TENDER NUMBER: TNPA/2025/04/0017/94422/RFP

ADDENDUM NO. 03

DATED: 18 June 2025

The following information is furnished in addition to the tender documents issued in respect of the abovementioned work. There are three (3) items that this addendum seeks to address (**Revised CIDB grading levels for each type of fence/site, Additional Compulsory Site Visit for Section 2 Port of Ngqura Hot Dipped Galvanized Mesh Fencing ONLY and the Extension of the closing date**).

1. Revised CIDB Grading level for each type of fence/site

1.1. SECTION 1 COEGA KOP QUARRY – CONCRETE FENCE

THE CIDB GRADING LEVEL AND CLASS OF WORKS REMAINS UNCHANGED AS ORIGINALLY ADVERTISED AT 7SQ

Only those tenderers who are registered with the CIDB or are capable of being so prior to the evaluation of submissions, in a contractor grading designation equal to or higher than a contractor grading designation determined in accordance with the sum tendered or a value determined in accordance with Regulation 25 (1B) or 25 (7A) of the Construction Industry Development Regulations, designation of **7SQ or higher** class of construction work, are eligible to have their tenders evaluated. The most up to date information is always available on the CIDB website. As a result, Transnet National Ports Authority will check the status of registered contractors on the website and not rely on contractor registration certificates submitted.

1.2. SECTION 2 PORT OF NGQURA – HOT DIPPED GALVANIZED MESH FENCE

THE CIDB GRADING LEVEL AND CLASS OF WORKS IS CHANGED FROM 7SQ TO 6SQ

Only those tenderers who are registered with the CIDB or are capable of being so prior to the evaluation of submissions, in a contractor grading designation equal to or higher than a contractor grading designation determined in accordance with the sum tendered or a value determined in accordance with Regulation 25 (1B) or 25 (7A) of the Construction Industry Development Regulations, designation of **6SQ or higher** class of construction work, are eligible to have their tenders evaluated. The most up to date information is always available on the CIDB website. As a result, Transnet National Ports Authority will check the status of registered contractors on the website and not rely on contractor registration certificates submitted.

1.3. **TENDERING FOR BOTH SECTIONS – BOTH TYPE OF FENCES (CONCRETE AND HOT DIPPED GALVANIZED MESH FENCE)**

THE CIDB GRADING LEVEL AND CLASS OF WORKS REMAINS UNCHANGED AS ORIGINALLY ADVERTISED AT 7SQ

Only those tenderers who are registered with the CIDB or are capable of being so prior to the evaluation of submissions, in a contractor grading designation equal to or higher than a contractor grading designation determined in accordance with the sum tendered or a value determined in accordance with Regulation 25 (1B) or 25 (7A) of the Construction Industry Development Regulations, designation of **7SQ or higher** class of construction work, are eligible to have their tenders evaluated. The most up to date information is always available on the CIDB website. As a result, Transnet National Ports Authority will check the status of registered contractors on the website and not rely on contractor registration certificates submitted.
