 THE COMPENSATION FOR OCCUPATIONAL INJURIES AND DISEASES ACT (ACT 130 of 1993) (COID ACT)

- 3.1 Contractors are required to register as employers in terms of the COID Act.
- 3.2 Contractors must pay the assessments due in terms of the COID Act relative to their employee records including all sub-contractors and community based labour.
- 3.3 In this specific contract the Contractor further acknowledges that the Employer shall have the right, without prejudice, to deduct any shortfall in compensation due to any employee of the Contractor (or sub-contractor) from monies due or which may become due to the Contractor, and so effect settlement of the matter.

4.0 THE LABOUR RELATIONS ACT (ACT 66 of 1995) (LR ACT)

- 4.1 Contractors are required to register as employers in terms of the LR Act.
- 4.2 Contractors are required to pay all employee and employer contributions to the Unemployment Benefits Fund, other than in respect of casual employees defined as persons who work for less than eight hours in any one week, or in respect of persons who by virtue of lawful reasons are exempt therefrom.

5.0 THE BASIC CONDITIONS OF EMPLOYMENT ACT (ACT 3 of 1983) (BCE ACT)

- 5.1 Contractors in their capacity as employers are required to comply with the provisions of the BCE Act with special reference to their employees' terms and conditions of employment.

6.0 THE INCOME TAX ACT (ACT 58 of 1962)

- 6.1 Contractors in their capacity both as business enterprises and employers are obliged to register and comply with the requirements of the Receiver of Revenue.

7.0 THE VALUE ADDED TAX ACT (ACT 89 of 1991)

- 7.1 Contractors in their capacity as business enterprises are required, if their annual turnover exceeds or is expected to exceed R150 000 by the end of February each year, to register as VAT vendors with the Receiver of Revenue for the purpose of paying, recovering, charging and returning VAT to the State via the Receiver of Revenue.
- 7.2 It is recorded that the Employer in this contract is registered as a VAT vendor.

8.0 THE ENGINEERING PROFESSION ACT OF SOUTH AFRICA (ACT 114 of 1990)

- 8.1 Where work undertaken in connection with this contract falls within the meaning of "*kinds of work reserved for professional engineers*" as fully set out in the Engineering Profession Act of South Africa 1990, or any amendments thereof, only persons registered in terms of the above Act, may assume full responsibility, according to competency under the Act, for the respective sections and phases of such work, as described in the Act, particularly in regard to design, supervision of construction and installation, and commission where applicable.
- 8.2 The Tenderers shall submit a certificate with the tender certifying compliance with all these requirements in connection with the preparation and submission of the tender and shall give an undertaking to comply in full during the contract period. Where applicable the Tenderers shall submit at the time of tendering the name(s), qualifications and address(es) of the Professional Engineer(s) responsible for the various disciplines and portions of the work comprising this contract.

9.0 NON-COMPLIANCE

- 9.1 The Employer in this contract will not under any circumstances be, or become party to, any act or omission by the Contractor and/or the Contractor's Sub-contractors and/or employees, which contravenes South African law.
- 9.2 Notwithstanding anything to the contrary in this tender document, and in addition to any other remedies the Council may have, if at any time during this contract, the Council discovers any contravention of the laws expressly mentioned herein or any other applicable law, then the Council shall have the right to cancel this contract forthwith. In such event, the Council shall not be liable for any loss or damages caused by such cancellation.

THE MSUNDUZI MUNICIPALITY

SUPPLIES AND SERVICES CONTRACT No. E50 OF 2023

**REPAIRS AND MAINTENANCE OF HIGH VOLTAGE 33KV OIL FILLED AND 132KV XLPE
UNDERGROUND CABLES**

SPECIFICATIONS

1.0 SCOPE OF WORKS

Oil leak location / detection, repairs and maintenance (including emergency break down repairs) to underground 33KV oil filled cables and 132KV XLPE cables on an as-and-when-required basis. The contractor shall provide resources, personnel, transport, equipment, hand tools, Consumables and materials, necessary to carry out oil leak location / detection repairs and maintenance to the existing 33KV PILC (lead or CSA sheathed) oil filled cables and 132KV XLPE cables.

- a. The installation of high voltage joints and terminations, excavations and reinstatements, laying of the new cable, plant hire.
- b. The supply of cable, joint and termination kits and other associated materials.
- c. The supply, tagging and locating of oil leaks by means of mobile Perfluoromethylcyclohexane (PFT) detection system comprising of
 - i. Supply and installing of the PFT concentrate,
 - ii. Online and Offline tagging of the oil filled cables,
 - iii. Locating and pin pointing oil leaks using mobile PFT detection equipment.
- d. Provision of relevant security services to safe guard the network until such a time that the network is completely handed over to the Msunduzi Municipality.

