CROSS-SECTION A-A

**SPECIAL NOTES:**

- Generic standard shearing shed design. To be adopted to site specific conditions.
- Look specifically at the slope of the terrain, and the orientation of the building.
- The height of the foundation walls must be adopted.
- It might be needed to add ramps/steps to doors and sliding doors.
- The dimensions of the ramp at the garage door, will have to be adopted to the terrain.
- It might even be necessary to change the size of the building, depending on specific needs.

SIYAKHA SHEARING SHED
