Proposed Tender Specification for enlistment into a panel of Community Resource Organizations (CROs) for the Implementation of the Enhanced People's Housing Process (ePHP) for a period of three (03) years. **(DHS-207-22-MP)**

---

## **1. Invitation to Bid**

The Mpumalanga Department of Human Settlements, herewith invites proposals from prospective service providers that will be accredited as per the Enhanced People's Housing Process (PHP) Framework requirements and serve as Community Resource Organisation towards the implementation of Enhanced People's Housing Process (EPHP) projects in the three (3) Districts; namely Ehlanzeni, Gert Sibande and Nkangala for a period of three (03) years.

## **2. Background**

The People's Housing Process (PHP) is a process where beneficiaries are actively involved in the decision-making over the housing delivery process, product and contribute towards the process. PHP has been implemented by Government as one of the human settlement's delivery programmes since 1998.

In 2008 the enhanced PHP programme was introduced with an objective to broaden the scope of PHP to focus on the outcomes of the housing process rather than just on the delivery of a housing product. The programme provides dedicated support and funding for harnessing community initiatives, community empowerment and building community partnerships.

The enhanced PHP Policy Framework builds on the strengths of the communities and the value adds they bring into the programme as demonstrated in the previous PHP projects. It thus requires compulsory contributions/commitment from the community involved such as participation, taking up leadership responsibilities and ownership of the project as a prerequisite for project approval.

### **2.1 Aims and Objectives of the ePHP**

In a broad sense the ePHP seeks to achieve the following: -

- a) Beneficiaries' active-participation in decision – making over the housing process and housing products.
- b) Beneficiaries are empowered individually and collectively so that the community ultimately takes control of the housing process themselves.
- c) Build social cohesive communities that will partner with government in the delivery of their own homes, i.e. sustainable communities with a direct stake in the future of their neighbourhoods are fostered.
- d) Various partnerships are created with organisation like Non-Governmental Organisations (NGO's), Community Based Organisations (CBO's), Faith Based Organisation (FBO's), Co-operatives (Co-ops), Youth Disabled People and Women Organisations and / or Municipalities.

- e) Housing is valued as an asset far beyond its monetary value for the value-added components it provides for individual household members and for the family. Considering this, the 45m<sup>2</sup> houses as a minimum limit cannot be compromised. It is attainable with the current quantum.
- f) Women and youth are more directly involved in the process, ensuring skills transfer.
- g) Local Economic Development is promoted with money spent kept in the community increasing local multiplier effect.

### **3. Scope of Service**

The Mpumalanga Department of Human Settlements (MDHS) requires the service of potential Community Resource Organizations (CROs) to be enlisted into a panel for the implementation of the enhanced People's Housing Process over a period of three (03) financial years.

#### **3.1 Appointment of a Community Resource Organization (CRO)**

The enhanced PHP has conceptualized a Community Resource Organisation (CRO), to serve as an intermediary for the PHP process. The CRO is positioned to serve area development objectives while providing the capacity to implement the PHP project and build the capacity of the beneficiary community in the process. The goal is to transfer skills and to empower the project beneficiaries and community structures they work with. It therefore requires that agreements be entered into with accredited CROs to partner with the community to achieve their desired outcomes.

The CRO's are legal entities and can include any of the following: -

- Non-Governmental Organisations (NGO);
- Faith Based Organisations (FBO);
- Housing cooperatives; and
- A consortium of different stakeholders to make up the skills required.

#### **3.2 Minimum Requirements for Community Resource Organization**

The CROs should have the following capacities: -

- In-depth knowledge of and experience with the housing subsidy programme and the EPHP programme in particular.
- In-depth understanding of and experience with participatory processes and stakeholders management.
- Ability to understand local community dynamics and cultural values including considerations of language.
- Demonstrated social facilitation and capacity building skills and experience working with disadvantaged communities, including:
  - ✓ The ability to facilitate common agreement amongst various interest groups at local level (Conflict Management)

- ✓ The ability to build capacity and leadership that will ensure legitimacy of community structures.
- ✓ The ability to facilitate special requirements of the EPHP, particularly the community contributions.
- Ability to transfer skills and knowledge of housing construction process, housing typologies, building standards, etc to project beneficiaries.
- Knowledge of and experience with other skills building opportunities offered by government and the private sector that could support the project.

Enhanced PHP requires that the Department's accredit CROs to fulfil the envisaged roles in PHP projects. Below is a recommended criterion of what the Department shall consider when giving accreditation to CROs:

- ❑ A Legal Entity
- ❑ Must comply with the relevant municipal and provincial governments requirement for registration of CROs

- ❑ Minimum 5 years' experience in participatory community development
- ❑ Sound financial management systems
- ❑ Technical skills (related to the built environment)
- ❑ Strong administration expertise
- ❑ Conflict resolution skills

### **3.3 Roles of the Community Resource Organization**

In terms of the scope of service, the following shall constitute the role of the CRO.

- ❑ Build appropriate capacity to support PHP implementation and project delivery.
- ❑ Capacitate the CBO with skills needed for daily management of the project. This includes inter alia training on basic financial management, project management, general management and payment processes
- ❑ Organisational development to set up the operating procedures and systems, to get the various components of the project up and running and operating sustainably

- ❑ Facilitate community participation, project enumeration, prepare the project business plan and submit it for approval, as well as address any issues relating to project approval

**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Standard Bidding Document (SBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
