IMPORTANT INFORMATION

• **PLEASE READ CAREFULLY BEFORE COMPLETING DOCUMENT.**

1. Notice to all tenderers.
2. Standards applied in this document.

1. NOTICE TO ALL TENDERERS

This is an original document:

1. It may not be re-typed or altered in any way.
2. It must be completed in black ink (non-erasable) – in an eligible handwriting. Mistakes are to be corrected by drawing a line through it and writing the correct information above it. Tenderer to sign next to the correction. The use of erasing fluid or strips is not allowed.
3. It may not be taken apart.
4. It is not available in electronic format except PDF.
5. Bidders are required to attach returnable documents to the relative pages (where requested) and encouraged to use file fasteners and binding tape or any other similar method to ensure there are no loose pages. **Any other form of presentation (loose pages or separate documents) will not be accepted.**

2. STANDARDS APPLICABLE TO THIS DOCUMENT

NB: the results of this bid will be published on council's website as prescribed on section 75(1)(g) of the MFMA and section 23(c) of the SCM Regulations.

T1.2 TENDER DATA

The conditions of tender are the standard conditions of tender as contained in SANS 10845-3 Construction procurement, Part 3: Standard conditions of tender that apply specifically to this tender.

The Tender Data shall be read with the Standard Conditions of Tender in order to expand on the Tenderer's obligations and the Employer's undertakings in administering the tender process in respect of the project under construction.

The Tender Data hereafter shall have precedence in the interpretation of any ambiguity or inconsistency between it and the Standard Conditions of Tender.

Each item of data given below is cross-referenced to the clause in the standard conditions of tender to which it mainly applies.

Clause Number	Data
	<p>The conditions of tender are those contained in the latest edition of SANS 10845-3, Construction Procurement – Part 3: Standard conditions of tender.</p> <p>SANS 10845-3 makes several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the provisions of SANS 10845-3.</p> <p>Each item of data given below is cross-referenced to the clause in SANS 10845-3 to which it mainly applies.</p>

Category of tender	Upper limits per CIDB Table 8 Regulation 17										
CE 5	R10m										
CE 6	R20m										
CE 7	R60m										
CE 8	R200m										
	<p>b) Key Personnel</p> <p>In order to be considered for an appointment in terms of this tender, the tenderer must have in its permanent employment key personnel who will be the single point accountability and responsibility for the management of the construction works. Alternatively, a signed undertaking from an organization having the required personnel, stating that they will undertake the necessary work on behalf of the tenderer in terms of a sub-contractor agreement, will be acceptable. Such undertaking must be attached to Forms T of the Returnable Schedules.</p> <p>Individuals must be identified for each of the key personnel listed under Forms T. Where the key personnel are no longer available to undertake the necessary work after the award of the tender, the contractor shall within a period of 14 working days replace the key personnel listed in Forms T with personnel with equivalent competencies and subject to approval by the Employer. Such approval shall not be unreasonably withheld.</p> <p>The key person shall be a suitably qualified and experienced contracts manager who will be the single point accountability and responsibility for the management of the construction works, and who is registered with SACPCMP as Pr.CM or ECSA as Pr.Eng or Pr.Tech.Eng shall be required as a minimum.</p> <p>Where the Contracts Manager will not be employed on the Works full time, his powers will be delegated to the approved construction manager.</p> <p>Failure to comply with the requirements or to complete Form T may render the tender non- responsive.</p>										
4.6	<p>Bidders are encouraged to revisit the City's website regularly prior the closing date particularly on this project folder to ensure that all addenda/ erratum that may be issued are adhered to.</p> <p>Failure to apply instructions contained in addenda may render a tenderer's offer non-responsive in terms of Condition of Tender 5.8.</p>										

4.7	<p>The arrangements for the compulsory clarification meeting are as stated in the tender notice and invitation to tender.</p> <p>The onus rests with the tenderer to ensure that the person attending the clarification meeting on its behalf is appropriately qualified to understand all directives and clarifications given at that meeting.</p> <p>The clarification meeting shall start strictly at the time advertised. Only then will the Employer's Representative circulate the attendance register for completion by those present. During this time latecomers may complete the register. On completion by all present the Employer's Representative will:</p> <p>(a) read out from the collected lists calling for confirmation that all have signed;</p> <p>The signature on the attendance register and duly completed and signed Form A shall be considered proof that the tenderer attended the whole meeting and was available to hear all directives and clarifications given at the meeting.</p> <p>Tenderers must sign the attendance list in the name of the tendering entity. Addenda will be issued to and tenders will be received only from those tendering entities appearing on the attendance list. The City will not take responsibility for incorrect information provided by the bidder on the attendance register.</p>
4.8	Request clarifications at least 7 working days before the closing time.
4.10	Tenderers are required to state the rates and currencies in Rand.
	<p>An alternative tender offer will only be considered if a main tender offer, strictly in accordance with all the requirements of the tender documented is also submitted.</p> <p>If the tenderer wishes to submit an alternative tender offer, the only criteria permitted for such alternative tender offer is that it demonstrate the Employer's standards and requirements, the details of which may be obtained from the Employer's Agent.</p>
4.12	<p>Calculations, drawings and all other pertinent technical information and characteristics as well as modified or proposed Pricing Data must be submitted with the alternative tender offer to enable the Employer to evaluate the efficacy of the alternative and its principal elements, to take a view on the degree to which the alternative and to evaluate the acceptability of the pricing proposals. Calculations must be set out in a clear and logical sequence and must clearly reflect all design assumptions. Pricing Data must reflect all assumptions in the development of the pricing proposal.</p> <p>Acceptance of an alternative tender offer will mean acceptance in principle of the offer. It will be an obligation of the contract for the tenderer, in the event that the alternative is accepted, to accept full responsibility and liability that the alternative offer complies in all respects with the Employer's standards and requirements.</p> <p>The modified Tender Data must include an amount equal to 5% of the amount tendered for the alternative offer to cover the Employer's costs of confirming the acceptability of the detailed design before it is constructed.</p>
4.13.1	<p>Parts of each tender offer communicated on paper shall be submitted as an <u>original</u>, no copies are required.</p> <p>The signed print-out shall be taken as the valid submission.</p>
4.13 4.15	<p>The Employer's address for delivery of tender offers and identification details to be shown on each tender offer package are:</p> <p style="text-align: right;">T1.1-1</p> <p>Location of tender box: City of Mbombela</p> <p>Physical address: 1 Nel Street, Mbombela 1200</p> <p>Identification details: Tender BID NO: COM37/2025 UPGRADING OF PORTION OF ROAD D2296 - KARINO TO TEKWANE SOUTH - PHASE 1 : km 0,000 TO km 5,960</p> <p>Tenders can be submitted 24 hours a day from Monday to Friday at the Employer's address.</p> <p>It is in the tenderer's interest to ensure that the delivery of the tender offer is recorded in the Employer's tenders received register.</p>
4.13.4	The tenderer is required to submit all certificates as listed in the Schedule of Tender Compliance (Form U).

4.13.5	Place and seal the printed and completed tender document in an envelope clearly marked "TENDER" and bearing the Employer's name, the contract number and description, the tenderer's authorized representative's name, the tenderer's postal address and contact telephone numbers.
4.13.5	A two-envelope procedure will not be followed.
4.13.6	Telephonic, telegraphic, telex, facsimile or e-mailed tender offers will not be accepted.
4.15	The closing time for submission of tender offer is as stated in the Tender Notice and Invitation to Tender.
4.16.1	The tender offer validity period is 120 days.
4.16.2	Where a tenderer, at any time after the opening of his tender offer but prior to entering into a contract based on his tender offer: a) withdraws his tender; b) gives notice of his inability to execute the contract in terms of his tender; or c) fails to comply with a request made in terms of 4.17, 4.18 or 5.9, such tenderer shall be barred from tendering on any of the Employer's future tenders for a period to be determined by the Employer, but not less than six (6) months, from the date of tender closure. The Employer may fully or partly exempt a tenderer from the provisions of this condition if he is of the opinion that the circumstances justify the exemption.
4.18	Any additional information requested under this clause must be provided within 5 (five) working days of date of request.
4.20	The tenderer is required to submit with his tender a letter of intent from an approved insurer undertaking to provide the Performance Bond to the format included in Part C1.8 of this Procurement document.
5.1	The employer shall respond to clarifications received up to 7 working days before tender closing time.
5.2	The employer shall issue an addenda until 7 working days before tender closing time.
5.4	All bid responses must be submitted before the Bid Closing date and time as stipulated on the tender invitation.
5.7	In the event of disqualification, the Employer may, at its sole discretion, impose a specified period during which tender offers will not be accepted from the offending tenderer and report same to CIDB and National Treasury.

5.9	<p>Arithmetical errors, omissions, discrepancies and imbalanced unit rates</p> <p>Check responsive tenders for discrepancies between amounts in words and amounts in figures. Where there is a discrepancy between the amounts in figures and the amount in words, the amount appearing in the summary to the Pricing Schedule shall govern.</p> <p>Check responsive tender offers for:</p> <ul style="list-style-type: none"> a) the gross misplacement of the decimal point in any unit rate; b) omissions made in completing the pricing schedule or bills of quantities; or c) arithmetic errors in: <ul style="list-style-type: none"> i) line-item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or ii) the summation of the prices. d) imbalanced unit rates. <p>Notify shortlisted tenderers of all errors, omissions or imbalanced rates that are identified in their tender offers.</p> <p>Where the tenderer elects to confirm the errors, omissions or re-balancing of imbalanced rates the tender offer shall be corrected as follows:</p> <ul style="list-style-type: none"> a) If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the unit rate shall govern, and the line item total shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line-item total as quoted and the unit rate shall be corrected. b) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall be corrected. c) Where the unit rates are imbalanced adjust such rates by increasing or decreasing them and selected others while retaining the total of the prices derived after any other corrections made under (a) and (b) above. <p>Where there is an omission of a line item, no correction is possible, and the offer may be declared non-responsive.</p> <p>Declare as non-responsive and reject any offer from a tenderer who elects not to accept the corrections proposed and subject the tenderer to the sanction under 4.16.2.</p> <p>The tenderer is required to submit balanced unit rates for rate only items in the pricing schedule. The rates submitted for these items will be taken into account in the evaluation of tenders.</p>
-----	--

5.10	<p>List of disqualifying factors of this tender are as follows: A bid not complying with the requirements stated hereunder will be regarded as “Non Responsive”, and as such will be rejected/disqualified for further evaluation</p> <ul style="list-style-type: none"> • Submit company registration certificate. • Submit Tax Compliance Status issued by SARS. • Full CSD report NOT older than 30 days from the closing date, Summary report will NOT be considered. • Submit Joint venture agreement in case of JV. All parties are expected to attach their individual returnable documents except for consolidated B-BBEE certificate and combined CIDB grading. • Submit original certified identity document of business directors. • Authority for Signatory, duly signed and dated original or certified copy on the Company(s) Letterhead. This condition will not apply to companies owned by one director / member / sole • Submit copies of relevant Annual Financial Statements (last 3 Financial Years, consecutively). For JV, relevant Annual Financial Statements from all parties are required (in line with the Companies ACT) Failure to provide for all the service JV partners will results in disqualification. • Submit copy of an active CIDB contractor grading designation of 8CE or higher. For JV, a combined CIDB grading is required. • Tenderer must provide valid copy of current municipal rates and taxes statements from relevant local authority / proof of residential from tribal authority (if the business is operating or the directors are residing in rural areas) / lease agreement with the lessor's up-to-date municipal rates and taxes for both the company and for the active directors including JV/Consortium partners for both the business and all business directors. Prospective bidders should ensure that the physical address details of the company and directors reflected on the CSD is similar to the one reflected on the company registration certificate. The municipality reserves the right to verify both the municipal rates and taxes of the company details reflected on the CSD and company registration certificates. The municipality further reserves the right to use ID numbers of the directors to verify if any municipal rates and taxes are not owned by each director. It is prudent and remains the responsibilities of the prospective bidders to ensure that each director, lessor and company rates are cleared with regards to the municipal rates and taxes. A bid will be rejected if any municipal rates and taxes owed by the bidder or any of its directors to the municipality, or to any other municipality or municipal entity, are in arrears for more than three months. • Letter of good standing for COIDA. The letter of good standing must reflect the relevant nature of business as prescribed on the Compensation for Occupational Injuries and Diseases Act 130 of 1993. Must also be in line with the required CIDB Grading. • Proof of public liability Insurance / third party liability insurance for a minimum of R5 000 000.00. The letter must be issued by a registered insurance service provider. The letter should have the full contact details of the service provider and the underwriter. • Letter of Intent for Guarantee for 10% of the value of works from a registered Financial Service Provider (FSP). The letter should have the full contact details of the service provider and the FSP number. • Fully completed and signed where applicable in the Returnable Schedules. • Failure to apply instructions contained in addenda that may be issued. • Submissions from bidders who did not attend a compulsory briefing session will not be acceptable. • Prospective service providers may not make any alterations or additions to the Bid document, except to comply with instructions issued by the employer. The tender document must be furnished with non-erasable black ink and all corrections made by the service provider should be dated and signed by the authorized signatory. Erasures and the use of masking fluid, tippex, pencil or erasable ink are prohibited and failure to adhere to this condition will render your submission non responsive.
5.11	The procedure for the evaluation of responsive tenders is Method 2: Functionality, price and preferences._

	<p>Method 2 Functionality, price and preferences is scored as follows:</p> <p>a) Score each tender in respect of the financial offer made and preferences claimed, if any.</p> <p>b) Calculate the total number of tender evaluation points (TEV) in accordance with the following formula: $TEV = N_{FO} + N_P + N_Q$</p>												
5.11.5	<p>where: N_{FO} is the number of tender evaluation points awarded for the financial offer made in accordance with F.3.11.7;</p> <p>N_P is the number of tender evaluation points awarded for preferences claimed in accordance with F.3.11.8.</p> <p>N_Q is the number of tender evaluation points awarded for quality claimed in accordance with F.3.11.9.</p> <p>c) Rank tender offers from the highest number of tender evaluation points to the lowest.</p> <p>d) Recommend the tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so.</p> <p>e) Rescore and re-rank all tenderers should there be compelling and justifiable reasons not to recommend the tenderer with the highest number of tender evaluation points, and recommend the tenderer with the highest number of tender evaluation points, unless there are compelling and justifiable reasons not to do so and the process set out in this sub-clause is repeated.</p> <p>f) Compelling and justifiable reasons not to recommend a tenderer are inter alia tenderers who:</p> <ul style="list-style-type: none">do not meet the minimum requirements listed in Part T2.1, List of Returnable Documents and/orfailed to complete the tender document comprehensively with all the required information.												
5.11.7	<p>The financial offer will be scored using the following formula: $N_{FO} = W_1 \times A$</p> <p>Where:</p> <p>N_{FO} = the number of evaluation points awarded for the financial offer W_1 = the maximum possible number of bid evaluation points awarded for the financial offer and will be:</p> <p>(i) 90 where the financial value inclusive of VAT of all responsive tenders received have a value in excess of R 50,000,000; or</p> <p>(ii) 80 where the financial value inclusive of VAT of one or more responsive tender offers equals or is less than R 50,000,000.</p> <p>A = the number calculated using Formula 2 (Option 1) Table</p> <p>1: Formulae for calculating the value of A_a</p> <table><tr><th>Formula</th><th>Comparison aimed at achieving</th><th>Option 1^a</th><th>Option 2^a</th></tr><tr><td>1</td><td>Highest price or discount</td><td>$A = (1 + \frac{(P - P_m)}{P_m})$</td><td>$A = P / P_m$</td></tr><tr><td>2</td><td>Lowest price or percentage commission /fee '</td><td>$A = (1 - \frac{(P - P_m)}{P_m})$</td><td>$A = P_m / P$</td></tr></table> <p>^a P_m is the comparative offer of the most favorable comparative offer. P is the comparative offer of the tender offer under consideration.</p>	Formula	Comparison aimed at achieving	Option 1 ^a	Option 2 ^a	1	Highest price or discount	$A = (1 + \frac{(P - P_m)}{P_m})$	$A = P / P_m$	2	Lowest price or percentage commission /fee '	$A = (1 - \frac{(P - P_m)}{P_m})$	$A = P_m / P$
Formula	Comparison aimed at achieving	Option 1 ^a	Option 2 ^a										
1	Highest price or discount	$A = (1 + \frac{(P - P_m)}{P_m})$	$A = P / P_m$										
2	Lowest price or percentage commission /fee '	$A = (1 - \frac{(P - P_m)}{P_m})$	$A = P_m / P$										

5.11.8	Scoring preferences.		
	Up to 100 minus W ₁ tender evaluation points will be awarded to tenderers who submit responsive tenders and who are found to be eligible for the preference claimed. Points are based on a tenderer's scorecard measured in terms of the Regulations (2022) to the Preferential Procurement Policy Framework Act (PPPFA, Act 5 of 2000).		
	Points awarded will be according to a tenderer's specific goals summarised in the table below:		
	Item No.	The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system)
	1.	100% Black owned enterprises within the definition of the HDI	1
	2.	At least 30% women owned enterprises	1
	3.	At least 30% youth owned enterprises	1
	4.	At least 30% enterprises people living with disabilities	1
	5.	Enterprises regarded as EMEs located within the City of Mbombela	1
	6.	Enterprise who will sub-contract minimum of 30% of the contract value to EME's in the ward or local communities where the services to be rendered of works to be undertaken (Bidders shall list sub-contracting works or items)	1
	7.	Corporate Social Investment (CSI) Plan. (see notes below)	3
	8.	B-BBEE level 1 contribution (SANAS verified B-BBEE certificate for generic enterprise, and for EME and SME a sworn affidavit or CIPC issued certificate confirming annual turnover and level of Black Ownership	1
	Total		10
Eligibility for preference points will be determined as follows:			
<input type="checkbox"/> Compliance with any other information requested to be attached to Returnable Schedule Form D.			

5.11.9

Description of quality criteria	Maximum number of points
Plant and equipment	15
Key Personnel	25
Company Experience	50
Financial References	10
Total evaluation points for quality (Ms)	100

Tender offers will only be considered responsive if the minimum quality requirement of **70 points** is achieved.

Tenderers are required to demonstrate their ability to undertake the work and provide proof of previous experience, expertise and availability of plant and equipment to undertake a project of this nature. Tenderers are therefore required to meet a minimum Quality Score of 70% (70 points out of 100) based on the criteria listed below. A score of less than 70 out of 100 points for Quality will render the tender non-responsive. The onus rests with the Tenderer to supply sufficient information to allow for evaluation and award of points detailed below. If insufficient information is provided, zero points will be awarded for that particular item.

Note that Quality points are only used to determine responsiveness and will not be used further in the evaluation.

i). Plant and Equipment **(Maximum 15 points)**

Details of owned and hired plant and equipment are to be entered in Form R of the Returnable Schedules.

ii). Key Personnel **(Maximum 25 points)**

Details of key personnel and their experience and qualifications are to be entered in Form T of the Returnable Schedules.

iii). Company Experience **(Maximum 50 points)**

Details of paved surface roads related projects & supporting information in terms of the points to be claimed in terms of quality, must be entered in Form Q in the Returnable Schedule.

iv). Financial References **(Maximum 10 points)**

Details of financial references are to be entered in Form S of the Returnable Schedules.

5.13	<p>In addition to the requirements of the Condition of Tender, offers will only be accepted if:</p> <ul style="list-style-type: none"> the tenderer is registered on the Central Supplier Database (CSD) for the South African government (see https://secure.csd.gov.za/). CSD is compulsory for any company to bid. The full report should be submitted, not the summary. the tenderer is in good standing with SARS according to the Central Supplier Database. the tenderer submits an Original letter of intent from an approved insurer undertaking to provide the Performance Bond to the format included in Form S of this procurement document. the tenderer is registered with the Construction Industry Development Board in an appropriate contractor grading designation. the tenderer or any of its directors/shareholders is not listed on the Register of Tender Defaulters in terms of the Prevention and Combating of Corrupt Activities Act of 2004 as a person prohibited from doing business with the public sector; the tenderer has not: <ul style="list-style-type: none"> i) abused the Employer's Supply Chain Management System; or ii) failed to perform on any previous contract and has been given a written notice to this effect; the tenderer has completed the Compulsory Declaration and there are no conflicts of interest which may impact on the tenderer's ability to perform the contract in the best interests of the employer or potentially compromise the tender process; the tenderer is registered and in good standing with the compensation fund or with a licensed compensation insurer; the employer is reasonably satisfied that the tenderer has in terms of the Construction Regulations, 2003, issued in terms of the Occupational Health and Safety Act, 1993, the necessary competencies and resources to carry out the work safely. No Tippex has been used on the bid document. The tenderer has not used an erasable pen and completed the bid document with a pencil.
5.17	The number of paper copies of the signed contract to be provided by the employer is One.
5.19	All requests shall be in writing.

BID NO: COM37/2025 UPGRADING OF PORTION OF ROAD D2296 PHASE 1: km 0,000 TO km 5,960

BID NO: COM37/2025 UPGRADING OF PORTION OF ROAD D2296 PHASE 1: km 0,000 TO km 5,960

CHECKLIST FOR RETURNABLE DOCUMENTS STIPULATED UNDER SPECIAL CONDITIONS OF TENDER DOCUMENTS AS MANDATORY REQUIREMENTS. THIS DOCUMENT SHALL BE APPLICABLE TO ALL TENDER DOCUMENTS OF THE CITY.

Preamble

The objective of this checklist is aimed at ensuring that interpretation and application of the special conditions and other mandatory requirements at Bid Evaluation Committee (BEC) & Bid Adjudication Committee (BAC) are aligned as envisaged by the Bid Specification Committee (BSC). This will enhance consistency and uniformity in the entire bid committee system whilst promoting “user friendly” principles by simplifying tender requirements to all interested prospective bidders.

