1. INTRODUCTION

This document provides an overview of the minimum fitness for duty (FFD) requirements derived from applicable legislation, regulations, nuclear licensing requirements, world best practices, and Eskom requirements that are applicable to the operator of a nuclear power plant.

The objective of a FFD programme is to provide reasonable assurance that workers at the nuclear power plant will perform their tasks in a reliable and trustworthy manner and are not under the influence of any substance or suffer from any health impairment which in any way adversely affects their ability to safely and competently perform their duties.

The FFD programme also gives reasonable assurance that workers have been trained/made aware and their technical competence/awareness has been assessed.

The requirements are commonly referred to as the “fitness for duty process” and describe the activities that must be met before a person is allowed to perform work on the Koeberg site.

2. SCOPE

2.1 PURPOSE

The purpose of this document is to specify the FFD requirements for the entire Koeberg Nuclear Power Station site. The FFD process has been designed to only allow persons to perform work if they:

- Have valid identification documentation.
- Have been declared free of drugs and alcohol.
- Have been declared physically able and free of any medical condition that could impair their ability to perform the work they have been appointed or contracted for.
- Have permission to perform work in South Africa (non-South African citizens).
- Have completed the security background verification process.
- Have the knowledge and skills required for the assigned tasks.
- Have received the minimum site/plant access training required to work on site/plant.
- Have been declared competent to perform the work they have been appointed or contracted for.
- Have received the specific training required for the work that they will be required to perform.
- Have obtained an understanding of how the work that they will be performing contributes to nuclear safety and station reliability.
- Have an understanding of their roles and responsibilities specific to the task that they are going to perform.

2.2 APPLICABILITY

The FFD requirements addressed in this document is applicable to all persons who are required to perform work within the Owner Controlled Area of the Koeberg site.

This standard is not applicable to visitors. Visitors may not perform work. Access for visitors is described in KAA-777.

CONTROLLED DISCLOSURE

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorised version on the system.

No part of this document may be reproduced without the expressed consent of the copyright holder,

Eskom Holdings SOC Limited, Reg No 2002/015527/06.

3. DEFINITIONS AND ABBREVIATIONS

3.1 DEFINITIONS

Definition	Explanation
Applicant	A person who is not yet authorised to perform work on the Koeberg Nuclear Power Station site, or of whom the validity of previously completed training has expired.
Contract Employee	A person whose services are provided under contract to Eskom, including supplemental personnel.
Contract Manager	The person representing Eskom that was formally delegated to manage a contract for work to be performed on the Koeberg site. Contract Manager may also mean, for each contract under the NEC: • Engineering and Construction Contract (ECC) – The Project Manager • Engineering and Construction Short Contract (ECSC) – The Employer • Term Services Contract (TSC) – The Service Manager • Term Services Short Contract TSSC – The Employer's Agent • Professional Services Contract (PSC) – The Employer's Agent • Supply Contract (SC) – The Supply Manager • Supply Short Contract SSC – The Purchaser
Criminal Record	A criminal record refers to a crime(s) that a person has been found guilty of, either through a criminal trial or the payment of admission of guilt. Examples of sentences imposed by a competent court: • Imposed an admission of guilt fine (J 534) • Imposed a fine or imprisonment • Imposed a fine or imprisonment suspended for a specific time • Imposed a warning • Imposed imprisonment During the investigation process, fingerprints will have been taken for record purposes and for the establishment of an existing criminal record.
Employer	Any company, vendor, consultant or individual with which Eskom has contracted for work or services to be performed on the Koeberg site, either by contract or purchase order. The person/organisation that receives a task order for work to be performed on the Koeberg site. Employer may also mean, for each contract under the NEC: • Engineering and Construction Contract (ECC) – The Employer • Engineering and Construction Short Contract (ECSC) – The Employer • Term Services Contract (TSC) – The Employer • Term Services Short Contract (TSSC) – The Employer • Professional Services Contract (PSC) – The Consultant • Professional Services Short Contract (PSSC) – The Consultant • Supply Contract (SC) – The Supplier • Supply Short Contract (SSC) – The Supplier
Enrolment	The process whereby the documentation package of a potential contract employee (supplemental staff) is reviewed and fingerprints captured on the FFD system, to allow the individual to progress through the FFD process.
FFD Co-ordinator	A person responsible for the co-ordination of all FFD activities.

