SECTION 1

1 Description of the *works*

1.1 Executive overview

The Ship Repair Department within the Port of Cape town consist of three facilities, namely Sturrock and Robinson Dry docks, as well as a Syncrolift Facility. These facilities work in conjunction with one another in order to service the ship repair industry, and the requirements of vessels making use of the industrial services.

The 2 graving docks, Sturrock and Robinson Dry Docks (SDD and RDD), consists of a narrowed basin, which is attached to a larger basin or body of water and divided by means of a sluice gate. This narrowed basin can be flooded and dewatered on command, making allowance for vessels to be floated in and docked on a prepared bed when the basin is dewatered. This allows for vessel repairs to be conducted within a dry environment.

Figure 1. Overview of one of the graving docks, Sturrock Dry Dock

The graving dock is flooded and dewatered via a network of culverts, pumps and valves that are referred to as the flooding and dewatering systems respectively. The flooding system is conducted under the hydrostatic pressure on the head of water within the larger basin, and purely consists of culverts and valves, as well as auxiliary supportive equipment. The dewatering system includes a pumping system, which adds hydraulic pressure in order to overcome the pressure at the outlet of the culvert system. This allows for water within the partitioned dock to be displaced out of the dock and into the larger basin. The sluice gate, or caisson gate, allows for the partitioning of the 2 spaces to occur.

The equipment within these networks have been in operation since the establishment of the facilities (SDD est. 1945 & RDD est. 1882) and are long overdue for a replacement. These projects are in

process, and there is a much-needed requirement to appoint a contractor to conduct maintenance on an as and when require basis to ensure the continuity of the facility operations.

The facility also makes use of sluice gate, or caissons which act as a partitioning structure that allows for the dock to be separated from the basin. Figure 2 below shows the floating caisson gate of Sturrock Dry Dock, within which some of the works of this tender will be conducted.

Figure 2: SDD Floating Caisson Gate

The Sturrock dry dock facility has recently incurred an incident whereby the sealing face of the floating caisson gate, as highlighted in figure 2 was damaged. The wood and rope seal were dislodged and at some sections it came clean off. The caisson seal is detrimental to ensuring that the graving dock remains dry and that the vessels in dock are not at flood risk.

Subsequent to this incident, half of the seal was repaired. However, the damage on the 2nd half of the sealing arrangement was noted to be much more than the initial inspections documented. The requirement to upgrade the rubber sealing arrangement to a better and wider rubber to ensure proper sealing also arose in the investigations that proceeded after the 1st half repairs.

1.2 Employer's objectives

- a) The *Employer's* Business is to restore integrity of the infrastructure within the Dry Docks, by providing reliable and safe infrastructure within the docks. Thus, the project requirements is as follows:
 - Ensure the optimal and efficient performance of Ship Repair's Sturrock Dry Docks.
 - To Ensure the facility is safe for operations, for both staff and clientele.

- To ensure the infrastructure meets the minimum standards for safe operation.

b) The Employer’s project objectives are:

- The procurement, supply and delivery of the new marine grade rubber sealing arrangement, namely:
 - i. STRAIGHT block rubber seal with 50x50 ears on sealing face.
Rough size 250mm H x 230mm W
 - ii. RADIUS block rubber seal with 50x50 ears on sealing face.
Rough size 250mm H x 230mm W
- The associated material confirmation of the supplied marine grade rubber to be applicable for a caisson gate sealing arrangement, and alignment to the following specifications:

PROPERTIES	RATING / VALUES
HARDNESS	75 ° (degrees) IRHD shore
DENSITY	1.232 g/cm
TENSILE STRENGTH	7.18 MPa
ELONGATION	261.6 %
TEMPERATURE RANGE	-10°C ~ 100°C
COMPRESSION SET @ 21°C	14.12 % (24 hours)
COMPRESSION SET @ 100°C	46.54 % (24 hours)

Further to the above specification, the marine grade rubber should have:

- Resistance to ketones, ordinary diluted alkaline and acids.
 - Good heat, ozone and weather resistance
 - Good resistance to polar substances and steam
- The associated fixture design pertaining to the new rubber arrangement, with approval from appropriately qualified personnel to ensure the new rubber seal will be functional and compatible (approved by Naval architect / suitably qualified personnel).
 - Associated disbursements and costs pertaining to the factory acceptance tests.

c) The pre qualifications to be provided by the tenderer are as follows:

- The supplied marine grade rubber material data, to show alignment to the specification above.
- A guarantee from the supplier on the marine application and history of the rubber.

- a) The Bidder / Supplier will not, directly or through any other person or firm, offer, promise or give to Transnet or to any of Transnet's employees involved in the bidding process or to any third person any material or other benefit or payment, in order to obtain in exchange an advantage during the bidding process; and
 - b) The Bidder / Supplier will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any employee of Transnet, connected directly or indirectly with the bidding process, or to any person, organisation or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the contract.
- 3.3 The Bidder / Supplier will not collude with other parties interested in the contract to preclude a competitive bid price, impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract. The Bidder / Supplier further commits itself to delivering against all agreed upon conditions as stipulated within the contract.
- 3.4 The Bidder / Supplier will not enter into any illegal or dishonest agreement or understanding, whether formal or informal with other Bidders / Suppliers. - 3.7 The Bidder / Supplier will not misrepresent facts or furnish false or forged documents or information in order to influence the bidding process to the advantage of the Bidder / Supplier or detriment of Transnet or other competitors.

- 3.8 Transnet may require the Bidder / Supplier to furnish Transnet with a copy of its code of conduct. Such code of conduct must address the compliance programme for the implementation of the code of conduct and reject the use of bribes and other dishonest and unethical conduct.
- 3.9 The Bidder / Supplier will not instigate third persons to commit offences outlined above or be an accessory to such offences.
- 3.10 The Bidder/Supplier confirms that they will uphold the ten principles of the United Nations Global Compact (UNGC) in the fields of Human Rights, Labour, Anti-Corruption and the Environment when undertaking business with Transnet as follows:

 - Principle 2: make sure that they are not complicit in human rights abuses.
 - b) Labour
 - Principle 3: Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining;

4 INDEPENDENT BIDDING

- 4.1 For the purposes of this undertaking in relation to any submitted Bid, the Bidder declares to fully understand that the word "competitor" shall include any individual or organisation, other than the Bidder, whether or not affiliated with the Bidder, who:
- a) has been requested to submit a Bid in response to this Bid invitation;
 - b) could potentially submit a Bid in response to this Bid invitation, based on their qualifications, abilities or experience; and
 - c) provides the same Goods and Services as the Bidder and/or is in the same line of business as the Bidder.
- 4.2 The Bidder has arrived at his submitted Bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium will not be construed as collusive bidding.
- 4.3 In particular, without limiting the generality of paragraph 4.2 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
- a) prices;
 - b) geographical area where Goods or Services will be rendered [market allocation];
 - c) methods, factors or formulas used to calculate prices;
 - d) the intention or decision to submit or not to submit, a Bid;

- e) the submission of a Bid which does not meet the specifications and conditions of the RFP; or
 - f) bidding with the intention of not winning the Bid.
- 4.4 In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the Goods or Services to which his/her Bid relates.
- 4.5 The terms of the Bid as submitted have not been, and will not be, disclosed by the Bidder, directly or indirectly, to any competitor, prior to the date and time of the official Bid opening or of the awarding of the contract.
- 4.6 Bidders are aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, Bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and/or may be reported to the National Prosecuting Authority [**NPA**] for criminal investigation and/or may be restricted from conducting business with the public sector for a period not exceeding 10 [ten] years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