ITEM NO:	DESCRIPTION / RETURNABLE DOCUMENTS	NOTES	FOR OFFICE USE ONLY	
			CHECKLIST	YES or NO or N/A
1.	Company Registration Certificate	a) It's a certificate issued by the Companies and Intellectual Property Commission in line with section 14 of the Companies Act 78 of 2008 b) A Certificate issued by CIPRO in line with section 2 of the Close Corporation Act 69 of 1984 NB: The registration of Close Corporations (CCs) was replaced by introduction of the New Companies Act which came to effect in April 2011. 3.	<p>Certification of documents to be submitted together with the tender document.</p> <p>I.e. ID Copies of business owners, qualifications, Licenses and certificates, accreditation by professional bodies, proof of ownership document, appointment letters, completion certificates, etc.</p>	<p>a) The certification of documents must be done by a commissioner of oath as prescribed in the Justices of the Peace and Commissioners of Oaths Act 16 of 1963 and its Regulations.</p> <p>b) Acceptable certified copies are copies originally certified from any police station, post office, Lawyers or <u>notary public</u> (who are members of a recognised professional body), Actuaries or accountants (who are members of a recognised professional body), Members of the judiciary, Directors, managers or company secretaries of a banks or regulated financial services business.</p> <p>c) <i>Commissioner of Oaths stamps can be purchased at Stationary shops, but it can be custom made following the below example:</i></p> <div data-bbox="734 746 1485 1042" style="border: 1px solid black; padding: 5px;"> <p>CERTIFIED TRUE COPY OF THE ORIGINAL DOCUMENT. THERE ARE NO INDICATIONS THAT THE ORIGINAL DOCUMENT HAS BEEN ALTERED BY UNAUTHORISED PERSONS.</p> <p>Designation (rank)ex officio: RSA</p> <p>Date: Place</p> <p>Business Address:</p> <p>.....</p> <p>.....</p> <p>Commissioner of Oaths</p> <p>.....</p> <p>Signature Full Names</p> </div> <p>NB: All certified copies must NOT exceed three months and be originally certified.</p>	<p>Has the bidder certified all documents to be certified as per special conditions of bid?</p> <p>Check validity on the date, check if the commissioner of oaths stamp is compliant as per example copied from the Regulations.</p>	YES
4.	<p>Central Supplier Database (CSD) Full report, (Summary report will NOT be acceptable).</p> <p>N/B CSD Report date should not be more than 30 days before Bid closing date.</p>	<p>a) The City requires that all prospective bidders should be registered on CSD. This is aimed at verification of email addresses, phone numbers, banking details, company registration numbers, tax status with SARS, state employees, etc.</p>	<p>Has the bidder attached a full CSD report, are tax matters in good order, are the directors not in the employment of any state and the CSD report is not older than 30 days from the closing date?</p>	YES

BID NO: COM37/2025 UPGRADING OF PORTION OF ROAD D2296 PHASE 1: km 0,000 TO km 5,960

5.	Tax Compliant Status (TCS)	a) Prospective bidders are required to attach a valid TCS together with the tender document.	<p>Has the bidder attached a valid (not expired) TCS?</p> <p>The designated official should verify the bidder's tax compliance status prior to finalization of the award of a bid or prize quotation. Where the recommended bidder is not tax compliant, the bidders should be notified of their non-compliant status and the bidder must be requested to submit to the City within 7 working days, written proof from SARS of their tax compliance status or proof from SARS that they have made arrangements to meet their outstanding tax obligations. The proof of tax compliance status submitted by the bidder to the City must be verified via the CSD report or e-Filing. The City should reject a bid submitted by the bidder if such a bidder fails to provide proof of tax</p>	YES
----	----------------------------	--	---	-----

			compliance status within the timeframe stated above (See MFMA Circular No: 90).	
6.	Certified copy of B-BBEE Certificate / affidavit for B-BBEE status level of contributor (to claim points only).	<p>a) EMEs in terms of the B-BBEE Act 53 of 2002 JUNE submit a sworn affidavit confirming annual total revenue and level of black ownership or Certified Copy of B-BBEE Certificate.</p> <p>b) Bidders other than EMEs and QSEs MUST submit their certified copies of valid B-BBEE status level verification certificate, substantiating their B-BBEE rating issued by a registered auditor approved by IRBA or a verification agency accredited by SANAS.</p> <p>c) A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate bid.</p> <p>NB: There is NO consolidated affidavit for B-BBEE status level of contributor. Only consolidated B-BBEE certificate will be considered for JVs / Consortium & large companies that are making an annual turnover in excess of R50 million including value added tax (VAT). <i>This is not a disqualifying factor, non-adherence will lead to no allocation of B-BBEE points.</i></p>	<p>Is the copy B-BBEE Certificate valid?</p> <p>Is the sworn affidavit for EME / QSE in line with the threshold for EME and EME and valid?</p> <p>If the tendering entity is a JV / Consortium / Large company, has the bidder attached a certified copy of a valid and consolidated B-BBEE certificate in order to claim points as prescribed by the MSCM Regulations?</p> <p>Is the copy of B-BEE certificate certified by the Commissioner of Oaths reflects as prescribe on the regulations of the Act?</p> <p>Is the affidavit for B-BBEE stamped and signed by commissioner of oaths?</p> <p>I.e. full names and signature, force/practice number, designation / rank, date and address.</p>	YES

BID NO: COM37/2025 UPGRADING OF PORTION OF ROAD D2296 PHASE 1: km 0,000 TO km 5,960

			Is the certification date not older than 3 months and original ink is clear on the document to confirm if it is originally certified?	
7.	Formal agreement must be attached in case of a joint venture (JV) or consortium.	a) The JV/consortium must amongst others, reflect clear profit and loses sharing percentages. It is compulsory that the lead partner must have at least 51% majority shares in the JV/consortium.	If the tendering entity / bidder is a JV/Consortium, has the bidder attached a detailed JV/Consortium agreement with all critical information?	YES
8.	In bids where Consortia / Joint Ventures / Sub-contractors are involved, each party must submit separate required returnable documents.	a) This will not be applicable to functionality and B-BBEE requirements.	If the tendering entity / bidder is a JV/Consortium, have the parties involved attached all individual required documents as per special condition of bid?	YES
9.	<p>Latest municipal rates and taxes certificates from relevant local authority for the business and all business directors</p> <p>OR</p> <p>Proof of resident from tribal authority for the business and all business directors</p> <p>OR</p> <p>Lease agreement with the Lessor's latest municipal rates and taxes certificates from relevant local authority.</p> <p>NB: All accounts owing any</p>	<p>a) If the business is operated and its director(s) are residing within a municipal area, bidders are expected to attach latest municipal rate and taxes certificates for the business and ALL its directors.</p> <p>b) If the business is operated and its director(s) are residing within a tribal authority. Bidders are expected to attach proof of resident for the business and ALL its directors.</p> <p>c) If the business directors are leasing a facility for residential purposes, they are required to attach individual lease agreement with lessor's latest municipal rates and taxes for a facility is within a Municipal boundary and if the business is renting office / business facility, the bidders are required to</p>	<p>Has the bidder attached latest municipal rates and taxes from relevant local authority for the company / business and all company directors / owners?</p> <p>In case of lease, has the bidders attached lease agreements and lessor's proof of res from a tribal authority or latest municipal rates and taxes certificate?</p>	YES

BID NO: COM37/2025 UPGRADING OF PORTION OF ROAD D2296 PHASE 1: km 0,000 TO km 5,960

	<p>municipality for more than 90 days will be disqualified as prescribed on the MSCM Regulations.</p>	<p>attach lease agreement for the business with lessor's latest municipal rates and taxes for a facility within a municipal boundary. If the facility leased is in a rural area, lease agreement will be accompanied with the lessor's proof of residential from a tribal authority.</p> <p>NB: <i>Domicilium citandi at executandi</i>: Domicilium citandi et executandi is a Latin legal term meaning the address nominated by a bidder in a legal contract where legal notices may be sent.</p> <p>Bidders are encouraged to update their addresses when they relocate their businesses and the preferred address on the CSD should be in line with the address on the Company Registration Document. It is the responsibility of the bidder to ensure that all physical addresses reflected either on the company registration document and CSD are not owing any municipal rates and taxes for more than three months including the Lessor's municipal account in case of lease. The rationale behind this requirement is the enhance revenue in RSA municipalities as enshrined on the Municipal Systems Act 32, 2000. Failure to attach is an immediate disqualification but failure to align addresses will not be a disqualifying factor, however all addresses reflected on the both the CSD and company registration document will be subjected to this requirement.</p>	<p>Is the account not in areas for more than 90 days (3 months)?</p>		
10.	<p><u>Forging of documents/certificates</u></p> <p>The City has noted that prospective bidders are allegedly submitting fraudulent and forged documents when bidding for tenders. Bidders are advised not to commit fraudulent activities and forge documents. The City will ensure that this Act is adhered to by reporting all abusers of the SCM system to SAPS</p>	<p>Section 34(1)(b) of the Prevention and Combating of Corrupt Activities Act 12 of 2004, stipulates that: <i>"any person who holds a position of authority and who knows or ought reasonably to have known or suspected that any other person has committed the offence of theft, fraud, extortion, forgery or uttering a forged document involving an amount of R100 000 or more, must report such knowledge or suspicion or cause such knowledge or suspicion to be reported to any police official"</i>.</p> <p>Section 34(2) of the same Act stipulates that: <i>"subject to</i></p>	<p>Are there any suspicious / alleged fraudulent or forged documents? If yes, has the matter been reported to the nearest SAPS following correct institutional protocol? Has the matter been registered with the</p>	YES	

	and enlist them on the Register of Tender Defaulters as prescribed on section 29 of the Prevention and Combating of Corrupt Activities Act 12 of 2004. Abusers of the SCM system, amongst other penalties, may be restricted to do business with any Public Institutions for a period NOT exceeding 10 years (see section 28 of this Act).	<i>the provision of section 37(2), any person who fails to comply with subsection (1), is guilty of an offence”.</i>	Registrar to enable due processes and per the Act? NB: The minutes of the BEC / BAC should detail all the elements of alleged fraud and forged documents.	
11.	Copy of Public Liability insurance. Only insurance covers from registered and authorized financial service providers will be accepted.	a) Public liability insurance may vary from one project to another on the basis of the level of risk and complexity of the project. Minimum cover to be determined by the BSC prior consultation with the project manager if deemed necessary.	If applicable, is the bidder compliant with the minimum cover stipulated in the bid document? Is the public liability insurance from a registered financial institution?	YES
12.	Recent audited / independently reviewed financial statements for three consecutive years. NB: if a company provides any financial statements in terms of section 29 of the Companies Act, such statements must comply with the provision of the Act.	a) Applicable to private companies that are not managed by its owners, if: <ul style="list-style-type: none"> - It compiles its financial statement internally and its public interest score is less than 100. - It has its financial statements compiled independently and its public interest score is between 100 and 349. - the public interest score is 350 points or more, is required for an audit to be conducted. 	Has the bidder furnished MBD 5 as mandatory for all projects estimated to be in excess of R10 million? Has the bidder attached the relevant AFS as required by law and is it aligned with his/her declaration on MBD 5? False / mismatched / inconsistent declaration may lead to immediate disqualification.	YES
13.	Recent annual financial statement (AFS) for three consecutive years	a) Applicable to private companies with a public interest score of less than 100.	Has the bidders furnished MBD 5 as	YES

	(unaudited AFS). NB: if a company provides any financial statements in terms of section 29 of the Companies Act, such statements must comply with the provision of the Act.	b) If, with respect to a particular company, every person who is a holder of, or has a beneficial interest in, any securities issued by that company is also a director of the company, that company is exempt from the requirements in this section to have its annual financial statements audited or independently reviewed. NB: An independent review will suffice if the company has opted to have its financial statement audited or is required by its Memorandum of Incorporation (MOI) to do so.	mandatory? Has the bidder attached the relevant AFS as required by law in line with his/her declaration on MBD 5?	
14.	Functionality / Quality for evaluation of complex projects	a) Functionality test refers to evaluation of bidders on various aspects of the contract to establish if the bidders has the capabilities to execute the contract or not. The various aspect may include but not limited to: track record and experience on similar projects, human resource and their individual experience, financial capabilities, relevant technology, etc. NB: Functionality will not be compulsory for all projects but for complex projects. Functionality criteria will vary from one project to another.	Has the bidder met the minimum threshold on functionality in order to qualify for further evaluation on price and B-BBEE? Has the bidders been scored in line with the evaluation criteria set on the tender document? All portfolio of evidence attached and certified as stated on the bid document?	YES
15.	The Compensation for Occupation Injuries and Diseases Act 130 of 1993 (COIDA)	a) The COIDA provides for compensation for disablement caused by occupational injuries or diseases sustained or contracted by employees in the course of their employment, or for death resulting from such injuries or diseases, hence bidders are expected to attach COIDA certificates in line with their specialize area aligned to the type/nature of business.	If applicable, is the COIDA certification / letter of good standing attached, valid and reflects the nature of work in line with the scope of works?	YES

PART T2 RETURNABLE DOCUMENTS

PART T2: RETURNABLE DOCUMENTS

1. Failure to fully complete the **compulsory** returnable documents shall render such a tender offer unresponsive.
2. Tenderers shall note that their signatures appended to each returnable form **represents a declaration that they vouch for the accuracy and correctness of the information provided**, including the information provided by candidates proposed for the specified key positions.
3. Notwithstanding any check or audit conducted by or on behalf of the Employer, the information provided in the returnable documents is accepted in good faith and as justification for entering into a contract with a tenderer. **If subsequently any information is found to be incorrect such discovery shall be taken as willful misrepresentation by that tenderer to induce the contract.** In such event the Employer has the discretionary right under contract condition 9.2 to terminate the contract.

The Tenderer must complete the following returnable Schedules:

- **Returnable Schedules required for Tender evaluation purposes**

COMPULSORY TENDER DOCUMENTS	
FORM A	CERTIFICATE OF ATTENDANCE AT CLARIFICATION MEETING
FORM B	RECORD OF ADDENDA TO TENDER DOCUMENTS
FORM C	PROPOSED AMENDMENTS, QUALIFICATIONS AND ALTERNATIVES

FORM C: PROPOSED AMENDMENTS, QUALIFICATIONS AND ALTERNATIVES (SIPDM)

The Tenderer should record any deviations or qualifications he may wish to make to the tender documents in this Returnable Schedule. Alternatively, a tenderer may state such deviations and qualifications in a covering letter to his tender and reference such letter in this schedule.

The Tenderer's attention is drawn to clause 5.8 of SANS 10845-3 regarding the employer's handling of material deviations and qualifications.

(a) AMENDMENTS

Page, Clause or Item No	Proposed Amendment

Note: (1) Amendments to the General and Special Conditions of Contract are not acceptable.

(2) The Tenderer must give full details of all the financial implications of the amendments and qualifications in a covering letter attached to his tender.

(This is not an invitation for alternatives but should the Tenderer desire to make any departures for the provisions of this contract he shall set out his proposals clearly hereunder.

(b) ALTERNATIVES

Proposed Alternative	Description of Alternative

Note: (1) Individual alternative items that do not justify an alternative tender, and an alternative offer for time for completion should be listed here.

- (2) In the case of a major alternative to any part of the work, a separate Bill of Quantities, programme, etc. and a detailed statement setting out the salient features of the proposed alternatives must accompany the tender.*
- (3) Alternative tenders involving technical modifications to the design of the works and methods of construction shall be treated separately from the main tender offer.*

FORM D: PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 To be completed by the organ of state

a) The applicable preference point system for this tender is the 90/10 preference point system.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	90
SPECIFIC GOALS	10
Total points for Price and SPECIFIC GOALS	100

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES**3.1. POINTS AWARDED FOR PRICE****3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS**

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\ \\ \mathbf{Ps = 80 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right)} & \mathbf{or} & \mathbf{Ps = 90 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right)} \end{array}$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT**3.2.1. POINTS AWARDED FOR PRICE**

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\ \\ \mathbf{Ps = 80 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right)} & \mathbf{or} & \mathbf{Ps = 90 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right)} \end{array}$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

(a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or

(b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.)

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

Item no.	The specific goals allocated points in terms of this tender	Number of points allocated (90/10 system)	Number of points claimed (90/10 system) (To be completed by the tenderer)
1.	100% Black owned enterprises within the definition of the HDI	1	
2.	At least 30% women owned enterprises	1	
3.	At least 30% youth owned enterprises	1	
4.	At least 30% enterprises people living with disabilities	1	
5.	Enterprises regarded as EMEs located within the City of Mbombela	1	
6	Enterprise who will sub-contract minimum of 30% of the contract value to EME's in the ward or local communities where the services to be rendered of works to be undertaken (Bidders shall list sub-contracting works or items)	1	
7	Corporate Social Investment (CSI) Plan. (see notes below)	3	
8	B-BBEE level 1 contribution (SANAS verified B-BBEE certificate for generic enterprise, and for EME and SME a sworn affidavit or CIPC issued certificate confirming annual turnover and level of Black Ownership)	1	

The City will utilise the CSD report for the above-mentioned information

Corporate Social Investment (CSI)

NB: The minimum total value of the CSI should not be less than 2% of the total project value excluding vat and contingencies. The CSI project should be delivered concurrently with the project. The final product should be delivered prior to the issuing of completion certificate. The nature of the CSI project must benefit the community at large. (1 page, Arial font size 12) Prospective bidders will be expected to provide the City with a written explanation on how to implement the Corporate Service Investment on that particular ward, community or region. The investment must benefit the community at large. In order to claim points, a detailed one page report must be included in the list of returnable documents. The corporate social investment initiatives must be implemented by the company/successful bidder. The final details of the CSI project will be finalized prior to the signing of the contract in consultations with relevant stakeholders.

DECLARATION WITH REGARD TO COMPANY/FIRM

4.3. Name of company/firm.....

4.4. Company registration number:

4.5. TYPE OF COMPANY/ FIRM

- ☐ Partnership/Joint Venture / Consortium
- ☐ One-person business/sole propriety
- ☐ Close corporation
- ☐ Public Company
- ☐ Personal Liability Company
- ☐ (Pty) Limited
- ☐ Non-Profit Company
- ☐ State Owned Company

[TICK APPLICABLE BOX]

4.6. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:

- i) The information furnished is true and correct;
- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
- iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
- iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have
 - (a) disqualify the person from the tendering process;
 - (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
 - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
 - (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and
 - (e) forward the matter for criminal prosecution, if deemed necessary

4 Declaration

The tenderer declares that

- a) the tendering entity is a level contributor as stated in the submitted evidence of qualification as at the closing date for submissions
- b) the tendering entity has been measured in terms of the following code (tick applicable box)
 - ☐ Generic code of good practice
 - ☐ Other – specify
- c) the contents of the declarations made in terms of a) and b) above are within my personal knowledge and are to the best of my belief both true and correct

The undersigned, who warrants that he / she is duly authorized to do so on behalf of the tenderer, confirms that he / she understands the conditions under which such preferences are granted and confirms that the tenderer satisfies the conditions pertaining to the granting of tender preferences.

FORM E: COMPULSORY DECLARATION (SIPDM)

The following particulars must be furnished. In the case of a joint venture, separate declaration in respect of each partner must be completed and submitted.

Section 1: Enterprise Details**Name of Enterprise**

Name of enterprise:	
Contact person:	
Email:	
Telephone:	
Cell no	
Fax:	
Physical address	
Postal address	

Section 2: Particulars of companies and close corporations Company / Close Corporation registration number.

--	--

Section 3: SARS Information

Tax reference number	
VAT registration number	<i>State Not registered if Not Registered for VAT</i>

Section 5: National Treasury Central Supplier Database

Supplier number	
Unique registration reference number	

Section 6: Particulars of principals

principal: means a natural person who is a partner in a partnership, a sole proprietor, a director of a company established in terms of the Companies Act of 2008 (Act No. 71 of 2008) or a member of a close corporation registered in terms of the Close Corporation Act, 1984, (Act No. 69 of 1984).

Full name of principal	Identity number	Personal tax reference number

*insert separate page if necessary

Section 7: Record in the service of the state

Indicate by marking the relevant boxes with a cross, if any principal is currently or has been within the last 12 months in the service of any of the following:

- | | | | |
|--|--------------------------|---|--------------------------|
| a) a member of any municipal council | <input type="checkbox"/> | an employee of any department, national or provincial public entity or constitutional institution within the meaning of the Public Finance Management Act of 1999 (Act No. 1 of 1999) | <input type="checkbox"/> |
| b) a member of any provincial legislature | <input type="checkbox"/> | member of an accounting authority of any national or provincial public entity | <input type="checkbox"/> |
| c) a member of the National Assembly or the National Council of Province | <input type="checkbox"/> | | |
| 1. a member of the board of directors of any municipal entity | <input type="checkbox"/> | | |
| 2. an official of any municipality or municipal entity | <input type="checkbox"/> | an employee of Parliament or an employee of Parliament or a provincial legislature | <input type="checkbox"/> |

If any of the above boxes are marked, disclose the following:

Name of principal	Name of institution, public office, board or organ of state and position held	Status of service (tick appropriate column)	
		Current	Within last 12 months

*insert separate page if necessary

Section 8: Record of family member in the service of the state

family member: a person's spouse, whether in a marriage or in a customary union according to indigenous law, domestic partner in a civil union, or child, parent, brother, sister, whether such a relationship results from birth, marriage or adoption.

Indicate by marking the relevant boxes with a cross, if any family member of a principal as defined in section 5 is currently or has been within the last 12 months been in the service of any of the following:

- | | | | |
|--|--------------------------|---|--------------------------|
| d) a member of any municipal council | <input type="checkbox"/> | an employee of any department, national or provincial public entity or constitutional institution within the meaning of the Public Finance Management Act of 1999 (Act No. 1 of 1999) | <input type="checkbox"/> |
| e) a member of any provincial legislature | <input type="checkbox"/> | member of an accounting authority of any national or provincial public entity | <input type="checkbox"/> |
| f) a member of the National Assembly or the National Council of Province | <input type="checkbox"/> | | |
| 3. a member of the board of directors of any municipal entity | <input type="checkbox"/> | | |
| 4. an official of any municipality or municipal entity | <input type="checkbox"/> | an employee of Parliament or an employee of Parliament or a provincial legislature | <input type="checkbox"/> |

If any of the above boxes are marked, disclose the following:

Name of principal	Name of institution, public office, board or organ of state and position held	Status of service (tick appropriate column)	
		Current	Within last 12 months

*insert separate page if necessary

Section 9: Record of termination of previous contracts with an organ of state

Was any contract between the tendering entity including any of its joint venture partners terminated during the past 5 years for reasons other than the employer no longer requiring such works or the employer failing to make payment in terms of the contract.

☐ Yes ☐ No (Tick appropriate box)

If yes, provide particulars (insert separate page if necessary)

Section 10: Declaration

The undersigned, who warrants that he / she is duly authorized to do so on behalf of the tendering entity confirms that the contents of this Declaration are within my personal knowledge, and save where stated otherwise in an attachment hereto, are to the best of my belief both true and correct, and:

neither the name of the tendering entity or any of its principals appears on:

a) the Register of Tender Defaulters established in terms of the Prevention and Combating of Corrupt Activities Act of 2004 (Act No. 12 of 2004).

National Treasury's Database of Restricted Suppliers (see www.treasury.gov.za)

ii) neither the tendering entity or any of its principals has within the last five years been convicted of fraud or corruption by a court of law (including a court outside of the Republic of South Africa);

iii) any principal who is presently employed by the state has the necessary permission to undertake remunerative work outside such employment (attach permission to this declaration);

iv) the tendering entity is not associated, linked or involved with any other tendering entities submitting tender offers

v) has not engaged in any prohibited restrictive horizontal practices including consultation, communication, agreement, or arrangement with any competing or potential tendering entity regarding prices, geographical areas in which goods and services will be rendered, approaches to determining prices or pricing parameters, intentions to submit a tender or not, the content of the submission (specification, timing, conditions of contract etc.) or intention to not win a tender;

vi) has no other relationship with any of the tenderers or those responsible for compiling the scope of work that could cause or be interpreted as a conflict of interest;

vii) neither the tenderer or any of its principals owes municipal rates and taxes or municipal service charges to any municipality or a municipal entity and are not in arrears for more than 3 months;

SARS may, on an on-going basis during the term of the contract, disclose the tenderer's tax compliance status to the Employer and when called upon to do so, obtain the written consent of any subcontractors who are subcontracted to execute a portion of the contract that is entered into in excess of the threshold prescribed by the National Treasury, for SARS to do likewise.

Signed: _____

Date: _____

Name: _____

Position: _____

NOTE 1 The Standard Conditions of Tender contained in SANS 10845-3 prohibits anticompetitive practices (clause 3.1) and requires that tenderers avoid conflicts of interest, only submit a tender offer if the tenderer or any of his principals is not under any restriction to do business with employer (4.1.1) and submit only one tender either as a single tendering entity or as a member in a joint venture (clause 4.13.1). Clause 5.7 also empowers the Employer to disqualify any tenderer who engages in fraudulent and corrupt practice. Clause 3.1 also requires tenderers to comply with all legal obligations.

NOTE 2: Section 30(1) of the Public Service Act, 1994, prohibits an employee (person who is employed in posts on the establishment of departments) from performing or engaging remunerative work outside his or her employment in the relevant department, except with the written permission of the executive authority of the department. When in operation, Section 8(2) of the Public Administration Management Act, 2014, will prohibit an employee of the public administration (i.e. organs of state and all national departments, national government components listed in Part A of Schedule 3 to the Public Service Act, provincial departments including the office of the premier listed in Schedule 1 of the Public Service Act and provincial departments listed in schedule 2 of the Public Service Act, and provincial government components listed in Part B of schedule 3 of the Public Service Act) or persons contracted to executive authorities in accordance with the provisions of section 12A of the Public Service Act of 1994 or persons performing similar functions in organs of state from conducting business with the State or to be a director of a public or private company conducting business with the State. The offence for doing so is a fine or imprisonment for a period not exceeding 5 years or both. It is also a serious misconduct which may result in the termination of employment by the employer.

NOTE 3: Regulation 44 of Supply Chain Management regulations issued in terms of the Municipal Finance Management Act of 2003 requires that organs of state and municipal entities not award a contract to a person who is the service of the state, a director, manager or principal shareholder in the service of the state or who has been in the service of the state in the previous twelve months.

NOTE: 4: Regulation 45 of Supply Chain Management regulations requires a municipality or municipal entity to disclose in the notes to the annual statements particulars of any award made to a close family member in the service of the state.

NOTE: 5 Corrupt activities which give rise to an offence in terms of the Prevention and Combating of Corrupt Activities Act of 2004) include improperly influencing in any way the procurement of any contract, the fixing of the price, consideration or other moneys stipulated or otherwise provided for in any contract and the manipulating by any means of the award of a tender.

NOTE: 6 Section 4 of the Competition Act of 1998 prohibits restrictive horizontal practice including agreements between parties in a horizontal relationship which have the effect of substantially preventing or lessening competition, directly or indirectly fixing prices or dividing markets or constitute collusive tendering. Section 5 also prohibits restrictive vertical practices. Any restrictive practices that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties.

FORM G: CERTIFICATE OF INDEPENDENT TENDER (MBD 9)
--

Notes to tenderer:

- a) This certificate conforms to Treasury Regulation 16A9 and the requirement of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, that prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms if it is between parties in a horizontal relationship and if it involves collusive tendering.
- b) Collusive tendering is a conspiracy between businesses that would normally be expected to compete, to agree not to compete, in a tender process.
- c) This certificate serves as a declaration by the tenderer that the tender submitted is free from any collusion with a competitor.

• **CERTIFICATE OF INDEPENDENT TENDER DETERMINATION**

I, the undersigned, in submitting the accompanying tender:

(Tender Number and Description) in response to the invitation for the tender made by:

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Tenderer)

- i) I have read and I understand the contents of this Certificate;
- ii) I understand that the accompanying tender will be disqualified if this Certificate is found not to be true and complete in every respect;
- iii) I am authorized by the tenderer to sign this Certificate, and to submit the accompanying tender, on behalf of the tenderer;
- iv) Each person whose signature appears on the accompanying tender has been authorized by the tenderer to determine the terms of, and to sign, the tender, on behalf of the tenderer;
- v) For the purposes of this Certificate and the accompanying tender, I understand that the word "competitor" shall include any individual or organization, other than the tenderer, whether or not affiliated with the tenderer, who:
 - (a) has been requested to submit a tender in response to this tender invitation;
 - (b) could potentially submit a tender in response to this tender invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the tenderer and/or is in the same line of business as the tenderer
- vi) The tenderer has arrived at the accompanying tender independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.

BID NO: COM37/2025 UPGRADING OF PORTION OF ROAD D2296 PHASE 1: km 0,000 TO km 5,960

- vii) In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
- a) prices;
 - b) geographical area where product or service will be rendered (market allocation)
 - c) methods, factors or formulas used to calculate prices;
 - d) the intention or decision to submit or not to submit, a tender;
 - e) the submission of a tender which does not meet the specifications and conditions of the tender; or
 - f) bidding with the intention not to win the tender.
- viii) In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this tender invitation relates.
- ix) The terms of the accompanying tender have not been, and will not be, disclosed by the tenderer, directly or indirectly, to any competitor, prior to the date and time of the official tender opening or of the awarding of the contract.
- x) I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to tenders and contracts, tenders that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

FORM M: SCHEDULE OF SPECIALIST SUBCONTRACTORS

• **Notes to tenderer:**

1. The tenderer shall list below the specialist items of work on this contract. Alternatives may be mentioned.
2. The tenderer shall state whether he intends to carry out any specialised work himself.