2.0 CONTACT PERSON

For any **technical related enquiries regarding these specifications**, Tenderers must contact the following Project Champion:

3.0 DETAIL SPECIFICATION

The contractor will not be allowed to start with any works without a Works Permit issued by the Senior Manager Electricity or his duly appointed representative.

33KV OIL FILLED CABLES

Cable 1 and 2 : Retief Street Primary Substation to Pine Street Primary Substation

Type of Cable	Oil filled
Voltage rating	33kV
Manufacturer	Unknown
Specifications of Cable	3 core 95mm ²
Cable Pressure	140 kPA

Length of Circuit	2.8km
Number of stop joints	Nil
Number of Sections per circuit	7
Length of Section	2.8km
Known after commissioning joints	Nil
Estimated litres of oil	2 liters per meter
Accumalator tank volume	3 of 300L
Estimated total litres per section	6900L
Route : Cable in paving and road drivable.	7m of tunnel
Depth of cable	1500mm

Cable 3 and 4 : Retief Street Primary Substation to Archbell Street Primary Substation

Type of Cable	Oil filled
Voltage rating	33kV
Manufacturer	Unknown
Specifications of Cable	3 core 95mm ²
Cable Pressure	140 kPA
Length of Circuit	2.8km
Number of stop joints	Nil
Number of Sections per circuit	6
Length of Section	2.8km
Known after commissioning joints	One (1)
Estimated litres of oil	2 liters per meter
Accumalator tank volume	3 of 300L
Estimated total litres per section	6900L
Route : Cable in paving and road drivable.	Fully driveable
Depth of cable	1500mm

3.1. **EXCAVATIONS: (ITEM 1)**

The unit rate in cubic metre (m³) for excavations and backfilling includes the following items:

- The initial clearing of the route of all unwanted vegetation or material and the removal thereof to a suitable dumping site.
- The excavations itself which includes the excavations in rock, stone, clay or in any other material as well as cable crossings or any other service crossings.
- The safeguarding and the maintenance of the excavations in terms of the relevant Acts and By-Laws. The contractor shall acquaint him/herself with the specific requirements in this regard.
- The sifting and installation of the needed bedding. The bedding of all trenches and holes shall be according to the requirements of the Msunduzi Municipality
- All vehicle access driveways shall be closed as soon as possible. Where necessary, temporary bridges of braced steel plates shall be placed over open trenches, where vehicles have to cross whilst the trench is open.

- All open trenches be barricaded with wooden stakes at least 1,2m high and be placed approximately 6 to 8m apart and plastic warning mesh/tape at all times to alert people of the danger.
- The Contractor's insurance on this contract shall, apart from other requirements, specifically cover the risks attached to excavations and open trenches.

DEFINITIONS

- Pickable ground is defined as follows: Ground, which can be removed with spades and pickaxes and includes loose gravel, loose or soft shale, loose stones.
- Clay ground is defined as a fine-grained natural rock or soil material that combines one or more clay minerals with traces of metal oxides and organic matter. Clays are plastic due to their water content and become hard, brittle and non-plastic upon drying or firing.
- Shale / Soft rock is defined as follows: Rocks or stones which can be loosened by hand and includes shale, compact ferricrete and rocks with a diameter of 75 mm or bigger. (0,03 m³ in volume).
- Compacted ground is defined as follows: Ground, which had been compacted previously, and can only be excavated by the use of a jackhammer or any other mechanical means.
- Hard rock is defined as follows: Granite, quartz sandstone, slate and any other rock with the same hardness or size, solid shale and rocks more than 0,03 m³ in volume and where the use of a jack-hammer or any other mechanical means is necessary.

LIFTING AND BREAKING

The lifting of paving/bricks/pre-cast tiles includes the cost to lift any form of paving (bricks, tiles, blocks etc.) and stack them neatly. The rate includes

- Use of a jackhammer for breaking up of concrete, tar or paving,
- The removal of all unwanted material to a suitable dumping site.
- Any paving slabs that is damaged will be for the account of the contractor

CUTTING OF TAR, CONCRETE OR PAVED SURFACES

The unit rate per meter (m) for cutting of tarred, concrete or paved road crossings, entrance roads or ramps where drilling is impossible.

- The service must be cut with a mechanical machine in order to ensure a smooth breaking service.
- The double guide cuts shall be considered as one cut.

3.2. INSTALLATION OF CABLES AND BACKFILLING

The unit rate per metre (m) for the installation of cables will include the following;

- The installation of the cable (per m per core for single core cables and per meter for three core cables) including the earth wire (where applicable), the handling thereof in the excavations, pipes, sleeves or channels as well as the straightening of the cables.
- The restoration of the route to its original form and the clearing of the route of all unwanted material, in accordance with the contract.
- The cost to draw up the route plans for the cables must be included in the unit rates for the installation of cables.
- Concrete Slabs shall be installed over the cable for protection. The concrete slabs will be installed in an approved manner and must be at least 300mm wide x 500mm long x 50mm thick.
- Contractors are to take note of and comply with the provisions of the Occupational Health and

Safety Act and Regulations: 85 of 1993 regarding cable laying and excavations.

