TENDER BULLETIN NO.1

Date: 19 March 2025

ENQUIRY NO: CTT26142
ENQUIRY: SERVICING AND CERTIFICATOIN OF LIFTING EQUIPMENT

Subject: Technical Queries

Question 1: Do you need us to provide test weights for the load testing or will Petro SA be supplying the test weights?

Answer: This is provided by PetroSA except for the load testing of the Pedestal cranes on the FA.

Question 2: Kindly advise SWL of pedestal cranes and quantity of the same on the FA, and whether or not water bags may be used?

Answer: there are two pedestal cranes offshore. Proof load is 35.2 Ton. Water bags used to proof load.

Question 3: Could you please indicate where the equipment is located - offshore/onshore?

Answer: Both; we have equipment onshore at the rigging workshop and offshore in rigging containers; should equipment be scrapped, it should be replaced as and when needed.

See revised CBA

Question 4: Please provide us with the document for, "Latest Petro SA code-Lifting, Rigging and Materials Handling Operations Procedures"

Answer: Refer to Osh Act and Mine health and Safety Regulations

Subject: Commercial

Question 1: On the CBA-Lifting Equipment, collum D12, formula, what is the 0.05? And the 0.06?

Answer: This was just a factor to allow the calculation to represent a 1-year contract value. The 0.06 on following lines, has the same function.

Please utilise revised CBA document (Commercial Bid Analysis) attached. Where items have been added or changed, this has been shown in red text.

Draft Acceptance Agreement updated accordingly (attached).
