

**Title: TECHNICAL EVALUATION  
CRITERIA FOR SUPPLY & DELIVERY OF PPE  
(Work wear)**

**Introduction**

This document has been developed to set the standard technical evaluation criteria to be used when evaluating the tender submissions. This covers the technical evaluation for the supply and delivery of PPE work wear for Central East Cluster (Eskom Free State OU and Eskom KwaZulu Natal OU)

**Evaluation strategy**

The aim of the technical evaluation is to establish the capability of tenderers to supply good quality PPE that complies with the relevant statutory requirement, local and international standards, the Eskom standard, and their requirements. The technical scope for this enquiry must be compliant with the following standard:

- 240-44175132 - Eskom Personal Protective Equipment.

Technical evaluation will be done in 2 phases.

- The first phase with (Annexure A) and (Annexure B) and this is desktop evaluation.  
**Note:**

**(This is mandatory to supply all information / documentation as requested and all documents must be marked clearly by according to numbering Provided)**  
(Annexure A) and (Annexure B) is mandatory criteria are 'must meet' criteria. These criteria shall not be weighted, or point scored but shall be assessed on evidence provided. Yes/No basis as to whether or not the criteria are met. An assessment of 'No' against any criterion shall technically disqualify the tenderer and shall not be further evaluated.

- **The second phase (Annexure C)** is a warehouse / site sample evaluation where selective items will be identified and evaluated.

Title: TECHNICAL EVALUATION  
CRITERIA FOR SUPPLY & DELIVERY OF PPE  
(Work wear)

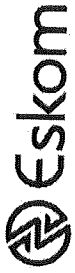

(Annexure A)

Evaluation criteria Phase 1: Desktop Evaluation

These documents need to be provided and clearly marked.

**Mandatory Criteria and Returnable:**

No	Criteria	Returnable	Evaluation Result (Yes/No)
1.	Completed PPE category document	SANS 1387-4 & 1423-1 type D59 as per the applicable standard compliance certificates (e.g., SANS, EN, CE ANS) and test certificates	
2.	Letter of support and sourcing	<p><b>For Manufacturers only:</b></p> <ul style="list-style-type: none"><li>A letter of commitment from the manufacturer confirming that they will be able to supply all the PPE products, for the full duration of the period that they will be contracted to (Must be on the manufacturers letter head and signed by the company representative.)</li></ul> <p><b>Or</b></p> <p><b>For Redistributors only:</b></p> <ul style="list-style-type: none"><li>A letter of agreement signed by the Manufacturer representative or a person in the similar level confirming that they will be sourcing their products from that Manufacturer for duration of the contract.</li></ul> <p>Note: Delivery times need to be considered and adhered to.</p>	
3.	Capacity for the transport and delivery of PPE accessories through KZN & Free State	<ul style="list-style-type: none"><li>owned (Registration papers of owned transport) or</li><li>Can be rented for delivery's (They must obtain a letter from any company that they are in good terms of making use of service (Renting) for a vehicle for the duration of the contract. This is mainly for deliveries of PPE to site (<b>Delivery address</b>)). or</li><li>used of couriers (Company name) (They can obtain a letter from any Courier company that they are in good terms of making use of this company to deliver PPE to the site for the duration of the contract. (Delivery address))</li></ul>	
4.	Lead Time	letter of compliance from company that they will delivering quantities from Distributor/Supplier to any requestor on his Eskom site address within <b>4 weeks</b> or conformation in writing of Delaying time within 2 weeks from order been given. <b>(This must be confirmed and accepted by both parties)</b> Lead time from PO award to delivery
