The CSD serves as one single source of supplier information to all spheres of government. Within this system, suppliers are required to register once when they do business with the state. This will significantly reduce the administrative burden for businesses, especially small and medium sized enterprises. The database interfaces with the South African Revenue Service (SARS), the Companies and Intellectual Property Commission (CIPC) and the payroll system. It will electronically verify a supplier's tax status and enable public sector officials doing business with the state to be identified.

All prospective suppliers can register any time on the CSD website www.csd.gov.za Prospective suppliers may also visit the Provincial Treasury Database office situated at Treasury House, Ground Floor, 145 Chief Albert Luthuli Road, Pietermaritzburg from 08h00 to 15h00, Mondays to Fridays, for any assistance with on-line registration on CSD.

- 19.1 Council intends appointing up to a maximum of fifteen (15) contractors to execute this contract.
- 19.2 Projects under this contract will be awarded on an “as and when basis”. THE MSUNDUZI MUNICIPALITY

SUPPLIES AND SERVICES CONTRACT No. 72 OF 2024

APPOINTMENT OF A PANEL OF CONTRACTORS FOR BUILDING REPAIRS, REFURBISHMENT, ALTERATIONS AND NEW WORKS - SECTIONS 1, 2 & 3

APPENDIX '1' - SPECIFICATIONS

1.0 EXTENT OF WORKS

The work will entail one or a combination of the sections detailed in Clause 5.0 below, at various locations within the boundaries of the Msunduzi Municipality. Once a project is identified, a bill of quantities will be prepared with the all-in rates, emergency rates and or fencing rates including the respective percentage of Preliminaries to arrive at a project cost. A panel of up to (15) fifteen contractors are to be appointed and work allocated in conjunction with the Supply Chain Management Unit.

2.0 PROVISIONAL SUMS

Within the award of any project under this contract, provisional sums may be included where the work cannot be easily defined or opening of building elements are required before the true extent and nature of the works can be quantified. In this instance once the extent of the work is known and quantified, the contractor will either use the all-in bill rates or if not included in this contract, the contractor will be required to provide three quotations from reputable suppliers. If the Municipal Project Manager deems the prices received by the contractor unrealistic or not market related, the Project Manager reserves the right to obtain prices for comparison purposes.

3.0 PRIME COST

Reference to prime cost (PC Amounts) in this contract is the net cost to the contractor from suppliers excluding Vat. Should items be purchased by the contractor for less than the prime cost (PC Amount), such a difference will be deducted from the respective rate/ rates.

4.0 SPECIALIST SUBCONTRACTORS

Where specialist subcontractors are required for any project awarded under this contract, a markup of 7.5% will be added to the subcontract amount plus a further 7.5% for attendance on the respective specialist subcontractor.

5.0 SAFETY FILES: In compliance with the Occupational Health and Safety Act, Act 85 of 1993 (As amended), all projects under this contract must have safety files and commencement of any project can only occur once approved by the Municipal Safety Officer. Cost of the safety file is deemed to be included in the Preliminaries and General percentage detailed in this contract.

6.0 CESSIONS: Cessions under this contract will be permitted at the sole discretion of the SCM Unit provided that the cessionary and cedent complies with all relevant legislative requirements and SCM policies.

Contractors not having an account with a specific supplier does not relieve them of the obligation to provide a market related cost for the materials.

| Metal worker (normal hours from Section One) | - | 2 hours @ R 90.00/ hour = R 180.00 |
| Unskilled Labour (normal hours from Section One) | - | 2 hours @ R 30.00/ hour = R 60.00 |

DATA SHEET 7: CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