- Excavations, cable laying and backfilling operations shall be programmed to minimize damage and inconvenience to people due to open trenches, holes, dumped soil and stones.
- Backfilling of trenches along sidewalks (pedestrian areas) shall be done in layers of 250mm, each layer dampened and compacted mechanically so as to achieve a 90 % MOD AASHTO density.
- Backfilling of trenches along trafficable areas (roads and property entrances) shall be done using stabilised C4/G5 material in layers of 250mm, each layer dampened and compacted mechanically so as to achieve a 95 % MOD AASHTO density.
- Trenches accommodating medium and high voltage cables are to be initially backfilled with a layer of selected backfill, covering the cables to a depth of 200mm, of which 75mm shall be below the cables, remaining backfill is to be the previously excavated material.
- The contractor needs to comply with all the electrical regulations, the Occupational Health and Safety Act and Regulations: 85 of 1993 and the Msunduzi Municipalities Operational Procedures and Policies when entering substations.

Due to constant vehicle and pedestrian activity, the following warning signs will be required for the safety aspect of the project

- Men at Work Sign boards.
- 500mm to 750 mm Orange plastic Cones.
- Road narrow to one side sign boards
- Sign boards with company detail, contact number.
- Orange plastic barricading net.

HORIZONTAL DRILLING AND PITS:

- The unit rate per metre or per metre per hole for horizontal drilling of holes includes the collection, from the relevant depot/store and installation of the sleeves, the supply and installation of steel wire and the placing of the end seal. The contractor shall supply water for the drilling process if required.
- An accurate hole is defined as when a hole is drilled in such a way that the sleeves installed don't have an offset at the finishing point of more than 200 mm compared to the starting point. Inaccurate holes are unacceptable and no payment will be made for such mistakes. Payment will only be made for sleeves that were successfully installed.
- The unit rate (per m²) for the drilling pits includes the following:
The initial clearing of the site of all unwanted vegetation or material and the removal thereof to a suitable dumping site.

The digging of the pit.

- The safeguarding and the maintenance of the excavations in terms of the relevant Acts and By-Laws. The contractor shall acquaint him-/herself with the specific requirements in this regard.
- The restoration of the site to its original form, the clearing of the site of all unwanted material and the removal of all unwanted material to a suitable dumping site.

3.3. RE-INSTATEMENTS : REPAIR AND SUPPLY OF SURFACE COVERINGS

All re-instateMENTS to conform to specific standards of the Msunduzi Municipality Roads Department. Reinstatements will also be inspected by the Roads Dept.

Repairs of paving/bricks:

- The unit rate per square meter (m²) for the repair of paving/bricks includes the compacting of the ground and the restoration thereof to the original condition.
- Any bricks or paving that are broken by the contractor, will be for the account of the contractor.

Supply of paving/bricks:

- The unit rate per square meter (m²) for the supply of paving/bricks, Precast tiles/stones:
- The unit rate per square meter (m²) for the repair of precast slabs,tiles/stones and paving includes the compacting of the ground and the restoration thereof to the original condition. Any precast tiles, stones, slabs that are broken by the contractor, will be for the account of the contractor.
- The unit rate per square meter (m²) for the supply of precast slabs, tiles, stones. Supply and repair concrete:
- The unit rate per cubic meter (m³) for the repair of concrete includes the supply, delivery and casting of the concrete to the satisfaction of the Senior Manager Electricity or his duly appointed representative
- The strength of the supplied concrete must be 20 MPA. Supply and repair tar driveways:
- The unit rate per cubic meter (m³) for the supply and repair of tar pavements includes the delivery and placing of the tar and the finishing thereof to the standards set by the Senior Manager Electricity or his duly appointed representative.
- Tarred roads will be repaired by the Contractor. Any of the other services may also be repaired by the Contractor if required by the Senior Manager Electricity or his duly appointed representative

The unit rate (each) for supply and installation of cable markers includes the collecting of the cable markers or concrete blocks from the relevant depot or store, punching of the necessary information on the marker (if required) and installation on site. Cable markers must be placed along the cable routes.

- The unit rate (each) includes the supply, delivery and installation of 20 MPa concrete slabs as and where required.
- The unit rate (each) includes the supply, delivery and installation of sand bags as and where required.
- The unit rate (each) includes the supply, delivery and installation of sand bags mixed with cement: ratio 80:20, when and where required.
- The unit rate per cube meter (m³) includes the removal from and return to site of any existing sand that cannot be left on site due to restricted space.
- The unit rate per square metre (m²) includes the supply, delivery and installation of excavation shoring as required by law.