Acceptance of this tender shall not be construed as approval of all or any of the listed specialist subcontractors. Should any or all of the specialist subcontractors not be approved subsequent to the acceptance of the tender, it shall in no way invalidate this tender, and the tendered unit rates for the various items of work shall remain final and binding, even in the event of a subcontractor not listed below being approved by the engineer.

SPECIALISED ITEM	INDICATE IF SUB-CONTRACTED (Tick correct option)	
	YES	NO

In order to complete the Works under this Contract, I/we propose to employ the following sub-contractors to carry out the portion/type of work as detailed. **Affix Original or Certified proof of 3 previous projects for each sub-contractor.**

(Note: All proposed sub-contractors must be listed).

FORM N: PROOF OF GOOD STANDING WITH COMPENSATION COMMISSIONER

Notes to tenderer:

1. Discovery that the tenderer has failed to make proper disclosure may result in the City of Mbombela terminating a contract that flows from this tender on the ground that it has been rendered invalid by the tenderer's misrepresentation.
 2. The tenderer shall attach to this Form evidence that he is registered and in good standing with the compensation fund or with a licensed compensation insurer who is approved by Department of Labour in terms of section 80 of the Compensation for Injury and Disease Act 1993 (COID) (Act 130 of 1993).
- ***Affix certified Proof of Good Standing with Compensation Commissioner to this page as per the required CIDB Grading***

FORM O: SCHEDULE OF CURRENT COMMITMENTS

Notes to tenderer:

- (a) The tenderer shall list below all contracts currently under construction or awarded and about to commence and tenders for which offers have been submitted but awards not yet made.
- (b) In the event of a joint venture enterprise, details of all the members of the joint venture shall similarly be attached to this form.
- (c) The lists must be restricted to not more than 5 contracts and 5 tenders. If a tenderer's actual commitments or potential commitments are greater than 5 each, those listed should be in descending order of expected final contract value or sum tendered.

Contracts Awarded

RETURNABLES FOR QUALITY CRITERIA

FORM Q: COMPANY EXPERIENCE IN RELATION TO SCOPE OF WORKS

The Tenderer will receive a maximum of 50 points based on information provided in this schedule.

The following is a statement of work of similar nature and size (roads projects) recently successfully executed by myself / ourselves:

- 1 Points will be given for projects completed of similar nature and size in roads.
- 2 The tenderer scores **5 points** per project with a value of more than R30 million but less than R60 million, completed in the last 10 years.
- 3 The tenderer scores **8 points** per project with a value of more than R60 million but less than R80 million completed in the last 10 years.
- 4 The tenderer scores **10 points** per project with a value of more than R80 million completed in the last 10 years.
- 5 The tenderer may attach not more than 5 projects of similar nature and size.
- 6 The maximum Quality points for each criterion are listed below.
- 7 Points for completion certificates attached will be given for similar projects.
- 8 Failure to submit all relevant information per project will result in the forfeiture of all points for that relevant project.
- 9 The experience of the Tenderer or joint venture partners in a consortium will be evaluated based on experience in similar projects or similar areas and conditions in relation to the scope of work required for this project.
- 10 Documents requested above must be certified and not older than 3 months. Failure to adhere to the directive zero points will be allocated.
- 11 Sub-contracting reference must be accompanied by the main contractor's appointment letter in order to claim points. Failure to adhere will lead to forfeiture of points.

NB: Similar project (construction of roads, excluding maintenance)

Certified Appointment letter as well as Completion Certificate (signed by client/engineer and contractor) of Relevant Work (to be attached – zero points if both are not attached)	Consulting Engineer: Contact Person and Telephone Number	Employer: Contact Person and Telephone Number	Value of Work (inclusive of VAT)	Date Completed (Attach Certified Completion Certificate)
*Attach additional pages if more space is required		Total Points		

FORM R: PLANT & EQUIPMENT

The tenderer will receive a maximum of 15 points based on information provided in this schedule.

1. The following are lists of major items of relevant equipment that I / we presently own or lease and will have available for this contract or will acquire or hire for this contract if my / our tender is accepted.
2. The tenderer will receive Quality points for listing of plant available for this specific contract as follows:
 - Major plant for construction works if well identified and 100% is owned and available at start of contract maximum points will be as stated in allocated points if owned column.
 - 50% points will be allocated for hired plant as indicated in the Allocate points for hired plant column on the table below.
 - Points for the plant correctly identified and owned will be calculated according to the allocated points based on the quantities under the Quantities Required column.
3. Proof of ownership to be submitted. Certified copies of motor vehicle license (MVLX) or motor vehicle license and license disc (MVL1) or certificate of registration (RC1) or any valid document issued by the department of transport (where applicable**). Invoices for equipment that are not traveling on the road will be accepted as proof of ownership (where applicable*). The invoice must be in the name of the bidding company or director(s).

NB: For hired plant and equipment, intention to lease and proof of ownership as stipulated above (from the lessor) must be attached. If the lessor's equipment is registered under a company, company registration with certified ID copy of Company Director must accompany the intention to lease and proof of ownership, and if the lessor's equipment is registered under a natural person, a certified ID copy of that person must accompany the intention to lease and proof of ownership.

C 1.1: FORM of OFFER**OFFER**

The employer, identified in the acceptance signature block, has solicited offers to enter into a contract for the procurement of: **BID NO: COM37/2025 UPGRADING OF PORTION OF ROAD D2296 – KARINO TO TEKWANE SOUTH - PHASE 1 : km 0,000 TO km 5,960**

The tenderer, identified in the offer signature block, has examined the documents listed in the tender data and addenda thereto as listed in the tender returnables and, by submitting this offer, has accepted the conditions of tender.

By the representative of the tenderer, deemed to be duly authorized, signing this part of this form of offer and acceptance, the tenderer offers to perform all of the obligations and liabilities of the contractor under the contract, including compliance with all its terms and conditions according to their true intent and meaning, for an amount to be determined in accordance with the conditions of contract identified in the contract data.

The offered total of the prices, inclusive of any value added tax or sales tax which the law requires the employer to pay, is _____

_____ (in words) R_____ (in figures)

This offer may be accepted by the employer by signing the acceptance part of this form of offer and acceptance and returning one copy of this document to the tenderer before the end of the period of validity stated in the tender data, whereupon the tenderer becomes the party named as the contractor in terms of the conditions of the contract identified in the contract data.

C1.2: FORM of ACCEPTANCE

ACCEPTANCE

By signing this part of this form of offer and acceptance, the employer identified below accepts the tenderer's offer. In consideration thereof, the employer shall pay the contractor the amount due in accordance with the conditions of contract identified in the contract data. Acceptance of the tenderer's offer shall form an agreement between the employer and the tenderer upon the terms and conditions contained in this agreement and in the contract, that is the subject of this agreement.

The terms of the contract, are contained in:

Part C 1: Agreements and contract data, (which includes this agreement) Part C 2:

Pricing data

Part C 3: Scope of work.

Part C 4: Site information

and drawings and documents or parts thereof, which may be incorporated by reference into Parts C1 to C4 above.

Deviations from and amendments to the documents listed in the tender data and any addenda thereto as listed in the tender schedules, as well as any changes to the terms of the offer agreed by the tenderer and the employer during this process of offer and acceptance, are contained in the schedule of deviations attached to and forming part of this agreement. No amendments to or deviations from said documents are valid unless contained in this schedule.

The tenderer shall within two weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the employer's agent (whose details are given in the contract data) to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of contract identified in the contract data at, or just after, the date this agreement comes into effect. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed original copy of this document, including the schedule of deviations (if any). Unless the tenderer (now contractor) within five working days of the date of such receipt, notifies the employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the parties.

4.3.3	<p>Add the following at the end of sub clause 4.3.2:</p> <p>"4.3.3 The Employer and the Contractor hereby agree, in terms of the provisions of Section 37(2) of the Occupational Health and Safety Amendment Act, 1993 (Act 85 of 1993), hereinafter referred to as 'the Act', that the following arrangements and procedures shall apply between them to ensure compliance by the Contractor with the provisions of the Act:</p> <ul style="list-style-type: none"> (i) The Contractor undertakes to acquaint the appropriate officials and employees of the Contractor with all relevant provisions of the Act and the Regulations promulgated in terms of the Act. (ii) The Contractor undertakes that all relevant duties, obligations and prohibitions imposed in terms of the Act and Regulations on the Contractor will be fully complied with. (iii) The Contractor accepts sole liability for such due compliance with the relevant duties, obligations and prohibitions imposed by the Act and Regulations and expressly absolves the Employer from himself being obliged to comply with any of the aforesaid duties, obligations and prohibitions, with the exception of such duties, obligations and prohibitions expressly assigned to the Employer in terms of the Act and its associated Regulations. (iv) The Contractor agrees that any duly authorized officials of the Employer shall be entitled, although not obliged, to take such steps as may be necessary to monitor that the Contractor has conformed to his undertakings as described in paragraphs (i) and (ii) above, which steps may include, but will not be limited to, the right to inspect any appropriate site or premises occupied by the Contractor, or any appropriate records or safety plans held by the Contractor. (v) The Contractor shall be obliged to report forthwith to the Employer and Employer's Agent any investigation, complaint or criminal charge which may arise as a consequence of the provisions of the Act and Regulations, pursuant to work performed in terms of this Contract, and shall, on written demand, provide full details in writing, to the Employer and Employer's Agent, of such investigation, complaint or criminal charge. <p>The Contractor shall furthermore, in compliance with Constructional Regulations 2003 to the Act:</p> <ul style="list-style-type: none"> (vi) Acquaint himself with the requirements of the Employer's health and safety specification as laid down in regulation 5(1) of the Construction Regulation 2014, and prepare a suitably and sufficiently documented health and safety plan as contemplated in regulation 6(1) of the Construction Regulation 2014 for approval by the Employer or his assigned agent. The Contractor's health and safety plan and risk assessment shall be submitted to the Employer for approval within seven (7) days after acceptance of the bid. and shall be implemented and maintained from the Commencement of the Works.
-------	--

Clause	Description
	<p>(vii) The Employer, or his assigned agent, reserves the right to conduct periodic audits, as contemplated in the Construction Regulations 2003, to ensure that the Contractor is compliant in respect of his obligations. Failure by the Contractor to comply with the requirements of these Regulations shall entitle the Employer's Agent, at the request of the Employer or his agent, to suspend all or any part of the Works, with no recourse whatsoever by the Contractor for any damages incurred as a result of such suspension, until such time that the Employer or his agents are satisfied that the issues in which the Contractor has been in default have been rectified."</p> <p>The Employer and Contractor agree that the Contractor will comply with the provisions of "The Mine Health and Safety Act, (Act 29 Of 1996) as amended by the Mine Health and Safety Amendment Act (Act 72 of 1997).</p> <p>The following arrangements and procedures will apply:</p> <ul style="list-style-type: none"> (i) The Contractor shall himself obtain the Mining Authorization for the sites. (ii) Contractor shall assume responsibility for the Environmental Management Programs (EMP) in respect of the sites and shall ensure that the sites are rehabilitated at the conclusion of the Contract. (iii) The Contractor shall comply with the provisions of the Act and the requirements of the Director: Mineral Development of the Department of Minerals and Energy in making the necessary financial provisions to mine optimally and safely and to rehabilitate the surface of the land concerned satisfactory and to carry out the EMP. All costs incurred in providing a guarantee or other financial provision shall be borne by the Contractor. (iv) This Agreement shall hold good from the date on which the Mining Authorization is issued until the date on which a Closure Certificate is issued in terms of the Minerals Act, 1991. (v) Nothing in this Agreement shall exonerate the Contractor from compliance with any requirements of the Employer's Agent regarding the rehabilitation of sites prior to the issue of a Final Approval Certificate in terms of clause 5.16.2 of the General Conditions of Contract (2010). (vi) The Contractor shall undertake all the duties and accept all the responsibilities of the owner in compliance with the requirements of the Act as amended. (vii) The Contractor accepts responsibility for compliance with the Act, as amended, by all his sub-contractors whether or not selected and/or approved by the Employer.
5.3.1	<p>The documentation required before commencement with Works execution are:</p> <ul style="list-style-type: none"> • Health and Safety Plan (refer to clause 4.3.1) • Initial Programme (Refer to clause 5.6.1) • Security (Refer to clause 6.2.1) • Insurance (Refer to Clause 8.6.1)
5.3.2	<p>The time to submit the documentation required before commencement with Works execution is 14 calendar days.</p>
5.4.2	<p>The access and possession of site shall not be exclusive to the Contractor.</p>

Clause	Description
5.8.1	The non-working days are public holidays and Sundays. The special non-working days are: The year-end break from 15-Dec-2025 to 04-Jan-2026 OR AS PER SAFCEC TBA
5.13.1	The penalty for failing to complete the Works is: 0.05 % of the Total Tender Sum per Calendar Day
5.14.1	The requirements for achieving Practical Completion are as stated in General Conditions of Contract 2015. Practical completion is reached when: <ul style="list-style-type: none"> • The Road has been fully constructed and paved, including junctions and bus-stops. • Road stormwater drainage and drainage structures completed. • Pre-markings for road markings completed and vehicles can pass in a safe manner. • All road signs in place. • Erosion protective measures completed. • Borrow pit and spoil sites rehabilitated. The Contractor should be able to reach Completion within 30 days from receiving the certificate of practical completion.
5.16.3	The latent defect period is 10 years after date of completion
6.5.1.2.3	The percentage allowances to cover all charges for the Contractor's and subcontractor's profits, timekeeping, clerical work, insurance, establishment, superintendence and the use of hand tools is 15% .
6.8.2	This contract does include for contract price adjustment
6.8.3	Price adjustments for variations in the costs of special materials are allowed.
6.10.1.5	The percentage advance on materials not yet built into the Permanent Works is 80%
6.10.3	The limit of retention money is 10%
8.6.1.1.2	Not required.
8.6.1.1.3	The amount to cover professional fees for repairing damage and loss to be included in the insurance sum will be calculated at 12% of the claim value.
8.6.1.2	A coupon policy for Special Risks Insurance issued by the South African Special Risks Insurances Association is required.
8.6.1.3	The limit of indemnity for liability insurance is <u>R 5 000 000.00</u> for any single liability claim
10.5.2	Dispute resolution shall be ad-hoc adjudication.
10.5.3	The number of Adjudication Board Members to be appointed is one .
10.7.1	The determination of disputes shall be by arbitration .
10.7.2	The value of payment certificates is to be adjusted in accordance with the Contract Price Adjustment Schedule, where

	<p>The value of “x” is 0,150</p> <p>The values of the co-efficients are:</p> $(1 - x) \left[\frac{aL_t}{L_o} + \frac{bE_t}{E_o} + \frac{cM_t}{M_o} + \frac{dF_t}{F_o} - 1 \right]$ <p>CPA : Estimate more than R10 000 000.</p> <table><tr><td>New Road Construction</td><td>Rehabilitation</td><td>Labour Intensive</td></tr><tr><td>x = 0,150</td><td>...</td><td>...</td></tr><tr><td>a = 0,25</td><td>0,26</td><td>0.42</td></tr><tr><td>b = 0,30</td><td>0,30</td><td>0.40</td></tr><tr><td>c = 0,37</td><td>0,37</td><td>0.13</td></tr><tr><td>d = 0,08</td><td>0,07</td><td>0.05</td></tr></table> <p>“L” is the “Labour Index” and shall be the “Consumer Price Index” for the urban area specified in the Contract, as published in the Statistical Release P0141.1 in table 21 of Statistics South Africa.</p> <p>“P” is the “Plant Index” and shall be the “Civil Engineering Plant” index as published in the Statistical Release P0142.1 in table 16 of Statistics South Africa.</p> <p>“M” is the “Materials Index” and shall be the price index for “Civil Engineering (Materials)” as published in the Statistical Release P0142.1 in table 15 of Statistics South Africa.</p> <p>“F” is the “Fuel Index” and shall be the index for “Civil Engineering” as published in Statistical Release P0142.1 Table 16 of Statistics South Africa.</p> <p>The suffix “o” denotes the basic indices applicable to the base month, which shall be the month prior to the month in which the closing date for the tender falls.</p> <p>The suffix “t” denotes the current indices applicable to the month in which the last day of the period falls to which the relevant payment certificate relates.</p> <p>If any index relevant to any particular certificate is not known at the time when the certificate is prepared, the Engineer shall estimate the value of such index. Any correction, which may be necessary when the correct indices become known, shall be made by the Engineer in subsequent payment certificates.</p> <p>The urban area nearest the site is City of Mbombela.</p> <p>The base month is May 2025</p> <p>This contract will allow for contract price adjustment. The prices or rates shall be fixed for the first 12-month period determined from the tender base date and no change during this period will be allowed for escalation. On the 12-month anniversary date of the Contract base date the rates or sums shall be adjusted by the 12-month year on year CPI index (as published in the monthly bulletin PO141. of Statistics South Africa under table B) and fixed at this value for the following 12-month period. Subsequent 12-month periods shall be dealt with on the same basis.</p>	New Road Construction	Rehabilitation	Labour Intensive	x = 0,150	a = 0,25	0,26	0.42	b = 0,30	0,30	0.40	c = 0,37	0,37	0.13	d = 0,08	0,07	0.05

C1.5 FORM OF GUARANTEE

PRO FORMA PERFORMANCE

GUARANTEE

• GUARANTOR DETAILS AND DEFINITIONS

"Guarantor" means:

Physical address:

"Employer" means:

"Contractor" means:

"Employer's Agent" means:

"Works" means:

"Site" means:

"Contract" means: The Agreement made in terms of the Form of Offer and Acceptance and such amendments or additions to the Contract as may be agreed in writing between the parties.

"Contract Sum" means: The accepted amount inclusive of tax of R

Amount in words:

"Guaranteed Sum" means: The maximum aggregate amount of R

Amount in words.....

"Expiry Date" means.....

• CONTRACT DETAILS

Employer's Agent issues: Interim Payment Certificates, Final Payment Certificate and the Certificate Completion of the Works as defined in the Contract.

• PERFORMANCE GUARANTEE

1. The Guarantor's liability shall be limited to the amount of the Guaranteed Sum.
2. The Guarantor's period of liability shall be from and including the date of issue of this Performance Guarantee and up to and including the Expiry Date or the date of issue by the Employer's Agent of the Certificate of Completion of the Works or the date of payment in full of the Guaranteed Sum, whichever occurs first. The Employer's Agent and/or the Employer shall advise the Guarantor in writing of the date on which the Certificate of Completion of the Works has been issued.
3. The Guarantor hereby acknowledges that:
 - 3.1 any reference in this Performance Guarantee to the Contract is made for the purpose of convenience and shall not be construed as any intention whatsoever to create an accessory obligation or any intention whatsoever to create a suretyship;
 - 3.2 its obligation under this Performance Guarantee is restricted to the payment of money.
4. Subject to the Guarantor's maximum liability referred to in 1, the Guarantor hereby undertakes to pay the Employer the sum certified upon receipt of the documents identified in 4.1 to 4.3:
 - 4.1 A copy of a first written demand issued by the Employer to the Contractor stating that payment of a sum certified by the Employer's Agent in an Interim or Final Payment Certificate has not been made in terms of the Contract and failing such payment within seven (7) calendar days, the Employer intends to call upon the Guarantor to make payment in terms of 4.2;

-
- 4.2 A first written demand issued by the Employer to the Guarantor at the Guarantor's physical address with a copy to the Contractor stating that a period of seven (7) days has elapsed since the first written demand in terms of 4.1 and the sum certified has still not been paid;
 - 4.3 A copy of the aforesaid payment certificate which entitles the Employer to receive payment in terms of the Contract of the sum certified in 4.
- 5. Subject to the Guarantor's maximum liability referred to in 1, the Guarantor undertakes to pay to the Employer the Guaranteed Sum or the full outstanding balance upon receipt of a first written demand from the Employer to the Guarantor at the Guarantor's physical address calling up this Performance Guarantee, such demand stating that:
 - 5.1 the Contract has been terminated due to the Contractor's default and that this Performance Guarantee is called up in terms of 5; or
 - 5.2 a provisional or final sequestration or liquidation court order has been granted against the Contractor and that the Performance Guarantee is called up in terms of 5; and
 - 5.3 the aforesaid written demand is accompanied by a copy of the notice of termination and/or the provisional/final sequestration and/or the provisional liquidation court order.
 - 6. It is recorded that the aggregate amount of payments required to be made by the Guarantor in terms of 4 and 5 shall not exceed the Guarantor's maximum liability in terms of 1.
 - 7. Where the Guarantor has made payment in terms of 5, the Employer shall upon the date of issue of the Final Payment Certificate submit an expense account to the Guarantor showing how all monies received in terms of this Performance Guarantee have been expended and shall refund to the Guarantor any resulting surplus. All monies refunded to the Guarantor in terms of this Performance Guarantee shall bear interest at the prime overdraft rate of the Employer's bank compounded monthly and calculated from the date payment was made by the Guarantor to the Employer until the date of refund.
 - 8. Payment by the Guarantor in terms of 4 or 5 shall be made within seven (7) calendar days upon receipt of the first written demand to the Guarantor.
 - 9. Payment by the Guarantor in terms of 5 will only be made against the return of the original Performance Guarantee by the Employer.
 - 10. The Employer shall have the absolute right to arrange his affairs with the Contractor in any manner which the Employer may deem fit and the Guarantor shall not have the right to claim his release from this Performance Guarantee on account of any conduct alleged to be prejudicial to the Guarantor.
 - 11. The Guarantor chooses the physical address as stated above for the service of all notices for all purposes in connection herewith.
 - 12. This Performance Guarantee is neither negotiable nor transferable and shall expire in terms of 2, where after no claims will be considered by the Guarantor. The original of this Guarantee shall be returned to the Guarantor after it has expired.
 - 13. This Performance Guarantee, with the required demand notices in terms of 4 or 5, shall be regarded as a liquid document for the purposes of obtaining a court order.
 - 14. Where this Performance Guarantee is issued in the Republic of South Africa the Guarantor hereby consents in terms of Section 45 of the Magistrate's Courts Act No 32 of 1944, as amended, to the jurisdiction of the Magistrate's Court of any district having jurisdiction in terms of Section 28 of the said Act, notwithstanding that the amount of the claim may exceed the jurisdiction of the Magistrate's Court.

**C1.6 AGREEMENT IN TERMS OF THE OCCUPATIONAL HEALTH AND SAFETY ACT,
1993 (ACT NO 85 OF 1993)**

AGREEMENT IN TERMS OF THE OCCUPATIONAL HEALTH AND SAFETY ACT, 1993
(ACT NO 85 OF 1993)

THIS AGREEMENT made at

on this the day of in the year

between CITY OF MBOMBELA (hereinafter called "the Employer") of the one part, herein represented by

in his capacity as

and

(hereinafter called "the Mandatory") of the other part, herein represented by

in his capacity as

WHEREAS the Employer is desirous that certain works be constructed, BID NO: COM37/2025UPGRADING OF PORTION OF ROAD D2296 - KARINO TO TEKWANE SOUTH - PHASE 1 : km 0,000 TO km 5,960 and has accepted a Tender by the Mandatory for the construction, completion and maintenance of such Works and whereas the Employer and the Mandatory have agreed to certain arrangements and procedures to be followed in order to ensure compliance by the Mandatory with the provisions of the Occupational Health and Safety Act, 1993 (Act 85 of 1993);

NOW THEREFORE THIS AGREEMENT WITNESSETH AS FOLLOWS:

- 1 The Mandatory shall execute the work in accordance with the Contract Documents pertaining to this Contract.
- 2 This Agreement shall hold good from its Commencement Date, which shall be the date of a written notice from the Employer or Employer's Agent requiring him to commence the execution of the Works, to either
 - (a) the date of the Final Approval Certificate issued in terms of Clause 52.1 of the General Conditions of Contract (hereinafter referred to as "the GCC"),
 - (b) the date of termination of the Contract in terms of Clauses 54, 55 or 56 of the GCC.
- 3 The Mandatory declares himself to be conversant with the following:
 - (a) All the requirements, regulations and standards of the Occupational Health and Safety Act (Act 85 of 1993), hereinafter referred to as "The Act", together with its amendments and with special reference to the following Sections of The Act:
 - (i) Section 8 : General duties of employers to their employees;
 - (ii) Section 9 : General duties of employers and self-employed persons to persons other than employees;
 - (iii) Section 37 : Acts or omissions by employees or Mandatory, and
 - (iv) Subsection 37(2) relating to the purpose and meaning of this Agreement.
 - (b) The procedures and safety rules of the Employer as pertaining to the Mandatory and to all his subcontractors.
- 4 In addition to the requirements of Clause 33 of the GCC and all relevant requirements of the above-mentioned Volume 3, the Mandatory agrees to execute all the Works forming part of this Contract and to operate and utilise all machinery, plant and equipment in accordance with the Act.

- 5 The Mandatory is responsible for the compliance with the Act by all his subcontractors, whether or not selected and/or approved by the Employer.

