1. Introduction and Background

The Housing Development Agency (HDA) is a national public development agency that promotes sustainable communities by making well-located land and buildings available for the development of human settlements.

The Housing Development Agency (HDA) is a national public development agency established by an Act of Parliament (Act 23 of 2008). The HDA promotes sustainable integrated communities by making well-located land and buildings available for the development of housing and human settlements. As an organ of state, the HDA is accountable through its board to the Minister of Human Settlements. Visit www.thehda.co.za for more information.

As its primary activity, the HDA assembles state, private and communal land and buildings and releases it for development. In addition the HDA provides project delivery support services to organs of state at local, provincial and national level.

As part of its legislative mandate, Section 7 of the Housing Development Agency Act, (Act No. 23 of 2008) requires the Agency to, amongst others, undertake any processes relating to approvals required for housing development, prepare necessary documentation for consideration and approval by the relevant authorities, monitor progress of the development of immovable property acquired for the purposes of creating sustainable human settlements.

The HDA has entered into a Medium Term Operational Plan (MTOP) with the North West Provincial Department of Human Settlements (NW DHS), amongst others, the responsibility is to provide planning and support for the implementation of informal settlements upgrading programme. as part of this support, HDA is making an undertaking to provide for a holistic view on the Upgrading Process of Informal Settlements.

2. Objectives of the Programme

Given the common phenomenon to developing countries undergoing a process of rapid urbanisation with limited resources to address the housing needs, which result in citizens who are in pursuit of better living conditions resorting to informal settlements.

As such, government has consequently identified and prioritised the Informal Settlement Upgrading Program. The program seeks to upgrade the living conditions of millions of poor people by providing secure tenure and access to basic services as well as housing.

Given the experience that access to basic services, secure tenure and a house provides a springboard to households to improve their social and economic circumstances. As such, in ensuring that fragile community survival networks are not compromised and empowered to take charge of their own settlements, the main deliverables of the Upgrading of Informal Settlements can summarily be presented as:

- Securing formal tenure: arrangements enabling persons rights to living in a dwelling
- Providing basic engineering services: designing and installation of upgradable and sustainable infrastructure that is affordable to informal settlements in ascertaining health and security of its beneficiaries

- Empowering communities, households and individuals in a sustainable manner

With the above considerations, it is therefore one the basic tenets of the program that beneficiary communities be involved throughout the project cycle.

The program therefore aims to bring about social cohesion, stability and security in integrated developments as well as create jobs and economic wellbeing for communities which have not previously had access to land; business services; formal housing as well as social and economic amenities.

As part of the program roll out, the following forms part and parcel of what HDA will be responsible while not exhaustive:

- Formulate and conclude an alignment matrix with National Department of Human Settlements
- Strengthen Institutional Arrangements with Organs of State
- Conclude Implementation Agreements with Organs of State
- Provide Upgrade of Informal Settlements Program service offerings to all Organs of State
- Provide Grant Business Planning support to all Organs of State:
 - National Upgrading Support Programme (NUSP)
 - Implementing Agent for Upgrading of Informal Settlements Program Grant (UISPG)
 - Spatial Data and Information Management
 - Program / Project delivery monitoring
 - Entity Program reporting,

As it is clearly outlined in the Housing Development Agency Act (Act No.23 of 2008), it is incumbent upon the HDA to assist organs of state with the upgrading of informal settlements.

The North West is geographically constituted as follows:

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Standard Bidding Document (SBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging)² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and/or services for purchasers who wish to acquire goods and/or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
- (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation);
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.
