The South African Local Government Association (SALGA) is a public entity established by the Organised Local Government Act (Act 52 of 1997) to assist in the comprehensive transformation of local government in South Africa. SALGA is managed within the framework of the Public Finance Management Act (Act 1 of 1999) and is listed as a schedule 3A public entity. Its main objectives are to:

- Represent, promote and protect the interests of local government;
- Transform local government to enable it to fulfil its developmental role;
- Enhance the role and status of its members as provincial representatives and consultative bodies of local government;
- Enhance the role and status of municipalities;

- Ensure the full participation of women in organised local government;
- Be the National Employers' Association representing all municipal members and, by agreement, associate members.

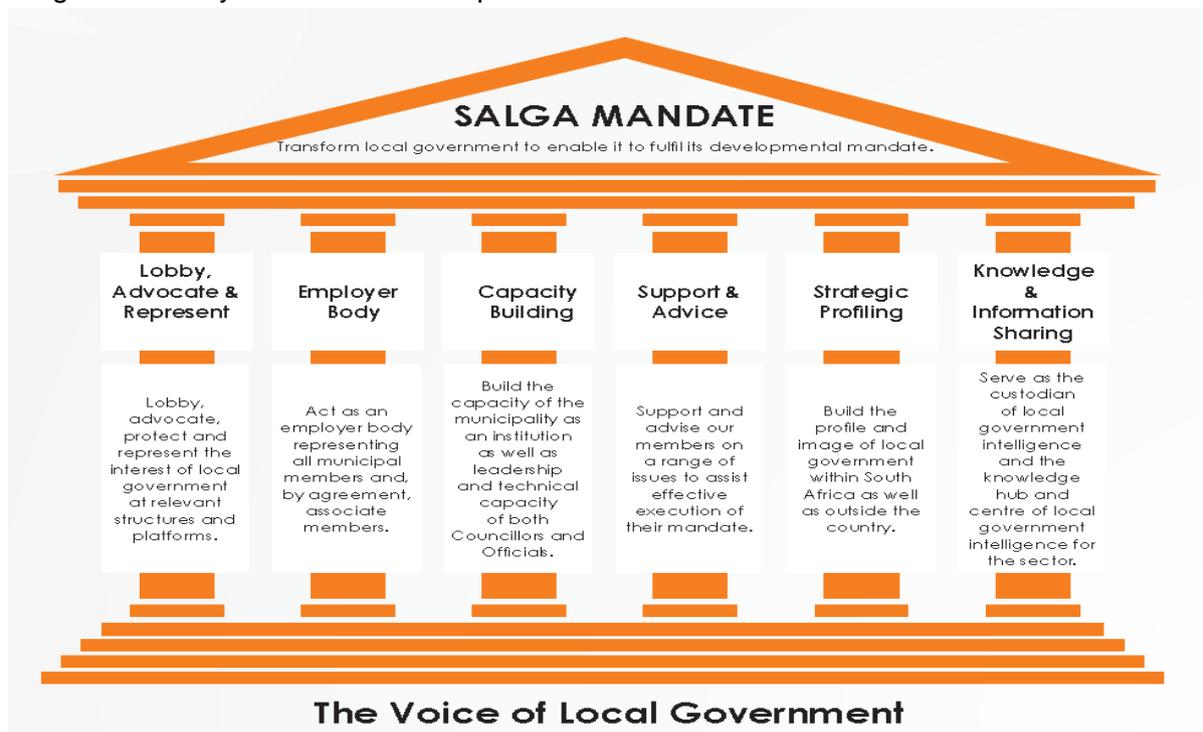

2. SALGA MANDATE

Developmental Local Government is an essential component of the machinery of government. In accordance with its constitutional mandate, SALGA is obliged to transform the local government sector to one that has the required capacity to make a meaningful contribution to poverty alleviation, economic development and all socio-economic opportunities that the state has geared itself to provide for its people. SALGA also serves as the representative voice of all 257 municipalities in the country. For the past 20 years, since its establishment, SALGA has endeavoured to bring focus to its mandate of supporting local government transformation in a complex environment, characterised by a highly diverse and diffuse membership-base of municipalities. In terms of its amended Constitution, SALGA is a unitary body that consists of a national association and nine provincial offices. Its mandate rests on six primary pillars:

- (1) **Representation, Advocacy and Lobbying** refers to representing the interests of members in legislatures and other policy making and oversight structures. It also refers to engaging with various stakeholders, public debates etc. in the interest of Local Government.
- (2) **Employer Body** refers to being an effective employer representative for members. Employer representation is carried out through collective bargaining (in terms of the Labour Relations Act) in various structures including but not limited to those established in the South African Local Government Bargaining Council.
- (3) **Capacity Building** refers to facilitating capacity building initiatives through among others; representing member interests in the Local Government Sector Education