The Mandatory warrants that all his and his subcontractors' workmen are covered in terms of the Compensation for Occupational Injuries and Diseases Act, 1993, which cover, shall remain in force whilst any such workmen are present on site. A letter of good standing from the Compensation Commissioner to this effect must be produced to the Employer upon signature of the agreement.

- 6 The Mandatory undertakes to ensure that he and/or subcontractors and/or their respective employers will at all times comply with the following conditions:
- (a) The Mandatory shall assume the responsibility in terms of Section 16.1 of the Occupational Health and Safety Act. The Mandatory shall not delegate any duty in terms of Section 16.2 of this Act without the prior written approval of the Employer. If the Mandatory obtains such approval and delegates any duty in terms of section 16.2 a copy of such written delegation shall immediately be forwarded to the Employer.
 - (b) All incidents referred to in the Occupational Health and Safety Act shall be reported by the Mandatory to the Department of Labour as well as to the Employer. The Employer will further be provided with copies of all written documentation relating to any incident.
 - (c) The Employer hereby obtains an interest in the issue of any formal inquiry conducted in terms of section 32 of the Occupational Health and Safety Act into any incident involving the Mandatory and/or his employees and/or his subcontractors.

In witness thereof the parties hereto have set their signatures hereon in the presence of the subscribing witnesses:

PART C2 PRICING DATA

C2.1 PRICING INSTRUCTIONS

C2.1: PRICING INSTRUCTIONS

1 The Tender Data, the Contract Data, the Scope of Work, the Site Information and the Drawings shall be read in conjunction with the Schedule of Quantities.

2 The Schedule comprises items covering the Contractor's profit and costs of general liabilities and of the construction of Temporary and Permanent Works.

Although the Tenderer is at liberty to insert a rate of his own choosing for each item in the Schedule, he should note the fact that the Contractor is entitled, under various circumstances, to payment for additional work carried out and that the Employer's Agent is obliged to base his assessment of the rates to be paid for such additional work on the rates the Contractor inserted in the Schedule.

The measurement and payment clauses of each Specification, read together with the relevant clauses of the Specification Data, all set out which ancillary or associated activities are included in the rates for the specified operations.

3 Descriptions in the Schedule of Quantities are abbreviated and may differ from those in the Standardized and Specification Data. No consideration will be given to any claim by the Contractor submitted on such a basis. The Schedule has been drawn up generally in accordance with the latest issue of Civil Engineering Quantities¹. Should any requirement of the measurement and payment clause of the appropriate Standardized or Specification Data be contrary to the terms of the Schedule or, when relevant, to the Civil Engineering Quantities, the requirement of the appropriate Standardized Specification or Specification Data as the case may be, shall prevail.

4 Unless stated to the contrary, items are measured and paid for net, in accordance with the Drawings, without any allowance having been made for waste.

5 The amounts and rates to be inserted in the Schedule of Quantities shall be the full inclusive amounts to the Employer for the work described under the several items. Such amounts shall cover all the costs and expenses that may be required in and for the construction of the work described, and shall cover the costs of all general risks, profits, taxes (but excluding value-added tax), liabilities and obligations set forth or implied in the documents on which the Tender is based.

6 An amount or rate shall be entered against each item in the Schedule of Quantities, whether or not quantities are stated. An item against which no amount or rate is entered will be considered to be covered by the other amounts or rates in the Schedule.

The Tenderer shall also fill in a rate against the items where the words "rate only" appears in the amount column. Although no work is foreseen under these items and no quantities are consequently given in the quantity column, the tender rates shall apply should work under these items actually be required.

Should the Tenderer group a number of items together and tender one sum for such group of items, the single tender sum shall apply to that group of items pro rata and not to each individual item, or should he indicate against any item that full compensation for such item has been included in another item, the rate for the item included in another item shall be deemed to be nil.

The tender rates, prices and sums shall, subject only to the provisions of the General Conditions of Contract, remain valid irrespective of any change in the quantities during the execution of the Contract.

7 The quantities of work as measured and accepted and certified for payment in accordance with the General Conditions of Contract, and not the quantities stated in the Schedule of Quantities, will be used to determine payments to the Contractor. The validity of the Contract shall in no way be affected by any differences between the quantities in the Schedule of Quantities and the quantities certified for payment.

The ordering of materials shall not be based on the quantities in the Schedule of Quantities. Materials ordered from the Schedule of Quantities without prior confirmation by the Employer's Agent shall be at the risk of the Contractor. No compensation shall be paid for materials ordered erroneously and all costs shall be borne by the Contractor.

¹ The standard system of measurement of civil engineering quantities published by the South African Institution of Civil Engineers.

- 8 The quantities of work as measured and accepted and certified for payment in accordance with the General Conditions of Contract, and not the quantities stated in the Schedule of Quantities, will be used to determine payments to the Contractor. The validity of the Contract shall in no way be affected by any differences between the quantities in the Schedule of Quantities and the quantities certified for payment.

The ordering of materials shall not be based on the quantities in the Schedule of Quantities. Materials ordered from the Schedule of Quantities without prior confirmation by the Employer's Agent shall be at the risk of the Contractor. No compensation shall be paid for materials ordered erroneously and all costs shall be borne by the Contractor.

- 9 For the purposes of this Schedule of Quantities, the following words shall have the meanings hereby assigned to them:

Unit : The unit of measurement for each item of work as defined in the COTO Standardized Specification for Road and Bridge Works for State Authorities (2020 edition) or the Specification Data.

Quantity: The number of units of work for each item

Rate : The payment per unit of work at which the Tenderer tenders to do the work Amount

: The quantity of an item multiplied by the tender rate of the (same) item Sum :

An amount tender for an item, the extent of which is described in the Schedule of Quantities, the Specifications or elsewhere, but of which the quantity of work is not measured in units

- 10 The units of measurement indicated in the Schedule of Quantities are metric units. The following abbreviations may appear in the Schedule of Quantities:

mm	=	Millimeter
m	=	Meter
km	=	kilometre
km-pass	=	kilometre-pass
m ²	=	square metre
m ² -pass	=	square meter-pass
ha	=	hectare
m ³	=	cubic meter
m ³ -km	=	cubic meter kilometre
kW	=	kilowatt
kN	=	kilo-Newton
kg	=	kilogram
l	=	Litre
kl	=	kilolitre
MI	=	mega litre
t	=	ton (1 000 kg)
%	=	per cent
MN	=	mega-Newton
MN-m	=	mega-Newton-meter
PC Sum	=	Prime Cost Sum
Prov Sum	=	Provisional Sum
Sum	=	Lump Sum

C3.1.12.4	Alternative drainage systems :				
	(i) 110mm dia. MACCAFERRI® MacDrain® or KAYTECH® FloDrain® or approved equivalent subsoil drainage line to roads, including all excavation and impermeable backfill	m	3 000		
	(ii) 110mm dia. MACCAFERRI® MacDrain® or KAYTECH® FloDrain® or approved equivalent subsoil drainage line to retaining walls, including all impermeable backfill	m	1 000		
C3.1.13	Concrete outlet structures, manhole boxes, junction boxes and cleaning eyes for subsoil drainage systems:				
C3.1.13.1	Outlet structures	No	15		
C3.1.14	Caps for subsoil drain pipe :				
C3.1.14.1	110mm dia. MACCAFERRI® or KAYTECH® or approved equivalent subsoil drainage stubs at manhole/inlets	No	25		
C3.1.16	Loading and hauling of material in excess of 1.0km	m ³ -km	27 500		
C3.1	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C3.2
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C3.2	CULVERTS				
C3.2.1	Excavation for culvert structures:				
C3.2.1.1	Excavating in all material situated within the following depth ranges below the surface level:				
(a)	0m to 1.5m	m ³	23 720		
(b)	Exceeding 1.5m and up to 3.0m	m ³	5 705		
C3.2.1.4	Extra over sub-item C3.2.1.1 for excavation in hard (including drilling and blasting(chemical)) or boulder material, irrespective of depth	m ³	500		
C3.2.2	Backfilling:				
C3.2.2.1	Using the excavated material	m ³	23 720		
C3.2.3	Concrete pipe culverts:				
C3.2.3.2	On Class B bedding (Spigot and socket):				
(a)	450mm dia. Class 100D	m	25		
(b)	600mm dia. Class 100D	m	150		
(c)	825mm dia. Class 100D	m	200		
(d)	900mm dia. Class 100D	m	40		
(e)	1200mm dia. Class 100D	m	50		
(f)	1350mm dia. Class 100D	m	50		
(g)	1500mm dia. Class 100D	m	50		
(h)	1800mm dia. Class 100D	m	95		
C3.2	TOTAL CARRIED FORWARD				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C3.2
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
	TOTAL BROUGHT FORWARD				
C3.2.3.3	On Class C bedding (Spigot and socket):				
(a)	450mm dia. Class 75D	m	3 000		
(b)	600mm dia. Class 75D	m	1 000		
C3.2.3.5	Provision of skew ends of pipe culvert (type and diameter indicated)	No	10		
C3.2.5	Rectangular culverts with prefabricated elements:				
C3.2.5.1	Prefabricated portal culverts (ROCLA specification or approved equivalent); wall and roof combination (size and type indicated):				
(a)	2 x 1200mm x 900mm - Class 150S (Double Box Culvert)	m	40		
(b)	2 x 1500mm x 1500mm - Class 100S (Double Box Culvert)	m	95		
C3.2.5.2	Prefabricated floor slabs (ROCLA specification or approved equivalent) (size and type indicated):				
(a)	For 1200mm x 900mm Double Box Culvert	m	30		
(b)	For 2 x 1500mm x 1500mm Double Box Culvert	m	95		
C3.2.8	Concrete backfill or encasement for culverts :				
(a)	Mass concrete 50mm thick for underside of box culverts inclusive of shuttering as directed by Engineer on Site	m ³	20		
(b)	Concrete for 100mm x 50mm blinding key to underside of box culverts inclusive of shuttering as directed by Engineer on Site	m ³	2.5		
(c)	Concrete for 100mm thick concrete apron inclusive of Mesh Ref245 to inlets and outlets of box culverts inclusive of shuttering as per detail on Drawing 200/512 – TD-612	m ³	5		
(d)	Concrete for 300mm x 500mm x 3000mm concrete key above pipe and box culverts inclusive of Y16 bars @ 500mm centers doveled into top of concrete and brickwork as per detail on Drawing 200/512 – TD-612	m ³	7.5		
C3.2	TOTAL CARRIED FORWARD				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C3.2
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
	TOTAL BROUGHT FORWARD				
(e)	Infill concrete to box culvert joints as per detail on Drawing 200/512 – TD-612	m ³	5		
C3.2.22	Cutting of concrete pipes (diameter indicated):				
(a)	450mm	No	20		
(b)	600mm	No	20		
C3.2.23	Breaking into existing drainage structures and building in pipes or culverts of the following size :				
(a)	break into existing culvert brick wall				
	(a) 450mm	No.	5		
	(b) 600mm	No.	5		
(b)	break into existing culvert concrete wall				
	(a) 450mm	No.	5		
	(b) 600mm	No.	5		
PSC3.2.54	Manholes, catchpits, precast inlet and outlet structures complete:				
(a)	Masonry Headwalls:				
	(i) Construct Standard Type A brick headwall for 450mm diameter (road stormwater) As per Drawing 200/512 – TD-607	No	12		
	(ii) Construct Standard Type A brick headwall for 600mm diameter (road stormwater) As per Drawing 200/512 – TD-607	No	13		
(b)	Construct Standard concrete headwall for box culvert as per Drawing 200/512 – TD-608:				
	(i) 1200m x 900mm	No	2		
	(ii) 1500mm x 1500mm	No	2		
C3.2	TOTAL CARRIED FORWARD				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C3.2
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
	TOTAL BROUGHT FORWARD				
(c)	Construct Standard brick headwall for pipe culvert as per Drawing 200/512 – TD-607:				
	(i) 600mm dia.	No	8		
	(ii) 900mm dia.	No	2		
	(iii) 1200mm dia.	No	2		
	(iv) 1350mm dia,	No	1		
	(v) 1500mm dia.	No	1		
	(vi) 1800mm dia.	No	2		
(d)	Construct standard manhole Type S1, as per detail on Drawing 200/512 – TD-611:				
	i) 0.0m upto 1.5m deep	No.	25		
	ii) 1.5m upto 2.0m deep	No.	10		
	iii) 2.0m upto 2.5m deep	No.	5		
(e)	Construct standard inlet Type S2 as per detail on Drawing 200/512 – TD-611:				
	i) 0.0m upto 1.5m deep	No.	100		
	ii) 1.5m upto 2.0m deep	No	5		
	iii) 2.0m upto 2.5m deep	No	2		
(f)	Construct standard inlet Type D3 as per detail on Drawing 200/512 – TD-611:				
	i) 0.0m upto 1.5m deep	No.	10		
	ii) 1.5m upto 2.0m deep	No	3		
	iii) 2.0m upto 2.5m deep	No	2		
C3.2	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C3.3
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C3.3	CONCRETE KERBING AND CHANNELLING, ASPHALT BERMS, CHUTES, DOWNPIPES, AS WELL AS CONCRETE, STONE PITCHED AND GABION LININGS FOR OPEN DRAINS				
C3.3.1	Concrete kerbing:				
C3.3.1.1	Prefabricated kerbing (description of type of kerb and bedding with reference to drawing)				
(a)	Fig.12 Edge restraint (back of sidewalk) including concrete base and continuous haunching (complete as per Drawing 200/512 – TD-601	m	5 000		
C3.3.2	Concrete kerbing-channelling combination:				
C3.3.2.1	Prefabricated kerbing-channelling (description of type of channel and bedding with reference to drawing):				
(a)	Fig.3 barrier kerb and channel/fillet including concrete base and continuous haunching (complete as per Drawing 200/512 – TD-601	m	11 800		
(b)	Scoop kerb and channel/fillet (Type 'A') including transition kerbs including concrete base and continuous haunching as per Drawing 200/512 – TD-611	m	250		
C3.3.3	Extra over items C3.3.1 and C3.3.2 for concrete kerbing or concrete kerbing and channelling on curves:				
C3.3.3.4	On curves of radii more than or equal to 5,0 m but less than 20 m	m	250		
C3.3.4	Extra over item C3.3.2 for drop kerbs at pedestrian crossings (scoops) and driveways	m	300		
C3.3.15	Energy dissipaters in outlet structures:				
C3.3.15.1	Precast concrete blocks in outlet structures	No	200		
PSC3.3.17	Supply and construct complete concrete pedestrian access scoop (Thickness 100 mm) inclusive of all shuttering as per as per Drawing 200/512 – TD-611	m ²	150		
C3.3	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C4.2
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C4.2	CUT MATERIALS				
C4.2.1	Compiling and implementing M&U plans for the cuttings:				
C4.2.1.2	Cuttings exceeding 10 000 m3 up to 20 000 m3	No	1		
C4.2.1.3	Cuttings exceeding 20 000 m3 up to 50 000 m3	No	1		
C4.2.3	Excavating of materials in cuttings, material obtained from:				
C4.2.3.1	Soft excavation	m ³	17 500		
C4.2.3.2	Boulder excavation class A	m ³	1 000		
C4.2.3.4	Hard excavation (other than by blasting)	m ³	500		
C4.2.3.5	Hard excavation (by blasting)	m ³	1		
C4.2.9	Excavate material to spoil in sites designated by the Contractor, material obtained from:				
C4.2.9.1	Soft excavation, overburden and unsuitable material	m ³	1 000		
C4.2.9.2	Boulder excavation class A	m ³	250		
C4.2.9.3	Boulder excavation class B	m ³	250		
C4.2.9.4	Hard excavation (other than by blasting)	m ³	200		
C4.2.9.5	Hard excavation (by blasting)	m ³	1		
C4.2.12	Finishing the side slopes:				
C4.2.12.1	Cuttings:				
(a)	In soft material	m ²	36 000		
C4.2	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C4.4
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C4.4	COMMERCIAL MATERIALS				
C4.4.2	Commercial materials identified by the Contractor from commercial, private or other non-commercial suppliers:				
C4.4.2.1	Pavement layer material:				
(a)	Type G5B material	m ³	14 000		
(b)	Type G6 material	m ³	14 000		
(c)	Type G7 material	m ³	1 000		
(d)	Type G9 material	m ³	42 000		
C4.4.2.6	Pioneer material (Dumprock)	m ³	150		
C4.4	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C5.1
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C5.1	ROADBED				
C5.1.1	Roadbed construction and compaction:				
C5.1.1.1	Compaction of in-situ material to 90% of MDD (Rip and re-compact)	m ³	7 000		
C5.1.1.5	Compaction of in-situ material to 95% of MDD (Rip and re-compact)	m ³	7 000		
C5.1.5	In-situ treatment of roadbed in hard material:				
C5.1.5.1	In-situ treatment by ripping	m ³	1		
C5.1.5.3	In-situ treatment by drilling and splitting the material using non-explosive, rock-breaking products (chemical cracking)	m ³	500		
C5.1.11	Construction of roadbed comprising a pioneer layer (dump rock)	m ³	150		
C12.6.17	MACCAFERRI® Nonwoven Geotextiles or KAYTECH® Bidim or approved equivalent Geofabric	m ²	500		
C5.1	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C5.2
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C5.2	FILL				
C5.2.1	Compiling and implementing M&U plans:				
C5.2.1.1	For fills more than 10 000 m ³ (list all fills separately)	No	1		
C5.2.1.2	For fills 1,0 km in length when less than 10 000 m ³ (list all fills separately)	No	1		
C5.2.2	Fill construction:				
C5.2.2.1	Normal fill material in compacted layer thicknesses of 200mm and less:				
(a)	Compacted to 95% MDD	m ³	42 000		
C5.2.11	Finishing off fill slopes, medians and interchange areas:				
C5.2.11.1	Fill slopes	m ²	15 000		
C5.2	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C5.3
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C5.3	ROAD PAVEMENT LAYERS				
C5.3.1	Compiling and implementing M&U plans for the construction of all the pavement layers:	No	2		
C5.3.2	Construction of pavement layers:				
C5.3.2.1	Construction of layers using conventional construction methods:				
(b)	(i) Selected layers (upper + lower) compacted to 95% MOD - 300mm G6	m ³	14 000		
	(ii) Lower selected layer compacted to 90% MDD - 150mm G9 to Access Road	m ³	42 000		
	(iii) Upper selected layer compacted to 93% MDD - 150mm G7 to Access Road	m ³	1 000		
(i)	Lower base gravel layer (unstabilised) 150mm G5) compacted to 97% of MDD	m ³	6 750		
(k)	Upper base gravel layer (unstabilised) 150mm G5) compacted to 97% of MDD	m ³	6 750		
(m)	Gravel base layer - 100mm G5 to sidewalks compacted to 97% of MDD	m ³	500		
C5.3	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C5.4
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C5.4	STABILISATION				
C5.4.2	Chemical stabilisation:				
C5.4.2.1	Chemical stabilisation C3-300 mm thick of pavement layers (upper + lower base layer)	m ³	13 500		
C5.4.5	Cementitious stabilisation agents for pavement layers:				
C5.4.5.2	Addition of cementitious stabilisation agents for pavement layers and spreading the agent using bags and labour enhancement methods:				
(a)	Cement (CEM II 32.5N)	t	1 000		
C5.4.10	Provision and application of water for curing	kℓ	10 000		
C5.4.11	Curing by covering with subsequent layer	m ²	45 000		
C5.4	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER 5.5
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C5.5	RECONSTRUCTION OF PAVEMENT LAYERS				
C5.5.1	Compiling and implementing M&U plans for the reconstruction of an existing road pavement	No.	1		
C5.5.5	Construction of a trial section using a recycler	m³	200		
C5.5.14	In-situ reconstruction of a pavement layer using a recycler to construct a stabilised selected layer:				
	Chemically stabilised base layer compacted to 97 % of MDD:				
(a)	Using non-cemented material compacted to 300 mm thick	m³	35 000		
C5.5.20	Material shortfall or make-up material: For base layer (G6 material)	m³	2 500		
C5.5	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C6.2
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C6.2	SEGMENTAL BLOCK PAVING LAYERS				
C6.2.1	Segmental block paving:				
C6.2.1.1	Supply and lay complete Traffic Island concrete pavers. Paver size 500 mm x 500 mm x 50 mm.	m ²	1 500		
C6.2	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C8.1
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C8.1	PRIME COAT				
C8.1.1	Prime coat:				
C8.1.1.2	MSP 1 (0,7 l/m ²)	ℓ	85 000		
C8.1.3	Extra over item C8.1.1 for applying the prime coat accessible only to hand-held or light equipment	ℓ	6 000		
C8.1	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C8.8
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C8.8	PATCHING AND EDGE BREAK REPAIR				
C8.8.1	Saw cutting pavement layers for patching (for kerb and channel/fillet - along the set line edge only):				
C8.8.1.1	Asphalt or bituminous surfacing to an average depth:				
(a)	Not exceeding 50 mm	m	500		
C8.8.1.2	Cemented pavement layers to an average depth:				
(a)	Not exceeding 100 mm	m	100		
(b)	Exceeding 100 mm but not exceeding 200 mm	m	100		
C8.8.1.3	Granular layers to an average depth:				
(a)	Not exceeding 100 mm	m	100		
(b)	Not exceeding 200 mm	m	100		
C8.8	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C9.1
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C9.1	ASPHALT LAYERS				
C9.1.3	Application of bond coat:				
C9.1.3.1	Stable grade 30% net bitumen emulsion as specified. Applied with a calibrated distributor (0,3 l/m2)	ℓ	35 000		
C9.1.3.2	Applied in restricted areas using a portable pressure sprayer	ℓ	5 000		
C9.1.3.3	Applied by hand using brushes on all exposed transverse and longitudinal construction joints	ℓ	2 000		
C9.1.5	Asphalt surfacing:				
C9.1.5.1	New construction:				
(a)	Stone skeletal mix - continuously graded (paver laid):				
	(i) Asphalt wearing course Sa-H14 Level IIB of compacted thickness 40 mm. Bitumen content % as per mix design entered at time of use. Asphalt from Private Plant	m ²	125 000		
(e)	Sand skeletal mix - continuously graded (paver):				
	(ii) Asphalt sidewalk 25 mm asphalt (Mix Sa-S10) - Asphalt from Private Plant	m ²	9 500		
C9.1.12	Asphalt reinforcing - complete (KAYTECH® GLASGRID™ GG100 at 100KN AC grid or similar approved) with minimum aperture size 25mm x 25mm.	m ²	125 000		
C9.1.13	Coring of asphalt layers:				
C9.1.13.1	100 mm diameter	No	50		
C9.1.13.2	150 mm diameter	No	50		
C9.1	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C11.4
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C11.4	ROAD RESTRAINT SYSTEMS				
C11.4.1	Erecting of guardrails at 3,81 m spacing:				
C11.4.1.1	Complete galvanized system compliant to SANS 1350:				
(a)	On timber posts (Refer to Drawing 200/512 – TD-602)	m	500		
PSC11.4.1.2	Terminal sections for 3,81 guardrails comprising of:				
(a)	End wings to SANS 1350	No	20		
(d)	End treatments where single guardrail sections are specified (Refer to Drawing 200/512 – TD-602)	No	20		
(h)	Precast concrete posts (Refer to Drawing 200/512 – TD-603)	No	135		
C11.4.4	Extra over for horizontally curved guard rails:				
C11.4.4.1	Extra over C11.4.1 and C11.4.11 for horizontally curved guard rails factory bent to a radius of less than 50 m	m	20		
C11.4	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER C11.5
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C11.5	FENCING				
C11.5.4	Dismantling existing fences and gates:				
C11.5.4.1	Fences:				
(d)	Security fences:				
	(i) Remove existing 1500mm - 2400mm palisade fence, including posts and store onsite for re-use and reinstatement as directed by Engineer on Site.	km	0.50		
	(ii) Dismantling of existing fence line for spoil	km	1.5		
	(iii) Dismantling and removal of existing palisade fence and transport to City of Mbombela Roads and Stormwater depot as directed by an Engineer on site	km	0.50		
C11.5.10	Disposal of existing fencing materials:				
C11.5.10.1	Type indicated : standard stock proof	km	1.5		
PSC11.5.11	Supply and install complete wooden supported stockproof fencing (corrosion treated) as per detail on Drawing 200/512-TD-613.	m	1 000		
C11.5	TOTAL CARRIED FORWARD TO SUMMARY				

City of Mbombela - Technical Services Roads and Stormwater					Contract No. COM37/2025
SCHEDULE A: ROADWORKS UPGRADING OF PORTION OF ROAD D2296 : KARINO TO TEKWANE SOUTH PHASE 1 : km 0,000 TO km 5,960					CHAPTER 11.6
ITEM NO	DESCRIPTION	UNIT	QUANTITY	RATE	AMOUNT
C11.6	ROAD SIGNS				
C11.6.1	Road signboards with painted or coloured semi-matt background. Symbols, lettering and borders in semi-matt black or in Class I retro-reflective material, where the sign board is constructed from:				
C11.6.1.3	Prepainted galvanized steel plate:				
(a)	Area 0 to 0,5 m ²	m ²	60		
(b)	Area exceeding 0,5 m ² but not 2,0 m ²	m ²	225		
C11.6.1.8	Regulatory signs, temporary:				
(a)	600 mm diameter (signboard material - Steel Plate 1.4mm thick, background - Class I and symbol retro-reflective class III)	No	15		
(b)	900 mm diameter (signboard material, Steel Plate 1.4mm thick, background - Class I and symbol retro-reflective class III)	No	10		
(c)	1200 mm diameter (signboard material, Steel Plate 1.4mm thick, background - Class I and symbol retro-reflective class III)	No	10		
C11.6.1.10	Warning signs, temporary:				
(a)	600 mm diameter (signboard material - Steel Plate 1.4mm thick, background - Class I and symbol retro-reflective class III)	No	15		
(b)	900 mm size (signboard material, Steel Plate 1.4mm thick, background - Class I and symbol retro-reflective class III)	No	10		
(c)	1200 mm size (signboard material, Steel Plate 1.4mm thick, background - Class I and symbol retro-reflective class III)	No	10

C3.1: DESCRIPTION of WORKS

• **C3.1 DESCRIPTION OF THE WORKS**

C3.1.1 EMPLOYER'S OBJECTIVES

The employer's objectives are to deliver public infrastructure using labour-intensive methods with the aim of services delivery, job creation and poverty alleviation.