CONTROLLED DISCLOSURE

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorised version on the system.

Eskom Holdings SOC Limited, Reg No 2002/015527/06.

Hard copy printed on: 12 April 2019

Definition	Explanation
Fitness For Duty	A process that coordinates all the requirements that an applicant must comply with before work may be performed on the Koeberg site.
Host	Before doing these activities of a host he/she must have passed the FFD requirements. It is a requirement that the host remain in "line of sight" of his/her escort at all times whilst the person is inside the PA.
Limited Access Area	The area inside the ACP-1 barrier and includes the entire intake basin area
Limited Work Scope	Refers to a category of worker who may not: • Perform work where any FFD training is a pre-requisite for work that they are required to perform • Perform any maintenance, project or construction work • Operate any equipment • Use any tools • Be radiation workers • Enter areas when training is a pre-requisite for entry • Require a technical skills assessment
Medical Evaluation	A medical examination of a person, by competent medical staff, to establish if the person's health allows the person to perform his/her work activities without endangering the person's life or that of other staff.
Owner Controlled Area	The total area owned by Eskom SOC Limited at the Koeberg Nuclear Power Station. This area includes the LAA and PA.
Plant Induction Training	Training given to applicants that will perform work in the protected area, to inform them of the power station layout, emergency plan, security arrangements, safety rules, etc.
Proof of Address	Proof of address will be any officially printed document reflecting your name and physical residential address not older than 3 months.
Protected Area	The area within the ACP 2 plant security fence.
Registered Occupational Health Practitioner	A person qualified and trained in Occupational Health with current registration with the Health Professions Council of South Africa, South African Nursing Council or a current registration with respective Medical Council in case of Non-South African trained.
Registration	The process whereby the personal information, access requirements, job specification and training requirements pertaining to a potential contract employee (supplemental staff) is loaded on the FFD system after meeting the minimum requirements for registration.
Site	The entire area inside the Owner Controlled Area of KNPS. This area includes the LAA and PA.
Site Induction Training	Training given to applicants, that will perform work outside the protected area, to inform them of the site layout, intake basin (PIT required for access), emergency plan, security arrangements, safety rules, etc.
Site Representative	Person who represents the employer company on site.
Supplemental Personnel	Any company, vendor, consultant or individual with whom the Koeberg Operating Unit has contracted for work or service to be performed inside the Owner-controlled area of the Koeberg Operating Unit, either by contract, purchase order or agreement with other Eskom units.
Unlimited Work Scope	Refers to a category of work where a person is not restricted/limited to perform the work that he/she is qualified and trained to perform.

5. GENERAL REQUIREMENTS

Persons who are required to perform work on the Koeberg site shall comply with the FFD requirements before work may commence. The requirements may differ depending on the contractual needs and the specific work that the worker will be required to perform.

Paragraph 5.1 of this document describes the FFD requirements that shall be met by an employer before his/her employees will be registered on the FFD system.

Meeting these requirements is entirely the accountability of the employer and all activities described in paragraph 5.1 shall be performed offsite at the cost of the employer.

It is the responsibility of the employer to ensure that his/her employees are registered on the FFD system. The registration step should be facilitated in person by the employer's site agent. The site agent and the Eskom Contract Manager (CM) will have to specify the actual work scope that the contracted employees will be executing as stipulated in the task order. For Eskom employees this will be done by the Group FFD representative.

