Guideline to the Drafting of the Proposed Technical Methodology

The Tender must provide detailed proposals on how they intend achieving various stages of the project to ensure that all stages of the project are executed without any hindrances and challenges. While the Tenderer will not be restricted to following the sequences, it would be expected that all these stages will be covered on the approach methodology.

a) Project Scope Identification, Preliminary and Designed Designs

The Tenderer must provide a proposed approach methodology they intend following on the Project Scope Identification, Preliminary and Detailed Design Stages to ensure that quality work is achieved all the time. These include methods to be used to provide regular progress reports that may be required from time to time including monthly, quarterly and annual reports.

b) Documentation specifications compilation and Tender Advertisement, Evaluation and Adjudication

The Tenderer must provide a proposed approach methodology they intend following on the compilation of the project standard specifications, tender/contract document, and the conditions of contract they intend specifying. This should include reasons and motivation for the choice of the project specifications and conditions of contract. These include methods to be used to provide regular progress reports that may be required from time to time including monthly, quarterly and annual reports.

c) Contract Administration, Construction monitoring and Supervision

The Tenderer must provide a proposed approach methodology they intend following in administering contract, in undertaking the following:

- **Project Management;**
- **Contract Administration**
- **Construction monitoring and Supervision;**
- **Quality Control**

This should include reasons and motivation for the choice of the methodology to employed on the project and further include methods to be used to provide regular progress reports that may be required from time to time including monthly, quarterly and annual reports.

Technical adjudication and General Criteria

- Tenders will be adjudicated in terms of inter alia:
- Compliance with Tender conditions
- Technical specifications

If the Tenderer does not comply with the Tender Conditions, the Tenderer may be rejected. If technical specifications are not met, the Tender may also be rejected.

With regard to the above, certain actions or errors are unacceptable and warrants **REJECTION OF THE TENDER**, for example

- A copy of a letter from SARS indicating Tenderer's SARS reference or login number and pin must be attached to the Tender document.
- Pages to be completed, removed from the Tender document, and have therefore not been submitted.
- If tender document is not fully completed as required and as stipulated in the tender data.
- If any tender document is tampered with.
- Failure to complete the schedule of quantities as required – only lump sums provided.