The Employer requires the UPGRADING OF ROAD D2296 - KARINO TO TEKWANE SOUTH PHASE 1 : km0,000 TO km5,960 from R538 / Ka Nyamazane Road intersection to Vukuzimele Street / Ka Nyamazane Road intersection. As part of the construction of the new road, job creation will occur through the employment of local labourers, and/or local subcontractors.

The Employer desires that the work required be of a high standard and be completed in the shortest practical time whilst creating jobs for local labourers and contractors.

General labour rate to be 51.00/ hour.

C3.1.2 OVERVIEW OF THE WORKS

- 1) The contract entails the Upgrading of a single carriageway road (Road D2296) from R538 / Ka Nyamazane Road intersection to Vukuzimele Street / Ka Nyamazane Road intersection in Karino Township, Ward 18.
- 2) The road requires upgrading from its current single carriageway to a dual lane carriageway separated by a centre median along certain sections inclusive of pavement layerworks and asphalt surfacing, upgrading of intersections and adjoining access roads, concrete kerbing and channels / fillets where required, earth retaining structures, steel guardrail installation, pipe and box culvert construction including stormwater drainage works, installation of road signages, application of road markings, installing of road studs and related ancillaries. The road is currently a collector route which carries passengers from the nearby communities to the CBD and other points of work. Once this road is upgraded, there will be a significant increase in traffic that will use this road. The other factor to note is that this area of Tekwane will soon be developed as per the City's vision. The design has therefore made serious effort to optimize the new road in terms and pedestrian safety and motorized transport.
- 3) There are no formal cadastral boundaries for most of this area.
- 4) No formal road cross-sectional width exists within the roadway.
- 5) The existing road reserve varies in width of approximately ± 37.0 m for sections of the proposed route. The road reserve is well defined within the existing boundary / fences along certain sections.
- 6) The existing stormwater drainage and cross drainage will be upgraded with a completely new stormwater system consisting of inlets, manholes, piping, pipe and or box culverts, open concrete and earth lined drains (linking into existing if and where required) in combination with barrier kerbs and edge beams.
- 7) Through traffic will be diverted onto adjacent roads. Local traffic will need to be accommodated within the road reserve providing access to local properties adjacent to the road.
- 8) The proposed new road will as far as possible follow the same horizontal alignment of the existing road, although improvements will be made to the road alignment (particularly the vertical alignment and edge levels).

C3.1.3 EXTENT OF WORKS

The Works to be carried out by the Contractor under this Contract comprise mainly the following, not limited to:

- General requirement and provision of the contract,
- Contractor's site establishment and maintenance,
- Housing, and offices for the Engineer's site personnel,
- Accommodation of traffic and maintenance of temporary deviations,
- Overhaul of gravel material along the road, to, and from the borrow area,
- Clearing and grubbing within the road reserve including temporary deviations,
- Construction of road related stormwater drainage including all related ancillary works i.e., inlets, manholes, subsoil drainage, headwalls, and concrete lining for open drains where required,
- Construction of prefabricated pipe and box culverts including concrete works,
- Installation of concrete kerbing, concrete channeling / fillets for road, traffic islands, centre median and adjoining access roads,
- Clearing and removal of overburden material at the borrow pit area,
- Mass earthworks and roadbed preparation,
- Pavement layers of gravel materials,
- Stabilization of pavement layers,
- Installation of asphalt reinforcing
- Surfacing of the road with 40mm Sa-H14 asphalt,
- Pitching, and gabions for protection against erosion,
- Construction of earth retaining walls
- Installation of steel guardrails
- Installation of road signages
- Application of permanent road markings
- Installation of road studs
- Topsoiling and grassing
- Construction of bus laybys
- Testing of materials, quality assurance and workmanship,
- Finishing the road, road reserve and treating old roads,
- Locating, moving and protection of existing services,
- Correction of defects in the Works in accordance with the requirements specified in the Contract Documents.

Details of the work are shown on the drawings and estimated quantities of the various types of work to be carried out under the contract are given in the Schedule of Quantities.

The Contractor's obligations shall also include strict compliance with any Environmental specifications and/or reports deemed to form part of this contract as well as any Occupation Health and Safety requirements.

This description of the Works is not necessarily complete and shall not limit the work to be carried out by the Contractor under this Contract.

Approximate quantities of each type of work are given in the Schedule of Quantities.

C3.1.4 LOCATION OF THE WORKS

The project is located in Mbombela Local Municipality which falls under Ehlanzeni District Municipality of Mpumalanga Province.

This place is situated in Tekwane of the City of Mbombela Municipality in Mpumalanga Province, South Africa, its geographical start coordinates are approximately 25°28'02.70" South, 31° 05' 36.37" East and end coordinates are approximately 25°28'32.44" South, 31° 09' 03.60" East.

C3.1.5 TEMPORARY WORKS

The Contractor shall, as relevant,

- a) provide temporary drainage works, temporary pumps and other equipment as might be necessary for the protection, draining and dewatering of the works; and
- b) Construct and maintain haulage, temporary access and construction roads, subject to the approval of the Employer, and permit the Employer, other Contractors, statutory bodies or any other person who might require legitimate access to or through the site for the purpose of executing legitimate business, free and unhindered usage of such roads.
- c) Temporary water connections, Contractor's offices, storage sheds, latrines, barricading of Works shall be located in an approved position and subject to the approval of all authorities concerned.
- d) Safety and Security of the Contractors' temporary works shall be at the Contractors' discretion.
- e) The camp shall be adequately guarded during or outside working hours.

C3.2: ENGINEERING• **C3.2 ENGINEERING****C3.2.1 DESIGN**

- (a) The Employer is responsible for the design of the permanent Works as reflected in the Contract Documents unless otherwise stated.
- (b) The Contractor is responsible for the design of the temporary Works (if applicable) and their compatibility with the permanent Works.
- (c) The Contractor shall supply all details necessary to assist the Engineer in the compilation of the record drawings.

C3.2.2 EMPLOYER'S DESIGN

The Employer's Design is contained in the Tender Documentation and Drawings. Amendments to the design, if necessary, will be issued during the construction phase.

C3.2.3 CONTRACTOR'S DESIGN

Where the Contractor is to supply the design of designated parts of the permanent Works or temporary Works, he shall supply full working drawings supported by a professional engineer's design certificate.

C3.2.4 DRAWINGS

The Contractor shall use only the dimensions stated in figures on the Drawings in setting out the Works, and dimensions shall not be scaled from the Drawings, unless required by the Employer's Agent. The Employer's Agent will, on the request of the Contractor in accordance with the provisions of the Conditions of Contract, provide such dimensions as may have been omitted from the Drawings.

The Contractor shall ensure that accurate as-built records are kept of all infrastructure installed or relocated during the contract. The position of pipe bends, junction boxes, duct ends, and all other underground infrastructure shall be given by either co-ordinates or stake value and offset. Where necessary, levels shall also be given. A marked-up set of drawings shall also be kept and updated by the Contractor. This information shall be supplied to the Employer's Agent's Representative on a regular basis.

All information in possession of the Contractor, required by the Employer's Agent and/or the Employer's Agent's Representative to complete the as-built/record drawings, must be submitted to the Employer's Agent's Representative before a Certificate of Completion will be issued.

The Drawings prepared by the Employer for the permanent Works are listed below and are bound in a separate document or is attached at the back of this volume. The Employer reserves the right to issue and/or amended additional drawings during the Contract.

- **C3.2.5 DESIGN PROCEDURES**

Not applicable.

C3.3: PROCUREMENT

- **C3.3 PROCUREMENT**

- **C3.3.1 PREFERENTIAL PROCUREMENT**

- **C3.3.1.1 Requirements**

Tenders will be evaluated in terms of the City of Mbombela Preferential Procurement Policy. Points will be awarded for price and specific contract participation goals as contained in the Tender Data.

- **C3.3.1.2 Resource standard pertaining to targeted procurement**

The Preferential Procurement Policy (PPP) of the City of Mbombela is applicable to this project. Refer to the Tender Data.

- **C3.3.2 SUBCONTRACTING**

- **C3.3.2.1 Scope of subcontracted works**

- a) Kerb installation
- b) Sidewalk construction
- c) Centre median paving
- d) Installation of Gabion baskets and reno mattresses
- e) Drainage Works
- f) Construction of Retaining Walls
- g) Installation of Guard Rails
- h) Construction of Speed Humps
- i) Road markings and road signages
- j) Hiring of portable toilets

However, local subcontractors should be considered provided they are capable.

- **C3.3.2.2 Preferred subcontractors/suppliers**

Where possible, local subcontractors should be considered for subcontract work provided they are capable.

- **C3.3.2.3 Subcontracting procedures**

The contractor is solely responsible for negotiating with local subcontractors.

- **C3.3.2.4 Attendance on subcontractors**

Not applicable.

C3.4: CONSTRUCTION

- **C3.4 CONSTRUCTION**

- **C3.4.1 WORKS SPECIFICATIONS**

The following specifications shall apply for the construction of the Works.

- **C3.4.1.1 Standard Specifications**

The COTO Standard Specifications for Road and Bridge Works for State Road Authorities (2020 Edition) shall apply for the construction of the Works.

The term "project specification" must be replaced by "scope of works" wherever it appears in these standardised specifications.

The term "Engineer" must be replaced by "Employer's Agent" wherever it appears in these standardized specifications.

- **C3.4.1.2 National and International Standards**

The SANS or BS Specifications and Codes of Practice shall apply for the construction of the Works.

Wherever any reference is made to the South African National Standards (SANS) and the British Standards Specification (BSS) in either these Bill of Quantities or the Specification of Materials and Methods to be used (OOG-001E), this reference shall be deemed to read "SANS or equivalent standard" and BS or equivalent standard" respectively.

- **C3.4.1.3 Particular Specifications**

The following particular specifications shall apply for the construction of the Works.

Various other specifications specified in the COTO Standard Specifications or the Project Specifications.

Latest Sabita Manual, Manual 25 entitled "*Quality Management in the Handling and Transport of Bituminous Binders*".

TG2 Second Edition May 2009, "*Technical Guideline for Bitumen Stabilised Materials (BSM)*" issued by the Asphalt Academy.

- **C3.4.1.3 Amendments to the COTO 2020 Edition Standardized Specifications**

INTRODUCTION

In certain clauses the standard, standardized and particular specifications allow a choice to be specified in the project specifications between alternative materials or methods of construction and for additional requirements to be specified to suit a particular contract. Details of such alternative or additional requirements applicable to this contract are contained in this part of the project specifications. It also contains additional specifications required for this particular contract.

The number of each clause and each payment item in this part of the project specifications consists of the prefix PS followed by a number corresponding to the number of the relevant clause or payment item in the standard specifications. The number of a new clause or payment item, which does not form part of a clause or a payment item in the standard specifications and which is included here, is also prefixed by PS, but followed by a new number which follows on the last clause or item number used in the relevant section of the standard specifications.

CHAPTER 1.2 GENERAL REQUIREMENTS AND PAYMENT

MEASUREMENT AND PAYMENT

Add the following new payment items.

PSC1.2.1 Cost for community Participation (CLO)

- (a) Cost for community Participation (PLC and CLO)..... Prime Cost Sum (PC Sum)
 ..
 (b) Handling costs and profit in respect of sub-item PSC1.2.1(a) abovepercentage (%)

Expenditure under this item shall be made in accordance with clause 6.6 of the General Conditions of Contract 2015.

The tendered percentage is a percentage of the amount of expenditure approved by the Employer's Agent under sub-item PSC1.2.1, and shall include full compensation for the handling costs of the Contractor and the profit in connection with the provision of a Community Liaison Officer."

A new pay item is included in Chapter 1.2 of the schedule of quantities (PC Sum) relating to the payment of the CLO. Payment under this item shall be made only for the period for which the duties of the CLO are required, and not necessarily for the full duration of the contract inclusive of all regulatory addons and fees payable by the Contractor.

PSC1.2.9 Removal of roadways to spoil at approved tipcubic metre (m³)

The unit of measurement shall be the cubic metre of existing roadways removed and taken to an approved spoil site.

The contract rate shall include full compensation for excavating the material, including, inter alia, all plant and equipment required for the complete removal operation, labour, loading, transporting, and off-loading, and all handling costs. The rate shall include any measures required to make the excavated area safe. The rate shall include the disposal fee at the dump site.

PSC1.2.10 Milling of existing roadways (CH 0.00) to spoil at an approved tip. Depth 0 to 100mm inclusive of haulage as directed by Engineer on Site.....cubic metre (m³)

The unit of measurement shall be the cubic metre of existing material milled out and disposed off at an approved dump site.

The contract rate shall include full compensation for milling out the material to a depth of 100mm, including, inter alia, all plant and equipment required for the milling operation, labour, loading, transporting, and off-loading, and all handling costs. The rate shall include any measures required to make the milled area safe. The rate shall include the disposal fee at the dump site.

PSC1.2.11 Removal of traffic islands and centre median to spoil at approved tip.....square metre (m²)

The unit of measurement shall be the square metre of traffic island or centre median removed, and taken to spoil.

The contract rate shall include full compensation for removing the existing traffic islands and centre medians, including costs for all plant and equipment required to carry out the removal operation. The rate shall also include, inter alia, all labour, loading, transporting, off-loading, and all handling costs. The rate shall include any measures required to make the excavated area safe. The rate shall include the disposal fee at the dump site.

PSC1.2.12 Removal of existing sidewalks (wearing course and base layer) to spoil at an approved tip.....square metre (m²)

The unit of measurement shall be the square metre of sidewalk (wearing course and base layer) removed, and taken to spoil.

The Contract rate shall include full compensation for removing the existing sidewalks, including costs for all plant and equipment required to carry out the removal operation. The rate shall also include, inter alia, all labour, loading, transporting and off-loading, and all handling costs. The rate shall include the disposal fee at the dump site.

PSC1.2.13 Removal of existing concrete kerbs and channel/fillet with base to spoil at an approved tip.....metre (m)

The unit of measurement shall be the metre of concrete kerbs and channel/fillet with base removed, and taken to spoil.

The Contract rate shall include full compensation for removing the concrete kerbs and channel/fillet with the base, including costs for all plant and equipment required to carry out the removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting and off-loading, and all handling costs. The rate shall include any measures required to make the excavated area safe. The rate shall include the disposal fee at the dump site.

PSC1.2.14 Dismantling and removal of existing road furniture to a stipulated off-site location

- (a) Dismantling and removal of existing road signs, not exceeding 10m², and posts and transporting and offloading at an approved spoil site as directed by Engineer on Sitenumber (No)
- (b) Dismantling and removal of existing sign boards and posts and transporting and offloading at an approved spoil site as directed by Engineer on Sitenumber (No)
- (c) Dismantling and removal of existing traffic signals and posts, and traffic control boxes by an approved City of Mbombela sub-contractor and transporting and offloading at City of Mbombela Roads and Stormwater Depot as directed by Engineer on Site number (No)
- (d) Dismantling and removal of existing bus shelters complete, new jersey barriers and transporting and offloading at City of Mbombela Roads and Stormwater Depot as directed by Engineer on Site.....number (No)
- (e) Removal of existing street light poles together with light fittings and all accessories by an approved City of Mbombela subcontractor and transporting and offloading at City of Mbombela Roads and Stormwater Depot as directed by Engineer on Site number (No)
- (f) Dismantling and removal of existing steel guardrail and transporting and offloading at an approved spoil site as directed by Engineer on Sitemetre (m)

The unit of measurement for item PSC1.2.14 (a) and (b) shall be the number of signs, not exceeding 10m², and posts dismantled and taken to the stipulated off-site location. Care shall be taken to prevent the signs from being damaged whilst being removed and handling.

The unit of measurement for item PSC1.2.14 (c) shall be the number of traffic signals, traffic signal posts, and traffic control boxes disconnected and dismantled by an approved City of Mbombela sub-contractor, and taken to the stipulated off-site location. Care shall be taken to prevent the signals from being damaged whilst being removed and handling.

The unit of measurement for item PSC1.2.14 (d) shall be the number of bus shelters dismantled and taken to the stipulated off-site location. Care shall be taken to prevent the elements from being damaged whilst being removed and handling.

The unit of measurement for item PSC1.2.14 (e) shall be the number of street light poles, including light fittings and accessories, disconnected, and dismantled by an approved City of Mbombela sub-contractor, and taken to the stipulated off-site location. Care shall be taken to prevent the signals from being damaged whilst being removed and handling.

The unit of measurement for item PSC1.2.14 (f) shall be the metre of guardrails dismantled and taken to the stipulated off-site location. Care shall be taken to prevent the elements from being damaged whilst being removed and handling.

The contract rates shall include full compensation for dismantling the signs, sign posts, traffic signals and posts, bus shelters, street light poles, and guardrails, including costs for all plant and equipment required to carry out the removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate for items PSC1.2.14(c) and (e) shall also include all costs to procure the services of an approved City of Mbombela sub-contractor to disconnect and remove the traffic signals and street lighting respectively. The rate shall include any measures required to make the excavated area safe. The above-mentioned road furniture are to be transported to the City of Mbombela Roads and Stormwater Depot.

PSC1.2.15 Remove existing bollards to spoil at approved tip number (no)

The unit of measurement shall be the number of existing bollards removed, and taken to spoil.

The contract rate shall include full compensation for removing the bollards including costs for all plant and equipment required to carry out the removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the excavated area safe.

PSC1.2.16 Removal of existing stormwater portal and pipe culverts to spoil at an approved tip as directed by Engineer on Site number (No)

The unit of measurement shall be the number of existing portal and pipe culverts removed, and taken to spoil.

The contract rate shall include full compensation for removing the portal and pipe culverts including costs for all plant and equipment required to carry out the removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the excavated area safe.

PSC 1.2.17 Removal of existing concrete stormwater pipes and transporting to a stipulated off-site location

- (a) Removal of existing 300mm dia. concrete stormwater pipes and transporting and offloading at an approved spoil site as directed by Engineer on Sitemetre (m)
- (b) Removal of existing 450mm dia. concrete stormwater pipes and transporting and offloading at an approved spoil site as directed by Engineer on Sitemetre (m)
- (c) Removal of existing 600mm dia. concrete stormwater pipes and transporting and offloading at an approved spoil site as directed by Engineer on Sitemetre (m)

-
- (d) Removal of existing 750mm dia. concrete stormwater pipes and transporting and offloading at an approved spoil site as directed by Engineer on Sitemetre (m)
- (e) Removal of existing 900mm dia. concrete stormwater pipes and transporting and offloading at an approved spoil site as directed by Engineer on Sitemetre (m)

The unit of measurement shall be the metre of existing concrete stormwater pipe culverts removed, and taken to an approved dump site.

The contract rates shall include full compensation for removing the concrete pipe and or culverts including costs for all plant and equipment required to carry out the removal operation. The rate shall include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the excavated area safe.

PSC1.2.18 Removal of disused stormwater water pipes to spoil at an approved spoil site as directed by Engineer on Site.....metre (m)

The unit of measurement shall be the metre of existing water pipes removed, and taken to an approved dump site.

The Contract rate shall include full compensation for disconnecting and removing the existing water pipes including costs for all plant and equipment required to carry out the removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the excavated area safe.

PSC1.2.19 Demolition and removal of existing stormwater inlets/outlet and manholes and transporting and offloading at an approved spoil site as directed by Engineer on Site..... number (No)

The unit of measurement shall be the number of existing stormwater inlets/outlets and manholes demolished and taken to an approved dump site.

The Contract rate shall include full compensation for demolishing and removing the existing inlets/outlets and manholes including costs for all plant and equipment required to carry out the demolition and removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the demolished/excavated area safe.

PSC1.2.20 Demolition and removal of existing concrete stormwater channels and transporting and offloading at an approved spoil site as directed by Engineer on Site.....metre (m)

The unit of measurement shall be the metre of existing concrete stormwater channels demolished and taken to an approved dump site.

The Contract rate shall include full compensation for demolishing and removing the existing stormwater channels including costs for all plant and equipment required to carry out the demolition and removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the demolished area safe.

PSC1.2.21 Demolition and removal of existing reinforced concrete ramps and slabs and transporting and offloading at an approved spoil site as directed by Engineer on Site....square metre (m²)

The unit of measurement shall be the square metre of existing reinforced concrete ramps and slabs demolished and taken to an approved dump site.

The Contract rate shall include full compensation for demolishing and removing the existing reinforced concrete

ramps and slabs including costs for all plant and equipment required to carry out the demolition and removal

operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the demolished area safe.

PSC1.2.22 Demolition/Dismantling and removal of existing concrete kilometre markers to spoil at approved tipnumber (No)

The unit of measurement shall be the number of existing kilometre markers demolished and taken to an approved dump site.

The Contract rate shall include full compensation for demolishing and removing the existing kilometre markers including costs for all plant and equipment required to carry out the demolition and removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the demolished area safe.

PSC1.2.23 Dismantling of existing gabion basket retaining structure to stockpile on site for re-use as directed by Engineer on Sitecubic metre (m³)

The unit of measurement shall be the cubic metre of existing gabion retaining structure dismantled and stockpiled on site.

The Contract rate shall include full compensation for dismantling and storing/stockpiling the existing gabion baskets and stones including costs for all plant and equipment required to carry out the dismantling and stockpiling operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include any measures required to make the area safe after the dismantling works.

PSC1.2.24 Demolition of brickwork and transporting and offloading at an approved spoil site as directed by Engineer on Sitesquare metre (m²)

The unit of measurement shall be the square metre of existing brick structure/element demolished and taken to an approved dump site.

The Contract rate shall include full compensation for demolishing and removing the existing brick structure/element including costs for all plant and equipment required to carry out the demolition and removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the demolished area safe.

PSC1.2.25 Demolition of underground unreinforced concrete transporting and offloading at an approved spoil site as directed by Engineer on Sitecubic metre (m³)

The unit of measurement shall be the cubic metre of existing underground concrete elements demolished and taken to an approved dump site.

The Contract rate shall include full compensation for demolishing and removing the existing unreinforced concrete element including costs for all plant and equipment required to carry out the demolition and removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the demolished area safe.

PSC1.2.26 Demolition of underground reinforced concrete and spoil at tip as directed by Engineer on Sitecubic metre (m³)

The unit of measurement shall be the cubic metre of existing underground reinforced concrete elements demolished and taken to an approved dump site.

The Contract rate shall include full compensation for demolishing and removing the existing reinforced concrete element including costs for all plant and equipment required to carry out the demolition and removal operation. The rate shall also include, inter alia, all labour, excavation, backfilling and compacting (if required), loading, transporting, off-loading, and all handling costs. The rate shall include the disposal fee at the dump site. The rate shall include any measures required to make the demolished area safe

PSC1.2.27 HIV/AIDS Awareness (SANS 1921-6: 2004)

- (a) Conduct an HIV/AIDS Awareness programme, as specified in the Contract Document, on site for not less than 90% of the workers Sum (Sum)
- (b) Provide and maintain a condom dispenser Sum (Sum)
- (c) Provide and maintain HIV/AIDS awareness posters Sum (Sum)
- (d) Provide information regarding voluntary testing of all construction workers.....Sum (Sum)

The unit of measurement shall be the sum for items PSC1.2.27 (a) to (d).

The Contract rate shall cover all costs associated with providing and meeting the specified requirements, including, inter alia, all material, dispensers and personnel experience with this awareness programme.

CHAPTER 1.3 CONTRACTOR'S SITE ESTABLISHMENT AND GENERAL OBLIGATIONS

MEASUREMENT AND PAYMENT

Add the following new payment items.

PSC1.3.1 CIDB B.U.I.L.D PROGRAMME for (i) Standard for Indirect Targeting for Enterprise Development and (ii) Standard for Developing Skills through Infrastructure Contracts. (0,5% of construction value).....Provisional Sum (Prov Sum)

- (a) Contractor's compliance in terms of the CIDB B.U.I.L.D PROGRAMMEPrime Cost Sum (PC Sum)
- (b) Handling costs and profit in respect of sub-item PSC1.3.1(a) above.....percentage (%)

The provisional sum allowed under item PSC1.3.1(a) shall cover all associated cost involved for the Contractor's compliance in terms of the CIDB B.U.I.L.D Programme.

The percentage under item PSC1.3.1(b) is a percentage of the amount spent under item PSC1.3.1 which shall include full compensation for all handling costs, profit and all other charges in connection with calling for quotations and facilitating payments for the relevant service providers.

CHAPTER 2.1 GENERAL REQUIREMENTS AND TRENCHING FOR SERVICES**MEASUREMENT AND PAYMENT**

Add the following new payment items.