It is recommended that employers start the recruitment and selection process well in advance of the time that the worker is required to start working on site. It is strongly recommended that employers complete the FFD activities (paragraph 5.1) and register all his/her employees on the FFD system at least three weeks before he/she is due to start work on site. That should leave him/her sufficient time to complete the activities mentioned in paragraph 5.2.

All Eskom training sessions includes an assessment at the end of each session. Individuals that do not pass any awareness training assessments shall not be allowed to continue with the FFD process and shall be required to leave the premises.

All personnel contracted to work at Koeberg must be able to conduct themselves in English. They must be able to pass the training and assessment requirements in English.

All external training shall be provided by a provider that is approved/accepted by the Koeberg Training Department.

5.1 ACCOUNTABILITY OF THE EMPLOYER

5.1.1 Identification

- a. Proof of identification, completed Appendix A document and proof of address shall be required before an applicant is allowed to register on the FFD system.
- b. Proof of address will be any of the following documents reflecting your name and physical residential address;
 - i) A utility bill, such as water, electricity or rates (less than 3 months old). We may accept a utility bill that is addressed to a post box number if it shows your name, erf/stand number, township and suburb.
 - ii) A bank statement or financial statement from a financial institution that is less than 3 months old.
 - iii) A copy of a signed lease agreement (by both parties) that is less than 1 year old.
 - iv) A municipal rates and taxes invoice that is less than 3 months old.
 - v) A telephone account, i.e. a land-line or cell phone account that is less than 3 months old.
 - vi) Official correspondence from the South African Revenue Services (SARS) that is less than 3 months old.

CONTROLLED DISCLOSURE

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorised version on the system.

No part of this document may be reproduced without the expressed consent of the copyright holder,

Eskom Holdings SOC Limited, Reg No 2002/015527/06.

Hard copy printed on: 12 April 2019

- vii) A valid television license document if it shows your name.
 - viii) Where the person lives in any type of residence (e.g. hostel/barracks) a letter from the administration department of such residence on an official letterhead.
 - ix) If you don't have any of the above documents, a Sworn Affidavit from the owner of the residence confirming you live with them will be accepted. The Affidavit provided must be signed and stamped by a South African Police Services Commissioner of Oaths and be accompanied by a utility bill in the name of the owner of the residence, as well as a copy of the identity document of the owner of the residence.
- c. The following identification documents are the only documents that shall be accepted as proof of identification:
- i. South African Identification Book (Green I.D) issued by the Department of Home Affairs
 - ii. South African Identification Card issued by the Department of Home Affairs
 - iii. Valid Official Passport
 - iv. Valid Temporary Identification Document issued by the Department of Home Affairs. This document should not be older than 3 months from issuing date.
- d. Persons not in possession of any of the above shall not be considered for employment.
- e. The applicant shall be in possession of the original ID document when he/she arrives on site to enrol for the FFD process.

5.1.2 Visa/Work Permits

- a. Non South African Citizens shall be in possession of the relevant document that allows them to perform work in South Africa.
- b. Eskom will adhere to the requirements of the Immigration Act.
- c. The details of this requirement is explain in the Communication Brief No.17/2010: Access to Koeberg – Foreigners
- d. Persons not in possession of the above shall not be allowed to perform work on site.
- e. The applicant shall be in possession of the original "visa/work permit" when he/she arrives to start the FFD process.
- f. International peers from the following groups namely, WANO, IAEA, and NSRB who provide expert advice during their visits do not require section 11.2 work visas as they are not performing any work.

5.1.3 Drug Test

- a. Employers shall ensure that their employees have been tested for drugs before they are registered on the FFD system. Persons with a positive drug test result shall not be considered for employment.
- b. Such a person shall be barred from site for a period of 24 months.

5.1.4 Criminal History

- a. The criminal history of an applicant shall be assessed before access to the Koeberg site is considered.
- b. Persons with a criminal record (done externally by SAPS or a foreign agency) shall not be registered on the FFD system.