5 DISQUALIFICATION FROM BIDDING PROCESS

- 5.1 If the Bidder / Supplier has committed a transgression through a violation of paragraph 3 of this Integrity Pact or in any other form such as to put its reliability or credibility as a Bidder / Supplier into question, Transnet may reject the Bidder's / Supplier's application from the registration or bidding process and remove the Bidder / Supplier from its database, if already registered.
- 5.2 If the Bidder / Supplier has committed a transgression through a violation of paragraph 3, or any material violation, such as to put its reliability or credibility into question, Transnet may after following due procedures and at its own discretion also exclude the Bidder / Supplier from future bidding processes. The imposition and duration of the exclusion will be determined by the severity of the transgression. The severity will be determined by the circumstances of the case, which will include amongst others the number of transgressions, the position of the transgressors within the company hierarchy of the Bidder / Supplier and the amount of the damage. The exclusion will be imposed for up to a maximum of 10 (ten) years. However, Transnet reserves the right to impose a longer period of exclusion, depending on the gravity of the misconduct.
- 5.3 If the Bidder / Supplier can prove that it has restored the damage caused by it and has installed a suitable corruption prevention system, or taken other remedial measures as the circumstances of the case may require, Transnet may at its own discretion revoke the exclusion or suspend the imposed penalty.

6 DATABASE OF RESTRICTED SUPPLIERS

- 6.1 The process of restriction is used to exclude a company/person from conducting future business with Transnet and other organs of state for a specified period. No Bid shall be awarded to a Bidder whose name (or any of its members, directors, partners or trustees) appear on the Register of Tender Defaulters kept by National Treasury, or who have been placed on National Treasury's List of Restricted Suppliers. Transnet reserves the right to withdraw an award, or cancel a contract concluded with a Bidder should it be established, at any time, that a bidder has been restricted with National Treasury by another government institution.
- 6.2 All the stipulations on Transnet's restriction process as laid down in Transnet's Supply Chain Policy and Procurement Procedures Manual are included herein by way of reference. Below follows a condensed summary of this restriction procedure.
- 6.3 On completion of the restriction procedure, Transnet will submit the restricted entity's details (including the identity number of the individuals and registration number of the entity) to National Treasury for placement on National Treasury's Database of Restricted Suppliers for the specified period of exclusion. National

Treasury will make the final decision on whether to restrict an entity from doing business with any organ of state for a period not exceeding 10 years and place the entity concerned on the Database of Restricted Suppliers published on its official website.

- 6.4 The decision to restrict is based on one of the grounds for restriction. The standard of proof to commence the restriction process is whether a "*prima facie*" (i.e. on the face of it) case has been established.
- 6.5 Depending on the seriousness of the misconduct and the strategic importance of the Goods/Services, in addition to restricting a company/person from future business, Transnet may decide to terminate some or all existing contracts with the company/person as well.
- 6.6 A supplier or contractor to Transnet may not subcontract any portion of the contract to a restricted company.
- 6.7 Grounds for restriction include: If any person/Enterprise which has submitted a Bid, concluded a contract, or, in the capacity of agent or subcontractor, has been associated with such Bid or contract:
- a) Has, in bad faith, withdrawn such Bid after the advertised closing date and time for the receipt of Bids;
 - b) has, after being notified of the acceptance of his Bid, failed or refused to sign a contract when called upon to do so in terms of any condition forming part of the bid documents;
 - c) has carried out any contract resulting from such bid in an unsatisfactory manner or has breached any condition of the contract;
 - d) has offered, promised or given a bribe in relation to the obtaining or execution of the contract;
 - e) has acted in a fraudulent or improper manner or in bad faith towards Transnet or any Government Department or towards any public body, Enterprise or person;
 - f) has made any incorrect statement in a certificate or other communication with regard to the Local Content of his Goods or his B-BBEE status and is unable to prove to the satisfaction of Transnet that:
 - (i) he made the statement in good faith honestly believing it to be correct; and
 - (ii) before making such statement he took all reasonable steps to satisfy himself of its correctness;
 - g) has submitted false information regarding any other matter required in terms of the Preferential Procurement Regulations, 2017 issued in terms of the Preferential Procurement Policy Framework Act which will affect the evaluation of a Bid or where a Bidder has failed to declare any subcontracting arrangements;
 - h) caused Transnet damage, or to incur costs in order to meet the contractor's requirements and which could not be recovered from the contractor;
 - i) has litigated against Transnet in bad faith.

