The following are additional specifications that needs to be conformed to:

Please note, all items should be corrosion protected with a marine grade system

1.0 FENCE PANELS

- Panel formation: panel reinforced with 4x deep 'v' formation horizontal recessed bands (rigidity), 2 x 70° flanges along sides
- Internal fixtures - anti vandal, allowing for flush post and panel finish, line wire secure connection, locking recess mechanism
- Arrow - straight edges, integrated angle).
- **Coating: Poly , then Marine Fusion Bonded**
- All fixtures shall be on the inside of the fence to hinder tampering

2.0 CLAMPING OF PANELS

- System should use a mixture of Single and Double comb clamps provided with anti-vandal bolts.
- **Coating: Poly, then Marine Fusion Bonded**

3.0 POSTS

- Taper Locking Post sealed with steel cap / UV stabilized cap
- To include a locking recess mechanism for panel edge