CONTROLLED DISCLOSURE

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorised version on the system.

No part of this document may be reproduced without the expressed consent of the copyright holder,

Eskom Holdings SOC Limited, Reg No 2002/015527/06.

Hard copy printed on: 12 April 2019

- c. South African citizens shall obtain their criminal history reports from the South African Police Service. The report shall not be older than 2 months when the employer's employee is registered on the FFD system.
- d. This service is also available from the Koeberg Security group as a service to the employers on an exceptional basis and shall be pre-authorised by the Security Manager or delegate. South African applicants shall be required to give his/her consent to Eskom to obtain the relevant information from the South African Police Services.
- e. Employers who need to make use of the Koeberg Security Group to obtain the criminal history of their employees can only do so after the individual is registered on the FFD system. Employers will not be able to claim any delays to mobilisation as a result of selecting to use this service.
- f. Non South African citizens are required to provide proof of their criminal history. The criminal history report from their country's law enforcement agency or Institute of Nuclear Plant Operators (USA citizens only) shall be dated within 2 months of their entry into South Africa. This criminal history report must not be older than 2 months.
- g. Non South African citizens who have to visit Koeberg to perform work of a short duration (refer 5.1.18) and who have difficulty in obtaining a criminal clearance from their countries, OR work for an organisation where their reliability and trustworthiness have been established, may apply for a criminal history waiver (refer KAA-774). This concession is not available to South African citizens and may only be applied for once in a six (6) month cycle.
- h. The employer's Site Representative shall upload the criminal history (when done externally by SAPS or a foreign agency) on the FFD system, and it shall be verified by Security prior to being allowed to continue with the FFD process.

5.1.5 Occupational Health Services (OHS) Person Job specification Form (240-58314417)

- a. The employer/CM, shall ensure that an Occupational Health Services (OHS) Person Job Specification form is completed for each of his/her employees and all signatures are obtained before bookings on the FFD system may commence.
- b. The OHS Person Job Specification form is completed and approved by the employer/CM using information provided by the employer's site agent. This form will identify the critical tasks, the occupational hazards that the employer's employee will be exposed to and the physical attributes that are required for the execution of the tasks.
- c. All applicants shall be in possession of the completed and signed Occupational Health Services Person Job Specification and GA14 form when he/she arrives on site to start the activities described in 5.2.

5.1.6 Health Assessment

- a. Employers shall ensure that all applicants, including Non South African Citizens, are registered on the FFD system before a health (medical) assessment is performed. The OHS Person Job Specification and the GA14 form will be required by the occupational health practitioner prior to conducting a medical assessment.
- b. An applicant, who is a Non South African Citizen, shall be in possession of a completed copy of their medical assessment form and other relevant medical reports/documentation when he/she arrives on site to start the activities described in 5.2.
- c. The health assessment report shall not be older than 3 months when the person arrives on site to start the activities described in 5.2.

CONTROLLED DISCLOSURE

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorised version on the system.

No part of this document may be reproduced without the expressed consent of the copyright holder,

Eskom Holdings SOC Limited, Reg No 2002/015527/06.

Hard copy printed on: 12 April 2019

- d. Applicants that are not declared fit to perform the work specified on the OHS Person Job Specification form shall not be allowed to continue with the FFD process.

5.1.7 Curriculum Vitae (CV)

- a. CVs of staff shall be supplied where this is required by Eskom.
b. The employees shall be in possession of his/her CV when he/she arrives on site to enrol for the FFD process.

5.1.8 Qualifications

- a. The employer is required to verify the authenticity of the qualifications that is required for the work that is to be performed on site. Eskom retains the right to verify any tertiary qualification that an applicant is required to have to work in a specific discipline.
b. The employer shall ensure that his/her employee has the original (or certified copy) of the qualifications when he/she is registered on the FFD system.
c. Persons not in possession of the qualifications or the necessary experience required by Eskom shall not be considered for employment (in that particular discipline).
d. The applicant shall be in possession of his/her qualification when he/she arrives on site to enrol for the FFD process.
e. Employers can apply to use an external accredited FFD provider.
f. All providers of FFD related training shall first be accredited as an approved provider by the relevant Training Manager.