7 PREVIOUS TRANSGRESSIONS

- 7.1 The Bidder / Supplier hereby declares that no previous transgressions resulting in a serious breach of any law, including but not limited to, corruption, fraud, theft, extortion and contraventions of the Competition Act 89 of 1998, which occurred in the last 5 (five) years with any other public sector undertaking, government department or private sector company that could justify its exclusion from its registration on the Bidder's / Supplier's database or any bidding process.
- 7.2 If it is found to be that the Bidder / Supplier made an incorrect statement on this subject, the Bidder / Supplier can be rejected from the registration process or removed from the Bidder / Supplier database, if already registered, for such reason (refer to the Breach of Law Form contained in the applicable RFX document.)

8 SANCTIONS FOR VIOLATIONS

- 8.1 Transnet shall also take all or any one of the following actions, wherever required to:
- a) Immediately exclude the Bidder / Supplier from the bidding process or call off the pre-contract negotiations without giving any compensation to the Bidder / Supplier. However, the proceedings with the other Bidders / Suppliers may continue;
 - b) Immediately cancel the contract, if already awarded or signed, without giving any compensation to the Bidder / Supplier;
 - c) Recover all sums already paid by Transnet;
 - d) Encash the advance bank guarantee and performance bond or warranty bond, if furnished by the Bidder / Supplier, in order to recover the payments, already made by Transnet, along with interest;
 - e) Cancel all or any other contracts with the Bidder / Supplier;
 - f) Exclude the Bidder / Supplier from entering into any bid with Transnet and other organs of state in future for a specified period; and
 - g) If the Supplier subcontracted a portion of the bid to another person without declaring it to Transnet, Transnet must penalise the Supplier up to 10% of the value of the contract.

9 CONFLICTS OF INTEREST

- 9.1 A conflict of interest includes, inter alia, a situation in which:
- a) A Transnet employee has a personal financial interest in a bidding / supplying entity; and
 - b) A Transnet employee has private interests or personal considerations or has an affiliation or a relationship which affects, or may affect, or may be perceived to affect his / her judgment in action in the best interest of Transnet, or could affect the employee's motivations for acting in a particular manner, or which could result in, or be perceived as favouritism or nepotism.
- 9.2 A Transnet employee uses his / her position, or privileges or information obtained while acting in the capacity as an employee for:
- a) Private gain or advancement; or
 - b) The expectation of private gain, or advancement, or any other advantage accruing to the employee must be declared in a prescribed form.
- Thus, conflicts of interest of any bid committee member or any person involved in the sourcing process must be declared in a prescribed form.
- 9.3 If a Bidder / Supplier has or becomes aware of a conflict of interest i.e. a family, business and / or social relationship between its owner(s) / member(s) / director(s) / partner(s) / shareholder(s) and a Transnet employee / member of Transnet's Board of Directors in respect of a bid which will be considered for the bid process, the Bidder / Supplier:
- a) must disclose the interest and its general nature, in the Request for Proposal ("RFX") declaration form; or
 - b) must notify Transnet immediately in writing once the circumstances has arisen.
- 9.4 The Bidder / Supplier shall not lend to or borrow any money from or enter into any monetary dealings or transactions, directly or indirectly, with any committee member or any person involved in the sourcing process, where this is done, Transnet shall be entitled forthwith to rescind the contract and all other contracts with the Bidder / Supplier.

