- Commissioner of Oath cannot be an employee or ex officio of the enterprise because, a person cannot by law, commission a sworn affidavit in which they have an interest.

2. Local to site

The target for local to site is 10% of the contract value. Local to site refers to a province where the scope of work shall be undertaken. The aim is for the tenderers to spend some of their budget within multiple local municipalities in the province. The expenditure could be a combination of procuring from local-to-site suppliers, recruiting employees, and developing skills of candidates from the local-to-site regions. The results there of will be negotiated and will form part of the contract.

2.1 Skills Development

Eskom intends to improve Skills Development by ensuring that technical support is directed towards enhancing supply capacity and capability within the industry or sector of operation. By doing this the capacity and competitiveness of the local supply base will be increased and the goals of shared growth, employment creation, poverty reduction and skills development will be achieved.

Tenderers are required to propose against the following training initiatives

Skills development matrix

Successful contractor will be obligated to train **1** candidate for every **R1 Million** accumulated through task order awarded to the contractor; this obligation will be for the duration of the contract. The duration of the task order will not be linked with the contractor's obligation to train; therefore, the contractor will have to ensure that the skills committed are successfully achieved by the end of the contract period. Skills candidates shall be sourced from previously disadvantage groups in South Africa – Gemma Cluster. The purpose is to provide these candidates with skills and workplace experience to increase the opportunity for them to be employable within the industry. The contractor may develop the candidates directly, through their supply network or through the SETA accredited training providers.

Tenderers will be required at task order stage to propose against the following training initiatives or propose skills that are in line with the project or industry related. The following skills listed below will be developed for the overall project.

List of proposed skills	Eskom's target
CCTV Installers CCTV Configuring	1 candidate for every R1 Million accumulated through task order

NOTE 1: An estimated 0.25% of the tender value is expected to be committed on skills development

NOTE 2: For each of the above training we require that the contractor should not only focus on one type of training but change to the different skill next time.

2.2 Job Opportunities

Job creation targets will be confirmed at the task order award stage.

The employment (Jobs created) shall comply with the Employment Equity Act and represent the demographics of the Local to site communities.

The contractor will be required to indicate number of Jobs to be created and/or retained from this contract.

Number of Jobs to be created	Number of Jobs to be retained

NB: Eskom reserves the right to verify further using various means, including visits to tenderers' premises at short notice. Tenderer(s) shall be disqualified if found to have misrepresented information submitted

3. Reporting & Monitoring

The contractor/s shall on reaching an allocation of R1 Million Task orders awarded submit a report to Eskom in accordance with Supplier's Local Development Monthly/Quarterly Report on their compliance with the SDL&I obligations described above.

Eskom shall review the reports submitted by the tenderers within 30 (thirty) days of receipt of the reports and notify the tenderers in writing if their SDL&I obligations have not been met. Upon notification by Eskom that the tenderers have not met their SDL&I obligations, the tenderers shall be required to implement corrective measures to meet those SDL&I obligations before the commencement of the following quarter.