3.4. INSTALLATION OF SLEEVES:

The unit rate per metre (m) for the installation of sleeves includes the following:

NB!!!! This section excludes sleeves installed by means of horizontal drilling.

- These sleeves would normally be installed underneath opened drive ways, opened tar roads and in trenches as required.
- The collection, from the relevant depot/store, the installation of the sleeves and the placing of the necessary end seals on the sleeves which are not used.
- Payment will only be made for sleeves successfully installed. Successful installation is defined as when the sleeves are installed at the same height.

3.5. JOINTING AND TERMINATING

All 132kV XLPE cable joints and terminations shall comply with NRS 077.

The unit rate per joint (each) for the jointing and terminating cables (single core and three core), includes the making of the joint/s, the installation of a cable joint marker, the updating of the cable route plans, the performing of the necessary tests and all work which may be necessary to finish the jointing point properly.

Only suitably qualified and experienced cable jointers working under the constant supervision of the contractor's responsible person (who must be a competent person as defined in the Occupational Health

and Safety Act) may be used to perform the jointing tasks. Only competent personnel, as defined in the Occupational Health and Safety Act, may be used for jointing cables which are in close proximity of electrically energized equipment. This work must be carried out in compliance with the relevant section of the Occupational Health and Safety Act and the Msunduzi Municipality Operational Procedures and Policies.

The cable must be tested clear by the Msunduzi Municipality before making any joints in the event of any possible further cable faults. The additional fault/faults will first be located by the Msunduzi Municipality before jointing is carried out.

The contractor may be required to carry out the phasing of the cable.

Cable joints for Oil Filled Cables :

- Straight-through joints shall allow for the flow of oil through the joint.
- Stop joints shall provide an oil barrier suitable for creating hydraulic sections in the cable system.
- Transition joints shall be designed to join oil-filled cable to XLPE-insulated cable in accordance with the jointing manufacturer's specifications.

Notes: Transition joints are required either to join a three-core oil-filled cable to three core XLPE-insulated cables or single core cables.

4.6. CABLE SERVING FAULTS

Cable Faults will be located by the Msunduzi Municipality. However, the tenderer will be required to conduct testing at the approval of the Senior Manager Electricity or his duly appointed representative.

The unit rate per cable for serving faults are separately indicated for testing, fault location, expose, fault repairs and backfill and will be applicable to the cables mentioned in the Schedule of Prices. A Senior authorised operator will issue the permit/s on commencement of testing and sign off the permit/s and commission the cable on successful completion.

3.7. PLANT HIRE

The unit rate (per hour) includes the hire of the relevant additional equipment or machinery. The cost of the driver/operator of the vehicle/machinery/ equipment supplied by the contractor must be included in the rate.

The driver/operator must be able to operate the vehicle/machinery/ equipment on the vehicle in the case of crane trucks, hydraulic towers, etc., and must have the necessary valid training certificates. The Contractor must supply proof of training certificates of the driver/operator, when requested by the Senior Manager Electricity or authorised representative.

3.8. RESTORATION AND CLEANING UP.

Upon completion of work or any portion thereof the ground, paved, concreted or tarred areas, fences and any other structures, which have been interfered with, shall be carefully restored to their original condition. All rubble, rubbish, tools, tackle, plant and materials shall be removed, disposed of and the whole of the works or each completed portion thereof shall be left in a neat, orderly and working condition.

The contractor shall be responsible to make the necessary arrangements for dumping of all rubbish at an official local government dumping.

3.9 INSPECTION AND DATA CAPTURING

Completed cable joints, terminations and repaired oil leaks shall be inspected and approved by the Msunduzi Municipalities responsible official before any backfilling is commenced.

The following data will be recorded for all works carried out including cable leaks :

- Photographs of the cable, joints and terminations that failed before and after repairs were done.
- Apparent reason for the failure of the cable, joint or termination.
- The date of the completed installation.
- The manufacturers name, part and serial number of the joints and terminations installed.
- The location of the joint or termination and to be recorded on a “as built” drawing.
- All recorded pre-commissioning test values.

3.10 DAMAGES TO SERVICES

Any damages caused by the contractor to electrical, water, sewer, fibre, telephone or to private property shall be repaired at the contractors expense.

3.11 WORK SITE CAMP

The Contractor will arrange with the Msunduzi Municipality officials to establish a site camp on Msunduzi Municipality property for large projects only.

The rate for Site Establishment is only applicable if the site camp is approved to be set up by the Msunduzi Municipality Officials.

4.0 CONDITIONS OF TENDER

DATA SHEET 8: CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibited meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.