PSC2.1.28 Repairs to damaged services that could not have been reasonably foreseen or prevented by the Contractor..... Provisional Sum (Prov Sum)

The provisional sum allowed under item PSC2.1.28 shall cover the cost of procuring the relevant authorities or service providers to repair any services that are damaged where the services could not have been reasonably foreseen or prevented by the Contractor. This item will cover the full cost of the repairs, including costs of the materials, inter alia, required to undertake the repairs.

PSC2.1.28.1 Handling cost and profit in respect of item PSC2.1.28.....Percentage (%)

The percentage under item PC2.1.28.1 is a percentage of the amount spent under item PC2.1.28 which shall include full compensation for all handling costs, profit and all other charges in connection with calling for quotations and facilitating payments for the relevant service providers.

CHAPTER 3.2 CULVERTS**MEASUREMENT AND PAYMENT**

Add the following new payment items.

PSC3.2.54 Manholes, Catchpits, precast inlet and outlet structures complete

(a) Masonary Headwalls

- (i) Construct Standard Type A brick headwall for 450mm diameter
(road stormwater) As per Drawing 200/512-TD-607number (No)
- (ii) Construct Standard Type A brick headwall for 600mm diameter
(road stormwater) As per Drawing 200/512-TD-607number (No)

(b) Construct Standard concrete headwall for box culvert as per Drawing. 200/512-TD-608

- (i) 1200m x 900mm.....number (No)
- (ii) 1500mm x 1500mm.....number (No)

(c) Construct Standard brick headwall for pipe culvert as per Drawing 200/512-TD-607

- (i) 600mm dia.....number (No)
- (ii) 900mm dia..... number (No)
- (iii) 1200mm dia.....number (No)
- (iv) 1350mm dia.....number (No)
- (v) 1500mm dia.....number (No)
- (vi) 1800mm dia.....number (No)

(d) Construct standard manhole Type S1, as per detail on Drawing 200/512-TD-611

- (i) 0.0m upto 1.5m deep.....number (No)
- (ii) 1.5m upto 2.0m deep.....number (No)
- (iii) 2.0m upto 2.5m deep.....number (No)

(e) Construct standard inlet Type S2 as per detail on Drawing 200/512-TD-611

- (i) 0.0m upto 1.5m deep.....number (No)
- (ii) 1.5m upto 2.0m deep.....number (No)
- (iii) 2.0m upto 2.5m deep.....number (No)

(f) Construct standard inlet Type D3 as per detail on Drawing 200/512-TD-611

- (i) 0.0m upto 1.5m deep.....number (No)
- (ii) 1.5m upto 2.0m deep.....number (No)
- (iii) 2.0m upto 2.5m deep.....number (No)

Masonry Headwalls, concrete headwalls, manholes and inlets will be paid per number of headwall, manhole and inlets constructed complete as per stipulated drawings. The tendered rate for all items shall cover **all** costs to construct the headwalls, manholes and inlets complete as per the stipulated drawings.

CHAPTER 3.3 CONCRETE KERBING AND CHANNELLING, ASPHALT BERMS, CHUTES, DOWNPIPES, AS WELL AS CONCRETE, STONE PITCHED AND GABION LININGS FOR OPEN DRAINS

MEASUREMENT AND PAYMENT

Add the following new payment item.

PSC3.3.17 Supply and construct complete Concrete pedestrian access scoop (Thickness 100 mm) inclusive of all Shuttering.....square metre (m²)

The unit of measurement shall be the square metre of completed new concrete pedestrian access scoop constructed as per Drawing 200/512-TD-611.

The Contract rate shall include full compensation for procuring all material required to construct the concrete pedestrian scoop complete. The rate shall include, inter alia, all labour, plant and equipment required to construct the scoop complete as per the Drawing 200/512-TD-611.

CHAPTER 11.4 ROAD RESTRAINT SYSTEMS**MEASUREMENT AND PAYMENT**

Add the following new payment item.

PSC11.4.1.2 Terminal sections for 3,81 guardrails comprising of:

(h) Precast concrete posts (Refer to Drawing 200/512-TD-603).....number (No)

The unit of measurement shall be the number of new precast concrete posts constructed as per Drawing No. (Refer to Drawing 200/512-TD-603)

The Contract rate shall include full compensation for procuring the specified precast concrete post and installing in place. The rate shall include, inter alia, all labour, plant and equipment, transporting, loading, hauling, off-loading, and all handling costs to procure and install the posts as per the drawing.

CHAPTER 11.5 FENCING**MEASUREMENT AND PAYMENT**

Add the following new payment item.

PSC11.5.11 Supply and install complete wooden supported stockproof fencing (corrosion treated) as per Drawing 200/512-TD-613.....metre (m)

The unit of measurement shall be the metre of specified fence installed complete with all accessories and posts, poles, droppers, cross bracing, fencing wire, barb wire, gates (where applicable).

The Contract rate shall include full compensation for excavation and backfilling, supplying and installing /constructing the fence complete as per the above-mentioned specification. The rate shall include, inter alia, procuring all material, labour, loading, transporting, off-loading, and all handling costs.

CHAPTER 12.6 MECHANICALLY STABILISED FILL AND GABIONS**MEASUREMENT AND PAYMENT**

Add the following new payment item.

PSC12.6.18 Construct gabion baskets or gabion mattresses from stockpiled gabion boxes and gabion stone as directed by Engineer on site.....cubic metre (m³)

The unit of measurement shall be the cubic metre of gabion retaining structure constructed by re-using material from gabion structures that were previously dismantled and stockpiled.

The Contract rate shall include full compensation for constructing gabion structures using gabion boxes and stone which were previously used, dismantled and stockpiled. The rate shall also include, inter alia, all labour, loading, transporting, off-loading, and all handling costs.

CHAPTER 13.4 CONCRETE**MEASUREMENT AND PAYMENT**

Add the following new payment item.

PSC13.4.1.1 Strength concrete including specified reinforcement and shuttering as per the specified reinforcement and all shuttering (class C) for sub items a, b, c, d, e and f.....cubic metre (m³)

The unit of measurement shall be the cubic metre of concrete.

The Contract rate shall include full compensation for procuring and furnishing all the materials, including the specified reinforcement and all shuttering, storing the materials, providing all plant, mixing, transporting, placing and compacting the concrete, forming the inserts, construction joints (except mandatory construction joints and contraction joints as measured), preparing the surfaces for structural bonding, repairing defective surfaces, and finishing the concrete surfaces as specified. Payment shall distinguish between the different classes and particular requirements of concrete.

CHAPTER 13.8 ANCILLARY STRUCTURAL ELEMENTS**MEASUREMENT AND PAYMENT**

Add the following new payment items.

PSC13.8.18 Retaining Walls

- (a) **Supply and install Terrace Blok® 300 or GEOLOK® 400 or approved equivalent inclusive of sand filling as per typical detail on Drawing 200/512-TD-601.....square meter (m2)**
- (b) **Supply and install Terrace Blok® 500 or GEOLOK® 500 or approved equivalent inclusive of sand filling as per typical detail on Drawing 200/512-TD-601.....square meter (m2)**

The unit of measurement shall be the square metre of Terrace Blok® 500 or GEOLOK® 500 or approved equivalent retaining wall installed as per Drawing 200/512-TD-601.

The Contract rate shall include full compensation for constructing the Terrace Blok® 500 or GEOLOK® 500 or approved equivalent retaining wall. The rate shall include, inter alia, procuring all retaining wall blocks and sand filling, labour, loading, transporting, off-loading, and all handling costs. The rate shall also include the compaction of the in-situ material below base to 95% Mod AASHTO density. Excavation for the retaining wall, including the base excavation is measured elsewhere. The concrete base, drainage for the wall and backfilling are also measured elsewhere. All other material and tasks/activities to complete the retaining wall as per the above-mentioned typical drawing shall be included under this item rate.

C3.5: MANAGEMENT

- **C3.5 MANAGEMENT**

- C3.5.1 MANAGEMENT OF THE WORKS**

- C3.5.1.1 Applicable Standards**

The COTO (2020 Edition) Standardized Specifications listed in C3.4.1.1 are applicable.

- C3.5.1.2 Particular/Generic Specifications**

Not applicable.

- C3.5.1.3 Methods and Procedures**

- (a) Maintenance of access and streets**

The operation of construction vehicles on existing roads or streets, or streets that have been completed to the level of subbase, base or surfaced treatment, shall be limited to the traffic with an axle load not exceeding that allowed by the Road Traffic Ordinance of the authority concerned, or any amendment thereof. Hauling is strictly forbidden on sections of road or streets that have been completed as described above. The Contractor shall make use of a temporary haul road, or where not practically possible, program his work in such a manner that the haulage materials shall be restricted to that required for the particular section of street. No additional payment shall be made for the use of temporary haul roads and all relevant costs shall be deemed covered by the appropriate rates.

No additional payment will be made for the construction of temporary access roads to the construction site, borrow areas or the spoil sites, except for payment made under payment item 15.01 in the Bill of Quantities.

Should the Contractor make use of existing roads or streets for haulage, he shall be held responsible to clear the road or street of any spillage caused by his activities within one (1) day after such spillage occurred. No additional payment will be made for the cleaning of the spillage.

- (b) Blasting operation**

All blasting shall be carried out by a competent, registered blaster. The blaster shall furnish to the Engineer copies of all the permits required to purchase, transport, use and dispose of unused blasting material. The Contractor shall inform the commander of the local SAPS at least 1 day prior to the date and time blasting is about to take place.

No blasting operations shall take place on weekends or holidays or weekdays after 17h00.

The Contractor shall ensure that sufficient suitable material, to the satisfaction of the blaster, is available and in place before the blast is initiated.

- (c) Normal working hours**

Normal working hours shall be from 07h00 until 17h00 on weekdays from Monday to Friday. It shall be from 07h00 until 13h00 on Saturdays.

Work on other days will only be allowed after written approval has been granted by the Engineer.

- (d) Interference with municipal staff and operations**

The Contractor shall ensure that none of his staff interfere in any way with any municipal staff member or their functions.

Any person ignoring this shall be removed permanently from site, all at the expense of the Contractor.

(e) Access for other contractors

The Contractor shall provide reasonable access to other Contractors carrying out work on the site from time to time, as and when such access is required. The Contractor is entitled to request reasonable notification of at least 24 hours before access by others is required.

The contractual responsibilities of the Contractor shall remain in full force in spite of the other Contractors having access to the site.

(f) Giving notice of work to be covered up

The Contractor shall give the Engineer at least 24 hours' notice prior to a request for examination of materials or work to be covered up. This request must be made in the request book on site.

Should such a request be made and upon inspection the Engineer found that the works or materials are not yet ready for inspection, the Contractor shall reimburse the Engineer within 30 days of invoice for all expenses incurred as a result.

(g) Sequence of the works

The Contractor shall execute the Works in accordance with the approved programme.

- **C3.5.1.4 Quality plans and control (Testing)**

Refer to Section C3.4.2.5(b).

- **C3.5.1.5 Environmental Management Plan (EMP)**

(a) Demarcation of the site

For the purpose of the EMP, the site shall be demarcated into two distinct areas, viz.;

- (i) The construction camp comprising all buildings, hostels, offices, lay down yards, vehicle wash areas, fuel and material storage area, batching areas and other infrastructure that is required for the running of the job.
- (ii) The working area in which construction activities are permitted to take place. No infrastructure, permanent lay down or storage areas shall be established in this working area unless specified in the project specification or prior approval is obtained from the Engineer.

(b) Construction camp

The Contractor shall provide the Engineer with a plan showing the positions of all buildings, yards, vehicle wash areas, batching areas and other infrastructure for approval by the Engineer at least ten (10) days prior to the commencement date.

(c) Fencing of site

If a temporary fence is required, the Contractor shall erect and maintain such a fence (demarcating the boundary of the working area, construction camp and access roads) to the satisfaction of the Engineer.

This fence shall be erected before the commencement of any other work on site. The fence shall be removed after completion of the project and the site reinstated to its original state.

(d) Workshops

All workshops shall be located inside the demarcated construction camp area as approved by the Engineer prior to establishment. The workshop shall have a smooth impermeable concrete floor sloped to one side where oil is trapped in an oil trap or sump to contain any spillages of substances such as oil.

Waste material shall be disposed of in accordance with the national, regional and local by-laws regulations and by-laws. The waste shall be regularly removed and disposed of at an approved site.

(e) Eating areas

The Contractor's employees shall eat in a designated eating area indicated on the drawing approved by the Engineer. The Contractor shall provide adequate shade and provide scavenger proof and waterproof refuse bins. Cooking will only take place in this area on well-maintained gas cookers with fire extinguishers present. Open fires other than the gas cookers shall not be allowed.

(f) Watchmen

The Contractor shall have a watchman present on site during non-working hours and on holidays to ensure the safety of plant and materials on site.

(g) Ablution facilities

The exact location of toilets shall be approved by the Engineer. The Contractor shall provide the toilets and maintain and service it on a daily basis. The toilets shall be kept clean. Regular inspections shall be conducted by the Engineer. Burial of waste on site is strictly forbidden. Leaking or broken toilets shall be removed and replaced immediately by the Contractor.

(h) Solid waste

"Solid waste" refers to construction debris, chemical waste, tins, cans, paper, wrappers, excess concrete, waste timber, etc.

The Contractor shall establish a waste control and removal system. He shall submit a method statement to the Engineer for approval prior to commencement.

Appropriate solid waste containers shall be provided for the storage of waste. The containers shall be water proof. The waste shall be removed on a regular basis to prevent the accumulation of waste on site and disposed of at an approved waste site.

(i) Wastewater

Water shall be used sparingly on site. Where possible, wastewater shall be recycled. A wastewater management plan shall be submitted to the Engineer for approval 10 days prior to the commencement date.

The management plan shall detail the expected extent of the contamination of each wastewater stream and how the Contractor plans to deal with it.

Wastewater shall be prevented from flowing into the Olifants River.

(j) Fuel storage area

Fuel shall be stored on site in a depot at a location as agreed with the Engineer. The Contractor shall ensure that liquid fuels are stored in tanks with lids. The tanks shall be placed on a sloped smooth concrete surface with an oil trap on the lower end to collect any spillage.

Fuel shall be kept under lock at all times.

(k) Concrete batching area

Cement and concrete is hazardous to the environment due to the high pH of the material and the chemicals it contains.

The Contractor shall furnish to the Engineer for approval a method statement for the mixing of concrete. Concrete shall not be mixed directly on the ground. Care must be taken to ensure that wastewater and contaminated material is collected and disposed of correctly.

(l) Equipment maintenance and storage

All equipment and vehicles shall be kept in good working order and serviced regularly. Leaking equipment shall be repaired immediately or removed from site. Where possible, maintenance and service shall take place only in the workshop. Permission must be obtained from the Engineer if the aforementioned cannot be adhered to.

The Contractor shall demarcate an area in which the equipment and vehicles may be stored. The location shall be approved by the Engineer.

(m) Materials handling, use and storage

The Contractor is responsible to ensure that all material suppliers are aware of the EMP's restrictions and conditions. The Contractor shall be held responsible should deliveries not comply with the EMP requirements.

The Contractor shall comply with all relevant national, regional and local legislation with regard to the transport, use and disposal of hazardous material.

The Contractor shall furnish to the Engineer a list of all hazardous materials to be used on site, together with the handling, storage and disposal procedures of the materials. This information shall be available to all personnel on site.

The location of the hazardous material store shall be within the demarcated construction camp area. The location shall be approved by the Engineer.

Where possible, the Contractor shall ensure that the refueling of vehicles takes place only at the fuel storage area in the construction camp. If this is not possible, the Contractor shall obtain permission from the Engineer to refuel at any other place. Contaminated material and wastewater at the refueling area shall be contained and disposed of correctly.

(n) Emergency procedures

The Contractor shall ensure that emergency procedures for the following situations are submitted for approval to the Engineer;

Fire – the Contractor shall inform the relevant authority immediately as soon as a fire starts. The Contractor shall ensure that his staff and subcontractors are fully aware of the procedures to be followed in the event of a fire.

Spillages – the Contractor shall ensure that his staff and subcontractors are fully aware of the procedures to be followed in the event of a spillage. The Engineer must be informed immediately about a spill. The Contractor shall ensure that the necessary materials and equipment is on site to deal with spills and leaks. The cleanup of spills and leaks shall be for the account of the Contractor.

(o) Care of surrounding areas

The Contractor shall ensure that no contamination of or damage to the surrounding areas or watercourses shall occur as a result of any of his activities during construction.

- **C3.5.1.6 Planning and programming**

The programme to be furnished by the Contractor to the Engineer for approval shall be in the form of a Gantt chart. The critical path shall be indicated in red.

- **C3.5.1.7 Other Contractors on site**

No other road construction contractors will be on site during the implementation of the project.

- **C3.5.1.8 Recording of weather**

The Contractor shall record the weather conditions on a daily basis in the site diary. Rainfall figures and strong wind which could delay the Works shall be noted and recorded.

- **C3.5.1.9 Format of communications**

All communication regarding the Contract shall be channelled through the Engineer or his representative.

- **C3.5.1.10 Planning and programming**

Management meeting shall be held monthly on site for the duration of the project on dates to be agreed upon.

- **C3.5.1.11 Daily records**

Daily records of plant, personnel, materials, etc., shall be kept daily by the Contractor and noted in the site diary to be supplied by the Contractor before commencement date of the project.

C3.6: HEALTH AND SAFETY

- **C3.6 HEALTH AND SAFETY**

C3.6.1 HEALTH AND SAFETY REQUIREMENTS AND PROCEDURES**(a) Construction Regulations, 2003 or latest revision as amended**

The Contractor shall be required to comply with the Occupational Health and Safety Act, 1993: Construction Regulations, 2003 or latest revision (the regulations) as promulgated in Government Gazette No 25207 and Regulation Gazette No 7721 of 18 July 2003. Non-compliance with these regulations, in any way whatsoever, will be adequate reason for suspending the Works.

The proposed type of work, materials to be used and potential hazards likely to be encountered on this Contract are detailed in the Project Specifications, Schedule of Quantity and Drawings, as well as in the Employers' Health and Safety Specifications (regulation 4(1)) of the Construction Regulations 2003 or latest revision as amended.

The Contractor shall in terms of regulation 5(1) provide a comprehensive health and safety plan detailing his proposed compliance with the regulations, for approval by the Employer.

The Contractor shall at all times be responsible for full compliance with the approved plan as well as the Construction Regulations and no extension of time will be considered for delays due to non-compliance with the abovementioned plan or regulations.

Payment items are included in the Schedule of Quantities to cover the Contractor's cost for compliance with the OHS Act and the abovementioned regulations.

C3.6.2 PROTECTION OF THE PUBLIC

The site is accessible to the general public. The Contractor shall ensure that all personnel entering the construction site is fully informed about the dangers, dos and don'ts on the site. The Contractor shall ensure that non-construction personnel are protected within the guidelines of the OH&S Regulations.

C3.6.3 BARRICADES AND LIGHTING

All excavations, into which a person may fall, shall be securely barricaded at all times in accordance with the requirements of the applicable OH&S Regulations.

- **C3.6.4 TRAFFIC CONTROL ON ROADS**

The Safety Officer shall take full responsibility for the traffic control in and around the site. The personnel on site shall be fully informed and trained by the Safety Officer regarding the construction traffic and general traffic control.

- **C3.6.5 MEASURES AGAINST DISEASE AND EPIDEMICS**

Necessary measures must be adopted and implement occupational health and safety measures to reduce and eliminate the escalations of infections in workplaces against disease, epidemics and pandemics on site as and when directed by the Department of Labour.

- **C3.6.6 AIDS AWARENESS**

All construction personnel shall be given an Aids Awareness briefing session by the Safety Officer.

PART C4 SITE INFORMATION

PART C4: SITE INFORMATION

GENERAL

This section describes the site at the time of tender to enable the tenderer to price his tender and to decide upon his method of working and programming and risks.

SI8	Proposed Development

SI 1 Project Location

1.1 Site Location

The project is located in Karino, a township in the Tekwane area, Ward 18 within the City of Mbombela under the jurisdiction of the City of Mbombela of the Mpumalanga Province. The road/ in consideration is situated in Karino, at Tekwane south-eastern side of Nelspruit, approximately 15 km from Nelspruit CBD.

The start of the road is at Lat: 25°28'02.70"S, Long: 31°05'36.37"E and ends at Lat: 25°28'32.44"S Long: 31°09'03.60"E. The approximate length of the road to be upgrade is 6.0 km. Access to site could be achieved by taking the N4 from the CBD towards Karino Estate and branch off to the left on the R538 towards the Kruger Mpumalanga International Airport, then take right into the D2296 (Ka Nyamazane Road). The locality plan is presented in Figure 1 below.

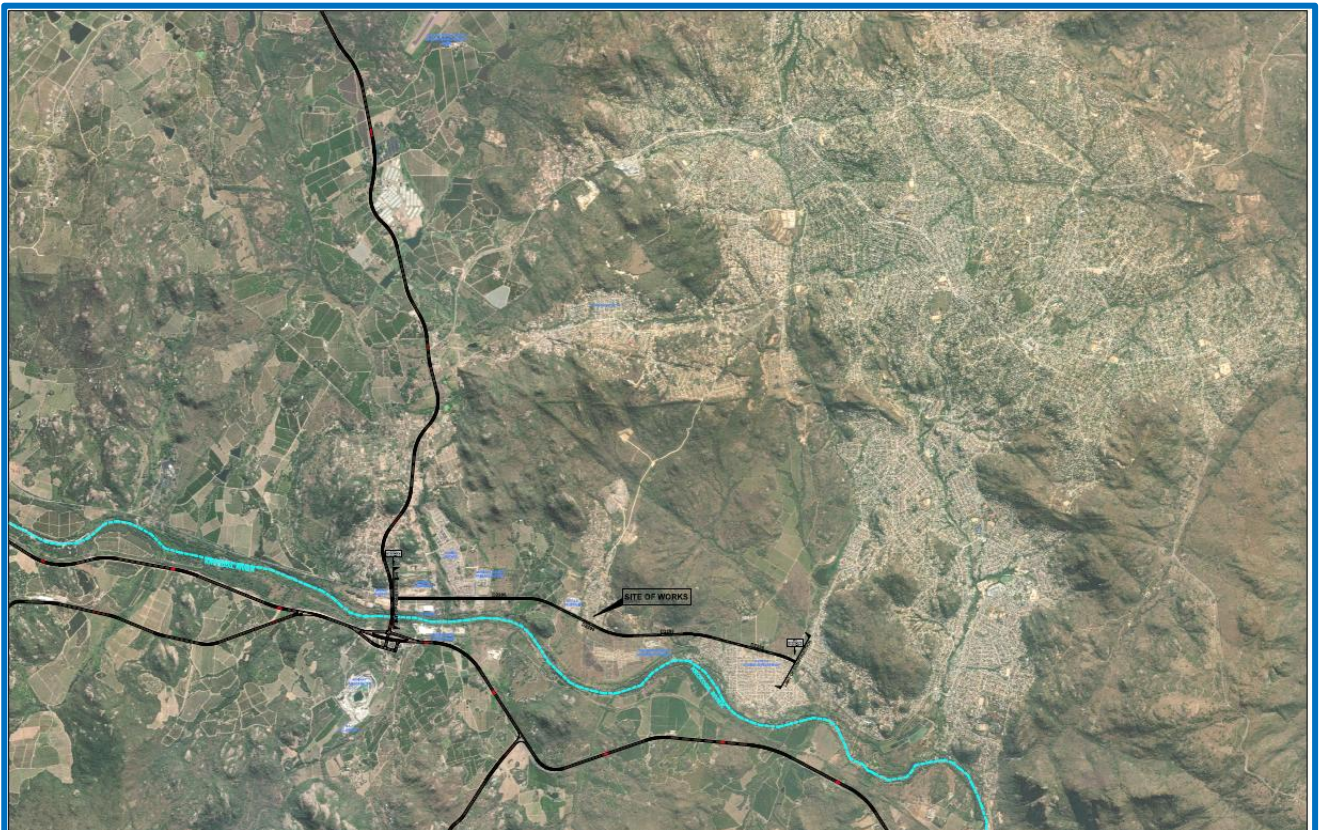

Figure 1: Locality Plan of the Project

SI 2 Climatic Condition

The climate of the project area is Savana Biome climate characterized by seasonal precipitation and sub-tropical thermal regimes with no frost. The mean daily maximum temperatures for summer months are between 26 °C and 32 °C. In winter, the daily minimum temperatures remain above 10 °C. The area receives the lowest rainfall (2mm) in June and the highest (119mm) in December.

According to the Weinert, 1980, the area has a climatic "N" value of 2.2 which is associated with humid warm area and a surplus of water, where chemical decomposition is the predominant rock weathering mode.

Soils derived from the decomposition of bedrock of the area are associated with the following Engineering properties:

- High permeability
- Uneven bedrock
- High erodibility and unstable slopes
- Semi-pervious to pervious soils

- Good compaction and workability

SI 3 Geotechnical Investigation

According to the geological map series, the site is underlain by rocks of similar mineralogical composition of the Nelspruit Suite formed during the Swazian Age. The lithology is comprised of grey to white, coarse-grained biotite granite of the Nelspruit Suite.

Granites are igneous rocks formed by magma being forced between layers of rocks by the pressure under the earth surface and cools down slowly into solid stone. These rocks are heterogeneous in their mineral composition and texture, with common minerals being quartz, feldspar, hornblende and minor mica. Upon weathering, Granites are prone to the formation of large boulders and "koppies"-like structures which vary in size, shape and position in the landscape. Various rock outcrops were observed in and around the site. Photo 2 presents bedrock outcrops and undulating topography within the study area. The type of materials formed range from clay; silt and sand angular gravels, cobbles or boulders.

