REQUEST FOR PROPOSAL

Summary, Guidelines, Conditions and Instructions

1 PURPOSE OF THIS REQUEST FOR PROPOSAL

The purpose of this Request for Proposal (RFP) is for the South African Revenue Service (SARS) to invite suitable service providers (bidders) to submit proposals (tenders) in accordance with the rules set out in this RFP for the provision of Media Monitoring and Analysis Services to enable SARS to manage public perceptions and its reputation, assist SARS in targeting its messages more accurately and keep abreast of developments in the tax, Customs, financial and economic sector.

2 OVERVIEW OF SARS' REQUIREMENTS

2.1 BACKGROUND

A key strategic function of the SARS Media Unit is to conduct ongoing environmental scanning through media monitoring and analysis. This enables SARS leadership and management to remain informed of media developments that may affect the organisation's reputation, stakeholder confidence and public messaging. Media monitoring and analysis also supports SARS' broader mandate of revenue collection and the promotion of tax, Customs and Excise compliance.

SARS therefore requires a suitably qualified service provider to deliver detailed and comprehensive media monitoring and analysis reports. The service must cover print, broadcast, online and social media, including online news platforms, TikTok, Instagram, X/Twitter and Facebook. Where available, the reports must include PDF versions or links to print coverage, as well as relevant audio clips and video material from broadcast and online media.

In addition to the comprehensive daily and weekly media reports, which must list all SARS-specific and related coverage based on agreed keywords, the service provider must provide an early morning summary of relevant content. This summary must prioritise matters of strategic, operational and reputational importance to SARS and provide easy access to the original source material.

The service provider must also produce qualitative analysis reports on a monthly, quarterly and annual basis. These reports must provide a detailed assessment of perceptions of SARS and the sentiment expressed by media commentators, stakeholders and taxpayers. The analysis must identify key issues, reporting trends, media angles and potential reputational risks, while providing strategic insights that assist SARS to protect, promote and preserve its organisational integrity.

3 OVERVIEW OF SARS'S REQUIREMENTS

3.1 Summary of the Scope

The detailed scope of work and required services are set out in the Business Requirements Specification document (Annexure A), together with the other documents that form an integral part of this RFP.

7.7 Recommended bidders' due diligence and risk assessment prior to award

- 7.7.1 SARS has a legal and moral obligation to ensure that a supplier's financial position does not place public money or services at unacceptable risks and will therefore perform due diligence and risk assessment of recommended bidder(s) prior to award.
- 7.7.2 As part of due diligence and risk assessment, the bidder must ensure that the bidder is complying to all regulatory prescripts, including industry regulations specific to the commodity/services procuring, that are applicable to this tender, as well as ethical business practices. SARS has the right to request evidence of this compliance from the bidder, and third parties, for purposes of the due diligence exercise and for audit or contracting arrangements.
- 7.7.3 In the event that a due diligence exercise reveals that a recommended bidder does not comply with SARS' risk appetite or compliance requirements then SARS has the right not to make an award to the recommended bidder.
- 7.7.4 The recommended bidder(s) will be required to consent in the agreement to continuous and in-depth due diligence to ensure ethical business practices throughout the term of the tender.

7.8.4 A bidder should note that the terms of its proposal to the extent that it aligns with the RFP, will be incorporated in the proposed Services Agreement by reference and that SARS relies upon the bidder's proposal as a material representation in making an award to a successful bidder and in concluding a Services Agreement with the bidder. It follows therefore that any misrepresentations in a proposal may result in legal action or other processes by SARS against the bidder, notwithstanding the conclusion of a service agreement between SARS and the bidder for the provision of the goods and services in question.

7.9 Insurance and Related Risk Monitoring

7.9.1 A successful bidder must, at its own expense, for the duration of the Services Agreement, have and maintain appropriate and adequate insurance cover consistent with acceptable and prudent business practices and acceptable to SARS, which shall include, without limitation, professional indemnity insurance cover as appropriate to cover itself against any claim, damages, Losses or other expenses that may arise out of its execution of the Services Agreement and provide evidence of such cover within three business days of request by SARS.