- Authority (LGSETA). SALGA strives to facilitate a coherent, well-co-ordinated capacity building programme for municipal councillors and officials.
- (4) **Support and Advice** refers to the provision of tools and services that enable municipalities to understand and interpret trends, policies and legislation affecting Local Government and to implement the said policies and plans
 - (5) **Strategic Profiling** of Local Government refers to enhancing the profile and image of local government as an important and credible agent for the delivery of services. Profiling focuses within South Africa, the African continent and the rest of the world.
 - (6) **Knowledge and Information Sharing** refers to building and sharing a comprehensive hub of Local Government knowledge and intelligence that will enable informed delivery of other SALGA mandates. The knowledge hub is also a useful reference point for all who seek Local Government information.

Diagrammatically the mandate is depicted as follows:

3. PURPOSE OF THIS REQUEST

The purpose of this request is to call for proposals from Service Providers to form part of the SALGA Panel of Researchers whose key mandate will be to conduct high quality and methodologically sound research on behalf of SALGA.

4. BACKGROUND

In line with its mandate, SALGA is required to be responsive to the dynamic challenges and requirements faced by its members while at the same time representing the interests of local

government within the overall system of government. Research is an underpinning component for realising SALGA's objectives. Evidence-based research is key in informing SALGA's strategic decisions, policy positions, continued support to its members and, more significantly, tackling the fundamental issues that persist within the sphere of local government.

As a key strategic enabler, research at SALGA requires dedicated capacity and support to forge strategic partnerships with research-oriented institutions for purposes of producing new knowledge, repurposing existing knowledge and funding the production of knowledge.

Research institutions, independent researchers, academic institutions, companies that specialize in local government research and public policy are invited to submit proposals that demonstrate their capability to undertake research in alignment with SALGA's five-year research strategy. SALGA will consider all proposals and decide which service providers shall form part of a panel of local government experts and researchers. In preparing a proposal, it is emphasized that a profile of the organization with the demonstrated expertise in the particular fields of public policy, local governance, public finance, law and related social sciences be submitted. The proposal must be limited to a maximum of 10 (ten pages) excluding supporting documentation.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

NATIONAL TREASURY SCM INSTRUCTION NO 4A OF 2016/2017 CENTRAL SUPPLIER DATABASE

1. PURPOSE

The purpose of this *SCM Treasury Instruction* is to prescribe the utilisation of the mandatory **Central Supplier Database (CSD)** to Accounting Officers and Accounting Authorities.

2. BACKGROUND

- 2.1 The National Treasury identified the registration of prospective service providers on each and every Organ of state's individual list of prospective suppliers as one of the processes that makes it difficult for service providers to do business with the State.
- 2.2 Cabinet approved steps to accelerate the modernisation of public procurement as per a Cabinet Resolution dated 10 December 2014. Amongst the ensuing modernisation initiatives, the National Treasury established the CSD on behalf of all Departments, Constitutional Institutions and Public Entities listed in Schedule 2 and 3 of the PFMA. The CSD's purpose is to avoid the multiple registrations by prospective suppliers with each individual Organ of State they intend doing business with.
- 2.3 In terms of Section 38 (1) (a) (iii) and 51 (1) (iii) of the PFMA, the Accounting Officer of a Department or Constitutional Institution and the Accounting Authority of a Public Entity listed in Schedule 2 and 3 to the PFMA must ensure that their respective Institutions have and maintain an appropriate procurement and provisioning system which is fair, equitable, transparent, competitive and cost effective.
- 2.4 National Treasury Circular No 3 of 2015/2016 informed Accounting Officers and Accounting Authorities of Departments, Constitutional Institutions and all Schedule 2 and 3 Public Entities of the transitional arrangements prior to the mandatory application of the CSD on 1 April 2016. Through this SCM Instruction, the date is extended to 1 July 2016.
- 2.5 The registration and verification of supplier information has not been uniform and standardised for all Organs of State, which complicated the process of doing business with the state. Therefore, the National Treasury established the CSD in

September 2015 to administer supplier registration and facilitate the verification of supplier information.

3. ESTABLISHMENT OF THE CENTRAL SUPPLIER DATABASE

- 3.1 In order to give effect to the mandatory requirements of this SCM Instruction, Accounting Officers and Accounting Authorities must ensure that:
- 3.1.1 The current supply chain management system and policies of their respective organs of state are aligned with the provisions of this SCM Instruction note;