5.1.9 Security Permit (KFS-SK-003)

- a. The employer shall ensure that a security permit and area application form is completed for each applicant.
b. It is important that the form is completed by the CM in conjunction with the employer. The form will identify the security areas that the applicant is required to enter for the execution of the tasks.

5.1.10 Protection of Information

- a. All applicants shall be required to sign a non-disclosure agreement. This is to ensure that Eskom information that comes to the attention of the individual is protected.
b. The employer shall ensure that a non-disclosure agreement is signed by each of the employer's employees before the person is registered on the FFD system. These forms are obtainable from the Koeberg Security Group.
c. All applicants shall be in possession of the signed non-disclosure agreement when he/she arrives on site to enrol for the FFD process.
d. The employee only has to sign such a declaration once for the duration of his/her stay at KNPS.

5.1.11 Specific Training Requirements

- a. The scope of each employee's work requirements shall be assessed to determine the training, assessment and authorisation that is required before work may commence.

CONTROLLED DISCLOSURE

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorised version on the system.

No part of this document may be reproduced without the expressed consent of the copyright holder,

Eskom Holdings SOC Limited, Reg No 2002/015527/06.

Hard copy printed on: 12 April 2019

- b. All Eskom training sessions includes an assessment at the end of each session. Individuals that do not pass any awareness training assessments shall not be allowed to continue with the FFD process and shall be required to leave the premises.
- c. The employer/CM, shall be required to identify the specific training needs of each individual or group of individuals based on the planned work scope and ensure compliance to the training requirements identified for the specific duties before access to site shall be considered.
- d. The applicant shall be in possession of the training requirements form (Appendix A of this procedure) and proof of the applicable external certification required when he/she arrives on site to start the activities identified in 5.2.
- e. Awareness training requirements may include but is not limited to:
 - i. Site induction training (provided on site)
 - ii. Plant induction training (provided on site)
 - iii. Working in confined spaces (external certification required)
 - iv. Working at heights (provided on site)
 - v. Foreign material exclusion (provided on site)
 - vi. Working with asbestos (external certification required)
 - vii. Basic rigging (external certification required)
 - viii. Materials handling (provided on site)
 - ix. Supervisor training (provided on site)
 - x. Group/discipline specific induction (site specific training)
- f. The additional training requirements shall be indicated on the training requirements form.

5.1.12 Technical Assessments

- a. Individuals who are required to perform work of a technical nature at Koeberg shall be required to undergo technical assessments and be authorised to perform the work that they have been assessed for.
- b. The employer/CM shall be responsible to indicate the work that his/her employees will be required to perform on site. The specifications of the work shall determine the type of assessment that shall be conducted.

5.1.13 Working with Asbestos

- a. The employer shall ensure that if his/her employee is required to perform work with asbestos that he/she completes the relevant training at an accredited provider before the work is to commence on site.
- b. Proof of training completed by an accredited provider shall be provided when the applicant arrives on site to start the activities in 5.2.

5.1.14 Confined Spaces

- a. The employer shall ensure that if his/her employee is required to perform work in confined spaces that he/she completes the relevant training at an accredited provider before the work is to commence on site.

Eskom Holdings SOC Limited, Reg No 2002/015527/06.

Hard copy printed on: 12 April 2019

- b. Proof of training completed by an accredited provider shall be provided when the applicant arrives on site to start the activities in 5.2.

5.1.15 Basic Rigging

- a. The employer shall ensure that if his/her employee is required to perform basic rigging activities that he/she completes the relevant training at an accredited provider before the work is to commence on site.
- b. Proof of training completed by an accredited provider shall be provided when the applicant arrives on site to start the activities in 5.2.