The geological map for the area is presented in **Error! Reference source not found.** below.

ID	Formation	Lithology
Zn	Nelspruit Suite of the Swazian era	Grey to white, coarse grained biotite granite
Znm		Potassic gneiss and migmatite with some phenocrysts

Table 1: Legend for Geological Map Extract

3.1 Road Survey Area Investigated

The field work phase of the geotechnical investigation was conducted in November 2023.

Twenty-four (24) test pits were excavated along the route of the road, whereby the test pits were excavated at approximately 500-meter intervals. The test pits were excavated to depths of between 0.0m and 1.1m or refusal on hard material, using a TLB type hydraulic excavator. The investigation included in-situ soil profiling and sampling of the soil profiles followed by submission of samples for laboratory testing. The test pits were profiled in accordance with standard methods and procedures of Jennings et al. They were loosely backfilled with the excavated material. Figure 3 indicates the location and the coordinates of the test pits.

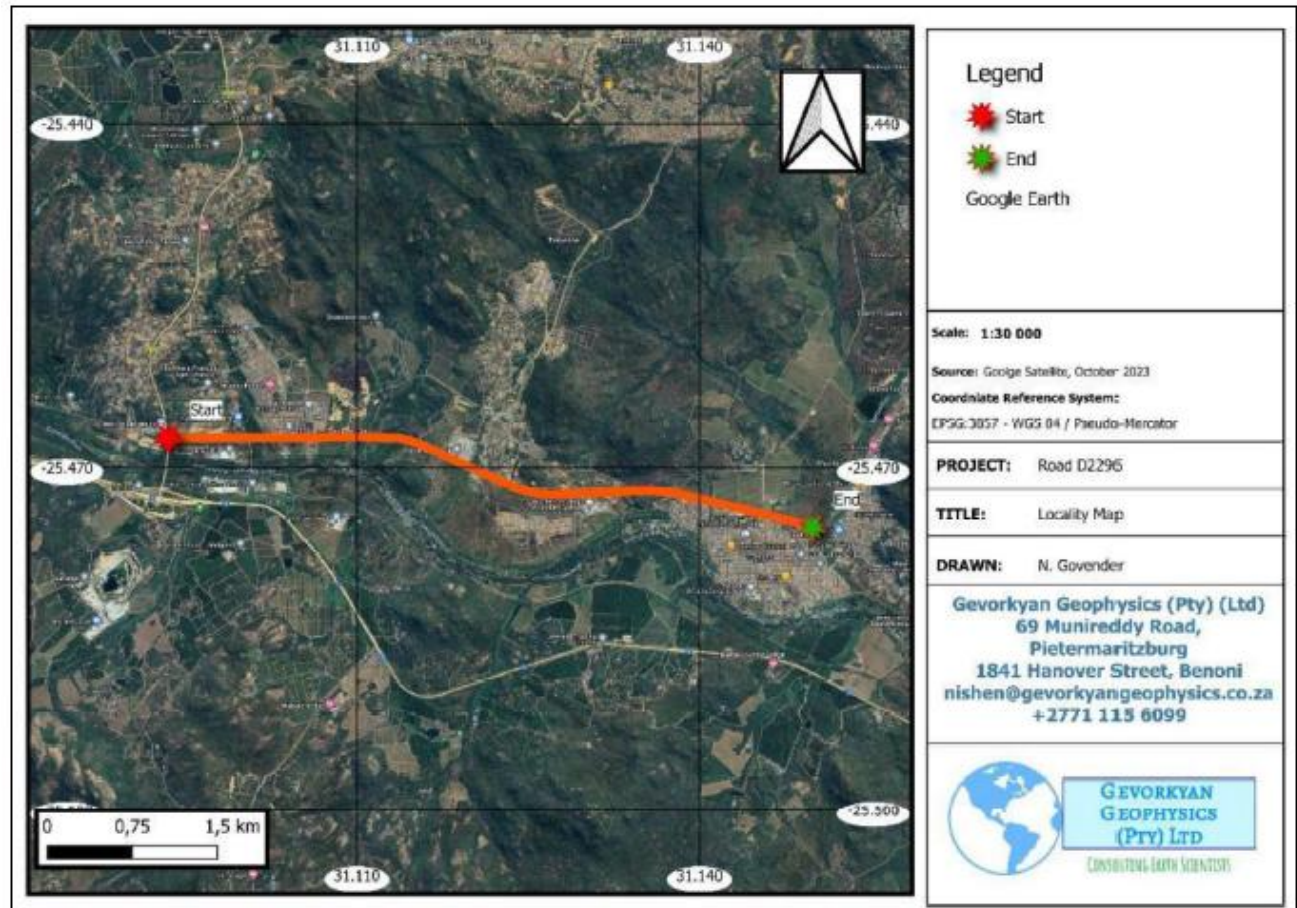

Figure 1: Locality of the site

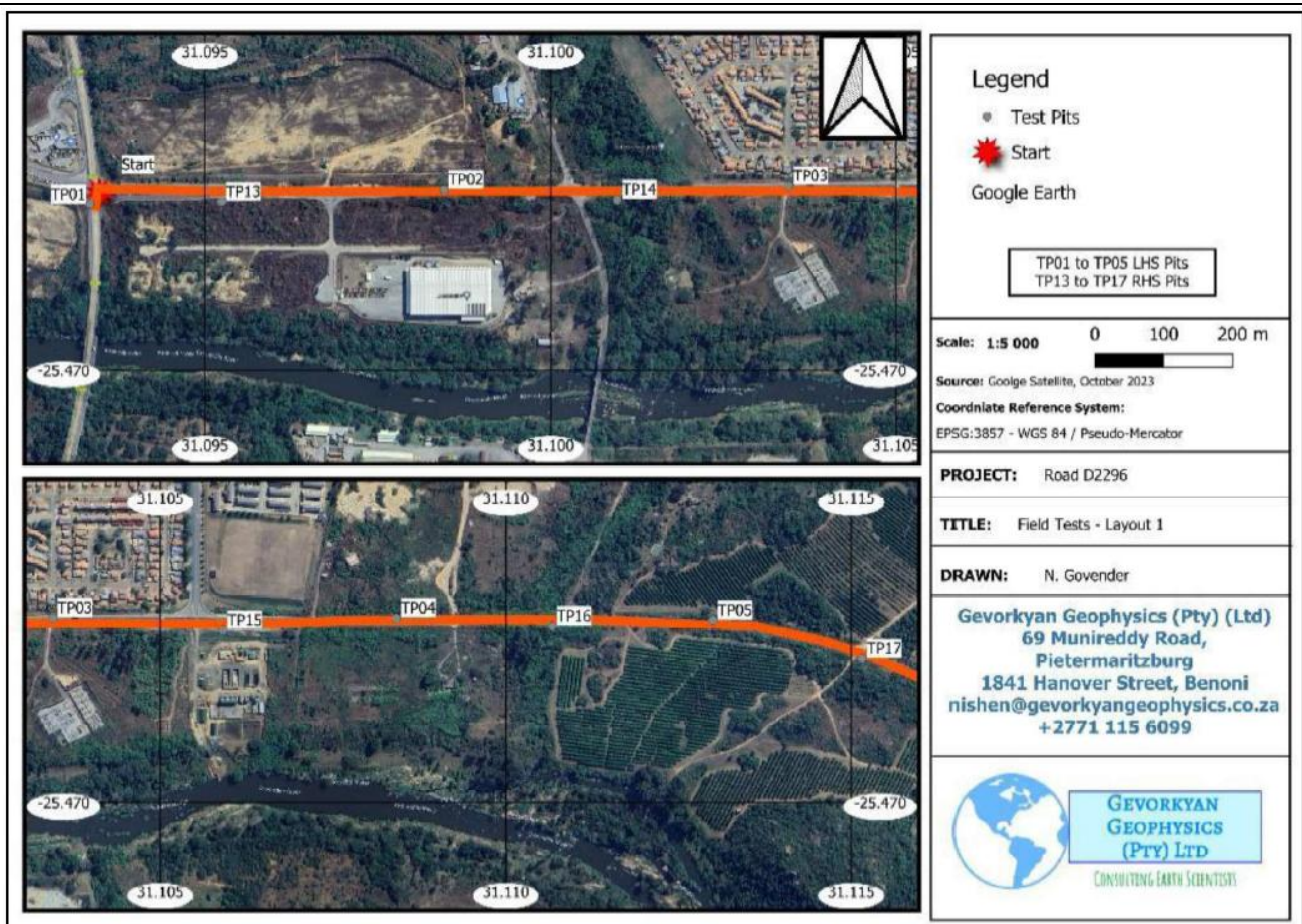

Figure 2: Field Test Positions

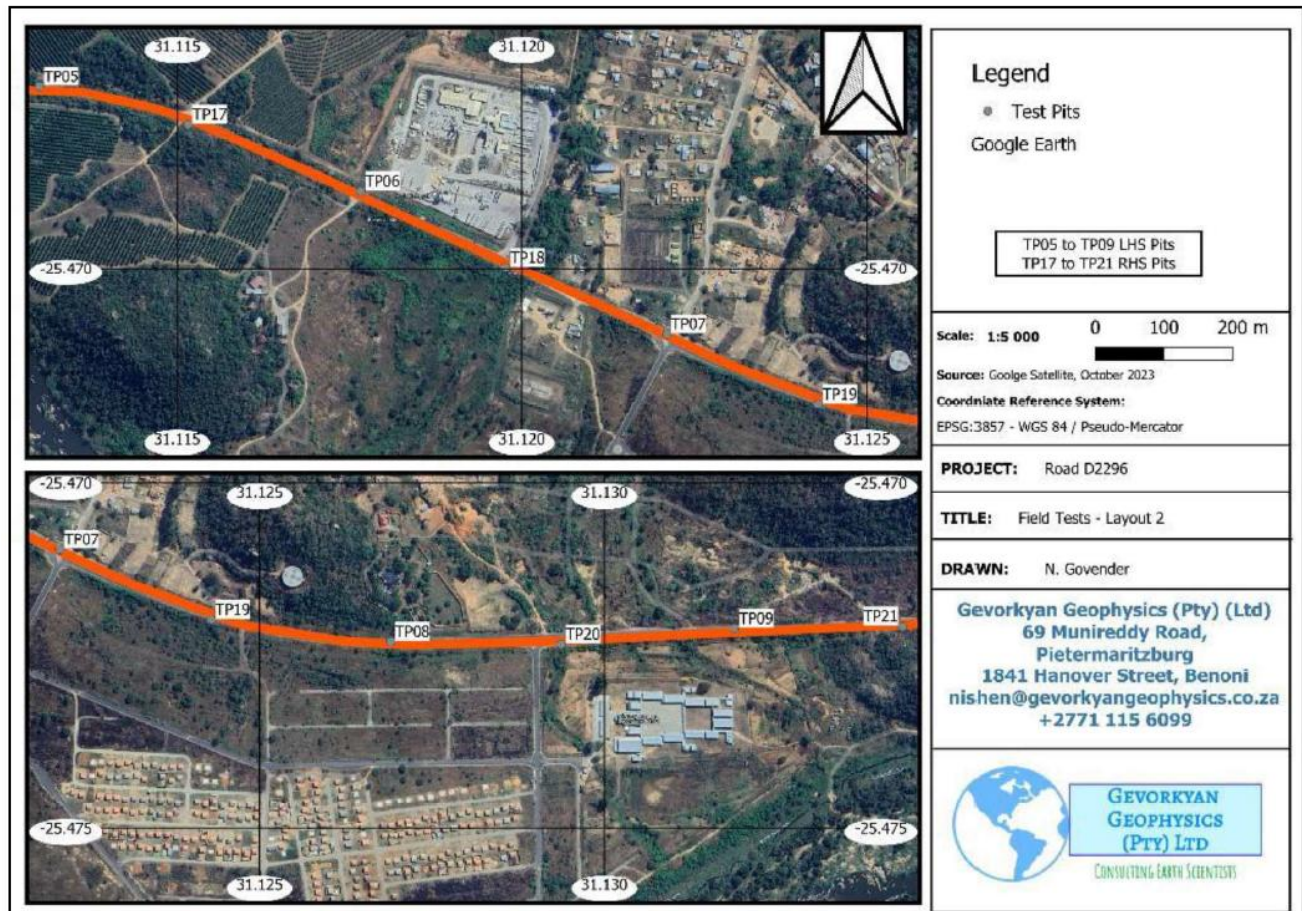

Figure 3: Field Test Positions

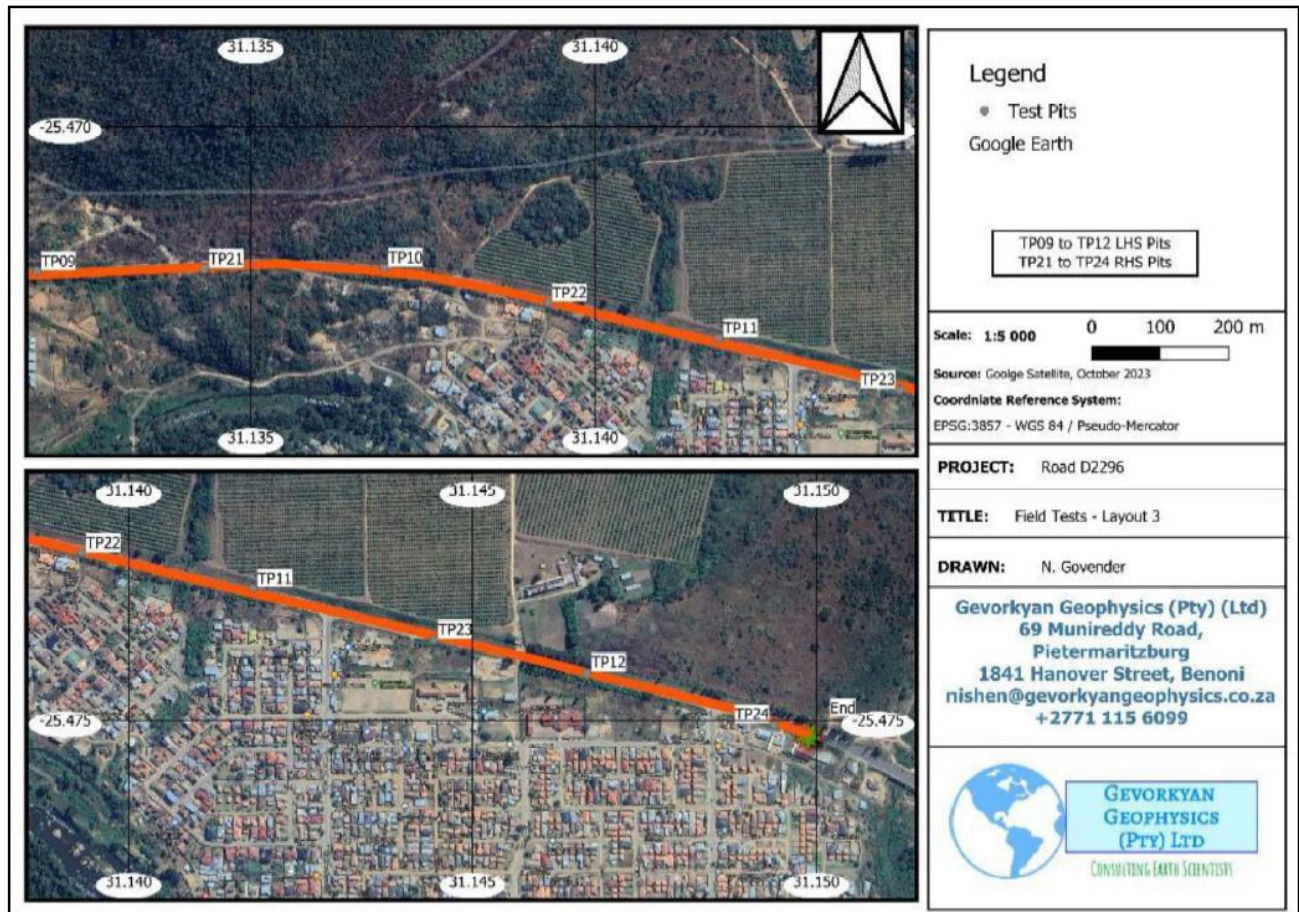

Figure 4: Field Test Positions

SI 4 General Geology

GENERAL GEOLOGY AND INFERRED SUBGRADE CONDITIONS ALONG THE PROPOSED ROAD ALIGNMENT

According to the Geological Map Sheet “2530 Barberton” as shown in Figure 5, the entire route is underlain by Swazian Age Gneiss, Migmatite and Granite of the Nelspruit Suite.

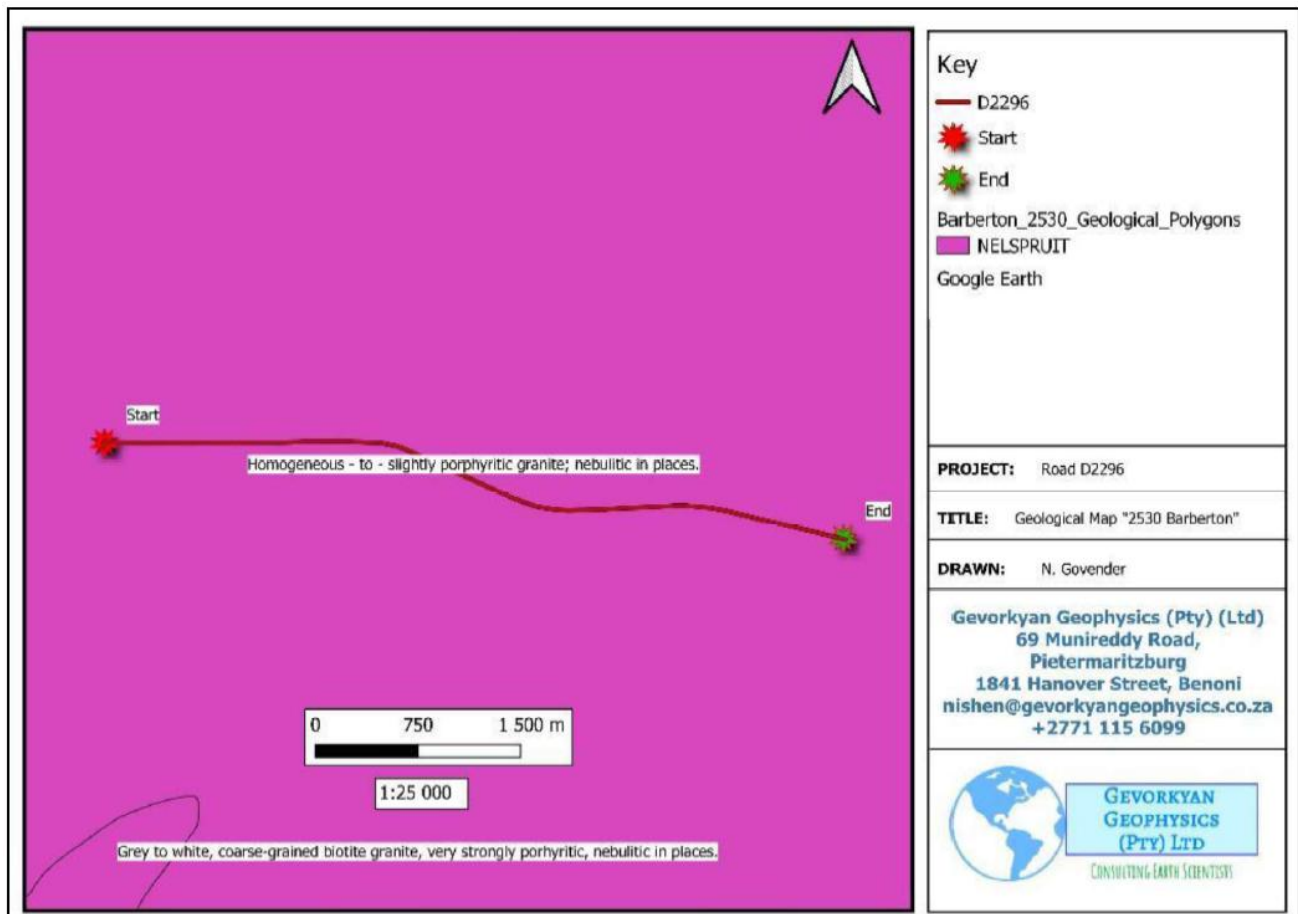

Figure 5: Geological Map “2530 Barberton”

Test Pitting and Profiling

Approximately 24 No. test pits were excavated at selected points along the proposed road upgrade. The test pits have been carried in the right-hand side (RHS) and left hand side (LHS) of the existing road. The test pits have been designated by prefixes TP01 to TP24 and were excavated to approximate refusal/final depths in the range 0.8m to 1.1m below existing ground level (begl). (Refer to test pits for detailed information).

TP01 to TP12 are for the LHS and TP13 to TP24 are for the RHS.

The test pits were profiled in accordance to the South African Geoterminology Guidelines (Brink and bruin, 2002).

DCP Testing

A DCP test was carried out adjacent to each test pit and a total of 24 DCP tests were completed. The DCP tests have been designated by prefixes DCP01 to DCP24 and extended to approximate refusal/final depths in the range 0.1m to 1.1m begl.

Table 1 provides summarised information of the subsoil profile.

GENERAL COMMENTS					
The material across the site generally classifies as G6 and maybe used in construction. If Required. CBR % based on DCP results are summarised and reference should be made to actual DCP data in appendices for designs. The materials encountered generally classify as G6 with some areas having poorer than G10.					

SI 5 Photographs of Existing Information

Photographs of subsurface profiles observed in the inspection pits are given in Photographs 1 to 4.

Photograph 1: Material Encountered in TP201 (Centre)

Photograph 2: Material Encountered in TP207 (LHS)

Photograph 3: Material Encountered in TP214 (RHS)

Photograph 4: Material Encountered in TP223 (Centre / Slipway)

SI 6 Groundwater

No groundwater was encountered at any of the field test positions on the site.

It must be noted that groundwater activity is, however, generally expected across the entire site on an intermittent / periodic basis and is also likely to fluctuate as a result of seasonal rainfall patterns.

There is also a concern for groundwater close to drainage channels / streams / rivers and this will need to be accommodated for in the construction budget.

It is therefore recommended that the appropriate measures be implemented to counteract the potential groundwater activity on site, i.e. subsurface drainage.

SI 7 Soil Laboratory Results

To evaluate the engineering properties and the suitability of the in-situ soils and bedrock for construction use, the following laboratory tests were conducted on soil and rock samples retrieved from the site:

- i) Grading Analysis, Atterberg Limits;
- ii) Modified AASHTO;
- iii) California Bearing Ratio and
- iv) Moisture Content

The results of the laboratory tests are summarized in Table 2 and Table 3.

Table 2: Summary of Results of Grading Analysis, Atterberg Limit Determinations, and Material Classifications for materials from Road in 2023

SI 8 Proposed Development

The current state of the road is asphalt surfaced and an upgrade of the road is required to meet with the new traffic demands. The final design of the road was unknown at the time of preparation of the geotechnical investigation report.

ANNEXURE A: OCCUPATIONAL HEALTH AND SAFETY SPECIFICATIONS

OCCUPATIONAL HEALTH AND SAFETY SPECIFICATIONS**CONTENTS**

PARTICULAR SPECIFICATIONS	A-1
AGREEMENT OCCUPATIONAL HEALTH AND SAFETY	A-10
CONTRACTOR'S HEALTH AND SAFETY DECLARATION	A-12
PRO FORMA NOTIFICATION	A-14

PARTICULAR SPECIFICATIONS

SECTION OHS: OHSA 1993: HEALTH AND SAFETY SPECIFICATION

1 **SCOPE**

This specification covers the health and safety requirements to be met by the Contractor to ensure a continued safe and healthy environment for all workers, employees and subcontractors under his control and for all other persons entering the site of works.

This specification shall be read with the Occupational Health and Safety Act (Act No 85 and amendment Act No 181) 1993, and the corresponding Construction Regulations 2014, and all other safety codes and specifications referred to in the said Construction.

In terms of the OHSA Agreement in Section (C1.4) of the Contract document, the status of the Contractor as mandatory to the Employer (client) is that of an employer in his own right, responsible to comply with all provisions of OHSA 1993, the Construction Regulations 2014.

The following are possible risks associated with this project:

- Please insert the risks associated with the project here

Additional risks may arise from specific methods of construction selected by the Contractor which are not necessary covered in the above.

2 **DEFINITIONS**

For the purpose of this contract the following shall apply:

Employer where used in the contract documents and in this specification, means the Employer as defined in the General Conditions of Contract and it shall have the exact same meaning as “**client**” as defined in the Construction Regulations 2014. “**Employer**” and “**client**” is therefore interchangeable and shall be read in the context of the relevant document.

- (b) “**Contractor**” wherever used in the contract documents and in this specification, shall have the same meaning as “**Contractor**” as defined in the General Conditions of Contract.

In this specification the terms “**principal contractor**” and “**contractor**” are replaced with “**Contractor**” and “**subcontractor**” respectively.

For the purpose of this contract the **Contractor** will, in terms of OHSA 1993, be the mandatory, without derogating from his status as an employer in his own right.

- (c) “**Engineer**” where used in this specification, means the Engineer as defined in the General Conditions of Contract. In terms of the Construction Regulations the Engineer may act as agent on behalf of the Employer (the client as defined in the Construction Regulations).

