SECTION 1: GENERAL INFORMATION

TERMS OF REFERENCE

RFP FROM INTERESTED SERVICE PROVIDERS TO PROVIDE CAPITAL RAISING SERVICES FOR THE FINANCING OF INFRASTRUCTURE PROJECTS IN THE MPUMALANGA PROVINCE

1. INTRODUCTION

The Mpumalanga Economic Growth Agency, hereinafter referred to as “**MEGA**” is a schedule 3D entity of the Mpumalanga Provincial Government with a mandate of stimulating economic growth in the Province through inter alia:-

- (i) the provision of funding to SMMEs, Co-operatives and Agricultural enterprises, as well as the provision of housing loans to citizens of Mpumalanga within the gap market;
- (ii) proactively identifying investment opportunities within the Province, attracting investment into such opportunities through various trade and investment promotion initiatives, as well as facilitating that such investments into the province derive maximum development impact;
- (iii) delivering massive infrastructure within the Province;
- (iv) the development and management of property in the form of industrial parks which stimulate economic activity in the Province.

In exercising its powers and functions as articulated in the Act, [“the MEGA Act 1 of 2010”], the entity must continually broaden the participation of Mpumalanga citizens in all the sectors of the economy and accordingly contribute, whether directly or indirectly, to the alleviation of poverty, unemployment and inequality.

2. PURPOSE

The purpose of this Request for proposals is to establishing a panel of experienced and well-capacitated service providers to provide capital raising services to finance infrastructure and/or property development projects that MEGA would have already identified and packaged.

As and when required, MEGA will appoint a service provider(s) from the panel to raise the necessary capital to finance the implementation of specific priority project(s).

3. BACKGROUND

There is evidence that in developing economies, quality infrastructure plays a pivotal role in facilitating economic growth. Key to the infrastructure challenges in Africa, including South Africa, is the availability of adequate and affordable government funding to finance infrastructure development. The funding shortage will remain and result in under-development, unless bridged by other alternative sources, e.g. private sector and Development Finance Institutions (DFIs).

In the Mpumalanga Province, it is estimated that it may take up to two decades to eradicate the backlog in key infrastructure such hospitals, schools, and roads. Key economic infrastructure programmes are either delayed or lack prioritization whilst the focus is on the provision of social infrastructure.

Mpumalanga Province, through its business entity Mpumalanga Economic Growth Agency (MEGA), intends to leverage its current and future fiscal budget allocations by attracting the private sector, Wealth Funds and DFIs to invest in various key economic infrastructure programmes. Some of the key economic infrastructure projects that are in desperate need of alternative funding include the Mpumalanga International Fresh Produce Market (MIFPM) and Investment Property Portfolio (IPP).

4. SCOPE OF WORK

The scope of work of the project will include but not limited to those indicated below from 4.1. to 4.3.

4.1 Develop and implement a funding/sponsor strategy for identified priority projects

Panel members will also be expected to undertake comprehensive secondary research by reviewing relevant research reports, legislation and regulation, academic papers, commentaries on the structure and capital requirements of infrastructure and property development sectors. The research will be used as a basis for a capital sourcing strategy for the funding of priority development projects.

4.2 Facilitate the sourcing of capital funding in line with applicable legislative guidelines

The envisaged capital sourcing strategy and implementation protocols need to be developed and implemented in compliance with the requirements of *inter alia* applicable National & Provincial Treasury Regulations, the Public Finance Management Act (PFMA) and other relevant legislation which will protect not only government interests, but also private sectors and other institutions participating in the development of the priority projects. Additionally, the implementation of the capital sourcing strategy must be governed by existing governance protocols within MEGA and those of related and interested parties.

4.3 Performance Monitoring, Evaluation and Reporting

The implementation of the capital sourcing strategy will be monitored continuously and panel members will be expected to prepare and present regular reports on key performance parameters of each priority project.

5. PROJECT DELIVERABLES

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
