2. Specification of Product or Goods

Forklift:

- 2.1 Materials and products are preferred to be from reputable brands.
- 2.2 The electric forklift and items supplied must be preferably from a local dealership and service centre which is locally based within the City of Cape Town municipality region to ensure future dealer maintenance and repairs are readily accessible.
- 2.3 Electric vehicles and charging stations must be covered by a manufacturing warranty and should be provided from the supplier.
- 2.4 Maintenance schedule to be provided.
- 2.5 The warranty period must preferably be at least 2 years.
- 2.6 Load test certificate to be provided.
- 2.7 Forklift to be certified according to the relevant SANS standards, including SANS 10388.
- 2.8 Specific product training for 4 persons to be included at delivery site.

In addition to the above if applicable,

You are requested to provide the technical criteria with weightings in percentage for your goods or services as this is a requirement in terms of regulation 5 of the Preferential Procurement Regulations pertaining to the Preferential Procurement Policy Framework Act, 2000 (Act 5 of 2000).

Note: The criteria for evaluation, the weightings of each criterion and applicable sub-criteria must be stated clearly and without ambiguity

Tenders or offers above R30 000, will be evaluated strictly according to the 80/20 or 90/10 principle depending on the value of the order or contract

Tender Evaluation Process will be followed based on the PPPFA requirement, i.e.

Stage 1 – Functionality (Tender, Commercial, SHE and Quality)

Stage 2 – Price and BBBEE

3. Materials and/or facilities

Eskom the Employer will provide access to facilities as and when required.