3 **TENDERS**

The Contractor shall submit the following with his tender:

- (a) a documented Health and Safety Plan as stipulated in Regulation 7 of the Construction Regulations. The Safety Plan must be based on the Construction Regulations 2014 and will be subject to approval by the Employer;
- (b) a declaration to the effect that he has the competence and necessary resources to carry out the work safely in compliance with the Construction Regulations 2014;
- (c) a declaration to the effect that he made provision in his tender for the cost of the health and safety measures envisaged in the Construction Regulations.
- (d) Failure to submit the foregoing with his tender, will lead to the conclusion that the Contractor will not be able to carry out the work under the contract safely in accordance with the Construction Regulations.

4 **NOTIFICATION OF COMMENCEMENT OF CONSTRUCTION WORK**

After award of the contract, but before commencement of construction work, the Contractor shall, in terms of Regulation 3, notify the Provincial Director of the Department of Labour in writing if the following work is involved:

- (a) the demolition of structures and dismantling of fixed plant of height of 3,0m or more;
- (b) the use of explosives;
- (c) construction work that will exceed 30 days or 300 person-days;
- (e) excavation work deeper than 1,0m; or
- (f) working at a height greater than 3,0m above ground or landings.

The notification must be done in the form of the pro forma included under Section T2 (Forms to be Completed by Tenderer) of the tender document.

A copy of the notification form must be kept on site, available for inspection by inspectors, Employer, Engineer, employees and persons on site.

5 **RISK ASSESSMENT**

Before commencement of any construction work during the construction period, the Contractor shall have a risk assessment performed and recorded in writing by a competent person. (Refer Regulation 9 of the Construction Regulations 2014).

The risk assessment shall identify and evaluate the risks and hazards that may be expected during the execution of the work under the contract, and it shall include a documented plan of safe work procedures to mitigate, reduce or control the risks and hazards identified.

The risk assessment shall be available on site for inspection by inspectors, Employer, Engineer, subcontractors, employees, trade unions and health and safety committee members, and must be monitored and reviewed periodically by the Contractor.

6 **APPOINTMENT OF EMPLOYEES AND SUBCONTRACTORS**

6.1 **Health and Safety plan**

The Contractor shall appoint his employees and any subcontractors to be employed on the contract, in writing, and he shall provide them with a copy of his documented Health and Safety Plan, or relevant sections thereof. The Contractor shall ensure that all subcontractors and employees are committed to the implementation of his Safety Plan.

6.2 Health and safety induction training

The Contractor shall ensure that all employees under his control, including subcontractors and their employees, undergo a health and safety induction training course by a competent person before commencement of construction work. No visitor or other person shall be allowed or permitted to enter the site of the works unless such person has undergone health and safety training pertaining to hazards prevalent on site.

The Contractor shall ensure that every employee on site shall at all times be in possession of proof of the health and safety induction training issued by a competent person prior to commencement of construction work.

7 APPOINTMENT OF SAFETY PERSONNEL

7.1 Construction Supervisor

The Contractor shall appoint a full-time **Construction Supervisor** with the duty of supervising the performance of the construction work.

He may also have to appoint one or more competent employees to assist the construction supervisor where justified by the scope and complexity of the works.

7.2 Construction safety officer

Taking into consideration the size of the project and the hazards or dangers that can be expected, the Contractor shall appoint in writing a full-time or part-time **Construction Safety Officer** if so decided by the client. The Safety Officer shall have the necessary competence and resources to perform his duties diligently.

Provision shall be made by the Contractor in his rates, to cover the cost of this dedicated construction safety officer appointed after award of the contract.

7.3 Health and safety representatives

In terms of **Section 17 and 18 of the Act (OHSA 1993)** the Contractor, being the employer in terms of the Act for the execution of the contract, shall appoint a **health and safety representative** whenever he has more than 20 employees in his employment on the site of the works. The health and safety representative must be selected from employees who are employed in a full-time capacity at a specific workplace.

The number of health and safety representatives for a workplace shall be at least one for every 100 employees.

The function of health and safety representative(s) will be to review the effectiveness of health and safety measures, to identify potential hazards and major incidents, to examine causes of incidents (in collaboration with his employer, the Contractor), to investigate complaints by employees relating to health and safety at work, to make representations to the employer (Contractor) or inspector on general matters affecting the health and safety of employees, to inspect the workplace, plant, machinery etc. on a regular base, to participate in consultations with inspectors and to attend meetings of the health and safety committee.

7.4 Health and safety committee

In terms of Sections **17 and 18 of the Act (OHSA 1993)** the Contractor (as employer), shall establish one or more **health and safety committee(s)** where there are two or more health and safety representatives at a workplace. The persons selected by the Contractor to serve on the committee shall be designated in writing.

The function of the health and safety committee shall be to hold meetings at regular intervals, but at least once every three months, to review the health and safety measures on the contract, to discuss incidents related to health and safety with the Contractor and the inspector, and to make recommendations regarding health and safety to the Contractor and to keep record of recommendations and reports made by the committee.

7.5 Competent persons

In accordance with the Construction Regulations the Contractor has to appoint in writing **competent persons** responsible for supervising construction work on each of the following work situations that may be expected on the site of the works.

- (a) Risk assessment and induction training as described in Regulation 9 of the Construction Regulations;
- (b) Fall protection as described in Regulation 10;
- (c) Structures described in Regulation 11;
- (d) Temporary works described in Regulation 12;
- (e) Excavation described in Regulation 13;
- (f) Demolition work described in Regulation 14;
- (g) Tunneling as described in Regulation 15;
- (h) Scaffolding as described in Regulation 16;
- (i) Suspended platforms as described in Regulation 17;
- (j) Rope Access Work as described in Regulation 18;
- (k) Material hoists as described in Regulation 19;
- (l) Bulk mixing plant as described in Regulation 20;
- (m) Explosive actuated fastening device as described in Regulation 21;
- (n) Cranes as described in Regulation 22;
- (o) Construction vehicle and mobile as described in Regulation 23;
- (p) Electrical installations and machinery of construction sites as described in Regulation 24;
- (q) Use and temporary storage of flammable liquids on construction sites as described in Regulation 25;
- (r) Water environments as described in Regulation 26;
- (s) Housekeeping and general safeguarding on construction sites as described in Regulation 27;
- (t) Stacking and storage on construction sites as described in Regulation 28;
- (u) Fire precautions on construction sites as described in Regulation 29, and
- (s) Construction employees' facilities as described in Regulation 30.

A competent person may be appointed for more than one part of the construction work with the understanding that the person must be suitably qualified and able to supervise at the same time the construction work on all the work situations for which he has been appointed.

The appointment of competent persons to supervise parts of the construction work does not relieve the Contractor from any of his responsibilities to comply with **all** requirements of the Construction Regulations.

8 RECORDS AND REGISTERS

In accordance with the Construction Regulations the Contractor is bound to keep records and registers related to health and safety on site for periodic inspection by inspectors, the Engineer, the Employer, trade union officials and subcontractors and employees. The following records and registers must be kept on site and shall be available for inspection at all times.

- (a) A copy of the OHSA 1993 Construction Regulations 2014;
- (b) A copy of this Health and Safety Specification;
- (c) A copy of the Contractor's Health and Safety Plan (Regulation 7);
- (d) A copy of the Notification of Construction Work (Regulation 4);
- (e) A health and safety file in terms of Regulation 5(1)(b) with inputs by the Construction Safety Officer (Regulation 7(1));
- (f) A copy of the risk assessment described in Regulation 9;
- (g) A full protection plan and the corresponding records of evaluation and training of employees working from elevated positions as described in Regulation 10;
- (h) Drawings pertaining to the design of structures (Regulation 11(1)(c)) and formwork and support work structures (Regulation 12) must be kept on site;
- (i) Pronouncement of the safety of excavations must be recorded in a register to be kept on site (Regulation 13);
- (j) A copy of the certificate of the system design for suspended platforms (Regulation 17(2)(b));
- (k) A notice must be affixed around the base towers of material hoists to indicate the maximum mass load, which may be carried at any one time by material hoists (Regulation 19(5));
- (l) Maintenance records of material hoists and inspection results must be kept in a record book to be kept on site (Regulation 19(8));
- (m) A record of any repairs to or maintenance of a batch plant must be kept on site (Regulations 20(8));
- (n) A warning notice must be displayed in a conspicuous manner when and wherever an explosive powered tool is used (Regulation 19(2));
- (o) A register for recording of findings by the competent person appointed to inspect construction vehicles and mobile plant (Regulation 23(1)(k)).

9 CONTRACTORS RESPONSIBILITIES

For this contract the Contractor will be the mandatory of the Employer (Client), as defined in the Act (OHSA 1993), which means that the Contractor has the status of employer in his own right in respect of the contract. The Contractor is therefore responsible for all the duties and obligations of an employer as set out in the Act (OHSA 1993) and the Construction Regulations 2014.

Before commencement of work under the contract, the Contractor shall enter into an agreement with the Employer (Client) to confirm his status as mandatory (employer) for the contract under consideration.

The Contractor's duties and responsibilities are clearly set out in the Construction Regulations 2014 and are not repeated in detail but some important aspects are highlighted hereafter, without relieving the Contractor of any of his duties and responsibilities in terms of the Construction Regulations.

(a) Contractor's position in relation to the Employer (Client) (Regulation 5)

In accordance with Section 4 of the Regulations, the Contractor shall liaise closely with the Employer or the Engineer on behalf of the Employer, to ensure that all requirements of the Act and the Regulations are met and complied with.

(b) The Principal Contractor and Contractor (Regulation 7)

The Contractor is in terms of the definition in Regulation 1 the equivalent of Principle Contractor as defined in the Construction Regulations, and he shall comply with all the provisions of Regulation 7.

Any subcontractors employed by the Contractor must be appointed in writing, setting out the terms of the appointment in respect of health and safety. An independent subcontractor shall however provide and demonstrate to the Contractor a suitable, acceptable and sufficiently documented health and safety plan before commencement of the subcontract. In the absence of such a health and safety plan the subcontractor shall undertake in writing that he will comply with the Contractor's safety plan, the health and safety specifications of the Employer and the Construction Regulations 2014.

(c) Supervision of construction work (Regulation 8)

The Contractor shall appoint the safety and other personnel and employees as required in terms of Regulation 7 and as set out in OHS 7 above. Appointment of those personnel and employees does not relieve the Contractor from any of the obligations under Regulation 7.

(d) Risk assessment (Regulation 9)

The Contractor shall have the risk assessment made as set out in paragraph 7 above before commencement of the work and it must be available on site for inspection at all times. The Contractor shall consult with the health and safety committee or health and safety representative(s) etc. on a regular basis to ensure that all employees, including subcontractors under his control, are informed and trained by a competent person regarding health hazards and related work procedures.

No subcontractor, employee or visitor shall be allowed to enter the site of works without prior health and safety induction training, all as specified in Regulation 7.

(e) Fall protection (Regulation 10)

Fall protection, if applicable to this contract shall comply in all respects with Regulation 8 of the Construction Regulations.

(f) Structures (Regulation 11)

The Contractor will be liable for all claims arising from collapse or failure of structures if he failed to comply with all the specifications, project specifications and drawings related to the structures, unless it can be proved that such collapse or failure can be attributed to faulty design or insufficient design standards on which the specifications and the drawings are based.

In addition, the Contractor shall comply with all aspects of Regulation 11 of the Construction Regulations.

(g) Temporary works (Regulation 12)

The Contractor will be responsible for the adequate design of all formwork and support structures by a competent person.

All drawings pertaining to formwork shall be kept on site and all equipment and materials used in formwork, shall be carefully examined and checked for suitability by a competent person.

The provisions of Regulation 12 of the Construction Regulations shall be followed in every detail.

(h) Excavation work (Regulation 13)

It is essential that the Contractor shall follow the instructions and precautions in the Standard Specifications and Project Specifications as well as the provisions of the Construction Regulations to the letter as unsafe excavations can be a major hazard on any construction site. The Contractor shall therefore ensure that all excavation work is carried out under the supervision of a competent person, that inspections are carried out by a Professional Engineer or Technologist, and that all work is done in such a manner that no hazards are created by unsafe excavations and working conditions.

Supervision by a competent person will not relieve the Contractor from any of his duties and responsibilities under Regulation 13 of the Construction Regulations.

(i) Demolition work (Regulation 14)

Whenever demolition work is included in a contract, the Contractor shall comply with all the requirements of Regulation 14 of the Construction Regulations. The fact that a competent person has to be appointed by the Contractor does not relieve the Contractor from any of his responsibilities in respect of safety of demolition work.

(j) Tunneling (Regulation 15)

The Contractor shall comply with Regulation 15 wherever tunneling of any kind is involved.

(k) Scaffolding (Regulation 16)

The Contractor shall ensure that all the provisions of Regulation 16 of the Construction Regulations are complied with. [Note: Reference in the Regulations to "Section 44 of the Act" should read "Section 43 of the Act"].

(l) Suspended platforms (Regulation 17)

Wherever suspended platforms will be necessary on any contract, the Contractor shall ensure that copies of the system design issued by a Professional Engineer are submitted to the Engineer for inspection and approval. The Contractor shall appoint competent persons as supervisors and competent scaffold erectors, operators and inspectors and ensure that all work related to suspended platforms are done in accordance with Regulation 17 of the Construction Regulations.

(m) Rope Access Work (Regulation 18)

Where rope access work is required on the construction site, the Contractor shall comply with Regulation 18.

(n) Material Hoists (Regulation 19)

Wherever applicable, the Contractor shall comply with the provisions of Regulation 19 to the letter.

(o) Batch plants (Regulation 20)

Wherever applicable, the Contractor shall ensure that all lifting machines, lifting tackle, conveyors, etc. used in the operation of a batch plant shall comply with, and that all operators, supervisors and employees are strictly held to the provisions of Regulation 20. The Contractor shall ensure that the General Safety Regulations (2003), the Driven Machinery Regulations (Government Notice R295 of 26/2/1988) and the Electrical Installation Regulations (Government Notice R2271 of 11/10/1995) are adhered to by all involved.

In terms of the Regulations, records of repairs and maintenance shall be kept on site.

(p) Explosive powered tools (Regulation 21)

The Contractor shall ensure that, wherever explosive-powered tools are required to be used, all safety provisions of Regulation 21 are complied with.

It is especially important that warning notices are displayed and that the issue and return of cartridges and spent cartridges be recorded in a register to be kept on site.

(q) Cranes (Regulation 22)

Wherever the use of tower cranes becomes necessary, the provisions of Regulation 20 shall be complied with.

(r) Construction vehicles and mobile plant (Regulation 23)

The Contractor shall ensure that all construction vehicles and plant are in good working condition and safe for use, and that they are used in accordance with their design and intended use. The vehicles and plant shall only be operated by workers or operators who have received appropriate training, all in accordance with all the requirements of Regulation 23.

All vehicles and plant must be inspected on a daily basis, prior to use, by a competent person and the findings must be recorded in a register to be kept on site.

(s) Electrical installation and machinery on construction sites (Regulation 24)

The Contractor shall comply with the Electrical Installation Regulations (Government Notice R2920 of 23 October 1992) and the Electrical Machinery Regulations (Government Notice R1953 of 12 August 1993). Before commencement of construction, the Contractor shall take adequate steps to ascertain the presence of, and guard against dangers and hazards due to electrical cables and apparatus under, over or on the site.

All temporary electrical installations on the site shall be under the control of a competent person, without relieving the Contractor of his responsibility for the health and safety of all workers and persons on site in terms of Regulation 24.

(t) Use of temporary storage of flammable liquids on construction sites (Regulation 25)

The Contractor shall comply with the provisions of the General Safety Regulations (2003) and all the provisions of Regulation 25 of the Construction Regulations to ensure a safe and hazard-free environment to all workers and other persons on site.

(u) Water environments (Regulation 26)

Where construction work is done over or in close proximity to water, the provisions of Regulation 26 shall apply.

(v) Housekeeping on Construction sites (Regulation 27)

Housekeeping on all construction sites shall be in accordance with the provisions of the environment Regulations for workplaces (Government Notice R2281 of 16 October 1987) and all the provisions of Regulation 27 of the Construction Regulations.

(w) Stacking and storage on construction sites (Regulation 28)

The provisions for the stacking of articles contained in the General Safety Regulations (2003) as well as all the provisions Regulation 28 of the Construction Regulations shall apply.

(x) Fire precautions on construction sites (Regulation 29)

The provisions of the Environmental Regulations for Workplaces (Government Notice R2281 of 16 October 1987) shall apply.

In addition, the necessary precautions shall be taken to prevent the incidence of fires, to provide adequate and sufficient fire protection equipment, sirens, escape routes etc. all in accordance with Regulation 29 of the Construction Regulations.

(y) Construction employees' facilities (Regulation 30)

The Contractor shall comply with the construction site provisions as in the Facilities Regulations (2004), the provisions of Regulation 30 of the Construction Regulations.

(z) Non-compliance with the Construction Regulations 2014

The foregoing is a summary of parts of the Construction Regulations applicable to all construction projects.

The Contractor, as employer for the execution of the contract, shall ensure that all provisions of the Construction Regulations to be applicable to the contract under consideration are complied with to the letter.

Should the Contractor fail to comply with the provisions of the Regulations 3 to 30 as listed in Regulation 33, he will be guilty of an offence and will be liable, upon conviction, to the fines or imprisonment as set out in Regulation 33.

- ***The Contractor is advised in his own interest to make a careful study of the Act, the Construction Regulations as ignorance of the Act and the Regulations will not be accepted in any proceedings related to non-conformance to the Act and the Regulations.***

10 MEASUREMENT AND PAYMENT

10.1 Principles

It is a condition of this contract that Contractors, who submit tenders for this contract, shall make provision in their tenders for the cost of all health and safety measures during the construction process. All associated activities and expenditure are deemed to be included in the Contractor's tendered rates and prices.

(a) Safety personnel

The Construction Supervisor, the Construction Safety Officer, Health and Safety Representatives, Health and Safety Committee and Competent Persons referred to in clauses 7.1 to 7.5 shall be members of the Contractor's personnel, and no additional payment will be made for the appointment of such safety personnel.

(b) Records and Registers

The keeping of health and safety-related records and registers as described in paragraph 8 is regarded as a normal duty of the Contractor for which no additional payment will be considered, and which is deemed to be included in the Contractor's tendered rates and prices.

AGREEMENT IN TERMS OF SECTION 37(2) OF THE OCCUPATIONAL HEALTH AND SAFETY ACT NO 85 OF 1993

THIS AGREEMENT is made between.....

(hereinafter called the EMPLOYER of the one part, herein represented by:

.....
.....
.....
.....

in his capacity as:

.....

AND:

(hereinafter called the CONTRACTOR) of the other part, herein represented by

.....
.....
.....

in his capacity as:

.....

duly authorised to sign on behalf of the Contractor.

WHEREAS the CONTRACTOR is the Mandatory of the EMPLOYER in consequence of an agreement between the CONTRACTOR and the EMPLOYER in respect of

CONTRACT:.....

AND WHEREAS the EMPLOYER and the CONTRACTOR have agreed to enter into an agreement in terms of the provisions of Section 37(2) of the Occupational Health and Safety Act No 85 of 1993, as amended by OHSA Amendment Act No 181/1993 (hereinafter referred to as the ACT);

NOW THEREFORE the parties agree as follows:

1. **The CONTRACTOR undertakes to acquaint the appropriate officials and employees of the CONTRACTOR with all relevant provisions of the ACT and the regulations promulgated in terms thereof.**
2. The CONTRACTOR undertakes to fully comply with all relevant duties, obligations and prohibitions imposed in terms of the ACT and Regulations: Provided that should the EMPLOYER have prescribed certain arrangements and procedures that same shall be observed and adhered to by the CONTRACTOR, his officials and employees. The CONTRACTOR shall bear the onus of acquainting himself/herself/itself with such arrangements and procedures.
3. The CONTRACTOR hereby accepts sole liability for such due compliance with the relevant duties, obligations, prohibitions, arrangements and procedures, if any, imposed by the ACT and Regulations, and the CONTRACTOR expressly absolves the EMPLOYER and the Employer's CONSULTING ENGINEERS from being obliged to comply with any of the aforesaid duties, obligations, prohibitions, arrangements and procedures in respect of the work included in the contract.

4. The CONTRACTOR agrees that any duly authorised officials of the EMPLOYER shall be entitled, although not obliged, to take such steps as may be necessary to ensure that the CONTRACTOR has complied with his undertakings as more fully set out in paragraphs 1 and 2 above, which steps may include, but shall not be limited to, the right to inspect any appropriate site or premises occupied by the CONTRACTOR, or to take such steps it may deem necessary to remedy the default of the CONTRACTOR at the cost of the CONTRACTOR.
5. The CONTRACTOR shall be obliged to report forthwith to the EMPLOYER any investigation, complaint or criminal charge which may arise as a consequence of the provisions of the ACT and Regulations, pursuant to work performed in terms of this agreement, and shall, on written demand, provide full details in writing of such investigation, complaint or criminal charge.

CONTRACTOR'S HEALTH AND SAFETY DECLARATION

In terms of Clause 4(4) of the OHSA 1993 Construction Regulations 2014 (referred to as "the Regulations" hereafter), a Contractor may only be appointed to perform construction work if the Employer is satisfied that the Contractor has the necessary competencies and resources to carry out the work safely in accordance with the Occupational Health and Safety Act No 85 of 1993 and the OHSA 1993 Construction Regulations 2014 or latest revision.

To that effect a person duly authorised by the tenderer must complete and sign the declaration hereafter in detail.

• Declaration by Tenderer

1. I the undersigned hereby declare and confirm that I am fully conversant with the Occupational Health and Safety Act No 85 of 1993 (as amended by the Occupational Health and Safety Amendment Act No 181 of 1993), and the OHSA 1993 Construction Regulations 2014 or latest revision.
2. I hereby declare that my company has the competence and the necessary resources to safely carry out the construction work under this contract in compliance with the Construction Regulations and the Employer's Health and Safety Specifications.
3. I propose to achieve compliance with the Regulations by one of the following:
 - (a) From my own competent resources as detailed in 4(a) hereafter:..... ***Yes / No**
 - (b) From my own resources still to be appointed or trained until competency is achieved, as detailed in 4(b) hereafter:..... ***Yes / No**
 - (c) From outside sources by appointment of competent specialist subcontractors as detailed in 4(c) hereafter:..... ***Yes / No**

(* = delete whatever is not applicable)

4. Details of resources I propose:

(Note: Competent resources shall include safety personnel such as a construction supervisor and construction safety officer as defined in Regulation 8, and competent persons as defined in Regulations 9-29, (all or individual regulations) as applicable to this contract)

- (a) Details of the competent and qualified key persons from my company's own resources, who will form part of the contract team:

NAMES OF COMPETENT PERSONS	POSITIONS TO BE FILLED BY COMPETENT PERSONS

- (b) Details of training of persons from my company's own resources (or to be hired) who still have to be trained to achieve the necessary competency:
- (i) By whom will training be provided?
 - (ii) When will training be undertaken?
 - (iii) List the positions to be filled by persons to be trained or hired:
.....
.....
- (c) Details of competent resources to be appointed as subcontractors if competent persons cannot be supplied from own company:
- Name of proposed subcontractor:
- Qualifications or details of competency of the subcontractor:
5. I hereby undertake, if my tender is accepted, to provide, before commencement of the works under the contract, a suitable and sufficiently documented Health and Safety Plan in accordance with Regulation 7(1) of the Construction Regulations, which plan shall be subject to approval by the Employer.
6. I confirm that copies of my company's approved Health and Safety Plan, the Employer's Safety Specifications as well as the OHSA 1993 Construction Regulations 2014 will be provided on site and will at all times be available for inspection by the Contractor's personnel, the Employer's personnel, the Engineer, visitors, and officials and inspectors of the Department of Labour.
7. I hereby confirm that adequate provision has been made in my tendered rates and prices in the schedule of quantities to cover the cost of all resources, actions, training and all health and safety measures envisaged in the OHSA 1993 Construction Regulations 2014, and that I will be liable for any penalties that may be applied by the Employer in terms of the said Regulations (Regulation 33) for failure on the Contractor's part to comply with the provisions of the Act and the Regulations.
8. I agree that my failure to complete and execute this declaration to the satisfaction of the Employer will mean that I am unable to comply with the requirements of the OHSA 1993 Construction Regulations 2014 or latest revision, and accept that my tender will be prejudiced and may be rejected at the discretion of the Employer.

PRO FORMA NOTIFICATION FORM IN TERMS OF THE OCCUPATIONAL HEALTH AND SAFETY ACT 1993, CONSTRUCTION REGULATIONS 2014

[This form must be completed and forwarded, prior to commencement of work on site, by all Contractors that qualify in terms of Regulation 3 of the Construction Regulations 2014, to the office of the Department of Labour]

• NOTIFICATION OF CONSTRUCTION WORK

1. (a) Name and postal address of principal contractor.

- (b) Name and tel. pf principal contractor's contact person:

2. Principal contractor's compensation registration number:

3. (a) Name and postal address of client :

- (b) Name and tel. no of clients contact person or agent:

- 4 (a) Name and postal address of designer (s) for the project:

- (b) -----

5. Name and telephone number of principal contractor's sub- ordinate supervisor on site appointed in terms of Regulation 8 (1).

6. Name /s of principal contractor's sub- ordinate supervisor on sire appointed in terms of Regulation 8 (2)

7. Exact physical address of the construction site or site office:

8. Nature of the construction work:

9. Expected commencement date:

10. Expected completion date:

11. Estimated maximum number of persons on the construction site.

Total: _____ Male: _____ Female _____

12. Planned number of contractors on the construction:

13. Name (s) of contractors already selected.
