DETAILED TECHNICAL SPECIFICATION

1. COMPANY OVERVIEW

South African Broadcasting Corporation (SABC) is a Public Entity founded in August 1936 and listed in terms of Schedule 2 of the Public Finance Management Act, Act No. 1 of 1999, as a public broadcaster in South Africa, and provides 19 radio stations as well as five television broadcasts to the general public.

2. BACKGROUND TO THE REQUIREMENTS

The Mainframe system utilizes Mobius database for document management to store images files, generate reports and correspondence between the SABC and its TV license clients. The Mobius Mainframe database stores file in a certain format that only the Mainframe system can read/write, which subsequently will pose a risk to the SABC when the license agreement for Mobius expires on the 31st of December 2022.

In efforts to mitigate this risk the SABC has instituted a process to migrate the Mobius Mainframe database to a SharePoint repository where files can be stored in a generic format compatible with SharePoint. Research has shown that there are service providers with expertise to convert Mobius Mainframe files into a universal format that will allow the files to be utilised via SharePoint or any other document management system.

When the current agreement expires at the end of December 2022 the SABC will no longer have access to the files that are stored in Mobius database which necessitates the urgency to expedite the database migration and convert the files prior the end of contract to ensure business continuity post the expiry of the Mobius agreement.

3. SCOPE OF WORK FOR MOBIUS DATA EXTRACTION

- Assess risk factor of database migration (report findings back to SABC)
- Backup data before migration.
- Migrate and convert test files. (SABC test files / validate)
- Extricate Mobius Mainframe database to a SharePoint repository
- Convert Mobius Mainframe files to generic format compatible with SharePoint
- Allocate onsite human resources with expertise of database migration.
- Validate the migrated data.
- Test data integrity on the SharePoint platform.

4. MAINTENANCE AND SUPPORT / RENEWAL

No maintenance and support will be required for this process as his process is required once off. An initial conversion will be performed which will process the bulk of the files, but a clean-up will be required prior to the end of the Mobius contract to ensure that all files have been converted.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
