**F.1.5.2** The Employer may not subsequent to the cancellation or abandonment of a tender process or the rejection of all tender offers re-issue a tender covering substantially the same scope of work within a period of six months unless only one tender was received and such tender was returned unopened to the tenderer, or deemed to be non-responsive.

**F.2.13.4** Sign the original and all copies of the tender offer where required in terms of the Tender Data. The Employer will hold all authorized

**F.2.14 Information and data to be completed in all respects**

Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the Employer as non-responsive.

## **F.2.17 Clarification of tender offer after submission**

Provide clarification of a tender offer in response to a request to do so from the Employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the total of the prices or substance of the tender offer is sought, offered, or permitted. The total of the prices stated by the tenderer shall be binding upon the tenderer.

## **F.2.18 Provide other material**

- F.2.18.1** Provide, on request by the Employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), preferencing

arrangements, or samples of materials, considered necessary by the Employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the Employer's request, the Employer may regard the tender offer as non-responsive.

**F.2.18.2** Dispose of samples of materials provided for evaluation by the Employer, where required.

**F.2.19 Inspections, tests and analysis**

Provide access during working hours to premises for inspections, tests and analysis as provided for in the Tender Data.

**F.2.22 Return of other tender documents**

If so instructed by the Employer, return all retained tender documents within 28 days after the expiry of the validity period stated in the Tender Data.

**F.2.23 Certificates**

Include in the tender submission or provide the Employer with any certificates as stated in the Tender Data.

### **F.3 The Employer's undertakings**

#### **F.3.1 Respond to clarification**

Respond to a request for clarification received up to five working days prior to the tender closing time stated in the Tender Data and notify all tenderers who drew procurement documents.

#### **F.3.2 Issue Addenda**

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date of the Tender Notice until seven days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, will then notify it to all tenderers who drew documents.

#### **F.3.3 Return late tender offers**

Return tender offers received after the closing time stated in the Tender Data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.

#### **F.3.4 Opening of tender submissions**

**F.3.4.1** Not applicable.

**F.3.4.2** Announce at the opening held immediately after the opening of tender submissions, at a venue indicated in the Tender Data, the name of each tenderer whose tender offer is opened, the total of his prices, preferences claimed and time for completion, if any, for the main tender offer only.

**F.3.4.3** Make available the record outlined in F.3.4.2 to all interested persons upon request.

#### **F.3.5 Two-envelope system**

**F.3.5.1** Not applicable.

**F.3.6 Non-disclosure**

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

**F.3.7 Grounds for rejection and disqualification**

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

**F.3.8 Test for responsiveness**

Determine, on opening and before detailed evaluation, whether each tender offer properly received:

- a) meets the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- change the Employer's or the tenderer's risks and responsibilities under the contract, or

- affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

### **F.3.9      Arithmetical errors**

Check responsive tender offers for arithmetical errors, correcting them in the following manner:

- 1) Where there is a discrepancy between the amounts in figures and in words, the amount in words shall govern.
- 2) If a bill of quantities (or schedule of quantities or schedule of rates) applies and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected.
- 3) Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate will be corrected.
- 4) Where there is an error in the total of the prices either as a result of other corrections required by this **checking process or in the tenderer's addition of prices, the total of the prices** shall govern and the tenderer will be asked to revise selected item prices (and their rates if a bill of quantities applies) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of his arithmetical errors in the manner described above.

### **F.3.10      Clarification of a tender offer**

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

### F.3.11 Evaluation of tender offers

#### F3.11.1 General

Appoint an evaluation panel of not less than three persons. Reduce each responsive tender offer to a comparative offer and evaluate it using the tender evaluation method that is indicated in the Tender Data and described below:

Method 1: Financial offer	<ol style="list-style-type: none"> <li>1) Rank tender offers from the most favourable to the least favourable comparative offer.</li> <li>2) Recommend highest ranked tenderer for the award of the contract, unless there are compelling and justifiable reasons not to do so.</li> </ol>
Method 2: Financial offer and preferences	<ol style="list-style-type: none"> <li>1) Score tender evaluation points for financial offer.</li> <li>2) Confirm that tenderers are eligible for the preferences claimed and if so, score tender evaluation points for preferencing.</li> <li>3) Calculate total tender evaluation points.</li> <li>4) Rank tender offers from the highest number of tender evaluation points to the lowest.</li> <li>5) Recommend tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.</li> </ol>
Method 3: Financial offer and quality	<ol style="list-style-type: none"> <li>1) Score quality, rejecting all tender offers that fail to score the minimum number of points for quality stated in the Tender Data.</li> <li>2) Score tender evaluation points for financial offer.</li> <li>3) Calculate total tender evaluation points.</li> </ol>

	<p>4) Rank tender offers from the highest number of tender evaluation points to the lowest.</p> <p>5) Recommend tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.</p>
<p>Method 4:</p> <p>Financial offer, quality and preferences</p>	<p>1) Score tender evaluation points for financial offer.</p> <p>3) Confirm that tenderers are eligible for the preferences claimed, and if so, score tender evaluation points for preferencing.</p> <p>4) Calculate total tender evaluation points.</p> <p>5) Rank tender offers from the highest number of tender evaluation points to the lowest.</p> <p>6) Recommend tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.</p>

Score financial offers, preferences and quality, as relevant, to two decimal places.

#### **F.3.11.2 Scoring Financial Offers**

Not applicable for framework contracts.

#### **F.3.11.3 Scoring quality (functionality)**

##### **Bid Evaluation Stage 2**

The evaluation criteria that are to be scored and the maximum score assigned to each of such criteria are as follows and a minimum score required is 60%:

**Functionality Assessment is based on each CIDB Grading shown on annexures below:**

**1 CEPE – 2 CEPE: ANNEXURE A**

**3 CEPE – 4 CEPE: ANNEXURE B**

**5 CEPE – 6 CE only: ANNEXURE C**

**Bidders must achieve the minimum of 60% (24 points) of the functionality points to be considered for further evaluation in stage 3.**

Providing the form of offer and acceptance does not contain any qualifying statements, it will constitute the formation of a contract between the Employer and the successful tenderer as described in the form of offer and acceptance.

**F.3.14 Notice to unsuccessful tenderers**

After the successful tenderer has acknowledged the Employer's notice of acceptance, notify other tenderers that their tender offers have not been accepted.

### **F.3.15 Prepare contract documents**

If necessary, revise documents that shall form part of the contract and that were issued by the Employer as part of the tender documents to take account of:

- a) addenda issued during the tender period,
- b) inclusion of some of the returnable documents,
- c) other revisions agreed between the Employer and the successful tenderer, and
- d) the schedule of deviations attached to the form of offer and acceptance, if any.

### **F.3.16 Issue final contract**

Prepare and issue the final draft of contract documents to the successful tenderer for acceptance as soon as possible after the date of the Employer's signing of the form of offer and acceptance (including the schedule of deviations, if any). Only those documents that the conditions of tender require the tenderer to submit, after acceptance by the Employer, shall be included.

### **F.3.17 Complete adjudicator's contract**

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.