5.1.16 Persons who have to Perform a Limited Work Scope for a Short Duration

- a. Persons that have to visit the site for a limited work scope of up to **5** days shall not be required to perform any site/plant induction training on condition:
 - i. That they comply with the FFD requirements mentioned in (c) below
 - ii. That no other FFD training requirements has been identified for the work scope that they have to perform
 - iii. That they do not perform any maintenance, project or construction work
 - iv. That they do not operate any equipment
 - v. That they do not use any tools
 - vi. That they are not required to be radiation workers
 - vii. That they do not enter areas when training is a pre-requisite for entry
 - viii. That they do not require a technical skills assessment
- b. Persons in this category shall be required to be under escort for the full duration of the visit and the host, who has successfully completed FFD, will accept the responsibilities for them not completing the site/plant induction training.
- c. Persons in this category will not be required to register on the FFD system and shall only have the following requirements:
 - i. Identity document

5.1.17 Registration on the FFD System

- a. Each employer is required to nominate a person/employee that will perform the function of Site Representative. Site Representatives are required to successfully complete training on the use of the FFD computerised booking system.
- b. Applicants shall be registered on the FFD system by a competent FFD Site Representative that successfully completed training on the FFD system. The CM for the specific contract shall be responsible to facilitate this activity.
- c. Enrolment shall only be performed if the applicant is in possession of all the documentation identified in Paragraph 5.1.
- d. The employer shall complete the form attached in Appendix A as confirmation that all the above requirements have been met.
- e. An applicant with incomplete documentation shall not be enrolled on the FFD system.

5.1.18 Fraudulent Documents

- a. Applicants that have presented fraudulent documentation shall be permanently denied access to the Koeberg site.

5.1.19 False Declarations

- a. Applicants that have made false declarations shall be permanently denied access to the Koeberg site.

5.2 FFD ACTIVITIES TO BE PERFORMED BY ESKOM ON SITE

5.2.1 Enrolment on the FFD system

- a. An applicant shall be enrolled for the Eskom FFD process by the Koeberg Security (FFD) Group when they arrive on site and verification of all documentation will be done.
- b. Enrolment shall only be performed if the applicant is in possession of the documentation identified in Paragraph 5.1.
- c. An applicant cannot attend any training or evaluation sessions of the FFD process without having being enrolled on the FFD system.
- d. An applicant shall not be allowed to attend any of the under mentioned FFD activities if he/she is not registered on the FFD system, had bookings made for, was issued with a Clearance for Access form, was enrolled and passed the documentation verification process.

5.2.2 Drug Test

- a. All applicants will be required to perform a drug test and shall be administered by a competent and appointed person as referred to in Management of Substance abuse in a workplace: 32-37. If a biological screening test is required, it must be conducted by an Occupational Health Practitioner as required by National Health Act, 2004.
- b. An applicant that fail the drug test shall not be allowed to continue the FFD process and will be required to leave site and shall be denied enrolment for the FFD process for 24 months.

5.2.3 Criminal Background Verification

- a. All applicants that apply for a security permit to access the Koeberg site shall be required to give consent to Koeberg to verify their criminal background if this option is approved. This activity shall be performed on site by Security staff for South African citizens by the taking of a set of fingerprints and forwarding them to the South African Police Service for verification.
- b. South African citizens who obtain their criminal records directly from the South African Police Service shall only be required to provide Eskom with a set of fingerprints for enrolment purposes.
- c. Non South African citizens shall be required to provide proof of their criminal history from their country's law enforcement agency or Institute of Nuclear Plant Operators (USA citizens only) and shall be dated within 2 months of their entry into South Africa.
- d. Individuals with a criminal background that is deemed to be a security risk to Koeberg shall be denied access to the site as decided by the site owner.

Eskom Holdings SOC Limited, Reg No 2002/015527/06.

