RE: INVITATION TO TENDER WCTX1054GM R

Gamma – Perseus No1 765kV Line Tower T17 and T31 Soil Erosion for Transmission Western Grid

Dear Sir/ Madam

Kindly refer to the above subject.

After careful deliberation, we regret to advise that Eskom Holdings SOC Limited would like to cancel the tender for the Gamma – Perseus No1 765kv Line Tower and T31 Soil Erosion for Transmission Western Grid. Two suppliers have responded to the tender and both of them were technically unacceptable.

Due to the following reason/s:

- Supplier one (01) did not meet the required CIDB requirements.
- Supplier number two (02) did not meet functionality technical threshold of 70%.

Eskom would like to take this opportunity to thank you for participation in the above. Eskom is looking at other internal avenues to execute this scope such as making use of National Contract for Civil Works.

Yours Faithfully
