9. Statement from The Department of Environmental Affairs

This statement is to be read with the *Memorandum: DEA&DP Sustainable Public Procurement (SPP) support work* submitted to the Department of Health and Wellness (DoHW) Directors: Supply Chain Management and Facilities Management, August 2023. It forms part of the role and function of the DEA&DP SmartProcurement Implementation support initiative to the DoHW, as established in 2022.

Through SPP, including sustainability criteria in government contracts or procurement of goods and services can have a rapid and significant effect on the supply of products and services, particularly in markets such as the local South African and Western Cape market, which lends itself to innovative, solution-orientated Small, Medium and Micro Enterprises (SMMEs). There is also a clear link and motivation in terms of the OneHealth (2023) commitments.

Environmentally Preferable Products (EPP) and services have a lesser or reduced negative effect on human health and the environment when compared with competing products or services that serve the same purpose. EPP therefore meet the sustainability criteria that is sought.

The DoHW are looking to source toothbrushes as part of its strategic approach to implement SPP principles in its procurement, with the following direct benefits:

- Lower environmental impact (i.e. potentially biodegradable product)
- Waste reduction / reducing plastic waste – a toothbrush that helps to reduce plastic waste e.g. one less plastic product within Western Cape Government hospitals means one less item that could pollute the environment.
- Recycling capabilities
- Lower carbon footprint (disposal of conventional and plastic products contributes to GHG emissions)

Bidders need to strictly comply with the specification requirements and clearly specify the source of the products. Where applicable, bidders are asked to submit the necessary documentation to prove sustainability of the material. Requirements are stipulated below.

Toothbrushes

- Bidders need to provide proof from their suppliers and / or association(s) in the industry of the material of the toothbrushes (strongly advisable).
- For biodegradable toothbrushes, product can be broken down naturally by themselves over time.
- **Biodegradable:** Degradable in which the degradation results from the action of naturally occurring microorganisms such as bacteria, fungi, and algae (no set timescale).
- Toothbrushes from recycled material need to prove that the handle of the toothbrush is made of 100 % recycled plastic i.e. originating from food containers.
- The bristles should not contain harmful chemicals and or substances such as Bisphenol A (BPA).

In cases where the bidder does not strictly comply with the specification requirement, bidders need to specify the nature of the deviation and stipulated next to the product.

THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME

THIS DOCUMENT MUST BE SIGNED AND SUBMITTED TOGETHER WITH YOU BID.

INTRODUCTION

The National Industrial Participation Programme (NIP), which is applicable to all government procurement contracts that have an imported content, became effective on 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases/lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

1. PILLARS OF THE PROGRAMME

1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to, or exceeding, US\$ 10 million or other currency equivalent to US\$ 10 million, will have an NIP obligation. The threshold of US\$ 10 million can be reached as follows:

- (a) Any single contract with imported content exceeding US\$ 10 million.
or
- (b) Multiple contracts for the same goods, works or services, each with imported content exceeding US\$ 3 million awarded to one seller over a 2 year period, which in total exceeds US\$ 10 million.
or
- (c) A contract with a renewable option clause where, should the option be exercised, the total value of the imported content will exceed US\$ 10 million.
or
- (d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to, or exceeds, US\$ 3 million worth of goods, works or services to the same government institution, which in total, over a 2 year period, exceeds US\$ 10 million.

1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1(a) to 1.1(c) above will amount to 30% of the imported content, whilst suppliers in respect of paragraph 1.1(d) shall incur 30% of the total NIP obligation on a *pro rata* basis.

1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R & D) with partners or suppliers.

1.4 A period of 7 years has been identified as the timeframe within which to discharge the obligation.

2. REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY

2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required, immediately after the award of a contract that is in excess of R10 million (ten million Rands), to submit details of such a contract to the DTI for reporting purposes.

2.2 The purpose of reporting details of contracts in excess of the amount of R10 million is to cater for multiple contracts for the same goods, works or services, renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in the aforementioned sub-paragraphs 1.1(b) to 1.1(d).

3. BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)

3.1 Bidders are required to sign and submit this WCBD5 document together with the bid on the closing date and time.

3.2 In order to accommodate multiple contracts for the same goods, works or services, renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in sub-paragraphs 1.1 (b) to 1.1 (d), and to enable the DTI in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of R10 million, to contact and furnish the DTI with the following information:

- Bid/contract number.
- Description of goods, works or services.
- Name on which the contract was accepted.
- Name, address and contact details of the government institution.
- Value of the contract.
- Imported content of the contract, if possible.

3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X84, Pretoria, 0001 for the attention of Mr Elias Malapane within 5 (five) working days after award of the contract. Mr Malapane may be contacted on telephone (012) 394-1401, facsimile (012) 394-2401 or e-mail at elias@thedti.gov.za for further details about the programme.

4. PROCESS TO SATISFY THE NIP OBLIGATION

4.1 Once the successful bidder (contractor) has made contact and furnished the DTI with the information required, the following steps will be followed:

- (a) the contractor and the DTI will determine the NIP obligation;
- (b) the contractor and the DTI will sign the NIP obligation agreement;
- (c) the contractor will submit a performance guarantee to the DTI;
- (d) the contractor will submit a business concept for consideration and approval by the DTI;
- (e) upon approval of the business concept by the DTI, the contractor will submit detailed business plans outlining the business concepts;
- (f) the contractor will implement the business plans, and
- (g) the contractor will submit bi-annual progress reports on approved plans to the DTI.

4.2 THE NIP obligation agreement is between the DTI and the successful bidder (contractor) and therefore does not involve the purchasing institution.