Hard copy printed on: 12 April 2019

5.2.4 Health Assessment

- a. Applicants shall be required to report to the Koeberg Health Services section where a health assessment will be performed to ensure that an applicant is fit to perform the work specified in the OHS Person Job Specification form. Applicants must submit an OHS Person Job Specification and GA14 form prior to the medical assessment.
- b. Occupational Health Practitioner shall conduct the medical assessment to determine whether the applicant meets the health requirements as stipulated in the OHS Person Job Specification.
- c. The applicants shall be issued with a completed and signed Occupational Health Services GA14 form indicating whether he/she is fit or not fit to work on the Koeberg site.

5.2.5 Site Induction Training (SIT)

- a. Applicants that are required to perform work **outside the protected area of KNPS** shall be required to complete the Site Induction Training (SIT) course before work may commence.
- b. The SIT course is designed for persons only performing work in the OCA and the LAA. Their security permits will not allow them access to the protected area of KNPS.
- c. Applicants that do not successfully complete the SIT course shall not be allowed access to the site.

5.2.6 Plant Induction Training (PIT)

- a. Applicants who are required to perform work **inside the protected area of KNPS** shall be required to complete the Plant Induction Training (PIT) course before work may commence.
- b. Applicants that do not successfully complete the PIT course shall not be allowed access to the site.
- c. Individuals required to perform work in the intake basin shall be required to pass the PIT.

5.2.7 Human Performance Training (HP)

- a. The Human Performance (HP) Training has been incorporated into the PIT training and applicants that are required to work inside the protected area of KNPS shall complete the HP training component of PIT before work may commence.

5.2.8 Foreign Material Exclusion Training (FME)

- a. The Foreign Material Exclusion Awareness (FME) Training has been incorporated into the PIT training and applicants that are required to work inside the protected area of KNPS shall also complete the TECHNICAL FME training component before work may commence.

5.2.9 Radiation Worker Training

- a. Applicants are required to complete the required radiation worker training before access to radiation zones is considered.
- b. Failure to successfully complete the radiation training shall result in access to radiation zones being denied.

5.2.10 Site Access Specific Training

- a. The scope of each applicant's work requirements shall be assessed to determine whether additional training is required before work may commence.

Hard copy printed on: 12 April 2019

- b. The employer/CM shall be required to identify the specific training needs of each individual or group of individuals based on the planned work scope and ensure compliance to the training requirements identified for the specific duties before access to site shall be considered.
- c. Additional training may include but is not limited to:
 - i. Koeberg induction on working in confined spaces
 - ii. Working at heights and materials handling
 - iii. Technical foreign material exclusion
 - iv. Koeberg induction on asbestos awareness
 - v. Koeberg Induction to basic rigging
 - vi. Supervisor training
 - vii. Clean conditions training

5.2.11 Technical Assessments

- a. Technical assessments shall be performed for individuals who are required to perform work of a technical nature.
- b. The employer/CM shall be responsible to indicate the work scope that his/her employee will be required to perform on site. The specifications of the work shall determine the type of assessment that shall be conducted.
- c. PIT + TECHNICAL FME shall be completed before a technical assessment will be conducted.
- d. It is a requirement that an individual is deemed to be competent and to be authorised to perform the work that they have been assessed for.
- e. Applicants that do not successfully complete the technical assessment shall not be allowed to perform work related to the identified work scope on the Koeberg site.

5.2.12 Final Acceptance

- a. The final acceptance process shall be performed by the Security Group.
- b. All FFD requirements shall be completed successfully before final acceptance is processed and a competence card and security permit is issued.

5.2.13 Exit Procedure

- a. The employer/CM, shall ensure that permit holders that no longer require access to site shall comply with the FFD exit procedure.
- b. Failure to do so shall result in the individual being denied access to the Koeberg site in future, and employers may not be considered for further contracts with Eskom.