10 DISPUTE RESOLUTION

10.1 Transnet recognises that trust and good faith are pivotal to its relationship with its Bidders / Suppliers. When a dispute arises between Transnet and its Bidder / Supplier, the parties should use their best endeavours to resolve the dispute in an amicable manner, whenever possible. Litigation in bad faith negates the principles of trust and good faith on which commercial relationships are based. Accordingly, following a restriction process as mentioned in paragraph 6 above, Transnet will not do business with a company that litigates against it in bad faith or is involved in any action that reflects bad faith on its part. Litigation in bad faith includes, but is not limited to the following instances:

- a) **Vexatious proceedings:** these are frivolous proceedings which have been instituted without proper grounds;
- b) **Perjury:** where a supplier make a false statement either in giving evidence or on an affidavit;
- c) **Scurrilous allegations:** where a supplier makes allegations regarding a senior Transnet employee which are without proper foundation, scandalous, abusive or defamatory; and
- d) **Abuse of court process:** when a supplier abuses the court process in order to gain a competitive advantage during a bid process.

11 GENERAL

11.1 This Integrity Pact is governed by and interpreted in accordance with the laws of the Republic of South Africa.

11.2 The actions stipulated in this Integrity Pact are without prejudice to any other legal action that may follow in accordance with the provisions of the law relating to any civil or criminal proceedings.

11.3 The validity of this Integrity Pact shall cover all the bidding processes and will be valid for an indefinite period unless cancelled by either Party.

11.4 Should one or several provisions of this Integrity Pact turn out to be invalid the remainder of this Integrity Pact remains valid.

11.5 Should a Bidder / Supplier be confronted with dishonest, fraudulent or corruptive behaviour of one or more Transnet employees, Transnet expects its Bidders / Suppliers to report this behaviour directly to a senior Transnet official / employee or alternatively by using Transnet's "Tip-Off Anonymous" hotline number 0800 003 056, whereby your confidentiality is guaranteed.

The Parties hereby declare that each of them has read and understood the clauses of this Integrity Pact and shall abide by it. To the best of the Parties' knowledge and belief, the information provided in this Integrity Pact is true and correct.

Tender Requirements

To become a Transnet supplier, please respond to the tender requirements as stipulated.

Ensure that all information is completed before submission with the requested documentation. Transnet will assess whether your business complies with certain preset standards which are required in order to supply certain items or services.

Publication of tender

When Transnet needs to procure goods, services or works, it does so through one of its procurement mechanisms, usually either an open tender process or a call for quotes. In addition to this website (Transnet SOC Ltd Tenders, Transnet Port Terminals RFQ/Tenders, Transnet Freight Rail Tenders), you can access National Treasury's eTender Publication portal:

www.etenders.gov.za or

<https://registers.cidb.org.za/PublicTenders/TenderSearch> for construction tenders.

Regarding quotations, Transnet will normally approach at least 3 suppliers to quote for requirements or publish the requirement on this website and the eTender Publication portal.

Transnet does not have its own database of prospective suppliers. It makes use of National Treasury's Central Supplier Database (CSD). In order to be eligible to participate in Transnet's procurement processes, your company must be registered on the CSD. The CSD can be accessed on <https://secure.csd.gov.za/>.

Tender submission

Tenders must be placed in the prescribed tender box, or submitted electronically where instructed, at or before the closing time on the closing date. Late tenders will not be accepted.

Tender documents need to indicate contact details of person(s) who can be contacted regarding any clarification required.

Fake and fraudulent tenders (RFPs) and requests for quotation (RFQs) scams

Prospective suppliers are warned that fraudulent Requests for Proposals and Quotations are sent to suppliers using the Transnet name and logo from time to time. Suppliers are advised to verify the authenticity of suspicious RFQs and orders by calling the respective Transnet Operating Division using the contact details listed below or on Transnet's website prior to responding to any RFQs or orders. Transnet will not be held liable for any delivery of goods for any fraudulent tenders or RFQs.
