1. BACKGROUND

- 1.1 The Department of Science and Innovation (DSI) administers the research and development (R&D) tax incentive in terms of section 11D of the Income Tax Act (the Act).
- 1.2 The current implementation arrangements of the R&D tax incentive require companies to obtain approval of R&D activities before they can qualify for claiming the tax deduction. The incentive is meant to encourage private sector companies to undertake R&D in South Africa, thereby supporting economic growth and competitiveness.
- 1.3 The procedure for accessing the incentive is that companies submit project applications to the DSI to obtain approval from the Minister of Higher Education, Science and Innovation (the Minister) in order to benefit from the tax incentive. The Minister is supported by the R&D Tax Incentive Adjudication and Monitoring Committee (the Committee), which evaluates the project applications and makes recommendations for approval in terms of s11D of the Act. Once approved, a company submits a claim for a tax deduction to the South African Revenue Service (SARS).

2. PURPOSE AND OBJECTIVE

- 2.1 The DSI aims to appoint R&D technical consultants to complement internal capacity for assessing project applications and progress reports.
- 2.2 Up to 15 consultants will be appointed, to cover as broad a range of scientific areas as possible, between the available cohort of consultants, for example in industries of ICT/software development, data sciences, manufacturing, material sciences, engineering, chemical sciences, earth sciences, pharmaceuticals, clinical trials and cosmetics, agricultural sciences, biotechnology, and intellectual property law, etc.

R&D Tax Incentive Progress Reports

10.4 Phase 3: Price and Specific Goals Evaluation

As set out in paragraph 6.1, a price is fixed by the Department for a completed output, whether for the assessment of a project application or progress report. Thus, the price component set out below will be the same for all technical consultants. Additionally, it should be noted that up to 15 technical consultants may be appointed.

Price inclusive of VAT will be evaluated as indicated below.

a) In terms of regulation 4 of the Preferential Procurement Regulations, 2022 pertaining to the Preferential Procurement Policy Framework Act, 2000 (Act 5 of 2000), responsive bids will be adjudicated by the DSI on the 80/20 preference point system in terms of which points are awarded to service providers on the basis of:

- The bid price (maximum 80 points)
- Specific Goals mentioned below in Table1 (maximum 20 points)

Service providers can only claim specific goal credentials, by providing a detailed company ownership certificate.

b) The following formula will be used to calculate the points for price in respect of service providers with a rand value equal to or above R30 000.00 up to R50 000 000.00:

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where

P_s = Points scored for price of tender under consideration;

initiate:

Pt = Price of tender under consideration;

Pmin = Price of lowest acceptable tender.

- c) A maximum of 20 points will be awarded to a tenderer for the specific goal (at least 51% ownership) specified for the tender, as per the table below:

Table 1 – Specific goals

The specific goals allocated points in terms of this tender:	Number of points allocated (80/20 system)
Companies owned by black people	8
Companies owned by women	7
Companies owned by people with disabilities	5

- ii. Bidder to claim points if their specific goal(s) ownership is at least 51 %.
- iii. A bidder failing to submit proof of Specific goals' status or failing to meet the Specific goals, may not be disqualified, but (a) may only score points out of 80 for price; and (b) score 0 points out of 20 for Specific goals.
- iv. The points scored by a bidder for Specific goals in accordance with the preceding paragraphs 6.4(c) must be added to the points scored for price under paragraph 6.4(b).
- v. The points scored must be rounded off to the nearest two decimal places.
- vi. If the price offered by a tenderer scoring the highest points is not market-related, the Department may not award the bid to that tenderer.
 - The Department may negotiate a market-related price with the tenderer scoring the highest points or cancel the tender.
 - If the tenderer does not agree to a market-related price, the Department may negotiate a market-related price with the tenderer scoring the second highest points or cancel the tender.

initiate:

- If the tenderer scoring the second highest points does not agree to a market-related price, the Department may negotiate a market-related price with the tenderer scoring the third highest points or cancel the tender.
 - If a market-related price is not agreed in all the aforementioned respects, the Department must cancel the tender.
- vii. In the event that two or more tenderers score an equal total number of points, the contract must be awarded to the tenderer that scored the highest points for specific goals. (2) If two or more tenderers score equal total points in all respects, the award must be decided by the drawing of lots.
- viii. A contract may, on reasonable and justifiable grounds, be awarded to a bid that did not score the highest number of points.