5.2.14 Liaison with Eskom Regarding the FFD Requirements

- a. Any enquiries relating to the FFD requirements shall be through the Eskom appointed FFD coordinator or the CM (or his duly delegated representative) for the specific contract.

5.2.15 Protection of Information

- a. Eskom shall not disclose the personal information obtained through the FFD process to an unauthorised person.

6. ACCEPTANCE

This document has been seen and accepted by:

Name	Designation
AM Smuts	Document Custodian
Dr TN Mkalipe	Occupational Health Medical Practitioner
T Muller	Non-Technical Training
S Osman	Business Support Manager
CH Gous	Contract Management Manager
P Jacobs	Security Access Authorisation Officer
GH Koekemoer	Mechanical Maintenance Training

7. REVISIONS

Date	Rev	Compiler	Remarks
September 2013	1	JA Norman	This procedure supersedes KSA-109. This procedure specifies the Fitness for Duty process and requirements for employers who are required to perform work at Koeberg Nuclear Power Station.
March 2014	2	JA Norman	This revision adds the FFD requirements for the "limited work scope" category. This revision also changed the requirements that the employer shall comply with before an applicant is enrolled on the FFD system.
Mar 2019	3	R Hendricks	Full Review.

APPENDIX A: APPLICATION TO REGISTER FOR THE KOEBERG FFD PROGRAMME

The following documents, forms and activities selection have to be completed BEFORE an applicant is registered on the FFD system. An applicant with an incomplete list of information shall not be registered on the FFD system until ALL documents, forms and activities have been completed.

SECTION A: APPLICANT

(TO BE COMPLETED IN BLACK CAPITAL LETTERS BY THE APPLICANTS EMPLOYER)

First Names: _____ Surname: _____
ID No.: _____ Passport No.: _____
Non SA Citizen _____
Contracting Company: _____ Position Contracted for: _____
Contract No: _____ Contract Start Date: _____
Contract End Date: _____
Site Agent: _____ Tel No.: _____
Eskom Contract Manager: _____ Tel No.: _____

SECTION B: COMPULSORY DOCUMENTATION

(APPLICANTS EMPLOYER TO INDICATE WHEN COMPLETE)

- | | |
|--------------------------|---|
| ☐ | Original Identity Document or Passport. {A copy shall be included in this file} |
| ☐ | Work Permit {All non South African citizens shall be in possession of an original work permit} |
| ☐ | Residential Address {Proof of residential address shall be provided – not older than 3 months} |
| ☐ | Curriculum Vitae (CV). {Shall be provided when required by Eskom} |
| ☐ | Criminal History Declaration {The declaration shall not be older than 2 months – 4 months for non South African citizens} |
| ☐ | Protection of Information {A non-disclosure agreement shall be signed by the applicant} |
| ☐ | Qualifications {Authenticated proof of qualifications shall be provided when required by Eskom} |
| ☐ | Drug Test {This is part of the employer's pre-screening process} |
| ☐ | Health Assessment {Only for Non South African Citizens} |
| ☐ | Health Declaration {Limited scope workers only} |

SECTION C: FFD PROCESSING AND BOOKINGS

(APPLICANTS EMPLOYER TO INDICATE WHEN COMPLETE)

- | | | | |
|--------------------------|--|--------------------------|--|
| ☐ | Upload of Documentation : | ☐ | ID Document Verification |
| | | ☐ | Proof of Address Verification |
| | | ☐ | Criminal Record {if done externally} Verification |
| | | ☐ | Work Permit Verification |
| ☐ | Security Permit Application-(KFS-SK-003) {This document shall be approved by Eskom} | | |
| ☐ | Occupational Health Job Specification-(KFV-SR-004). {This document shall be approved by Eskom} | | |
| ☐ | Training requirements. {Attached - This document shall be approved by Eskom} | | |
| ☐ | Additional Documentation | ☐ | Asbestos Training Qualification {If required, A copy shall be included in this file} |
